KKR & Co. Inc.
Overview Presentation – 3Q'25

November 2025

Legal Disclosures

This presentation has been prepared by KKR & Co. Inc. solely for informational purposes for its public stockholders in connection with evaluating the business, operations and financial results of KKR & Co. Inc. and its subsidiaries (collectively, “KKR”), which includes The Global Atlantic Financial Group LLC and its subsidiaries (collectively, “Global Atlantic” or “GA”), unless the context requires otherwise. This presentation is not, and shall not be construed, as an offer to purchase or sell, or the solicitation of an offer to purchase or sell any securities of KKR in any jurisdiction in which such offer, solicitation or sale would be unlawful. This presentation may not be distributed, referenced, quoted or linked by website, in whole or in part, except as agreed to in writing by KKR & Co. Inc.

The statements contained in this presentation are made as of the date of this presentation, other than financial figures, which are as of September 30, 2025, unless another time is specified in relation to such statements or financial figures, and access to this presentation at any given time shall not give rise to any implication that there has been no change in the facts set forth in this presentation since such date.

This presentation contains certain forward-looking statements pertaining to KKR, including with respect to the investment funds, and vehicles and accounts managed by KKR and the Global Atlantic insurance companies. Forward-looking statements relate to expectations, estimates, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. You can identify these forward-looking statements by the use of words such as “opportunity,” “outlook,” “believe,” “think,” “expect,” “feel,” “potential,” “continue,” “may,” “should,” “seek,” “approximately,” “predict,” “intend,” “will,” “plan,” “estimate,” “anticipate,” “visibility,” “positioned,” “path to,” “conviction,” the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. These forward-looking statements are based on KKR’s beliefs, assumptions and expectations, but these beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KKR or within its control. Due to various risks and uncertainties, actual events or results may differ materially from those reflected or contemplated in such forward-looking statements. Past performance is no guarantee of future results. All forward-looking statements speak only as of the date of this presentation. KKR does not undertake any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date of this presentation except as required by law. Please see the Appendix for additional important information about forward-looking statements, including the assumptions and risks concerning projections and estimates of future performance.

This presentation includes certain non-GAAP measures, including adjusted net income (“ANI”), total segment earnings, total investing earnings, total operating earnings (“TOE”), fee related earnings (“FRE”), strategic holdings operating earnings, and total asset management segment revenues. These non-GAAP measures are in addition to, and not a substitute for, measures of financial and operating performance prepared in accordance with U.S. GAAP. While we believe that providing these non-GAAP measures is helpful to investors in assessing the overall performance of KKR’s business, they may not include all items that are significant to an investor’s analysis of our financial results. Please see the Appendix for additional important information about the non-GAAP measures presented herein.

Please see the Appendix for other important information. In addition, information about factors affecting KKR, including a description of risks that should be considered when making a decision to purchase or sell any securities of KKR, can be found in KKR & Co. Inc.’s Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed with the SEC on February 28, 2025, and its other filings with the SEC, which are available at www.sec.gov.

Projected Strategic Holdings Operating Earnings⁽¹⁾

(\$ in millions)

Note: Past performance is no guarantee of future results. Projected Strategic Holdings Operating Earnings (presented above for 2026E, 2028E and 2030E) is based on assumptions relating to projected net dividends on core holdings. Projected net dividends on core holdings is an estimate based on various assumptions, and there is no guarantee that our expectations will be realized as presented. See Appendix for endnote references and important information regarding estimates and assumptions and cautionary factors about forward-looking statements. Projected Strategic Holdings Operating Earnings is a non-GAAP measure. A reconciliation of the forecast for this measure to its corresponding GAAP measure has not been provided due to the unreasonable efforts it would take to provide such reconciliation. See Appendix endnotes for further information.

(1) Projected net dividends means dividends received and expected to be received (net of management fees paid to the Asset Management segment) from our participation in our existing and anticipated future businesses in the core private equity strategy.

- (2) 3Q'25 represents an annualized figure.

Note to Page 25 – Total Insurance Economics

- Total insurance economics is an alternative performance measure of KKR's insurance business, derived from a portion of KKR's reported segment results. We believe this measure may be helpful for our shareholders to understand the total contribution of our insurance business to KKR, including those economics that inure to our asset management business. It is comprised of (i) Insurance Operating Earnings and (ii) Asset Management Fees, Net of Compensation, Related to the Insurance Business that are earned by our Asset Management Segment.

Management Fees Paid by the Insurance Segment are fees paid by the Insurance segment to the Asset Management segment for the investment management of Global Atlantic's AUM. Ivy and Related Sidecar Fees are fees paid by third parties to KKR for the investment management of the assets in the Ivy and other reinsurance vehicles. Global Atlantic-Related Capital Markets Fees represent total capital markets transaction fees earned by KKR in transactions that Global Atlantic either anchored or facilitated.

Notes to Page 28 – Strategic Holdings Overview

- (1) Data represented calculated by 2Q'25 LTM adjusted EBITDA (KKR's Share) as of September 30, 2025.
- The adjusted revenue and adjusted EBITDA information represents the measures management currently uses to monitor the operating performance of the businesses.
 - LTM Adjusted EBITDA is shown based on the geographic location of the businesses' headquarters.
 - LTM Adjusted Revenue and EBITDA represents KKR's look-through ownership percentage for each of these companies in the aggregate as a result of the firm's investments in these companies through its participation in our core private equity strategy multiplied by the revenue and EBITDA of each portfolio company, respectively. Non-U.S. dollar businesses have been converted at the period-ending foreign exchange rate.

Non-GAAP and Segment Definitions

The key non-GAAP and other operating and performance measures that follow are used by management in making operational and resource deployment decisions as well as in assessing the performance of KKR's business. They include certain financial measures that are calculated and presented using methodologies other than in accordance with U.S. generally accepted accounting principles ("GAAP"). These non-GAAP measures, including adjusted net income ("ANI"), total segment earnings, total investing earnings, total operating earnings ("TOE"), fee related earnings ("FRE"), strategic holdings operating earnings, and total asset management segment revenues, are presented prior to giving effect to the allocation of income (loss) among KKR & Co. Inc. and holders of certain securities exchangeable into shares of common stock of KKR & Co. Inc. and, as such, represent the entire KKR business in total. In addition, these non-GAAP measures are presented without giving effect to the consolidation of the investment vehicles and collateralized financing entities ("CFEs") that KKR manages. These measures described above have the definitions given to them below.

We believe that providing these non-GAAP measures on a supplemental basis to our GAAP results is helpful to stockholders in assessing the overall performance of KKR's business. These non-GAAP measures should not be considered as a substitute for financial measures calculated in accordance with GAAP. "Non-operating adjustments" as used in these non-GAAP definitions refers to adjustments made which are not adjustments or exclusions of normal, recurring cash operating expenses necessary for business operations. Reconciliations of these non-GAAP measures to the most directly comparable financial measures calculated and presented in accordance with GAAP, where applicable, are included under the "Reconciliation of GAAP to Non-GAAP Measures" section of this Appendix.

We also caution readers that these non-GAAP measures may differ from the calculations made by other investment managers, and as a result, may not be directly comparable to similarly titled measures presented by other investment managers.

- **Adjusted Net Income** is a performance measure of KKR's earnings, which is derived from KKR's reported segment results. ANI is used to assess the performance of KKR's business operations and measures the earnings potentially available for distribution to its equity holders or reinvestment into its business. ANI is equal to Total Segment Earnings less Interest Expense, Net and Other and Income Taxes on Adjusted Earnings. Interest Expense, Net and Other includes (i) interest expense on debt obligations not attributable to any particular segment and (ii) cumulative dividend expense on the Series D Mandatory Convertible Preferred Stock, net of interest income earned on cash and short-term investments. Income Taxes on Adjusted Earnings represents the (i) amount of income taxes that would be paid assuming that all pre-tax Asset Management and Strategic Holdings segment earnings were allocated to KKR & Co. Inc. and taxed at the same effective rate, which assumes that all securities exchangeable into shares of common stock of KKR & Co. Inc. were exchanged and (ii) amount of income taxes on Insurance Operating Earnings. Income taxes on Insurance Operating Earnings represent the total current and deferred tax expense or benefit on income before taxes adjusted to eliminate the impact of the tax expense or benefit associated with the non-operating adjustments. Equity based compensation expense is excluded from ANI, because (i) KKR believes that the cost of equity awards granted to employees does not contribute to the earnings potentially available for distributions to its equity holders or reinvestment into its business and (ii) excluding this expense makes KKR's reporting metric more comparable to the corresponding metric presented by other publicly traded companies in KKR's industry, which KKR believes enhances an investor's ability to compare KKR's performance to these other companies. Income Taxes on Adjusted Earnings includes the benefit of tax deductions arising from equity-

based compensation, which reduces Income Taxes on Adjusted Earnings during the period. If tax deductions from equity-based compensation were to be excluded from Income Taxes on Adjusted Earnings, KKR's ANI would be lower and KKR's effective tax rate would appear to be higher, even though a lower amount of income taxes would have actually been paid or payable during the period. KKR separately discloses the amount of tax deduction from equity-based compensation for the period reported and the effect of its inclusion in ANI for the period. KKR makes these adjustments when calculating ANI in order to more accurately reflect the net realized earnings that are expected to be or become available for distribution to KKR's equity holders or reinvestment into KKR's business. However, ANI does not represent and is not used to calculate actual dividends under KKR's dividend policy, which is a fixed amount per period, and ANI should not be viewed as a measure of KKR's liquidity.

- **Total Segment Earnings** is a performance measure that KKR believes is useful to stockholders as it provides a supplemental measure of our operating performance without taking into account items that KKR does not believe arise from or relate directly to KKR's operations. Total Segment Earnings excludes: (i) equity-based compensation charges, (ii) amortization of acquired intangibles, and (iii) transaction-related and non-operating items, if any. Transaction-related and non-operating items primarily arise from corporate actions, which consist of: (i) impairments, (ii) transaction costs from acquisitions, including any acquisition-related stock consideration, (iii) depreciation on real estate that KKR owns and occupies, (iv) contingent liabilities, net of any recoveries, (v) certain integration, restructuring, and other non-operating expenses, and (vi) other gains or charges that affect period-to-period comparability and are not reflective of KKR's ongoing operational performance. Inter-segment transactions are not eliminated from segment results when management considers those transactions in assessing the results of the respective segments. These transactions include (i) management fees earned by our Asset Management segment as the investment adviser for Global Atlantic insurance companies, (ii) management and performance fees earned by our Asset Management segment for acquiring and managing the companies included in our Strategic Holdings segment, and (iii) interest income and expense based on lending arrangements where our Asset Management segment borrows from our Insurance segment. All these inter-segment transactions are recorded by each segment based on the applicable governing agreements. Additionally, due to the integrated nature of our segment operations and as part of our strategic capital allocation decisions, intersegment asset transfers have and may continue to occur. In these cases in segment reporting, the assets are transferred at their fair value, and no realization is recognized at the time of transfer. Earnings are recognized upon realization events and transactions with third parties. Total Segment Earnings represents the total segment earnings of KKR's Asset Management, Insurance and Strategic Holdings segments
- **Asset Management Segment Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Asset Management segment. This measure is presented before income taxes and is comprised of: (i) Fee Related Earnings, (ii) Realized Performance Income, (iii) Realized Performance Income Compensation, (iv) Realized Investment Income, and (v) Realized Investment Income Compensation. Asset Management Segment Earnings excludes the impact of: (i) unrealized gains (losses) on investments, (ii) unrealized carried interest, and (iii) unrealized carried interest compensation. Management fees earned by KKR as the adviser, manager or sponsor for its investment funds, vehicles and accounts, including its Global Atlantic insurance companies and Strategic Holdings segment, are included in Asset Management Segment Earnings.

Non-GAAP and Segment Definitions (cont'd)

- **Insurance Operating Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Insurance segment. This measure is presented before income taxes and is comprised of: (i) Net Investment Income, (ii) Net Cost of Insurance, and (iii) General, Administrative, and Other Expenses. Insurance Operating Earnings excludes the impact of: (i) investment gains (losses) which include realized gains (losses) related to asset/liability matching investment strategies and unrealized investment gains (losses) and (ii) non-operating changes in policy liabilities and derivatives which includes (a) changes in the fair value of market risk benefits and other policy liabilities measured at fair value and related benefit payments, (b) fees attributed to guaranteed benefits, (c) derivatives used to manage the risks associated with policy liabilities, and (d) losses at contract issuance on payout annuities. Insurance Operating Earnings includes (i) realized gains and losses not related to asset/liability matching investment strategies and (ii) the investment management costs that are earned by our Asset Management segment as the investment adviser of the Global Atlantic insurance companies.
- **Strategic Holdings Segment Earnings** is the segment profitability measure used to make operating decisions and to assess the performance of the Strategic Holdings segment. This measure is presented before income taxes and is comprised of: Dividends, Net and Net Realized Investment Income. Strategic Holdings Segment Earnings excludes the impact of unrealized gains (losses) on investments. Strategic Holdings Segment Earnings includes management fees and performance fee expenses that are earned by the Asset Management segment.
- **Fee Related Earnings** is a performance measure used to assess the Asset Management segment's generation of earnings from revenues that are measured and received on a more recurring basis as compared to KKR's investing earnings. KKR believes this measure is useful to stockholders as it provides additional insight into the profitability of our fee generating asset management and capital markets businesses. FRE equals (i) Management Fees, including fees paid by the Insurance and Strategic Holdings segments to the Asset Management segment and fees paid by Ivy vehicles and other reinsurance vehicles, (ii) Transaction and Monitoring Fees, Net and (iii) Fee Related Performance Revenues, less (x) Fee Related Compensation, and (y) Other Operating Expenses.
 - Fee Related Performance Revenues refers to the realized portion of performance fees from certain AUM that has an indefinite term and for which there is no immediate requirement to return invested capital to investors upon the realization of investments. Fee related performance revenues consists of performance fees (i) expected to be received from our investment funds, vehicles and accounts on a recurring basis, and (ii) that are not dependent on a realization event involving investments held by the investment fund, vehicle or account.
 - Fee Related Compensation refers to the compensation expense, excluding equity-based compensation, paid from (i) Management Fees, (ii) Transaction and Monitoring Fees, Net, and (iii) Fee Related Performance Revenues.
 - Other Operating Expenses represents the sum of (i) occupancy and related charges and (ii) other operating expenses.
- **Strategic Holdings Operating Earnings** is a performance measure used to assess the firm's earnings from companies and businesses reported through its Strategic Holdings segment. Strategic Holdings Operating Earnings currently consists of earnings derived from dividends that the firm receives from businesses acquired through the firm's participation in our core private equity strategy. Strategic Holdings Operating Earnings currently equals dividends less management fees that are earned by our Asset Management segment. This measure is used by management to assess the Strategic Holdings segment's generation of earnings from revenues that are measured and received on a more recurring basis than, and are not dependent on, realizations from investment activities.
- **Total Operating Earnings** is a performance measure that represents the sum of (i) FRE, (ii) Insurance Operating Earnings, and (iii) Strategic Holdings Operating Earnings. KKR believes this measure is useful to stockholders as it provides additional insight into the profitability of the most recurring forms of earnings from each of KKR's segments as compared to investing earnings.
- **Total Investing Earnings** is a performance measure that represents the sum of (i) Net Realized Performance Income and (ii) Net Realized Investment Income. KKR believes this measure is useful to stockholders as it provides additional insight into the earnings of KKR's segments from the realization of investments.
- **Total Asset Management Segment Revenues** is a performance measure that represents the realized revenues of the Asset Management segment (which excludes unrealized carried interest and unrealized gains (losses) on investments) and is the sum of (i) Management Fees, (ii) Transaction and Monitoring Fees, Net, (iii) Fee Related Performance Revenues, (iv) Realized Performance Income, and (v) Realized Investment Income. Asset Management Segment Revenues excludes Realized Investment Income earned based on the performance of businesses presented in the Strategic Holdings segment. KKR believes that this performance measure is useful to stockholders as it provides additional insight into all forms of realized revenues generated by our Asset Management segment.
- **Adjusted shares** represents shares of common stock of KKR & Co. Inc. outstanding under GAAP adjusted to include certain vested securities exchangeable into shares of common stock of KKR & Co. Inc. Adjusted shares excludes the potential dilutive impact of: (i) any conversion of the Series D Mandatory Convertible Preferred Stock and (ii) unvested shares of common stock and exchangeable securities.
- **Perpetual capital** refers to a component of AUM that has an indefinite term and for which there is no predetermined requirement to return invested capital to investors upon the realization of investments. Perpetual capital includes the AUM of our registered funds, certain unregistered vehicles, listed companies, and insurance companies, and it excludes our traditional private equity funds, similarly structured investment funds, collateralized loan obligations, hedge fund partnerships and certain other investment vehicles. Investors should not view this component of our AUM as being permanent without exception, because it can be subject to material reductions and even termination. Perpetual capital is subject to material reductions from changes in valuation and withdrawals by or payments to investors, clients and policyholders (including through elections by investors to redeem their fund investments, periodic dividends, and payment obligations under insurance policies and reinsurance agreements) as well as termination by a client of, or failure to renew, its investment management agreement with KKR.

Past Performance and Investment Returns

Past performance is not a guarantee of future results. Information about any fund or strategy and investments made by such fund or strategy, including past performance of such fund, strategy or investment, is provided solely to illustrate KKR's investment experience, and processes and strategies used by KKR in the past with respect to such funds or strategies. The performance information relating to KKR's historical investments is not intended to be indicative of any fund's or strategy's future results or the future results of KKR. Certain funds or strategies are also relatively new and their limited historical results may not be indicative of results they will experience over a longer period of time. There can be no assurance that any KKR entity (including any KKR investment fund, vehicle or account, the KKR balance sheet, the Strategic Holdings segment, or Global Atlantic insurance company) will achieve results comparable to any results included in this presentation, or that any investments made by a KKR entity now, in the past or in the future will be profitable, or that KKR entities will find investment opportunities similar to any presented in connection with this presentation. Actual realized value of currently unrealized investments will depend on, among other factors, the value of the investments and market conditions at the time of disposition, related transaction costs, the timing and manner of sale, and many of the risks described in the forward-looking statements section of this Annex, all of which may differ from the assumptions and circumstances on which the currently unrealized valuations are based. Accordingly, the actual realized values of unrealized investments may differ materially from the values indicated herein.

Forward-Looking Statements

This presentation contains certain forward-looking statements pertaining to KKR, including investment funds, vehicles and accounts managed by KKR and Global Atlantic. You can identify these forward-looking statements by the use of words such as "opportunity," "outlook," "believe," "think," "expect," "feel," "potential," "continue," "may," "should," "seek," "approximately," "predict," "intend," "will," "plan," "estimate," "anticipate," "visibility," "positioned," "path to," "conviction", the negative version of these words, other comparable words or other statements that do not relate strictly to historical or factual matters. Forward-looking statements relate to expectations, estimates, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts, including but, not limited to, any statements with respect to: statements regarding KKR's business, financial condition, liquidity and results of operations, including Capital Invested, uncalled commitments, cash and short-term investments, and levels of indebtedness; the potential for future business growth; outstanding shares of common stock of KKR & Co. Inc. and its capital structure; non-GAAP and segment measures and performance metrics, including AUM, FPAUM, ANI, TOE, Book Value, Total Segment Earnings, FRE, Insurance Operating Earnings, Strategic Holdings Operating Earnings, Total Investing Earnings, and Total Segment Earnings; the declaration and payment of dividends on capital stock of KKR & Co. Inc.; the timing, manner and volume of repurchase of shares of capital stock of KKR & Co. Inc.; our statements regarding the potential of, and future financial results from, KKR's Strategic Holdings segment (including expectations about dividend payments from companies and businesses in the Strategic Holdings segment in the future, the future growth of such companies and businesses, the potential for

compounding earnings over a long period of time from such segment, and the belief that such segment is an unconstrained business line); KKR's ability to grow its AUM, to deploy capital, to realize unrealized investment appreciation, and the time period over which such events may occur; KKR's ability to manage the investments in and operations of acquired companies and businesses; the effects of any transactional activity on KKR's operating results, including pending sales of investments; expansion and growth opportunities and other synergies resulting from acquisitions of companies (including the acquisition and integration of Global Atlantic and businesses in our Strategic Holdings segment), internal reorganizations or strategic partnerships with third parties; the timing and expected impact to our business of any new investment fund, vehicle or product launches; the timing and completion of certain transactions contemplated by the Reorganization Agreement entered into on October 8, 2021 by KKR & Co. Inc. pursuant to which the parties agreed to undertake a series of integrated transactions to effect a number of transformative structural and governance changes in the future; the implementation or execution of, or results from, any strategic initiatives (including efforts to access private wealth investors and the modification of our compensation framework announced on November 29, 2023, which decreased the targeted percentage of compensation from fee related revenues and increased the targeted percentage from realized carried interest and incentive fees).

Expected dividend amounts and investment returns in the business segment Strategic Holdings may be materially less than our current expectations or not materialize at all, and the volatility of employee compensation as a result of the modification of our compensation framework could impact our ability to hire, retain, and motivate our employees whom we are dependent on.

These statements are subject to numerous risks, uncertainties and assumptions, including those listed here in the above and below paragraphs and described under the section entitled “Risk Factors” in KKR & Co. Inc.’s Annual Report on Form 10-K for the year ended December 31, 2024, filed with the SEC on February 28, 2025, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These factors should not be construed as being exhaustive and should be read in conjunction with the other cautionary statements that are included in this presentation and in KKR & Co. Inc.’s filings with the SEC.

All forward-looking statements speak only as of the date of this presentation. KKR does not undertake any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date on which such statements were made except as required by law.

Without limiting the statements made in the prior paragraphs, the following risks, among others, could cause actual results to vary from the forward-looking statements:

- risks related to our business, including: future business growth and various assumptions about the ability to capitalize on growth opportunities and future business performance, the assumptions and estimates used in any forward-looking statements made herein, including relating to New Capital Raised, Assets Under Management, Fee Related Earnings per share, Total Operating Earnings per share, Adjusted Net Income per share, Strategic Holdings Operating Earnings, the timing and amounts generated by the monetization of investments held by KKR or its investment vehicles, difficult market and economic conditions; geopolitical developments and other local and global events, including uncertainties resulting from changes to U.S. and global tariff policies and escalating trade tensions; disruptions caused by natural disasters and catastrophes; our liquidity requirements and sources of liquidity; assets we refer to as “perpetual capital” being subject to material reduction; high variability in earnings and cash flow; “clawback” provisions in our governing agreements; inability to raise additional or successor funds successfully; increasing focus by stakeholders on sustainability matters; intense competition in the investment management and insurance industries; changes in relevant tax laws, regulations and treaties or adverse interpretations by tax authorities; recruiting, retaining and motivating our employees and other key personnel; our reliance on third-party service providers; cybersecurity failures and data security breaches; the unpredictable impact of artificial intelligence, rapidly developing and changing global privacy laws; expansion into new investment strategies, geographic markets, businesses and types of investors; failure to manage existing balance sheet commitments; extensive regulation of our businesses (including compliance with applicable laws); litigation and negative publicity; ineffective risk management activities;
- risks related to our investment activities, including risks involving: historical returns not being indicative of future results; valuation methodologies for establishing the fair value of certain assets can be subjective; the impact on valuations by market and economic conditions; changes in debt or equity markets; dependence on significant leverage in our investments; exposures to, and investments in, leveraged companies or companies experiencing financial or business difficulties; concentration of investments by type of issuer, geographic region, asset types, or otherwise; investments in relatively illiquid assets; investments in real assets; investments in emerging and less established companies; investments in companies that are based outside of the United States; and investors in certain of our investment vehicles are entitled to redeem their investments in these vehicles on a periodic basis;
- risks related to our insurance activities, including risks involving: possibility of not achieving the intended benefit of the Global Atlantic acquisitions (including a failure to realize anticipated benefits within the expected timeframes or a failure to integrate into our operations and management systems and controls); volatile market and economic conditions including sustained periods of low or high interest rates; difference between policyholder behavior estimates, reserve assumptions and actual claims experience; estimates used in preparation of financial statements and models for insurance products; our ability to execute Global Atlantic’s growth strategies successfully; Global Atlantic’s actual or perceived financial strength and ratings of Global Atlantic and its subsidiaries; business Global Atlantic reinsures and business it cedes to reinsurers; changes in accounting standards applicable to insurance companies; volatility in our insurance business’s net income under GAAP; reinsurance assets held in trust, which limit Global Atlantic’s ability to invest those assets; determination of the amount of impairments and allowances for credit losses; triggering a recapture event under reinsurance agreements where Global Atlantic’s clients may recapture some or all of the assumed business; liquidity risks from Global Atlantic’s membership in Federal Home Loan Banks and repurchase and reverse repurchase transactions that subject Global Atlantic to liquidity risks; changes in relevant tax laws, regulations or treaties; regulations, including those related to capital requirements, that apply to Global Atlantic; Bermuda insurance subsidiaries possibly being subject to additional licensing requirements; and not being able to mitigate the reserve strain associated with statutory accounting rules; and
- risks related to our organizational structure, including risks involving: our status as a controlled company; declining common stock price due to the large number of shares eligible for future sale and issuable as grants or in acquisitions; ability to issue preferred stock may cause the price of our common stock to decline; our right to repurchase all outstanding shares of common stock under specified circumstances; limitations on our ability to pay periodic dividends; our obligations to make payments to our principals pursuant to a tax receivable agreement; potential application of restrictions under the Investment Company Act of 1940; and reorganizations undertaken by us.
