- Note A: ANZ has acquired relevant interests in the securities referred to in the adjacent columns. The consideration referred to in the adjacent column represents the cash collateral provided by ANZ in connection with the 'borrowing' of the securities by ANZ under an Australian Master Securities Lending Agreement. The cash collateral was determined by applying ANZ's loan to value ratio for the relevant class of securities to the value of the relevant parcel of securities, as determined in accordance with the agreement under which the securities were 'borrowed' by ANZ.
- Note B: ANZ has acquired relevant interests in the securities referred to in the adjacent columns. No consideration was provided by ANZ that was directly referable to the securities. This may be due to one of a number of reasons including but not limited to, the following: the securities were provided to ANZ in response to a margin call against the counterparty to an Australian Master Securities Lending Agreement; the securities were provided to ANZ to be loaned out by ANZ pursuant to its securities lending program on behalf of the beneficial holder of the securities; the securities were received by ANZ as a result of a corporate action such as a bonus issue.
- Note C: ANZ has ceased to have relevant interests in the securities referred to in the adjacent columns. No consideration was provided to ANZ that was directly referable to the securities. This may be due to one of a number of reasons including but not limited to, the following: the securities were returned by ANZ to the counterparty to an Australian Master Securities Lending Agreement as a result of the value of the securities loaned to ANZ by the counterparty exceeding the collateral provided by ANZ to the counterparty; the securities were returned to a client of ANZ (or a client for whom ANZ Nominees Limited originally held the securities as a bare trustee) who had previously made the securities available to ANZ to be loaned out by ANZ pursuant to its securities lending program on behalf of the client, and who had since withdrawn those securities from ANZ's securities lending program; or the securities were originally received by ANZ as a result of a corporate action (such as a bonus issue) in respect of securities acquired by ANZ pursuant to an Australian Master Securities Lending Agreement and were transferred to the counterparty in accordance with the terms of the agreement.
- Note D: On-market purchase
- Note E: On-market sale
- Note F: ANZ has acquired relevant interests in the securities referred to in the adjacent columns. ANZ received the securities as collateral in substitution for cash collateral previously provided to ANZ in connection with the 'lending' of other securities by ANZ to a counterparty under an Australian Master Securities Lending Agreement. The consideration referred to in the adjacent column represents the cash collateral replaced by the securities.

Annexure “B”

- Note G: ANZ has ceased to have relevant interests in the securities referred to in the adjacent columns. The securities were originally received by ANZ as collateral in connection with a 'loan' of other securities by ANZ under an Australian Master Securities Lending Agreement, but have been 'returned' to the counterparty and replaced with cash collateral. The consideration referred to in the adjacent column represents the cash collateral provided to ANZ to replace the previous collateral.
- Note H: ANZ has ceased to have relevant interests in the securities referred to in the adjacent columns. The consideration referred to in the adjacent column represents the cash collateral received by ANZ in connection with the 'lending' of the securities by ANZ under an Australian Master Securities Lending Agreement. The cash collateral was determined by applying ANZ's loan to value ratio for the relevant class of securities to the value of the relevant parcel of securities, as determined in accordance with the agreement under which the securities were 'lent' by ANZ.
- Note I: ANZ has acquired relevant interests in the securities referred to in the adjacent columns. The securities were originally lent by ANZ to a counterparty under an Australian Master Securities Lending Agreement but have been 'returned' to ANZ.
