About Tata Steel

Tata Steel Group stands among the top global steel companies with an annual crude steel capacity of 28 million tonnes per annum (MnTPA) and a turnover of US \$17.69 billion in FY16. It is the world's second-most geographically-diversified steel producer, with operations in 26 countries and commercial presence in over 50 countries. Established in 1907, the Group's vision is to be the world steel industry benchmark in "Value Creation" and "Corporate Citizenship" through the excellence of its people, approach and overall conduct. Underpinning this vision is a performance culture committed to aspiration targets, safety and social responsibility, continuous improvement, openness and transparency. Having bagged the Deming Application Prize and Deming Grand Prize for continuous improvement in 2008 and 2012 respectively, Tata Steel has now been recognised as the global 'Industry Leader' in 'Steel category' by Dow Jones Sustainability Index. Besides being one of 'worldsteel's' Climate Action members, it has also been awarded the CII ITC Sustainability Prize, the 'Best-in-class Manufacturing' by TIME Award, the Prime Minister's Trophy for the best performing integrated steel plant, among several others.

Disclaimer

Statements in this press release describing the Company's performance may be "forward looking statements" within the meaning of applicable securities laws and regulations.
