Murata Manufacturing Co., Ltd Announces Makes Adjustment to the Projected Finance Results for the Full Year Ending March 31, 2027

Murata Manufacturing Co., Ltd (the Company) hereby announced, consideration of the recent business trend, the Company has made adjustment to the projected finance results for full year ending March 31, 2027.

Adjustment to the projected finance result on a consolidated basis for full year ending March 31, 2027 (April 1, 2026 through March 31, 2027)
①Factors behind the adjustment:

(Millions of yen)

(Reference) Business results for year ended March 31, 2025 (April 1,2025 through March 31, 2026)	1,830,856	281,835	308,643	233,920	127.66

②Reasons for the adjustment:
Looking ahead, the Companies forecast that revenue for the fiscal year ending March 31, 2027, will exceed the previous projection. This outlook reflects further growth in demand related to data centers and the depreciation of the yen.
Operating profit is also projected to exceed the previous projection, due to profit-increasing factors such as gains from a higher operation rate resulting from an increase in production output and the impact of a weaker yen.

In light of these circumstances and taking into account the results for the three months ended June 30, 2026, the company has revised projected consolidated financial results for the fiscal year ending March 31, 2027, which were announced on April 30, 2026.
For the above projected finance results, the assumed exchange rate has been changed from 150 yen in the previous forecast to 155 yen against the U.S. dollar from the second quarter of this fiscal year onwards.

Note: The above projected finance results are based on information currently available to the Company.
Due to various factors, actual results may differ from such the projected finance results.
