Notice Regarding Differences Between Full-Year Consolidated Financial Forecasts and Actual Results for the Fiscal Year Ended May 20, 2026

ASKUL Corporation (hereinafter referred to as the “Company”) hereby announces that differences have arisen between the full-year consolidated financial forecasts for the fiscal year ended May 20, 2026, announced on March 27, 2026, and the actual results, as described below.

1. Differences Between Full-Year Consolidated Financial Forecasts and Actual Results for the Fiscal Year Ended May 20, 2026 (May 21, 2025 to May 20, 2026)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Basic earnings per share
	Million yen	Million yen	Million yen	Million yen	Yen
Previously Announced Forecast (A) (Announced on March 27, 2026)	395,000	(20,500)	(22,000)	–	–
Actual Results (B)	400,199	(17,445)	(19,062)	(22,150)	(245.41)
Change (B–A)	5,199	3,054	2,937	–	
Change (%)	1.3%	–	–	–	
(Reference) Previous Fiscal Year Results (FY Ended May 20, 2025)	481,101	14,004	13,816	9,068	95.45

Note: Profit attributable to owners of parent decreased by 31,219 million yen compared with the previous year.

2. Reason for the Differences

In the previously announced forecast, the Company had incorporated by the end of the third quarter the extraordinary losses expected to arise from the impact of the ransomware attack. However, profit attributable to owners of parent and earnings per share had remained undetermined because the Company was still examining the impact associated with the selection and concentration of Group companies and business restructuring based on the strategies of its Medium-Term Management Plan. As stated in the “Notice Regarding the Recording of Extraordinary Losses (Impairment Losses)” announced today, the related impact has now been finalized due to the recording of impairment losses related to AP67 Co., Ltd., whose core company is FEED Corporation, the operator of “FEED Dental,” a mail-order service for the dental industry, and other factors. As a result, the figures are as stated above.
