Nomination of a second COO Dr. Christopher St.John

Dr. Alain de Rouvray, Chairman and CEO of ESI Group, proposed to the Board of Directors on December 4th, 2013, the appointment of Dr. Christopher St.John as Chief Operating Officer of ESI Group. The Board accepted the nomination.

Dr. Alain de Rouvray can now rely on two COO; Dr. Vincent Chaillou for the activities of the Edition and Strategic Marketing and Dr. Christopher St.John for the activities of Distribution and Support.

Dr. Christopher St.John joined the Group in July 2008 as Director for Asia Pacific. Since February 2010 he has been responsible for Distribution operations in all geographic areas.

His career includes more than 30 years with companies publishing and distributing CAE solutions and in engineering consultancy. He holds a PhD in Civil Engineering from Imperial College, London, UK.

About ESI

ESI is a pioneer and world-leading provider in Virtual Prototyping that takes into account the physics of materials. ESI boasts a unique know-how in Virtual Product Engineering, based on an integrated suite of coherent, industry-oriented applications. Addressing manufacturing industries, Virtual Product Engineering aims to replace physical prototypes by realistically simulating a product's behavior during testing, to fine-tune fabrication and assembly processes in accordance with desired product performance, and to evaluate the impact on product use under normal or accidental conditions. ESI's solutions fit into a single collaborative and open environment for End-to-End Virtual Prototyping. These solutions are delivered using the latest technologies, including immersive Virtual Reality, to bring products to life in 3D; helping customers make the right decisions throughout product development. The company employs about 1000 high-level specialists worldwide covering more than 30 countries. [ESI Group](http://www.esi-group.com) is listed in compartment C of NYSE Euronext Paris.
