## Press release

Gecina has acknowledged the disclosure threshold declarations and statements of intent filed with the French securities regulator (AMF) today, relating to the dissolution of Ivanhoé Cambridge's partnership to hold Gecina shares in concert with Blackstone.

Following these operations, Ivanhoé Cambridge, directly and through its subsidiaries, now holds 23% of Gecina's capital. This percentage corresponds to Ivanhoé Cambridge's interest under the previous investment in concert, as announced in June 2015 when it further strengthened its stake.

The securities corresponding to Blackstone's remaining interest, through its affiliates, represent 3.4% of Gecina's capital. Incorporating these securities, the float will now represent nearly 53% of the capital.
