GENFIT WINS THE ENTERNEXT PRIZE FOR THE MOST SUCCESSFUL FINANCIAL OPERATION OF THE YEAR

Lille (France), Boston (Massachusetts, United States), December 3, 2014 – GENFIT (Euronext: GNFT; ISIN: FR0004163111), a biopharmaceutical company at the forefront of developing therapeutic and diagnostic solutions in metabolic and inflammatory diseases, that notably affect the liver or the gastrointestinal system, has been awarded the EnterNext Prize for the most successful financial operation of the year at the fourth annual French stock market conference, organized today by NYSE Euronext. The jury notably rewarded GENFIT for its successful transfer from Alternext to the Euronext regulated market, Compartment B, in April 2014, and for the success of subsequent capital increases.

Jean-François Mouney, Chairman and Chief Executive Officer of GENFIT, declared: "We are proud of this new distinction that rewards our financial and stock market strategy. The change of market segment, accompanied by our inclusion in new indexes including the SBF120, has enabled us to enhance our visibility and that of our title GFNT, to a growing number of international investors and financial analysts. This evolution is thus perfectly in line with our industrial strategy."
