Dear Sir,

This is in reference to your e-mail dated 07.10.2014 and our letter dated 01.04.2013 informing booking of capacity in the Cove Point LNG Liquefaction Terminal in the US (Copy attached).

This is to inform that GAIL has been continuously striving hard to meet the growing demand for natural gas in India. In order to provide long-term Energy security, GAIL is endeavouring to secure LNG supplies from a much diversified supply sources to mitigate geo-political risks, pricing risks etc. Accordingly, GAIL has executed 02 contracts from USA of about 5.8 MMTPA (Sabine Pass LNG contract and Cove Point LNG terminal booking) between 2011-2013.

In April 2013, GAIL Global (USA) LNG LLC ('GGULL') signed a Terminal Service Agreement ('TSA') with Dominion Cove Point LNG LP ('DCP'), booked capacity in the Cove Point LNG Liquefaction Terminal for supply of about 2.3 MMTPA of LNG.

The DCP TSA works on the tolling model and GAIL through its subsidiary bears the responsibility for purchasing gas to the tune of 2-2.5 MMTPA and delivering it to the inlet of Cove Point LNG Liquefaction Terminal for liquefaction to LNG. On 29th September 2014, Cove Point Terminal obtained FERC approval. With this DCP terminal would be ready to liquefy LNG by end 2017/early 2018 for supplies to Non FTA countries including India.

The volumes of 2-2.5 MMTPA from Cove Point terminal is part of the above mentioned two no. of contracts from USA.

Hope this clarifies the issue.

Thanking you,
Yours faithfully,
