Core sector growth at 4-year low in June

Slowdown may spur the MPC to go for another round of rate cut

Asit Ranjan Mishra

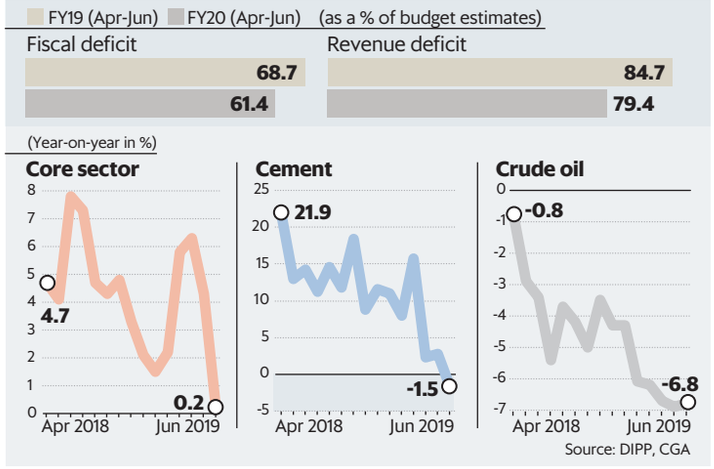
NEW DELHI

Growth concerns
The grim performance of core sector in June combined with restricted spending by the govt in Q1FY20 may push RBI to go for further rate cuts.



PARAS JAIN/MINT

The Indian economy threw up more bad news on Wednesday, as data showed eight infrastructure sectors, which constitute 40.27% of the index of industrial production (IIP), decelerated to a 50-month low of 0.2% in June. The weak performance may pave the way for another round of rate cuts by the monetary policy committee of the Reserve Bank of India (RBI) at its meeting on 7 August.

Four out of the eight sectors contracted in June, with output of refinery products with the highest weight of 28% within the core sector contracting by 9.3%. This is apart from declines in production of crude oil (-6.8%), natural gas (-2.1%), and cement (-1.5%). The only sector that continues to grow at a robust pace is electricity generation (7.3%).

The Indian economy is going through a period of consumption and investment slowdown, with gross domestic product (GDP) growth in the March quarter slowing to a five-year low of 5.8%. Annual GDP growth slowed to 6.8% in the year ended 31 March from 7.2% in the previous year.

The International Monetary Fund has reduced its growth projection for India in 2018-19 by 30 basis points to 7%, expecting weaker domestic demand.

"The growth in June is symptomatic of a certain degree of stagnation that has set in Indian industry. Given the fall in production in the auto segment and virtual flat core sector growth, IIP numbers will be impacted negatively in June," said Madan Sabnavis, chief economist at Care Ratings Ltd.

India's merchandise exports contracted 9.71% in June and, while releasing the data earlier this month, commerce secretary Anup Wadhawan had attributed it to a temporary shutdown of ONGC's Mangalore Petrochemical Ltd's Jamnagar refinery for maintenance that hit exports of petroleum products. This could have been reflected in the core sector data as well. "The effects of the shutdown of the Jamnagar refinery are likely to abate by mid-July," Wadhawan had said on 15 July.

In the absence of a fiscal stimulus, most analysts believe monetary policy needs to do the heavy lifting to pump up economic growth. RBI cut policy rates for the third consecutive time in June adding up to a cumulative 75 basis points and is expected to cut rates yet again next month, given the benign inflation trajectory.

Retail inflation grew 3.18% in June compared to 3.05% a month ago, while factory output, measured by IIP decelerated from an upwardly revised 4.3% in April to 3.1% in May.

"There is limited visibility of a broad-based improvement in the Indian industrial outlook. The core sector data further strengthens the likelihood of a repo rate cut in the August 2019 policy review," said Aditi Nayar, principal economist, Icra Ltd.

A BANKER WHO COMBINED THE BEST OF TWO SCHOOLS OF ECONOMIC THINKING

MINT

SUBIR VITHAL GOKARN (1959–2019)

Subir and I crossed paths may times; not only in different, but vastly diverse roles. I first met him as an academic at the Indira Gandhi Institute for Development Research (IGIDR). Then we interacted as fellow columnists at the *Business Standard*. He "succeeded" me as the chief economist at Crisil. In 2002, I had accepted an offer as chief economist at Crisil, but never joined as I moved to Jammu and Kashmir as economic advisor. Ravi Mohan, who was the then CEO, asked me for a recommendation and I suggested Subir Gokarn. At that point, he was working with the National Council of Applied Economic Research and was my tenant in New Delhi!

A few year later, the earlier tenuous landlord-tenant relationship was replaced by a more stressful relationship: Regulator and market participant! In 2009, when he was appointed as the deputy governor of the Reserve Bank of India (RBI), I was doing my second term as the chairman of the J&K Bank! We met many times during that phase to discuss the all-important credit policy issues, which he was in charge of.

As an accomplished professional economist, Subir combined the best of two divergent and often conflicting schools of economic thinking and approach: The Mumbai and the Delhi school. He was one of the rare breed of economists who understood market's needs and appreciated the government's compulsions.

The Bombay school had influenced him to believe that democratisation of entrepreneurship was the key to economic growth in a Schumpeterian sense. Closer home, his objectives were that of a C.N. Vakil or P.R. Bramananada, while his methods were that of a Sukhamoy Chakravarty.

The Delhi school had sensitised him to the distributional virtues of public investment-led growth. He narrowed the policy differences by reasoning that analytically, it was only about capital goods versus consumer goods investment strategy. He was inclined towards the latter as it addressed the issue of inflation in the short and medium term. His view of an ideal mix would be high public expenditure with high private investment.

He was one person who knew that "borrowings" means different things in Delhi and Mumbai! As a 'Mumbaikarnomist' he understood fiscal deficit and spoke about it without prefixing a pejorative! And, he was one of the few Delhi economists who understood debt leverage!

This syncretic view of economic policy and management, of course, came from his academic education. He studied to be an economist at the St. Xaviers College in Mumbai and the Delhi School of Economics. It got well rounded and complete by his career moves. Even though it may not have been planned, the way it panned out was not just very complementary, but also quite complete. He got the academic grounding at IGIDR, a feel for micro-economics at Crisil, empirical and analytical rigour at the NCAER and a macro-monetary mastery at the country's central bank.

His rise in public policy was quite remarkable. But unlike most who grow into their job, the remarkable thing about Subir was that he didn't grow into any job. He somehow made the job fit him; tailor made it to be precise. I saw him as an associate professor at IGIDR, and he was the quintessential professor. And then, when I saw him at the RBI, it struck me that he was made for monetary policy management! The only other academic whom I know did the money manager job so well, was Dr C. Rangarajan.

> Subir Vithal understood market's needs and appreciated the govt's compulsions

This showed the versatility of his talent and the depth of his knowledge. He was a well-rounded macro economist, who understood fiscal policy, had a nuanced and insightful view of monetary policy, knew the bolts of industrial economics, and was thorough in trade matters.

Through all these high-profile jobs and many accomplishments, two things never changed: His unruly mop of hair and scruffy beard!

He will be missed; not only by his family, friends and fellow economists, but by the country. He could have contributed a lot more for quite some time more.

Government seeks to put India on a safer road

to protect good samaritans or citizens who come forward and rescue accident victims from being harassed by the law.

The bill increases the minimum compensation for hit-and-run accident cases from ₹25,000 to ₹2 lakh in case of death and from ₹12,500 to ₹50,000 in case of grievous injury.

Nitin Gadkari, Union road transport and highways minister, said a total of ₹14,500 crore is being spent on safeguarding fatal spots which are vulnerable to road accidents. "Road engineering is responsible for road accidents and it is wrong to blame drivers. In this regard, 786 spots have been chosen and ₹14,500 crore has been infused," he said, adding that it was imperative to identify and improve "fatal spots."

The bill also has a provision to penalize construction companies for building faulty roads.

Union road minister Nitin Gadkari said a total of ₹14,500 crore is being spent on safeguarding fatal spots. MINT

Toward safety issues, the bill provides for setting up a National Road Safety Board by the government through a notification. The proposed law suggested higher penalty for offences such as driving without a licence, speeding, dangerous driving, drunk driving and for vehicles plying without a permit. Additionally, those who do not give way to an ambulance or fire brigade may have to face a hefty fine of as much as ₹10,000 and/or imprisonment up to six months.

Obtaining a driving licence (DL) could get tougher. The process of obtaining a licence will become technology-driven, reducing human interface to curb corruption. Currently, licence testing is manual, which means untrained people are also able to procure a licence. A national register of driving licence will be created comprising nationwide licence data to make transfer of vehicles across states easier and weed out fake licences.

The government will also have the power to regulate taxi aggregators such as Ola and Uber as the current Motor Vehicles Act does not recognize cab aggregators as a separate entity. Adding the word "aggregators" in the Act will give power to the Centre to frame guidelines for these companies and make them more compliant.

Likewise, the bill allows the Union government to order motor vehicles recalled if it thinks a defect in the vehicle may cause damage to the environment, the driver or other road users.

Reserve Bank's new foreign borrowing rules aim to fix credit crunch crippling businesses

Gireesh Chandra Prasad
gireesh.c@livemint.com
NEW DELHI

The Reserve Bank of India's latest move to ease foreign borrowing norms for businesses and non-bank lenders is aimed at mitigating the effects of a credit crunch that is hurting investments and hindering distressed businesses from paying back their dues.

The relaxation in external commercial borrowing (ECB) norms announced by the central bank on Tuesday, a step towards financial disintermediation, opens up low-cost foreign funds to businesses and non-banking financial companies (NBFCs) in areas where foreign lending was so far restricted. The Union Budget for FY20 had proposed that the central government too would raise some of its gross borrowings for FY20 from external markets in foreign currencies. Accessing funds directly from overseas lenders could ease the cost of borrowing for businesses in financing new projects at a time domestic banks are holding back from making fresh loans as they take on defaulting clients in bankruptcy courts.

The credit crunch the industry is grappling with, if not resolved effectively, could affect Prime Minister Narendra Modi's goal of making India a $5 trillion economy by 2024. What has added to the woes of businesses is the liquidity crunch non-bank lenders faced after the payment defaults last year by Infrastructure Leasing & Financial Services Ltd, a systemically important shadow banking entity.

RAMESH PATHANIA/MINT

Reserve Bank's relaxation opens up low-cost foreign funds to businesses, NBFCs.

The revised norms announced on Tuesday allow eligible businesses to borrow abroad for their working capital requirements and general corporate purposes, as well as for repaying loans taken for capital expenditure in manufacturing and infrastructure sectors that have turned toxic. They also allow NBFCs to borrow abroad for on-lending to local customers. In February, the central bank had allowed those who are interested in taking over bankrupt companies to raise external commercial borrowings to finance their acquisitions. Another important context to the easing of foreign borrowing norms is the slowdown in the domestic economy, amid worries of a global recession. The International Monetary Fund in July scaled down its global growth projection by 0.1 percentage point each to 3.2% in 2019 and 3.5% in 2020.

CBSE allows schools to process class 9, 11 admissions till Aug 15

AFTER CRITICISM Schools will manage admissions up to August 15 of this academic session in seven out of 11 categories; board will take charge after that; principals say it is 'unnecessary intervention'

Fareeha Iftikhar
fareeha.iftikhar@htdigital.in

NEW DELHI: After criticism from principals over the proposed changes in admission norms to classes 9 and 11, the Central Board of Secondary Education (CBSE) on Tuesday allowed schools to handle the process on their own till August 15, after which the board will take over.

The board had earlier said all admissions from this academic session will be handled by the board irrespective of the date of application.

According to CBSE norms, there are 11 categories under which admissions can be sought in these two classes. In a corrigendum issued on Tuesday, Sanyam Bhardwaj, CBSE's controller examinations, said schools can manage admissions up to August 15 of this academic session in seven categories — shifting of family, shifting of hostel, readmission in other schools after failing in these two classes, better education, long distance, medical condition.

"All cases are to be sent to regional offices concerned, along with a processing fee of ₹1,000 per student, with effect from August 16, up to September 30 of the current academic session," he said.

Hindustan Times had reported that CBSE will, for the first time, regulate admissions to classes 9 and 11 in all its affiliated schools on its own.

The board has formulated Standard Operating Procedures (SOPs) for admissions in these classes and approve admission requests itself.

At present, schools conduct admissions to classes 9 and 11 on their own rules.

Principals criticised the new norms, with many terming them as "unnecessary intervention". HT had also reported that CBSE added new clauses for admission.

For instance, if a student wants to take admission in any of these two classes in another school citing "better education" facilities, parents will have to submit the results of last five years of both schools — one in which the ward is currently studying and the one in which admission is sought — along with the application. They will also have to submit qualifications and teaching experience of staff members of both schools.

These norms will, however, remain unchanged. "SOP as circulated earlier will remain unchanged," Bhardwaj said in the corrigendum. Board officials had said the decision to formulate such procedures was taken to "streamline" the process and to make sure that only "genuine students" get admissions.

Principals, however, said that the change will not make much difference. "The norms are still there. Schools will have to provide results of five years to the students who are leaving them. Now, the schools are also asked to pay ₹1,000 for every case. These are unrealistic clauses," a principal of a private school in Rohini said.

HT had earlier reported that CBSE will, for the first time, regulate admissions to classes 9 and 11 in all its affiliated schools on its own. SUSHIL KUMAR/HT ARCHIVE

CHANGE IN RULE

- According to CBSE norms, there are 11 categories under which admissions can be sought in these two classes
- Schools can manage admissions up to August 15 of this academic session in seven categories — shifting of family, shifting of hostel, readmission in other schools after failing in these two classes, better education, long distance, medical condition.

NEW DELHI: The North Delhi Municipal Corporation on Wednesday passed a proposal at its Standing Committee meeting to regularise unauthorised constructions on residential plots in planned areas, unauthorised regularised colonies, urbanised villages and special areas.

The BJP-led corporation plans to introduce an amnesty scheme to regularise constructions up to December 31, 2018, on plots measuring up to 250 square metres.

The cash-strapped corporation hopes to earn revenue from this move. According to the proposal, excess coverage such as built-up chhajjas (parapets) and extended balconies, kitchens and toilets within the plot size allotted in authorised areas can be legalised on payment of a fee.

For plots up to 100 sq.m in residential areas, the floor area ratio (FAR) will be increased from 350 to 400 and the maximum ground coverage allowed will be raised from 90% to 100% For plot sizes from 100 to 250 square metres in area, the FAR will increase from 300 to 400 with 100% ground coverage. The scheme will be applicable to DDA flats in north corporation's jurisdiction.

But for the corporation to implement this "citizen-friendly" initiative, it will require changes in the building bye-laws, a senior said. Once approved in the House meeting, the scheme will be sent to the Centre for approval.

Jai Prakash, Standing Committee chairperson, North corporation, said the scheme is need of the hour. "Unauthorised constructions have roots in the past. Hence, there is no other option but to accommodate these by relaxing rules but keeping the soul of building bye-laws intact."

The proposal, once approved, will benefit nearly six lakh properties under the north body, said a senior official. "However, the scheme will not cover encroachment on government land, height violations, structural safety norms as per Master Plan of Delhi-2021," a senior official said.

Tilak Raj Kataria, Leader of the House, said, "Demolition of such constructions is anyway a fearful exercise for our officers and it's very difficult. Instead, if we regularise, it will help the cash-strapped corporation."

The AAP and Congress called the move a "political stunt" ahead of the assembly elections. "It is a political stunt by the BJP ahead of assembly polls," said Mukesh Goel, Congress councillor.

Surjeet Singh Pawar, AAP councillor, said, "On one hand, the SC-appointed monitoring committee is sealing markets and factories operating illegally, and on the other hand, you decide to legalise all illegal constructions by residents in planned areas...?"

The BJP hit back. "If the Centre and Delhi government can regularise illegal colonies, we can regularise illegal constructions in planned colonies," said Tilak Raj Kataria, leader of the House.

Experts say it is a dangerous move

NEW DELHI : The North Delhi Municipal Corporation's move to regularise illegal construction in planned residential areas in its jurisdiction has come under sharp criticism from urban planners and structural safety experts as well as the Supreme Court-appointed monitoring committee to check on unauthorised construction in the city.

Experts say illegal structures become vulnerable and dangerous over a period of time. They also pose a risk to the main structure. They said the move will encourage people to violate building bye-laws and encourage unauthorised constructions.

"Any illegal construction puts more pressure on the overall infrastructure, making the structure more vulnerable," said Shamsher Singh, former chief town planner, South Delhi Municipal Corporation (SDMC).

The proposal, Singh said, had been introduced earlier as well. "Such a scheme gives an impression that those violating the law could get away with it while law-abiding people are being penalised," Singh said.

The proposal has come at a time when the SC-appointed monitoring committee is taking steps against illegal constructions in the city and has sealed a large number of commercial units not complying with norms.

Bhure Lal, member of the SC-appointed monitoring committee, questioned the move: "If every time a scheme is introduced bringing unauthorised constructions under the legal cover, then why make building bye-laws in the first place?"

Bhure Lal said, "There is no use of creating building plans with floor area ratio (FAR), etc., if violation of the same has to be 'regularised'. Such violations affect civic amenities as well as harm the building. The corporations must do some rethinking about wanting to earn revenue at what cost. This is being proposed when most of buildings across the city are not earthquake-proof."

According to the corporation's plan, the scheme will not cover encroachment on government land, height violations (above 17.5 metres) and plots that do not have structural safety certificate, as required under the Master Plan of Delhi-2021.

Dr Chandan Ghosh, professor and head of Resilient Infrastructure Division, National Institute of Disaster Management, feels buildings must be treated as human beings, which means their health has to be monitored and maintained from time to time.

Ghosh He says it is essential to conduct a survey of the structural safety of such buildings. Such buildings are rather "cancerous" and it's not warranted to legalise illegal constructions.

"When changes are made to an existing structure and that too without following the national building code, the effects are felt only later when there is a calamity such as an earthquake or heavy rainfall, etc...illegal constructions create more vulnerability to a building's structure. In case of political decisions like this, experts or professionals must be engaged to certify structural safety of buildings."

Class 12 girl kills herself after quarrel with classmate

HT Correspondent

NEW DELHI: A 17-year-old girl allegedly hanged herself to death at her south Delhi home on Tuesday afternoon after she was reprimanded at her school for fighting with a junior girl, police said.

According to Vijay Kumar, deputy commissioner of police (south), the girl who committed suicide, and her two male friends, had allegedly beaten up a junior girl outside school on Monday afternoon, prompting the other girl's parents to take up the matter with the school authorities.

The dead girl's father alleged his daughter took the extreme step as she was distressed on being threatened with a police case after the fight.

The girl, a student of class 12 at a south Delhi school, lived with her parents and younger sister.

Her father discovered the suicide around 3.30 pm when he returned home. She had allegedly hanged herself from the ceiling fan of her room.

According to DCP Kumar, the fight outside the school had prompted the other girl's parents to lodge a complaint with the school authorities on Tuesday.

"The authorities made a phone call to the girl's mother to call her to school but she wasn't able to receive it. The mother did visit the school the same day but the teachers had left and she was asked to come with her daughter the next day," the DCP said.

The girl's father alleged his daughter was threatened with police action at the school hearing because of which she was disturbed. "A girl in my daughter's school had accused her of beating her up. So, she was threatened with an FIR (first information report)," said the father.

Demanding action, the father said he regretted that his daughter did not approach her parents with her problems. "Had she mentioned the problem to us, we could have saved her," he said.

Ruling out any foul play, the DCP said the police were yet to receive any complaint from the girl's family. The school authorities couldn't be reached despite repeated attempts.

भारत के मुख्य न्यायाधीश हैप्पीनेस उत्सव के समापन समारोह में पहुंचे, न्यायिक अकादमियों में भी इसकी जरूरत बताई

खुशी के बिना शिक्षा पूरी नहीं हो सकती : गोगोई

सराहना

नई दिल्ली | वरिष्ठ संवाददाता

भारत के मुख्य न्यायाधीश रंजन गोगोई ने बुधवार को कहा कि देश में अगर लोग खुश होंगे, तो मुकदमे कम होंगे। जो अधिक मुकदमेबाजी की समस्या है , वह खत्म हो जाएगी। साथ ही न्यायायिक अकादमियों में हैप्पीनेस कक्षाएं लगाने पर गंभीरता से विचार कर रहा हूं, जिसे मुझे अपने सहयोगियों के साथ साझा करना चाहिए। मुख्य न्यायाधीश ने तालकटोरा स्टेडियम में हैप्पीनेस उत्सव के दौरान यह बातें कहीं।

दिल्ली सरकार ने सरकारी स्कूलों में हैप्पीनेस पाठ्यक्रम शुरू होने के एक वर्ष पूरा होने के अवसर पर 15 जुलाई से हैप्पीनेस उत्सव की शुरुआत की थी। बुधवार को समापन अवसर पर हैप्पीनेस एजुकेशन सम्मेलन का आयोजन किया गया, जिसमें बतौर मुख्य अतिथि मुख्य न्यायाधीश रंजन गोगाई मौजूद रहे। उन्होंने कहा कि खुशी के बिना, शिक्षा कभी भी पूरी नहीं हो सकती। वर्तमान में युवा पीढ़ी के साथ एक गंभीर समस्या है। वे अपने आसपास क्या हो रहा है। इसे देखकर परेशान और दुखी हैं। महत्वपूर्ण है कि पाठ्यक्रम को इसकी पूर्ण सीमा तक ले जाया जाए, जो संभवतः पूरे देश के स्कूलों में शुरू किया जाए।

अच्छी शिक्षा से बच्चों में सुधार : इस दौरान उपराज्यपाल अनिल बैजल ने कहा की अच्छी शिक्षा से बच्चों में सुधार होता है। साथ ही बच्चों की सोच में सकारात्मक बदलाव से समाज और परिवार अच्छा होता है। उन्होंने कहा कि हैप्पीनेस पाठ्यक्रम से तीन से 14 साल के बच्चों में खासा सुधार हुआ है।

कार्यक्रम के दौरान दिल्ली के सरकारी स्कूलों के लगभग 3000 शिक्षकों, प्रधानाचार्यों और बच्चों के अलावा देश और दुनिया के 500 अन्य विशिष्ट अतिथियों ने हिस्सा लिया।

मुख्य न्यायाधीश रंजन गोगोई दिल्ली के मुख्यमंत्री केजरीवाल से चर्चा करते हुए।

शिक्षा मंत्री उधार देने को तैयार : केजरीवाल

मुख्यमंत्री अरविंद केजरीवाल ने कहा कि राष्ट्र का भविष्य इन स्कूलों में बनाया जा रहा है। यह सच्चा राष्ट्र निर्माण है। कल इनमें से पीएम, मुख्य न्यायाधीश और उपराज्यपाल निकलेंगे। उन्होंने शिक्षा सुधार के लिए सभी राज्यों को समर्थन की पेशकश की। उन्होंने कहा कि अगर कोई राज्य इस मॉडल को अपनाना चाहता है तो दिल्ली सरकार इसके लिए पूरी मदद करेगी। इसके लिए हम अपने शिक्षकों, प्राचार्यों को भेजने के लिए तैयार हैं। अगर वास्तव में आवश्यकता होगी, तो हम कुछ दिनों के लिए हमारे शिक्षा मंत्री को उधार दे सकते हैं।

हैप्पीनस पाठ्यक्रम के लिए सर्टिफिकेट कोर्स शुरू किया जाएगा। विश्व हैप्पीनेस सूचकांक में भारत 140 वें स्थान पर पहुंच गया है। हम चाहते हैं कि वह पहले स्थान पर पहुंचे। –मनीष सिसोदिया, शिक्षा मंत्री

निगम के 200 स्कूलों में लगेंगे सोलर पैनल

नई दिल्ली | वरिष्ठ संवाददाता

तैयारी

- सोलर पैनल पर आने वाला खर्च केंद्र सरकार वहन करेगी
- पैदा की गई बिजली का इन्हीं स्कूलों में उपयोग किया जाएगा

उत्तरी दिल्ली नगर निगम के 200 स्कूलों में सोलर पैनल लगाकर बिजली पर होने वाले खर्चे को बचाया जाएगा। सोलर पैनल लगाने का खर्च निगम का नहीं होगा। इस पर आने वाला खर्च केंद्र सरकार वहन करेगी।

निगम स्कूलों पर लगने वाले सोलर पैनल से जो बिजली बनेगी, उसका इस्तेमाल नगर निगम के स्कूलों में ही किया जाएगा, जो अतिरिक्त बिजली बचेगी उसे निगम की ओर से ग्रिड को बेच दिया जाएगा।

ग्रिड में बिजली बेची जाएगी : निगम के स्कूलों की इमारतों पर लगने वाले सौर ऊर्जा पैनल से बनी बिजली को निगम ग्रिड में बेचेगा। इससे जो भी आय होगी उससे स्कूलों के बिजली का बिल भरा जाएगा। इसके बाद जो भी पैसा बचेगा बिजली कंपनियां निगम को वह राशि वापस कर देगी।

25 लाख रुपये बचेंगे : निगम के मुताबिक, वर्तमान में औसतन एक विद्यालय पर हर माह 6-7 हजार रुपये बिजली बिल पर खर्चा होता है। इससे करीब 200 स्कूलों पर 25 लाख रुपये प्रति माह का खर्च है। सौर ऊर्जा पैनल स्थापति होने के बाद यह राशि बच जाएगी। इतना ही नहीं इसके बाद जो भी बिजली बचेगी, उसका निगम को 5.50 प्रति यूनिट के हिसाब से राजस्व मिलेगा।

पांच किलोवाट के पैनल : स्थायी समिति के अध्यक्ष जय प्रकाश ने बताया कि निगम के पास इस समय धन का अभाव है, इसलिए हम उन मुद्दों पर कार्य कर रहे हैं, जिससे निगम के खर्चों को कम किए जा सकें। इसके तहत ही निगम के दो सौ स्कूलों की छतों पर सौर ऊर्जा पैनल स्थापित किए जाएंगे। इससे बिजली पर होने वाले खर्च में कटौती होगी।

सात करोड़ रुपये का खर्च : स्थायी समिति के अध्यक्ष का कहना है कि इस योजना पर सात करोड़ रुपये का खर्च आएगा। उन्होंने इसके लिए केंद्र सरकार को धन्यवाद दिया है क्योंकि यह सात करोड़ की राशि केंद्र सरकार द्वारा वहन की जा रही है। इतना ही नहीं केंद्र सरकार ने इस राशि को निगम को जारी भी कर दिया है।

संसद में कानून पास, सड़कों पर स्टंटबाज

सोशल मीडिया से

नई दिल्ली | कार्यालय संवाददाता

एक ओर बुधवार को राज्यसभा में मोटर वाहन संशोधन विधेयक पारित हुआ तो दूसरी ओर दिल्ली में ऐसे युवकों का वीडियो वायरल हुआ जो खुलेआम सड़क पर स्टंट कर रहे थे।

इस विधेयक का मकसद लोगों को यातायात नियमों के प्रति जागरूक करना और गैर जिम्मेदार लोगों से कड़ा जुर्माना वसूल उन्हें दंडित करना है। भले ही संसद ने इस महत्वपूर्ण मुद्दे पर गंभीर कदम उठाया, मगर दिल्ली के बिगड़ैल लोगों को इससे कोई फर्क पड़ता नहीं दिखा। पूर्वी दिल्ली के अक्षरधाम मंदिर के पास एनएच-9 पर कार से खतरनाक स्टंट और स्केटिंग करने का वीडियो बुधवार को सोशल मीडिया पर वायरल हुआ। वीडियो में कार सवार युवक स्टंट करते हुए दिख रहे है। वही एक युवक कार को पकड़कर स्केटिंग कर रहा है। पुलिस कार नंबर के आधार पर युवकों की तलाश शुरू कर दी है। जानकारी के अनुसार बुधवार रात कार सवार युवक अक्षरधाम मंदिर के पास एनएच-9 पर स्टंट कर रहे थे। लोगों ने उनका वीडियो बना लिया। वीडियो में एक युवक कार को पकड़कर स्केटिंग कर रहा है, जबकि एक युवक कार की खिड़की से निकलकर शोर कर रहा है। कार की रफ्तार भी 40 किमी प्रति घंटे के आसपास है। युवक अपनी जान को जोखिम में डालकर राहगीरों को भी परेशान कर रहे थे। बुधवार को फेसबुक, यूट्यूब समेत अन्य सोशल मीडिया पर वीडियो वायरल होते ही पुलिस हरकत में आई और कार नंबर के आधार पर युवकों की तलाश शुरू कर दी।

गौरतलब है कि संसद में जो नया कानून पास हुआ है उसके मुताबिक अब सड़कों पर अब खतरनाक स्टंट करने पर पांच हजार रुपये का जुर्माना लिया जाएगा।

पुस्तकालय बस को हरी झंडी

नई दिल्ली (का.सं)। दिल्ली के दूर-दराज इलाकों में रहने वाले पुस्तक प्रेमी भी पसंद की किताबें पढ़ सकेंगे। बुधवार को केंद्रीय संस्कृति मंत्री प्रहलाद सिंह पटेल ने दिल्ली पब्लिक लाइब्रेरी मुख्यालय से सचल पुस्तकालय बसों को हरी झंडी दिखाकर रवाना किया।

उन्होंने कहा कि पुस्तक बड़ी धरोहर है। उन्होंने कहा कि सचल पुस्तकालय में राष्ट्रपिता महात्मा गांधी की 150वीं जयंती के उपलक्ष्य में उनसे जुड़ा साहित्य उपलब्ध कराया जाए। यहां विशिष्ट अतिथि के तौर पर उत्तरी निगम के महापौर अवतार सिंह उपस्थिति रहे। अध्यक्षता दिल्ली लाइब्रेरी बोर्ड के अध्यक्ष डॉ. रामशरण गौड़ ने की। दिल्ली पब्लिक लाइब्रेरी के महानिदेशक डॉ. लोकेश शर्मा ने बताया कि पांच बसों को खरीदा गया है। इससे दूर-दराज के इलाकों में लाइब्रेरी की पहुंच बढ़ेगी।

फ्लैट में रहेंगे कलंदर के झुग्गी वाले

अच्छी खबर

नई दिल्ली | दिनेश वत्स

पूर्वी निगम के तहत आने वाली कलंदर कॉलोनी झुग्गी बस्ती में रहने वाले लोगों की जीवनशैली अब बदलने वाली है। झुग्गियों की जगह कठपुतली कॉलोनी की तर्ज पर यहां भी 15 मंजिले फ्लैट बनाए जाएंगे। यह फ्लैट नई तकनीक के साथ ही भूकंपरोधी होंगे। इस योजना को लेकर दिल्ली विकास प्राधिकरण ने यहां सर्वे का काम शुरू कर दिया है।

केंद्र सरकार की योजना है कि जहां झुग्गी, वहीं मकान। इस योजना पर दिल्ली विकास प्राधिकरण ने पहल करते हुए कठपुतली कॉलोनी में फ्लैट बनाना शुरू किया है। इस योजना को आगे बढ़ाते हुए डीडीए ने विवेक विहार वार्ड के तहत आने वाली कलंदर कॉलोनी सहित तीन झुग्गी क्लस्टर को चुना और वहां झुग्गियों का सर्वे कराना तय किया था। बताया गया कि इन झुग्गी क्लस्टर में करीब चार हजार से अधिक झुग्गियां हैं। पूर्वी दिल्ली के उप-महापौर संजय गोयल ने बताया कि दिल्ली विकास प्राधिकरण ने यहां सोमवार से सर्वे शुरू कर दिया है। इसके लिए एक निजी एजेंसी की मदद ली जा रही है।

उन्होंने बताया कि यहां 15 मंजिल के फ्लैट बनेंगे। प्रत्येक झुग्गी मालिक को दो कमरे, एक रसोई, टॉयलेट और बाथरूम वाला एक फ्लैट लगभग सवा लाख रुपये में दिया जाएगा। फ्लैट उसी झुग्गी मालिक को मिलेगा, जिसका एक जनवरी 2015 तक मतदाता सूची में नाम शामिल होगा। साथ ही राशन कार्ड और आधार कार्ड होना अनिवार्य होगा। सब ठीक-ठाक रहा तो वर्ष 2020 के अंत तक योजना पूरी हो जाएगी। फ्लैट पीपीपी मॉडल पर बनाए जाएंगे। सर्वे का काम लगभग तीन से चार माह में पूरा कर उसका डाटा तैयार किया जाएगा।

उप-महापौर ने लिखा पत्र

कलंदर कॉलोनी में सर्वे का काम शुरू होने पर उप-महापौर संजय गोयल ने डीडीए के वीसी को एक पत्र लिखा है, जिसमें उन्होंने कहा कि जब तक फ्लैट तैयार होगा उस दौरान झुग्गी बस्ती के लोगों को किराए पर रहना होगा। इसलिए उनके लिए जगह या प्रतिमाह 12 से 15 हजार रुपये किराया मुहैया कराया जाए। साथ ही जिनका परिवार बड़ा है उन्हें परिवार के हिसाब से फ्लैट आवंटित किया जाए।

गांव से ही देश में बदलाव : अन्ना

नई दिल्ली | कार्यालय संवाददाता

पक्ष पार्टी तंत्र को नेस्तानाबूत करना है। अहिंसा और लोकतंत्र से यह परिवर्तन आएगा। जब तक गांव नहीं बदलेगा, देश का विकास नहीं होगा। यह बातें समाजसेवी अन्ना हजारे ने कहीं।

वह दीन दयाल उपाध्याय मार्ग स्थित एनडी.तिवारी भवन में बुधवार को 'पक्ष विहीन गणतंत्र के लिए भारत' विषय पर आयोजित कार्यक्रम को संबोधित कर रहे थे। उन्होंने कहा कि इसके लिए अभियान की जरूरत है। लोगों को जागरूक किया जाना जरूरी है। पक्षविहीन गणतंत्र से देश में लोकतंत्र नहीं आया है। बता दें कि नवनिर्माण कृषक संगठन के द्वारा इस कार्यक्रम का आयोजन किया गया था। सितंबर महीने में इस विषय को लेकर राष्ट्रीय सम्मेलन का आयोजन भी होगा।

अधिकारियों पर मुकदमा चलाने को कहा

नई दिल्ली | प्रमुख संवाददाता

सरकारी फ्लैटों पर अवैध कब्जा होने पर उच्च न्यायालय ने बुधवार को कड़ा रूख अपनाया। इसे गंभीरता से लेते हुए न्यायालय के केंद्र सरकार को केंद्रीय लोक निर्माण विभाग के उन अधिकारियों पर मुकदमा चलाने की प्रक्रिया शुरू करने का आदेश दिया है जिन्होंने संजय बस्ती इलाके में 1977 से ही फ्लैटों पर अवैध कब्जा होने दिया।

मुख्य न्यायाधीश डी.एन. पटेल और न्यामयूर्ति सी. हरि. शंकर की पीठ ने अवैध कब्जा धारियों से फ्लैट खाली कराने में 83 करोड़ रुपये खर्च होने पर संज्ञान लेते हुए यह आदेश दिया है। पीठ ने शहरी विकास मंत्रालय व केंद्रीय लोक निर्माण विभाग की खिंचाई करते हुए कहा कि आम लोगों के कर से जमा धन को इस तरह से बर्बाद करने की अनुमति किसी को नहीं दी जा सकती।

संजय बस्ती केस

- अधिकारियों पर फ्लैटों पर अवैध कब्जा होने देने का आरोप
- खाली कराने में 83 करोड़ खर्च होने पर कोर्ट ने संज्ञान लिया

पीठ ने कहा कि सारे संसाधन होने के बाद भी सरकार और सीपीडब्ल्यूडी अपने सरकारी जमीन व फ्लैटों को अतिक्रमणकारियों से बचाने में नाकामयाब है। अतिक्रमणकारियों को जगह खाली करने के बदले आम जनता के कर से जमा पैसे को मुआवजा के तौर पर लूटा रही है। पीठ ने कहा कि यह कोई छोटी-माटी रकम नहीं है। उत्तर-पूर्वी दिल्ली के संजय बस्ती इलाके में चतुर्थ श्रेणी के कर्मचारियों के लिए फ्लैट का निर्माण किया गया था। लेकिन बाद में जर्जर स्थिति में होने के कारण इसे गिराया जाना था।
