VOLUNTARY ANNOUNCEMENT
REGARDING THE INVESTMENT IN UNITQC

This announcement is made by Shoucheng Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

The board of directors of the Company is pleased to announce that recently, the fund managed by a wholly-owned subsidiary of the Company under Shoucheng Capital of the Group, has invested in Hefei Unitary Quantum Technology Co., Ltd.* (合肥麼正量子科技有限公司, "**UnitQC**"). This investment will effectively empower the investee company in the research and development and iterative upgrading of core technologies, and comprehensively accelerating the process of ion-trap quantum computing from laboratory research to industrial-scale application.

As a leading enterprise in China's ion-trap quantum computing sector following the QCCD* (Quantum Charge-Coupled Device) technology roadmap, UnitQC leverages its self-developed and controllable chip design and full-stack technology system to continuously pursue breakthroughs in core technologies related to quantum supremacy and quantum error correction. Its overall technical strength and complete system performance have reached the internationally advanced level. This investment will inject strong growth momentum into UnitQC across key areas such as core technology iteration and industrialization layout, consolidate its core technological moat and market competitive edge, and speed up the industrialization process across diversified scenarios.

Looking ahead, the Group will continue to increase its investment layout in cutting-edge technologies unwaveringly and deepen strategic cooperation with high-quality enterprises in niche sectors. Leveraging capital empowerment and industrial synergy, the Group will persistently advance technological breakthroughs and industrial commercialization in the quantum computing sector, thereby contributing to the high-quality development of China's quantum technology.
