L&T Heavy Engineering awarded (*Significant) contracts

Mumbai, April 18, 2019: The Heavy Engineering arm of Larsen & Toubro has won significant contracts for critical reactors, equipment and systems for Process Plant sector, against stiff global competition. Orders from international clients are mainly from the US, Europe, Middle East and South East Asia.

Commenting on the orders, **Mr. Y. S. Trivedi, Senior Vice President and Head, L&T Heavy Engineering**, said, “Financial year 2019 has been a significant year for L&T Heavy Engineering and the team has secured various orders. This success is a result of the confidence that our clients have reposed on us for our reliable performance over the last several decades. The critical equipment being manufactured are the center pieces of Process Plants and demand total commitment to safety, quality, delivery and reliability. Our unique ability to execute large volumes combined with focus on operational excellence and digitalization initiatives have helped us improve our competitiveness and value of offerings to our customers.”

L&T Heavy Engineering has state-of-the-art integrated manufacturing facilities at Hazira (Surat), Powai (Mumbai) and Vadodara having a proven track record of supplying technology-intensive equipment and systems to companies globally in Refinery, Oil & Gas, Petrochemical, Fertilizer, Thermal and Nuclear Power industries.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 18 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
