L&T Construction awarded (Significant*) contract for water supply and distribution in Sri Lanka

Mumbai, June 19, 2019: The Construction arm of L&T has secured orders from prestigious clients in Sri Lanka and from within India.

Water and Effluent Treatment:

An EPC order has been bagged from the National Water Supply & Drainage Board for the execution of the Kundasale Haragama water supply project in Sri Lanka's Kandy district.

Funded by Exim Bank of India and Bank of Ceylon and envisaged to provide drinking water to approximately 3.3 lakh people, the project scope includes design, construction, commissioning and O&M of an intake structure, 55 MLD water treatment plant, 73 km of transmission mains, 19 Service Reservoirs of total capacity 16.2 ML, 9 Pump Houses, 280 Kms. distribution mains and associated electrical, mechanical & instrumentation works. The project also involves automation including measurement of input & output water quantity through suitable SCADA & other instrumentation works.

The order is in sync with the business's strategy to expand into select SAARC and other international markets.

GeoStructure:

The business has secured an order from BPCL for ground improvement of tank foundation area, using stone columns of 800mm dia and around 1.6 lakh RM, at Krishnapatnam, Andhra Pradesh.

The business has secured another order from CMRL for construction of balance works of cut and cover section in the Phase 1 extension works.

Various add-on orders have been secured across different businesses for some of their existing projects.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 20 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
