For the 9-month period, **Printing** (excluding Home Décor) is up 10.7% at **€14.6 million**. Growth for the 3rd quarter stands at 3.9% with contrasting performances from one geographic area to another.

Home Décor sales for the 9-month period are up at **€9.8 million**, representing an increase of more than 36% compared to the same period 2008/2009. Last year's Q2 and Q3 sales figures are not comparable. Inventory reduction plans are expected to impact Q4 figures (early 2011).

For the period, **Hardware** sales (excluding Home Décor) stand at **€13.1 million**, up 28.5% (+30% in Q3). Recorded sales levels are improving but remain down on those for the same period 2008/2009. All market indicators are encouraging.

The above movements reflect the positive trends recorded for S1.

Outlook

On December 31, 2010, order backlog, essentially composed of "hardware" at **€6.7 million** is comparable to September of the same year.

Despite persistent economic uncertainty the Group's latest product lines (Graph'it, Prismatronic, scrolling displays) are major assets and technological advantages in a lasting economic upturn.
