- Portfolio occupancy rate up 9 percentage points to 78%

*Unaudited figures.*

### **Signature of a major new lease at Rives de Bercy**

The remarkably successful repositioning of Rives de Bercy has very rapidly attracted two prestigious tenants. Following on from the arrival of Air Liquide in 2024, a new lease was signed with BPCE Group for 15,500 sq.m in March 2025, representing 50% of the property's surface area.

This transaction – the largest recorded in Greater Paris in the first quarter of 2025 – demonstrates the relevance of our asset strategy and the ability of our assets to meet the large and medium-sized property needs of international groups.

### **Key figures**

This major new lease has increased Rives de Bercy's occupancy rate to 71% and extended the average remaining lease term across the portfolio to six years.

The overall occupancy rate of the Group's properties was up 9 percentage points to 78% at March 31, 2025, compared with 69% at end-2024.

Vitura's IFRS rental income was €10.9 million for the three months ended March 31, 2025, stable compared with the same period in 2024.

The Universal Registration Document comprising the 2024 annual financial report was filed with the French financial markets authority (*Autorité des marchés financiers* – AMF) on April 30, 2025 and is available on Vitura's website.
