Notes on segment information

Business segments

Effective April 1, 2015, the Company reorganized its segments to support its objective of delivery innovation. This structure will help deliver services that will reflect the way technology is consumed in layers by the client's enterprise. Consequent to the internal reorganization, Growth Markets (GMU) comprising enterprises in APAC (Asia Pacific) and Africa have been subsumed across the other verticals, Insurance is part of HILIFE and businesses in India, Japan and China (All other segments) are run as standalone regional business units. The previous period figures, extracted from the audited consolidated financial statements, have been presented after incorporating necessary reclassification adjustments pursuant to changes in the reportable segments.

Segmental capital employed

Assets and liabilities used in the Company's business are not identified to any of the reportable segments, as these are used interchangeably between segments. The Management believes that it is not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.
