1.- Securities to be issued. - The securities contemplated in this authorisation may be debentures, bonds and other debt securities that are exchangeable for shares of the Company and/or convertible into shares of the Company, as well as warrants (options to subscribe for new shares of the Company or to acquire existing shares of the Company).

2.- Term of the authorisation. - The securities subject to this authorisation may be issued on one or more occasions and when required, within the term ending at next year's annual Shareholders' Meeting (or, if earlier, 15 months from the date of passing of this resolution).

4.- Scope of authorisation. - This authorisation extends as broadly as is required under law, to the establishment of the various terms and conditions of each issuance. By way of example and not of limitation, the Board of Directors shall be authorised to do the following with respect to each issuance: determine the amount thereof, always within the aforementioned overall quantitative limit; the place of issuance (in Spain or abroad); the domestic or foreign currency, and in the case of a foreign currency, its equivalence in euros; the name or form of the securities, whether they be bonds or debentures, including subordinated debentures, warrants (which may in turn be settled by means of the physical delivery of the shares or, if applicable, through the payment of differences in price), or any other name or form permitted by law; the date or dates of issuance; the number of securities and the par value thereof, which, in the case of convertible and/or exchangeable bonds or debentures, shall not be less than the par value of the shares; in the case of warrants and similar securities, the issue price and/or premium, the exercise price (which may be fixed or variable) and the procedure, period and other terms and conditions applicable to the exercise of the right to subscribe for the underlying shares or, if applicable, the exclusion of such right; the interest rate (whether fixed or variable), and the dates and procedures for payment of the coupon; whether the issuance is perpetual or subject to repayment and, in the latter case, the repayment period and the maturity date or dates; guarantees, reimbursement rate, premiums and lots; the form of representation, as securities or book entries; anti-dilution provisions; the rules applicable to subscription; the rank of the securities and the subordination clauses, if any; the law applicable to the issuance; the power to make application, where appropriate, for the listing of the securities to be issued on Spanish or foreign, official or unofficial, organised or other secondary markets, subject to the requirements established by applicable regulations in each case; and, in general, any other terms of the issuance as well as, if applicable, the appointment of the security-holders' syndicate representative (comisario) and the approval of the basic rules that are to govern the legal relationships between the Company and the syndicate of holders of the securities to be issued, in the event that such syndicate must or is decided to be created.

5.- Basis for and terms and conditions applicable to the conversion and/or exchange. - In the case of issuance of convertible and/or exchangeable debentures or bonds, and for purposes of determining the basis for and the terms and conditions applicable to the conversion and/or

exchange, it is resolved to establish the following criteria:

- a) The securities issued pursuant to this resolution shall be convertible into shares of the Company and/or exchangeable into shares of the Company, in accordance with a fixed or variable conversion and/or exchange ratio determined or to be determined, with the Board of Directors being authorised to decide whether they are convertible and/or exchangeable, as well as to determine whether they are mandatorily or voluntarily convertible and/or exchangeable, and if voluntarily, at the option of the holder thereof and/or of the Company, at the intervals and during the period established in the resolution providing for the issuance.*
- b) In the event that the issuance is convertible and exchangeable, the Board may also provide that the issuer reserves the right at any time to elect between conversion into new shares or the exchange thereof for outstanding shares of the Company, with the nature of the shares to be delivered being determined at the time of conversion or exchange, and may also elect to deliver a combination of newly-issued shares and existing shares of the Company and even to settle the difference in cash.*
- c) For purposes of the conversion and/or exchange, the securities shall be valued at the nominal amount thereof (including, should it be the case, accrued and not paid interests), and the shares at the fixed exchange ratio established in the resolution of the Board of Directors whereby this authorisation is exercised, or at a variable ratio to be determined on the date or dates specified in such resolution of the Board, based on the listing price of the Company's shares on the date(s) or during the period(s) used as a reference in such resolution, at a premium or at a discount, provided, however, that if a discount is established on the price per share, it shall not be greater than 25 per cent of the value of the shares used as a reference value as set forth above.*
- d) In no event may the value of the share for purposes of the ratio for conversion of debentures into shares be less than the par value thereof. In addition, pursuant to the provisions of Article 415 of the Companies Act, debentures may not be converted into shares when the nominal value of the former is less than the par value of the latter.*

6.- Basis and terms and conditions for the exercise of warrants.- In the case of issuances of warrants, to which the provisions of the Companies Act on convertible debentures shall apply by analogy, the Board of Directors is authorised to determine, in the broadest terms, in connection with the basis for and the terms and conditions applicable to the exercise of such warrants, the criteria applicable to the exercise of rights to subscribe for or of rights to acquire shares of the Company arising from the securities of this kind issued under the delegation granted hereby. The criteria set forth in section 5 above shall apply to such issuances, with such adjustments as may be necessary in order to bring them into compliance with the legal and financial rules governing these kinds of securities.

7.- Other powers delegated.- This authorisation to the Board of Directors also includes, without limitation, the delegation thereto of the following powers:

- a) *The power to increase the share capital to the extent required to attend requests for conversion and/or for exercise of the right to subscribe for new shares. These powers may only be exercised so long as the capital increase the Board of Directors approves for the issue of convertible securities or warrants does not exceed the unused limit authorised in each moment by the Shareholders' Meeting in accordance with Article 297.1.b) of the Companies Act. This authorisation to increase the share capital includes the authorisation to issue and float, on one or more occasions, the shares representing such capital that are necessary to carry out the conversion and/or to exercise the right to subscribe for new shares, as well as the power to amend the article of the bylaws relating to the amount of the share capital and the number of shares and, if appropriate, to cancel the portion of such capital increase that was not required for the conversion of shares and/or the exercise of the right to subscribe for new shares.*
- b) *The power to elaborate on and specify the basis for and the terms and conditions applicable to the conversion, exchange and/or exercise of the rights to subscribe for and/or acquire shares arising from the securities to be issued, taking into account the criteria set out in sections 5 and 6 above.*
- c) *The delegation to the Board of Directors includes the broadest powers that may be required by law in order to interpret, apply, implement and develop the resolutions providing for the issuance of securities that are convertible into or exchangeable for shares of the Company, on one or more occasions, and to carry out the corresponding capital increase, as well as the power to correct and supplement such resolutions as to all matters that may be necessary and to comply with all legal requirements for the successful implementation thereof. To such end, the Board of Directors may correct any omissions or defects in the aforementioned resolutions that may be identified by any Spanish or foreign authorities, officers or bodies, and may also adopt all such resolutions and execute all such public or private documents as it may deem necessary or appropriate in order to adjust the preceding resolutions for the issuance of convertible or exchangeable securities and the corresponding capital increase to the oral or written assessment of the Commercial Registrar or, in general, of any other Spanish or foreign competent authorities, officers or entities.*

8.- Admission to trading.- *The Company shall, where appropriate, apply for listing on regulated markets, multilateral trading systems or other secondary markets, organised or otherwise, official or unofficial, Spanish or foreign of the securities issued by the Company under this delegation, and the Board of Directors is authorised, as fully as is required by law, to conduct all acts and formalities that may be necessary for admission to listing before the appropriate authorities of the various Spanish or foreign securities markets.*

9.- Guarantee of issues of convertible and/or exchangeable securities or warrants by subsidiaries.- *The Board of Directors is also authorised to guarantee on behalf of the Company, within the limits set forth above, new issuances of convertible and/or exchangeable securities or warrants by subsidiaries during the effective period of this resolution.*
