

PHAROL, SGPS S.A. - 2021 RESULTS

- The company's net income in 2021 was negative by 2.36 million euros, essentially justified by the recurring operating costs of 2.41 million euros.
- PHAROL equity ended 2021 at 91.9 million euros, a decrease of 73.43 million euros compared to December 2020, reflecting (1) the devaluation of the stake in Oi by 70.7 million euros and (2) the negative net result in the amount of 2.4 million Euros.
- PHAROL's stake in Oi ended 2021 valued at 38.6 million euros, as a result of the drop in the price of Oi's ordinary shares (a decrease of 70.7 million euros), equivalent to a 5.38% stake (excluding treasury shares held by Oi itself).
- In the Rio Forte chapter, despite some timid advances in legal proceedings in Luxembourg and Portugal, nothing very relevant has affected its valuation, with no change in its expected recovery value in 2021

MESSAGE FROM CEO

Luís Palha da Silva

" After strong growth in 2020, in counter-cycle with market trends marked by the Covid-19 pandemic, in 2021 there was a sharp drop in Pharol's price, the first factor responsible for this volatility being the evolution recorded in the share price. of Oi, our company's main asset.

Oi has been implementing its programs to exit the judicial recovery process and strategic restructuring. However, delays in the execution of asset sales, in the definition of new business models, in cost control and the lack of arbitration with a view to drawing up a new model of relationship with the Brazilian State resulted in the company being penalized by the markets.

The credit on Rio Forte, despite some timid advances in the legal proceedings in Luxembourg and Portugal, did not register noteworthy advances, having chosen not to consider changes to its valuation in the company's accounts.

Pharol's downward trend in operating expenses was maintained, with strong contention in the two main cost lines, litigation and personnel.

In the short term, Pharol will be faced with the challenge of redefining its strategic reorientation, so it will have to consider, in particular, solutions for rotating the assets held, according to the appreciation potential of each one of them."

01. MESSAGE FROM THE CHAIRMAN

MESSAGE FROM THE CHAIRMAN

As has been the case in all markets, sectors and geographies, the value of the Pharol share has been characterized by high volatility in recent years. After the strong growth recorded in 2020, in counter-cycle with market trends marked by the Covid-19 pandemic, 2021 saw a sharp drop. The main factor responsible for these variations is, unequivocally, the volatility also recorded by our company's main asset, the stake in Oi. There, we have to consider the cumulative effects of the price on the Brazilian Bovespa market and the price of the Real itself.

During the last year, Oi continued its program of strategic restructuring and exit from the Judicial Recovery process in which it is still involved. In each of the pillars on which this turn of the page is based, it was possible to verify some progress, but one cannot fail to recognize that the slowness imposed by the technical and legal complexity of different procedures created a certain apathy and discouragement in some investors. Despite everything, it was possible to conclude negotiations for the sale of Assets that became non-core for the company - mobile telephony and network infrastructures, in particular -, at the same time that investment was reinforced in the company's new priority, the FTTH (Fiber to the Home). The delays in the execution of the sale of assets, in the definition of new business models, in the control of costs, the delay in arbitration with a view to the elaboration of a new model of relationship with the Brazilian State and the postponement of the end of the Judicial Recovery process were the most negative aspects of the evolution over the last year and the main responsible for the various fluctuations in value observed during this last year.

Pharol's Board of Directors kept a close eye on the evolution of Oi's price, being convinced that, once the main difficulties mentioned above are overcome, there is an interesting growth potential (confirmed even by the target prices presented by the main analyst houses that follow the title). However, although it is expected that part of the problems will be resolved in the first half of 2022 – sale of the main assets and exit from Judicial Recovery –, it should be noted that Brazil has already entered a pre-election period that may determine some volatility. and unpredictability of the Real quotation.

As for the second of Pharol's assets, credit on Rio Forte, in bankruptcy, despite some timid advances in legal proceedings in Luxembourg and Portugal, nothing very relevant affected its valuation. This is why it was decided not to record changes in value in this chapter in the 2021 accounts.

The downward trend in Pharol's operating expenses, year after year, was maintained, with strong containment in the two main cost lines, litigation and personnel.

In the short-term future, as a holding company, Pharol will be faced with the challenge of diversifying its holdings. That is to say, Pharol must decide on a rotation schedule for the assets held, depending on the appreciation potential of each one of them.

To the Shareholders, on behalf of the Board of Directors, I thank all the support received during the year.

02. FINANCIAL REVIEW

FINANCIAL REVIEW

As at December 31, 2021, PHAROL main assets are composed of (1) 320,200,159 common shares of Oi, S.A. ("Oi"), representing 5,38% (excluding treasury shares held by Oi itself) of the total share capital of Oi, (2) debt securities of Rio Forte Investments S.A. ("Rio Forte") with a nominal value of 897 million Euros and currently valued at 51.9 million Euros.

As of December 31, 2014, after the capital increase of Oi, concluded on May 5, 2014 (the "Oi Capital Increase"), PHAROL held a 39.7% direct and indirect stake in Oi. This included a portion classified as a non-current asset held for sale, following the Exchange agreement ("Exchange") entered into on September 8, 2014 and completed on March 8, 2015, and the remaining stake of 22.8%, classified as investment in joint ventures and associates, and therefore accounted for using the equity method.

On March 30, 2015, the Exchange was completed, whereby PHAROL (1) transferred to Portugal Telecom International Finance, B.V. ("PT Finance"), a subsidiary of Oi, an aggregate amount of 47,434,872 common shares and 94,869,744 preferred shares of Oi, and (2) received from PT Finance debt securities of Rio Forte, with a nominal value of Euro 897 million and a call option on the transferred shares ("Call Option"). After the completion of the Exchange, PHAROL held an effective stake of 27.48% in Oi corresponding to the 22.8% stake referred above plus 4.7% due to the decrease in the number of outstanding shares of Oi.

The relevant agreements for the implementation of the New Structure of Oi were signed on July 22, 2015. On September 1, 2015, a General Meeting of Shareholders of Oi was held where the New Structure was approved.

As of September 30, 2015, after the implementation of the New Structure, but prior to the voluntary conversion of preferred shares to ordinary shares of Oi, PHAROL held, directly or indirectly through wholly owned subsidiaries, 84,167,978 common shares and 108,016,749 preferred shares of Oi.

As of October 8, 2015, following the voluntary conversion of preferred shares into common shares of Oi, PHAROL now holds, directly and indirectly through wholly owned subsidiaries, 183,662,204 common shares of Oi, representing 27.18% of total share capital of Oi (excluding treasury shares held by Oi itself). PHAROL's voting rights in Oi were limited to 15% of the total common shares of Oi.

With the implementation of the New Structure on July 30, 2015, the shareholders' agreements, through which joint control of Oi was exercised, were terminated. Up to that date, PHAROL accounted for its stake in Oi as an Investment in Joint Ventures. After this date, PHAROL considered it had significant influence over Oi and classifies it as an associate company. As a result, from July 30, 2015 the investment in Oi continued to be accounted for according to the equity method, based on PHAROL's economic stake in Oi's results.

On April 29 and May 19, 2016, PHAROL, due to a corporate reorganization, transferred direct ownership of 128,213,478 common shares issued by Oi S.A., to its 100% owned subsidiary BRATEL B.V.. Due to the Corporate Reorganization, BRATEL B.V. now directly holds (and PHAROL indirectly holds) 183,662,204 common shares of Oi S.A., which represented 22.24% of Oi S.A.'s entire share capital (27.18% excluding treasury shares held by Oi itself).

On 15 September 2017, in order to concentrate all its operations in Luxembourg, PHAROL transferred the ownership of all the shares that BRATEL BV had in Oi SA to its subsidiary BRATEL S.à.r.l., 100% owned by BRATEL B.V.

In December 2017, and after the decision by the Court of the 7th Business Court of Rio de Janeiro (which it handles the Judicial Recovery of Oi) and which decided to withdraw the rights of the members of the Board of Directors of Oi in the approval of the Judicial Recovery Plan, it was understood that PHAROL lost the significant influence it had until then on its associate Oi. Consequently, on 31 December 2017, PHAROL began to measure its investment in Oi at market value and classify it as "Financial Assets".

Oi S.A., in the disclosure of its consolidated results for 2017, announced that it had restated its Consolidated Equity on January 1, 2016 and December 31, 2016, amounting to BRL 18 billion and BRL 19 billion, respectively. Following this restatement, PHAROL's investment in Oi, being recorded under the equity method, was restated and valued at zero in the periods of January 1, 2016 and December 31, 2016.

On July 20, 2018, following the homologation of the Capital Increase through the conversion of debt into shares, Oi's share capital increased from 825,760,902 shares for a total of 2,340,060,505 shares, was a dilution of PHAROL's participation in Oi to less than 8%.

On January 9, 2019, as part of the capital increase due to the Entry of New Resources, Oi went from 2,340,060,505 shares to a total of 5,954,205,001 shares representing its share capital, with a dilution of PHAROL's stake in Oi to less than 4%, even though it partially accompanied the referred capital increase.

On April 2, 2019, with the approval of an agreement between PHAROL and Oi on January 8, 2019, in which Oi committed itself to reimburse PHAROL for the damages for damages suffered through Oi's actions and resources for the acquisition of Oi shares subscribed in the aforementioned capital increase, PHAROL now holds a 5.51% interest in Oi's share capital.

During 2020, PHAROL sold all of Oi's preferred shares and a small portion of common shares, resulting in a final stake of 5.37% in Oi's share capital.

In 2021, after carrying out transactions for the purchase and sale of shares in Oi, PHAROL held a position of 5.38% in Oi (without treasury shares held by Oi itself).

In 2021, PHAROL's negative results reflect the costs of the operation during the year, which are costs with personnel and external supplies and services. In terms of Equity, and as a result of the implementation of the Judicial Recovery Plan also impacted by the Brazilian political and economic instability, the value of PHAROL's investment in Oi reduced to 38.6 million Euros, being responsible for the reduction of Equity PHAROL at 70.7 million Euros. Regarding the credit on Rio Forte, despite some timid advances in the legal proceedings underway in Luxembourg and Portugal, nothing very relevant affected its valuation. Reason why it was chosen not to record changes in its value in the 2021.

Consolidated net income for 2021 was negative by 2.36 million Euros and essentially reflects operating costs amounting to 2.41 million Euros.

Consolidated operating costs amounted to 2.41 million Euros in 2021, compared to 3 million Euros in 2020, following a reduction in costs in all items with a special focus on costs with legal services and consultancy.

Results before tax in 2021 totaled a loss of 2.33 million Euros.

The net result attributable to PHAROL Shareholders recorded a loss of 2.36 million Euros in 2021, which compares with a loss of 14.32 million Euros in 2020.

The net loss in 2021 essentially reflects the consolidated operating costs of 2.41 million Euros.

The net loss in 2020 essentially reflects (1) a loss of 11.12 million Euros arising from the reduction in the expected recovery value of credits on Rio Forte, and (2) consolidated operating costs of Euro 3 million.

04. MAIN RISKS AND UNCERTAINTIES

The risk factors and events described below may eventually adversely or significantly affect PHAROL's financial position and, consequently, cause a decrease or increase in the market price of common shares.

Macro Risk	Sub-Risk	Risk Factors
Economic Risks	Oi's Performance	Now with Oi in day-to-day management (although still formally in Judicial Recovery) and in the implementation of its Strategic Plan, the main risk that PHAROL is subject to through Oi is Oi's financial and operational performance, namely from its ability to execution of the asset sale plan and to generate results and cash flow and to pay dividends. Consequently, PHAROL's performance through Oi is also subject to and dependent on the performance of the Brazilian economy.
	COVID-19	PHAROL is subject to the potential economic shocks that a pandemic can cause in the economies in which society operates and may have a direct effect on the market value of the assets in which PHAROL has a stake.
	Information Security	PHAROL is exposed on a daily basis to security risks, including the availability, integrity and confidentiality of the information.
Financial Risks	Exchange Rates	Foreign currency exchange rate risks relate mainly to PHAROL's investment in Oi (Brazil). Any exchange rate fluctuations of the Real against the Euro affect the valorization of Oi shares held by PHAROL and the subsidiary's operation in that country, therefore impacts on PHAROL's results and financial position. The society does not have a policy to cover the value of the financial investment.
	Interest Rate	Interest rate risks basically relate to financial expenses and the floating interest rate debt and cash applications. PHAROL is indirectly exposed to this risk specially in Brazil. It should be noted that PHAROL has no bank debt as of December 31, 2021. Market interest rates also affect the discount rates used for impairment testing to the various assets of the company.
	Treasury Applications	PHAROL is mainly subject to credit risks in its treasury applications. In order to dilute these risks, in July 2014 the Board of Directors defined a policy for treasury applications and this policy has reviewed in 2019.

Legal Risks	Default by Rio Forte as to the reimbursement of the instruments that PHAROL holds following the execution of the Exchange	<p>The Rio Forte Instruments currently held by PHAROL, are not guaranteed by assets. Therefore, even though there may exist amounts available for reimbursement to Rio Forte's creditors the right to reimbursement of PHAROL will be shared pro rata with the other unsecured creditors of Rio Forte and only after the repayment of all debts to any secured creditors and confirmation of the validity of the credits.</p> <p>PHAROL evaluates this instrument every year, with the follow-up of the Fiscal Council and External Audit</p>
	Court proceedings	<p>PHAROL may incur in liabilities in connection with litigation or other future proceedings and incur in defense costs in such litigation or other proceedings. Any liability incurred could adversely affect PHAROL's financial situation.</p>
	Tax contingencies	<p>In accordance with the agreements with Oi, Oi is responsible for the payment of all contingencies until May 5, 2014 and PHAROL remains and severally liable for these contingencies.</p>

06. STRATEGIC PROFILE AND FUTURE OUTLOOK

Management Guidelines

The maximization of value and total remuneration for Shareholders, being the first priority of Pharol's Board of Directors, implies the concentration of efforts in several different areas.

First, maximizing the value of Pharol's assets involves monitoring the market performance of its largest share, in the Brazilian company Oi, in which it is the second largest shareholder.

In the process of concluding a Judicial Recovery process, this telecommunications company has significant revaluation potential. To this end, it is necessary that some steps in a new strategy of concentration in the most promising sectoral market in Brazil - FTTH (Fiber to the Home) - be executed and concluded. The sale of the mobile telephony and network infrastructure businesses is awaiting the green light from the Regulatory Authorities, which, prior to the exit from the Judicial Recovery, should take place in the first months of 2022 and may attract new investors.

The Board of Directors permanently monitors the evolution of Oi's prices so that, in order to create greater value for Shareholders, it can make timely decisions to manage the size of this holding and to define schedules for purchase or sale operations in the Marketplace.

Also with regard to maximizing the value of its assets, Pharol has closely followed Rio Forte's bankruptcy proceedings in Luxembourg and Portugal. If, on the one hand, it is necessary to monitor the evolution of the value of the assets available for the satisfaction of claims, on the other hand, it is important to ensure that any moves by third parties to disturb the legitimate rights of Pharol to its share in the bankruptcy mass are not successful.

In the management of the Rio Forte chapter, cases against former Directors, External Auditor (Deloitte) and BES will also continue in the Portuguese justice system, and recent CMVM judgments seem to provide good indications for outcome. In a case in which not only Authorities – Government, Banco de Portugal and CMVM – but also judicial decisions have come to recognize that investors were illegitimately harmed by false information and poor banking intermediation, PHAROL cannot fail to fight for the defense of the interests of its Shareholders and for the reimbursement of losses suffered (even if indirectly).

As with any other asset, Pharol will not fail to consider disposing of the credit over Rio Forte, if the occasion arises.

Treasury management will continue to be guided by the greatest prudence, sometimes to the detriment of profitability. The treasury stock portfolio, given the high correlation of prices, has been optimized together with those of the associated company Oi, taking advantage, occasionally and in arbitrage operations, of deviations from the long-term trend lines, a practice that should be maintained up in the future.

Second in the list of strategic priorities, the Board of Directors will continue to closely monitor all the risks and contingencies of its activity. With regard to the former process of integration with Oi, namely before the Tax Authority in Portugal, any responsibilities are adequately covered. In Luxembourg, the assessment of the existence of grounds for legal proceedings against Pharol by the ESI Judicial Administration continues, without relevant developments, claiming the return of 750M euros. This process, according to Pharol's lawyers, should be doomed to failure but which, given its size, will continue to be worthy of attention.

Finally, the Board of Directors remains committed to following a path of reducing operating costs. The year 2021, despite the challenges posed by the Covid19 pandemic, not only confirmed the path but also opened some new perspectives for the future. New facilities, concentration of litigation costs on priority processes and optimization of personnel costs will be the main areas of intervention.

Sustainability Guidelines

Every year, Pharol presents to Shareholders, in its Reports and at the General Meetings for the approval, the general lines of its operating strategy. Since the merger with the company Oi proved unsuccessful in 2015, as previously mentioned, a business sustainability model has been defined and approved based on three strategic pillars: (a) maximizing the value of assets, highlighting the investment in the Brazilian company and the recovery of the credit on Rio Forte; (b) cancellation and prevention of eventual contingencies or liabilities and (c) reduction of the operating costs involved. As a holding company, Pharol faces the future with a view to satisfying the interests of its Shareholders and, in general, of all stakeholders, seeking the long-term sustainability of the company. In this sense, solutions for asset rotation have been considered whenever the occasion arises, either through the assessment of possible sales of the assets held, or through the study of acquisitions with expected returns higher than those of the existing portfolio. The minimization of the risks of possible contingencies and the existence of a financial created to guarantee financing with exclusively own capital (cash surplus) of a minimum number of years of activity expenses or opportunistic investments without the need for immediate sale of assets give Pharol the ability to maintain sustainable the strategy defined and supported by the Shareholders.

Pharol is firmly committed to actively contributing to economic development and social well-being in the places where it operates. In this sense, despite being a small-scale holding company - external and internal, when compared to most other listed companies in the Portuguese market -, PHAROL defined as its first priority the satisfaction of the interests of its stakeholders by adopting policies of open and transparent relationship with, namely, its Shareholders, Suppliers and Employees.

In relation to the former, the Board of Directors practices of analyzing and permanently communicating the factors of value creation and the implicit risks of its activity, favoring the evaluation of the financial investments of the participated assets and of the company itself. In this field, it is also worth mentioning the policies for the purchase and sale of treasury shares that provide, among other objectives, visibility and liquidity to the securities. The active participation in the dynamism of the Euronext Lisbon capital market is also confirmed by the maintenance of the quality of associate and its presence in the social bodies of the most representative organizations in this area – namely in the AEM and the IPCG. With the aim of reaping economic benefits on both sides of the Atlantic, in the defense of its own interests as a shareholder, in the exchange of experiences and, at times, in the search for synergies, Pharol also maintains a very active presence in the subsidiary Oi, where it has fought for the presence of its representatives in the Corporate Bodies.

With regard to Suppliers, Pharol adopts “Open Door” Policies, with permanent and rigorous evaluation of the quality of the services provided and definition of fair prices, namely taking into account the costs incurred and guaranteeing an adequate return on tangible, intangible and human capital used, thus adhering to a necessary demand in our country based on merit.

As for the Members of the Corporate Bodies and Internal Employees, in addition to keeping a permanent alert regarding compliance with the Code of Ethics in force, Pharol established advanced policies for equal treatment, training and remuneration based on merit, always respecting, and normally by anticipation, different recommendations and legal obligations. In terms of gender equality policies, Pharol was one of the first companies in Portugal to achieve total equivalence at the level of the Board of Directors and to anticipate and surpass at all times the ratios required by the other corporate bodies, having also signed important public commitments of pro- -active in this chapter. It was also possible to create pioneering formulas for the compatibility between professional and family lives of a staff mainly based on women. The training policies covered not only the company's Management - to whom it was possible to offer new and in-depth learning - but also the Board of Directors itself, which, for example, was able to access specific training for the exercise of the positions of non-Executive Directors, very relevant in a listed company. The remuneration policies, in turn, establish a clear alignment of interests between the different stakeholders, by making a significant part of the salaries of the main executives - directors or not - dependent on the level of results and the remuneration of Shareholders (Total Shareholders' Return).

The intervention of a cultural nature has not been forgotten and, despite the understandable financial difficulties experienced in recent years, Pharol maintained a policy of support and active presence in Corporate Bodies of institutions of great importance in the national panorama, as are the cases of Casa da Musica and Fundação Serralves.

07. STATEMENT FROM THE BOARD OF DIRECTORS

For the purposes of the Portuguese Securities Code, the members of the Board of Directors of PHAROL, SGPS S.A., identified hereunder, hereby declare, in their capacity and within their functions as described therein, that, as far as they are aware, and based on information that they have had access to, through the Board of Directors and/or Executive Committee, as applicable, while in office:

- The information featured in the management report, financial statements, and other accountability documents required by law or regulations concerning to 2021, was prepared in accordance with the applicable set of accounting standards, and give a true and fair view of the assets, liabilities, financial position and profit or loss of PHAROL, SGPS S.A. and companies included in the respective consolidation perimeter;

08. ACTIVITIES OF THE NON-EXECUTIVE DIRECTORS

According to its Regulations, PHAROL's Board of Directors has restated the commitment to provide its Non-Executive members with effective powers to monitor, evaluate and supervise the executive management of the Company.

During 2021, PHAROL's Non-Executive Directors could carry out their duties effectively and without constraints of any kind. In this context, the following activities are highlighted:

- In addition to the performance of their role not delegated to the Managing-Director, PHAROL's Non-Executive Directors carried out their duties of supervising the activity of the executive management, under and for the purposes of Article 407, no. 8 of the Portuguese Companies Code and the Regulation of the Board of Directors. In fact, under those rules, the delegation of authority to the Managing-Director does not preclude the legal duty of general monitoring by the Non-Executive Directors;
- The effective performance of their functions by PHAROL's Non-Executive Directors was also enhanced by the significant number of independent members within the Board

On December 31, 2021, PHAROL's Board includes 4 independent directors corresponding to 80% of the Non-Executive directors and more than 66,7% of the Board members, with an active and assiduous participation in the Board meetings.

Additionally, the concentration of the Chairman / Managing Director roles has not prejudiced in any way the effective performance of the functions of the Non-Executive Directors, being particularly adequate to the current stage of PHAROL's life, for the following reasons:

- Such concentration of roles in one person is fully in line with the efficient and rigorous performance of functions by Board members in the current period; the actual governance model maintains the segregation of powers between the Board and the Executive Committee, through the roles carried out by the Non-Executive Directors.
- In 2021, PHAROL's Board of Directors kept in place various practices and mechanisms aiming at facilitating the informed and independent decision making by Non-Executive Directors, including inter alia the following:
 - Managing Director providing detailed presentations during the meetings of the Board of Directors, regarding relevant issues concerning the activity developed, granting the Non-Executive Directors any additional information requested and promoting a productive debate regarding the activity of the Company (particularly in what regards strategic decisions);
 - The Non-Executive Directors gathering, jointly or separately, the information necessary or convenient to the exercise of their duties, allowing for an adequate and timely answer to be given;
 - Without prejudice to cases of acknowledged urgency, the meetings of the Board of Directors are convened with a minimum prior notice of five days and the agenda and supporting documentation of the meeting is made available at least three days in advance;

- The Non-Executive Directors frequently attending the meetings of the Board of Directors, which were held in a significant number (12 meetings), as well as informal meetings and presentations with Non-Executive Directors intended to clarify and debate specific issues concerning the financial information and the business of the Company.

In addition to these activities, it is important to note that, having the Company opted for the classic corporate governance model, its supervisory body is a Fiscal Council which, in the performance of their legal and regulatory duties, as well as those laid down in the articles of association, as described in the Company's Corporate Governance Report, presents the result of its activities in autonomous reports and opinions, including the report of supervisory activity and the opinions on the individual and consolidated annual reports, to be issued each year.

1. Introduction

On December 31, 2021, PHAROL now holds, indirectly through wholly owned subsidiaries, 320,200,159 common shares of Oi, S.A. ("Oi"), representing 5,38% of the total share capital of Oi (excluding treasury shares held by Oi itself).

Based on the agreements concluded on March 30, 2015 between PHAROL and Oi, PHAROL currently holds Rio Forte debt securities with a nominal value of Euro 897 million, currently valued at 51.9 million Euros.

2. Basis of presentation

The consolidated financial statements for the financial year ending on December 31, 2021 were approved by the Board of Directors and authorized for issue on February 25, 2022, but still subject to approval at the Shareholders' General Meeting, pursuant to applicable legislation.

The consolidated financial statements are presented in Euros since this is the operating currency of PHAROL. The financial statements of the investing companies given in foreign currency were converted to Euros according to the accounting policies described in Note 3.

The PHAROL consolidated financial statements were prepared according to the International Financial Reporting Standards ("IFRS") as adopted by the European Union, including all interpretations of the International Financial Reporting Interpretation Committee ("IFRIC") that were in effect on January 1, 2021, approved for adoption by the European Union (EU).

The consolidated financial statements were prepared on the assumption of continuity of operations.

In the preparation of the consolidated financial statements in compliance with IFRS, the Board of Directors adopted certain assumptions and estimates that affect the reported assets and liabilities, as well as income and costs relating to the reported periods (Note 3).

a) Principles of consolidation

Subsidiaries

PHAROL fully consolidated the financial statements of all controlled companies. A company is considered to be controlled when the Group is exposed, or has rights, to variable returns resulting from its involvement with the investee and has the ability to affect those returns through the same power it exercises over that company. In situations where the Group has, in substance, control of other entities established for a specific purpose, even if it does not possess a majority of the voting rights, they are consolidated using the full consolidation method.

When there is a participation of third parties in the equity and net income of the consolidated companies is presented separately in the Consolidated Statement of Financial Position and the Consolidated Income Statement, respectively, in the "Non-controlling Interests" caption.

The assets, liabilities and contingent liabilities of a subsidiary are measured at their respective fair value at the acquisition date. Any excess of the cost of acquisition over the fair value of identifiable net assets is recorded as goodwill. In cases when the cost of acquisition is less than the fair value of identifiable net assets, the difference is recorded as a gain in the consolidated statement of results for the year. The interests of non-controlling shareholders are presented by the respective proportion of the fair value of identifiable assets and liabilities.

The results of subsidiaries acquired or sold during the period are included in the Consolidated Income Statement from the date of acquisition or up to the effective date of disposal, respectively.

Transactions and balances between subsidiaries are eliminated on consolidation. Capital gains arising from transactions between Group companies are also eliminated in the consolidation process.

Where necessary, adjustments are made to the financial statements of subsidiaries with a view to standardizing their accounting policies with the Group.

The PHAROL Group consists of the following companies:

Company	Head office	Type of Company	Activity	Direct	dec/21 Effective	dec/20 Effective
Bratel BV	Amsterdam	Subsidiaries	Management of investments	Pharol SGPS (100%)	100%	100%
PT Brasil	São Paulo	Subsidiaries	Management of investments	Bratel BV (100%)	100%	100%
Bratel S.a.r.l.	Luxembourg	Subsidiaries	Management of investments	Bratel BV (100%)	100%	100%

In addition, it should be noted that PHAROL as of December 31, 2021 and 2020 held an indirect interest through its subsidiary Bratel S.a.r.l. in the capital of Oi of 5.38% and 5,37% ((excluding treasury shares held by Oi itself), respectively.

3. Principal Accounting Policies, Judgements and Estimates

Principal Accounting Policies

a) Classification of the Consolidated Statement of Financial Position

Assets realizable up to one year from the date of the Consolidated Statement of Financial Position are classified as current. Liabilities are also classified as current when they are due in less than one year or when there is no unconditional right to defer their liquidation for a period of at least 12 months after the date of the Consolidated Statement of Financial Position.

b) Tangible Assets

Tangible assets are stated at acquisition cost, net of accumulated depreciation, investment subsidies and accumulated impairment losses, if any. Acquisition cost includes: (1) the amount paid to acquire the asset; (2) direct expenses related to the acquisition process; and (3) the estimated cost of dismantling or removal of the assets.

They are depreciated on a straight-line basis from the month they are available for use, during its expected useful life. The amortization period of tangible assets is monitored annually and adjusted whenever necessary to reflect its economic useful life. The amount of the asset to be depreciated is reduced by any

residual estimated value. The depreciation rates used correspond to the following estimated average economic useful lives:

	Years
Buildings and other constructions	3 - 50
Transportation equipment	4 - 8
Tools	4 - 8
Administrative equipment	3 - 10
Other tangible fixed assets	4 - 8

Estimated losses resulting from the replacement of equipment before the end of their economic useful lives are recognized as a deduction to the corresponding asset's carrying value, against results of the period, as well as any impairment of these assets. The cost of recurring maintenance and repairs is charged to net income as incurred. Costs associated with significant renewals and betterments are capitalized if any future economic benefits are expected and those benefits can be reliably measured.

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the assets, and is recognized in the Consolidated Income Statement under the caption "Gains on disposals of fixed assets, net" when occurred.

c) Intangible Assets

When existing, intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are recognized only if any future economic benefits are expected and those benefits as well as the cost of the asset can be reliably measured.

d) Impairment of Tangible and Intangible Assets

The Group performs impairment tests for these assets if any event or change results in an indication of impairment. In case of any such indication, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. The recoverable amount is the higher of i) fair value less cost to sell, and ii) the value in use. In assessing fair value less cost to sell, the amount that could be received from an independent entity is considered, reduced by direct costs related to the sale. In assessing the value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the specific risk to the asset.

If the recoverable amount of an asset is estimated to be less than its carrying amount, an impairment loss is recognized immediately in the Consolidated Income Statement.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its amount, but so that the increased carrying amount does not exceed the carrying

amount that would have been determined had no impairment loss been recognized for the asset in prior periods. A reversal of an impairment loss is recognized immediately in net income.

e) Provisions, Liabilities and Contingent Liabilities

Provisions are recognized when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where any of the above-mentioned criteria does not exist, or is not accomplished, the Group discloses the event as a contingent liability, unless the cash outflow is remote.

Provisions for restructuring are only recognized if a detailed and formal plan exists and if the plan is communicated to the related parties.

Provisions are updated on the date of the Consolidated Statement of Financial Position, considering the best estimate of the Group's management.

Obligations for dismantling and removal costs are recognized from the month the assets are in use and if a reliable estimate of the obligation is possible (Notes 3.b). The amount of the obligation is discounted, being the corresponding effect of time value recognized in net income, under the caption "Net interest expense".

f) Financial Assets and Liabilities

Financial assets and liabilities are recognized in the Consolidated Statement of Financial Position when the Group becomes a party of the respective contractual relationship.

(i) Accounts Receivable

Accounts receivable, loans granted and other accounts receivable that have fixed or defined payments and that are not quoted in an active market are classified as accounts receivable or loans granted.

Accounts receivable do not have implicit interest, are presented at the respective nominal value deducted from estimated losses in yield, calculated essentially based (a) on the age of the balance receivable and (b) on the credit profile of the specific debtor.

(ii) Other financial assets

The investment in Oi's shares (5.38% on December 31, 2021 and 5.37% on December 31, 2020) is measured at fair value through other comprehensive income, with gains and losses arising from changes in fair value recognized directly in other comprehensive income, in accordance with IFRS9.

Investments in debt securities issued by Rio Forte are measured by the best estimate of their fair value at each reporting date, with changes in fair value being recognized in the income statement.

(iii) Financial liabilities and Equity Instruments

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all its liabilities.

Equity instruments issued by the Group are recognized based on their proceeds, net of any issuance costs.

(iv) Accounts Payable (Note 14)

Trade payables are recognized at nominal value, which is substantially similar to their fair value.

(v) Treasury Shares (Note 17)

Treasury shares are recognized as a deduction to shareholders' equity, under the caption "Treasury shares", at acquisition cost, and gains or losses obtained in the disposal of those shares are recorded under "Accumulated earnings".

(vi) Cash and Cash Equivalents and Short-Term Investments (Note 18)

The amounts included under "Cash and Cash Equivalents" correspond to the cash values, bank deposits, terms deposits and others, maturing in three months or less and that may be immediately callable with insignificant risk of change in value. The heading "Cash and Cash Equivalents" also includes deposits from clients and other entities that were not yet compensated. For the purposes of the Consolidated Cash Flow Statement, the heading "Cash and Cash Equivalents" also includes bank overdrafts included on the Consolidated Statement of Financial Standing under the heading "Short-Term Debt", where applicable.

g) Leases (Company as Lessee)

Recognition

The Company recognizes a right to use an asset and a lease liability on the start date of the lease. The right to use the asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made on or before the start date, in addition to any initial direct costs incurred, as well as an estimate of dismantling and removal costs of the underlying asset (if applicable), less any incentives granted.

The liability of the lease is initially recognized at the present value of the rent not yet paid at the date of the lease, discounting the interest at an interest rate implicit in the lease, or in the event that it is not possible to determine this rate easily, using the rate incremental interest rate. In general, the Company uses its incremental interest rate as the discount rate to be applied.

Lease payments included in the measurement of the lease liability include the following:

- fixed payments, less any incentives already received;
- variable lease payments, depending on a specific rate or index;
- amounts that are due under a residual value guarantee;
- exercise price of the call option, if the lessee is reasonably certain to exercise the option; and
- payment of penalties for terminating the contract, if it is reasonably certain that the lessee cancels the contract.

Liability for leases is remeasured when there are changes in future payments arising from a change in the rate or index, if there is a change in the Company's estimate of the amount that must be paid under a residual value guarantee, or if the Company changes your assessment of the purchase option, its extension or termination.

When the liability for leases is remeasured, the value of the right to use is also adjusted, or a profit or loss is recorded in the income statement, if the carrying amount of the right of use asset was already reduced to zero.

The Group presents the rights to use assets and liabilities for leases in items duly segregated in the consolidated statement of financial position.

Short-term finance leases or leases of low-value assets

The Company does not recognize as asset use rights or lease liability, lease agreements of less than 12 months or low value lease. The Company recognizes the expenses associated with these leases, as an exercise cost during the life of the contracts.

Amortization

The right to use the asset is depreciated using the straight-line method, based on the lowest of the useful life of the asset's right to use or the end of the lease term. The estimated useful life of the right-of-use assets is determined on the same basis as for the remaining tangible assets.

Impairments

The right to use the asset is periodically reduced by impairment losses and adjusted for certain variations in the obligation for leases associated with the asset.

Accounting estimates and judgments

Useful lives, residual values of assets and discount rates

The calculation of residual values of assets, estimated useful lives and discount rates are based on premises of lease agreements (or similar assets) and are defined based on Management's judgment, as well as the best practices in use by the sector.

h) Income Tax

Income tax for the period is recognized in accordance with IAS 12 Income Taxes ("IAS 12") and is comprised of current tax and deferred tax.

Within income tax for the period, in addition to current tax, the effect of the deferred tax is also recognized, calculated based on the difference between the carrying amount of the assets and liabilities at a given time and the corresponding amount for tax purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are only recognized when there is reasonable assurance that they may be used to reduce future taxable profit, or when there is an offset with deferred tax liabilities that are expected to reverse in the same period. Deferred tax assets are reviewed at the date of the Consolidated Statement of Financial Position and are reduced when it is no longer probable that they will be used in the future.

Tax amounts, either in respect of current or deferred tax, resulting from transactions or events recognized directly in shareholders' equity are recorded directly in those captions. The impact of changes in the tax rate is recognized in net income, except when it relates to items recognized directly in shareholders' equity, in which case the impact is also recognized directly in shareholders' equity.

i) Foreign Currency Transactions and Balances

Transactions denominated in foreign currencies are translated to the Euro at the exchange rates prevailing at the time the transactions are made. At the date of the Consolidated Statement of Financial Position, assets and liabilities denominated in foreign currencies are adjusted to reflect the exchange rates prevailing at such date. The resulting gains or losses on foreign exchange transactions are recognized in net income. Exchange differences on non-monetary items, including goodwill, and on monetary items representing an extension of the related investment and where settlement is not expected in the foreseeable future, are recognized directly in shareholders' equity under the caption "Cumulative foreign currency translation adjustments", and included in the Consolidated Statement of Comprehensive Income.

The financial statements of subsidiaries operating in other countries are translated to Euro, using the following exchange rates:

- Assets and liabilities at the exchange rates prevailing at the date of the Consolidated Statement of Financial Position;
- Profit and loss items at the average exchange rates for the reported period;
- Cash flow items at the average exchange rates for the reported period, where these rates approximate the effective exchange rates (and in the remaining cases, at the rate effective on the day the transaction occurred); and
- Share capital, reserves and retained earnings at historical exchange rates.

The effect of translation differences is recognized in shareholders' equity under the caption "Cumulative foreign currency translation adjustments" and is included in the Consolidated Statement of Comprehensive Income. In accordance with IAS 21, when a reduction of PHAROL's investment in a foreign entity occurs, through the sale or reimbursement of share capital, the accumulated effect of translation differences is transferred to the Consolidated Income Statement, considering the proportion of the reduction occurred.

PHAROL choose to use the exception under IFRS 1 relating to cumulative translation adjustments as of January 1, 2004 and transferred this amount from "Foreign currency translation adjustments" to "Accumulated earnings". As from January 1, 2004, the Group has been recognizing all translation adjustments directly in shareholders' equity and therefore these amounts are transferred to net income only if and when the related investments are disposed off or there is a repayment of the investment made.

j) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that qualifies as part of the cost of that asset are capitalized. Other borrowing costs obtained are recognized as an expense in the period in which they are incurred in accordance with the accrual principle and in accordance with the effective interest rate method.

k) Consolidated Statement of Cash Flows

The Consolidated Statement of Cash Flows is prepared under IAS 7, using the direct method. PHAROL classifies as "Cash and cash equivalents" all highly liquid investments, with original maturity of up to three months and an insignificant risk of change in fair value. The "Cash and cash equivalents" item presented in

the Consolidated Statement of Cash Flows also includes overdrafts, classified in the Consolidated Statement of Financial Position under "Short-term debt".

Cash flows are classified in the Consolidated Statement of Cash Flows according to three main categories, depending on their nature: (1) operating activities; (2) investing activities; and (3) financing activities. Cash flows from operating activities include primarily collections from clients, payments to suppliers, payments to employees, payments relating to post retirement benefits and net payments relating to income taxes and indirect taxes. Cash flows from investing activities include primarily acquisitions and disposals of financial investments, dividends received from associated companies and purchase and sale of property, plant and equipment. Cash flows from financing activities include primarily borrowings and repayments of debt, payments relating to interest and related expenses, acquisition of treasury shares and payments of dividends to shareholders.

I) Subsequent Events (Note 22)

Events occurring after the date of the Consolidated Statement of Financial Position that provide additional information on conditions that existed at the date of said statement are considered in the preparation of the financial statements for the period. Events occurring after the date of the Consolidated Statement of Financial Position that provide information on conditions that occur after the date of said statement are disclosed in the notes to the consolidated financial statements, if material.

Judgements and Estimates

When preparing the consolidated financial statements in accordance with IFRS, PHAROL's Board of Directors uses estimates and assumptions that affect the application of accounting policies and reported amounts. Estimates and judgments are continually evaluated and are based on experience and other factors, including expectations of future events that are believed to be probable under the circumstances on which the estimates are based, or as a result of new information or more experience. The main accounting estimates reflected in the consolidated financial statements are as follows:

- (a) Valuation of the investment in Oi** – On May 5, 2014, the Company valued its new stake in Oi based on Oi's reference share price in the capital increase on that date, having as of that date, appropriated its stake in Oi's income using the equity method. Additionally, from September 8, 2014, onwards, the portion of the investment to be delivered within the scope of the Exchange Agreement was classified as a non-current asset held for sale, and measured at fair value up till the execution of the Exchange Agreement on March 30, 2015. Until December 2017, this investment was valued using the equity method. From that date and namely on 31 December 2021 and 2020, the valuation of the investment held in Oi was based on its market value, namely the stock price, as PHAROL lost the significant influence it held.
- (b) Valuation of the Rio Forte** - On March 30, 2015, the Rio Forte instruments were obtained following the execution of the exchange related to Oi's shares. On that date, after a market consultation, the Company valued the instrument for 15 % of its notional value. This valuation was reviewed on September 30, 2016, having reduced the notional amount to 9.56% and on December 31, 2017 and 2019, to 8.32% and 7.02%, respectively. As at 31 December 2020, there was a further downward revision of the nominal value recovery to 5.79%, which is equivalent to a reduction of 11.1 million Euros

to the amount of 51.9 million Euros. As at 31 December 2021, this amount remained unchanged (Note 13).

(c) Valuation and useful life of intangible and tangible assets – PHAROL uses estimates to determine the useful life of its property, plant and equipment (Note 3).

(d) Recognition of provisions and adjustments – PHAROL is party to various ongoing legal claims for which, based on the opinion of its legal advisors, a judgment was made to determine the recognition of a possible provision for these contingencies. Adjustments for accounts receivable are calculated based primarily on the aging of the accounts receivable, the risk profile of the customers and their financial situation.

The estimates were determined based on the best information available during the preparation of the consolidated financial statements, however, situations may arise in subsequent periods which, not foreseeable at that time, were not taken into consideration in these estimates. In accordance with IAS 8, changes to estimates which occur after the reporting date of the consolidated financial statements are applied prospectively in net income.

4. Changes in Accounting Policies

1. New standards, interpretations and amendments, effective from January 1, 2021

- **Amendments to IFRS 16: Concessions related to COVID in terms of rents (Commission Regulation 2020/1434, of 9 October)**

- These amendments to IFRS 16 are related to the treatment to be given to lease concessions granted to lessees due to COVID-19. These amendments modify the requirements of IFRS 16 to provide lessees with a practical expedient so that they do not need to assess whether or not a lease grant that occurs as a direct consequence of COVID-19 is a lease modification and can treat that lease grant as not being a lease modification. Applicable to years beginning on or after June 1, 2020.

- **Amendments to IFRS 4 - Insurance Contracts (Commission Regulation 2020/2097, of December 15, 2020)**

- Currently, in accordance with IFRS 4 – Insurance Contracts, the effective date for the application of IFRS 9, after the temporary exemption, is January 1, 2021. In order to align the term of this temporary exemption with the effective date for the application of IFRS 17 – Insurance Contracts, after the changes made on June 25, 2020, the IASB extended the application of the exemption from applying IFRS 9 with IFRS 4 until January 1, 2023.

- **Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16: Reform of benchmark interest rates – Phase 2 (Commission Regulation 2021/25 of 13 January 2021)**

- The IASB finalized its response to the ongoing reform of interbank interest rates (IBOR) and other interest rate benchmarks by issuing a package of amendments to IFRS. These amendments are intended to help entities provide investors with useful information about the effects of this reform on their financial statements.

These amendments complement those issued in 2019 and focus on the effects on the financial statements when an entity replaced a former interest rate benchmark with another alternative benchmark as a result of the reform.

These changes are effective for annual periods beginning on or after January 1, 2021.

2. New standards, interpretations and amendments, effective in years beginning on or after January 1, 2022

- **IFRS 17: Insurance Contracts (Regulation 2021/2036, of the Commission, of November 19, 2021)**

- IFRS 17 solves the comparison problem created by IFRS 4 by requiring all insurance contracts to be accounted for consistently, thus benefiting both investors and insurance companies. Insurance obligations are now accounted for using current values rather than historical cost. The information is regularly updated, providing more useful information to users of the financial statements.

Applicable to years beginning on or after 1 January 2023.

- **Amendments to IFRS 3, IAS 16, IAS 37 and Annual Improvements (Regulation 2021/1080, of June 28, 2021)**

- This set of minor amendments made to IFRS will be effective for annual financial periods beginning on or after 1 January 2022:

- Amendments to IFRS 3: Update of a reference in IFRS 3 to the Conceptual Financial Reporting Framework without changing the accounting requirements for business combinations;
- Amendments to IAS 16: Prohibits an entity from deducting from the cost of a property, plant and equipment amounts received from the sale of items produced while the entity is preparing the asset for its intended use. Instead, the entity shall recognize the consideration received from those sales and the related cost in profit or loss;
- Amendments to IAS 37: Specifies what costs an entity must include when assessing whether or not a contract is an onerous contract;
- Annual improvements with minor changes to IFRS 1, IFRS 9 and IAS 41, and the illustrative examples of IFRS 16.

These changes are effective for annual periods beginning on or after January 1, 2022.

- **Amendments to IFRS 16: Concessions related to COVID in terms of rents beyond 30 June 2021 (Commission Regulation 2021/1421 of 30 August 2021)**

- These changes extend the practical expedient available to tenants in accounting for Covid-19-related rent concessions for one year. The practical expedient assigned by the previous amendment to IFRS 16 issued in May 2020 (and endorsed by the European Union on 9 October 2020 by Commission Regulation 2020/1434), was available for reductions in lease payments that affected payments that would originally be due on or before June 30, 2021. This amendment extends that period to June 30, 2022.

Applicable to years beginning on or after April 1, 2021, with early adoption permitted, including financial statements that have not yet been authorized for issue by March 31, 2021.

3. Standards (new or revised) issued by the “International Accounting Standards Board” (IASB) and interpretations issued by the “International Financial Reporting Interpretation Committee” (IFRIC) and not yet endorsed by the European Union

Additionally, up to the date of approval of these financial statements, the following standards and interpretations are still issued by the IASB, not yet endorsed by the European Union:

- **Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments to IFRS 10 and IAS 28 (issued by the IASB on Sep 11, 14)**

- This amendment clarifies the accounting treatment for transactions when a parent company loses control in a subsidiary by selling all or part of its interest in that subsidiary to an associate or joint venture accounted for using the equity method.

The date of application of these changes has not yet been defined and the endorsement process by the European Union will only begin after confirmation of the date of application of the changes by the IASB.

- **IFRS 14: Accounting for Regulatory Deferrals (issued by the IASB on 30Jan14)**

- This standard allows first-time adopters of IFRS to continue to recognize regulatory assets and liabilities in accordance with the policy followed under the previous standard. However, to allow comparability with entities that already adopt IFRS and do not recognize regulatory assets/liabilities, these amounts must be disclosed in the financial statements separately.

Applicable to years beginning on or after 1 January 2016, the European Commission having decided not to start the process of endorsing this transitional standard and to await the final standard to be issued by the IASB.

- **Amendments to IAS 1 – Presentation of Financial Statements (issued by the IASB on 23Jan20 and updated on 15Jul20)**

- These amendments to IAS 1 – Presentation of Financial Statements, clarify the requirements that an entity applies to determine whether a liability is classified as current or non-current. These amendments, in nature, are intended to be only a reduction in scope, clarifying the requirements of IAS 1, and not a modification of the underlying principles.

Applicable to years beginning on or after January 1, 2023, these changes are still subject to the endorsement process by the European Union.

- **Amendments to IAS 1 and IFRS Practice Statement 2 (issued by the IASB on February 12, 2021)**

- These amendments to IAS 1 require entities to disclose material information about their accounting policies rather than disclosing significant accounting policies. Amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality in disclosures about accounting policies.

Applicable to years beginning on or after January 1, 2023, these changes are still subject to the endorsement process by the European Union.

- **Amendments to IAS 8: Definition of accounting estimates (issued by the IASB on 12 February 2021)**

- These amendments clarify how entities should distinguish changes in accounting policies from changes in accounting estimates. This distinction is important because changes in accounting estimates are applied prospectively only to transactions and other future events, but changes in accounting policies are generally applied retrospectively to transactions and other past events.

Applicable to years beginning on or after January 1, 2023, these changes are still subject to the endorsement process by the European Union.

- **Amendments to IAS 12: Deferred taxes relating to assets and liabilities arising from a single transaction (issued by the IASB on 7 May 2021)**

- IAS 12 grants an exemption to entities from recognizing deferred taxes when they result from the initial recognition of assets and liabilities. However, there was some uncertainty as to whether that exemption would apply to transactions such as lease contracts and decommissioning obligations where entities recognize both an asset and a liability simultaneously. This amendment clarifies that the exemption from initial recognition does not apply to those transactions that result in equal amounts of taxable and deductible differences that result from initial recognition and, therefore, entities must recognize the deferred tax associated with such transactions.

Applicable to annual reporting periods beginning on or after 1 January 2023, with early adoption permitted. These changes are still subject to the endorsement process by the European Union.

- **Amendments to IFRS 17: Initial application of IFRS 17 and IFRS 9 – Comparative information (issued by the IASB on December 9, 2021)**

- IFRS 17 and IFRS 9 have different transition requirements. For some insurers, these differences may cause accounting mismatches between financial assets and liabilities of insurance contracts in the comparative information that is presented in their financial statements when IFRS 9 and IFRS 17 are applied for the first time. This amendment, through the introduction of an option for the presentation of comparative information about financial assets, helps insurers to avoid these temporary accounting mismatches and, thus, increase the usefulness of comparative information for investors.

Applicable to annual reporting periods beginning on or after 1 January 2023, subject to the European Union endorsement process.

5. Exchange rates used to translate foreign currency financial statements

As at December 31, 2021 and 2020, assets and liabilities denominated in foreign currencies were translated to Euros using the following exchange rates to the Euro:

As at 31 December 2021, the caption Other Costs (gains), net which amounts to a total of 218,726 euros of gains, includes an amount of 197,971 euros referring to refunds from the Tax Authority of a Stamp Duty tax process in favor of the PHAROL.

9. Taxes and rates

In 2021, companies located in mainland Portugal are subject to Corporate Income Tax at a base rate of 21.0%, plus (1) up to a maximum of 1.5% of taxable income through a municipal tax, and (2) a state surcharge levied at the rates of 3.0% on taxable income between Euro 1.5 million and Euro 7.5 million, 5.0% on taxable income between Euro 7.5 million and Euro 35 million and 9.0% on taxable income in excess of Euro 35.0 million, resulting in a maximum aggregate tax rate of approximately 31.5% for taxable income higher than Euro 35 million. When calculating taxable income to which the above tax rate is applied, non-tax-deductible amounts are added to or subtracted from accounting records.

The composition of the corporate income tax for as at December 31, 2021 and 2020 is as follows:

	Euro	
	2021	2020
Income tax		
Income tax - current	30,018	30,145
	30,018	30,145

As a tax loss was calculated for the years 2020 and 2021, the current tax above only reflects the autonomous taxation that is levied on expenses with light vehicles and representation expenses.

12. Financial Assets

This caption corresponds to the investment in Oi, which since December 2017 has been measured at fair value. Until that date, Oi was classified as associate and measured by the equity method.

On September 8, 2014, as explained above, PHAROL entered into an Exchange Agreement with Oi, for the Exchange of a portion of Oi shares held directly by PHAROL for the Rio Forte Investment and the Call Option over the shares. The Exchange was completed on March 30, 2015, after obtaining all necessary approvals. Because of the Exchange, the portion of the investment in Oi delivered in connection with the Exchange was classified as a non-current asset held for sale and measured at fair value based on the price of Oi shares until the Exchange Agreement date. The remaining interest of 22.8%, including the interests of 15.9% and 3.0% held directly by PHAROL and Bratel Brasil, respectively, and the interest of 3.9% owned indirectly through the controlling holding companies of Oi, remained classified as an investment in joint ventures, measured according to the equity method of accounting. After the Exchange Agreement, on March 30, 2015, the interest was 27.5%.

As referred to above, leading up to the New Ownership Structure of Oi, the Shareholder Agreements through which Oi was jointly controlled were terminated on July 30, 2015. The simplification of the structure occurred on September 1, 2015, and led to the incorporation by Oi of several assets at fair value that were not previously booked by the holding companies.

As a result of the transaction, PHAROL's effective share in Oi reduced from 27.5% to 27.4%. Furthermore, during 2015, changes to Oi's bylaws were approved, which included a 15% limitation on the voting rights of any individual shareholder.

On October 8, 2015, Oi's Board of Directors homologated the voluntary conversion of Oi's preferred shares into common shares ("Voluntary Conversion of PSs"), approved the effective conversion of the preferred shares, object to the conversion manifestations in BM&FBovespa and in the Bank of Brazil, and accepted the conversion solicitations presented by the holders of American Depositary Shares ("ADSs") representative of preferred shares ("Preferred ADSs"). The ADSs representative of the new common shares, resulting from the Offer to Exchange, related with the Voluntary Conversion of PSs, were issued on October 13, 2015. Following this operation, PHAROL's effective stake in Oi decreased from 27.4% to 27.2%.

In accordance with IAS 28 – Investments in Associates and Joint Ventures, there is a presumption that significant influence exists when voting rights are higher than 20%. For voting rights less than 20%, there

should be clear indications through which significant influence may be exercised. The limitation to 15% of PHAROL's voting rights, considering the remaining available voting rights, represented as at December 31, 2016, an effective voting right of 18.83%. By analogy, IFRS 10 – Consolidated financial statements consider that control may occur when there is a concentration of significant voting rights, with the remainder of voting rights largely dispersed ("de facto control"). In Oi's shareholder structure, over 30% of ordinary shares are dispersed in free float, and two other shareholders besides PHAROL have voting rights of between 5% and 9% each. Thus, PHAROL considered continuing to have significant influence.

However, in December 2017, and after the decision by the 7th Business Court of the District of the Capital of the State of Rio de Janeiro, which handled the Judicial Recovery ("Judgment"), which decided to withdraw the rights of the members of the Council Board of Directors of Oi in the approval of Oi's Judicial Recovery Plan in which Oi is located, and subsequent events, it was understood that PHAROL had lost the significant influence it had until then on its associate Oi SA.

Therefore, since December 31, 2017, PHAROL started to record its investment in Oi at market value, and it was classified as "Financial Assets".

Therefore, on December 31, 2021 and 2020, the accounting for Oi Investment, is as follows:

		2021	2020
Stock Price Oi (ON)	R\$	0.76	2.2
Stock Price Oi (PN)	R\$	1.28	2.82
Shares Outstanding (ON)	Million	5,796	5,796

Market Cap.	R\$ Million	4,605	13,192
Number of shares owned by PHAROL (ON)	Million	320.2	319.4
Number of shares owned by PHAROL (PN)	Million	-	-
% Participation	%	5.38%	5.37%
Market value R\$	R\$ Million	243.4	702.7
Market value Eur.	Eur. Million	38.6	110.3

13. Other non-current assets

On 31 December 2021, this caption includes an estimated future recovery of 51.9 million Euros related to the debt instruments issued by Rio Forte.

Regarding the debt instruments issued by Rio Forte, after having learned the Report of Judicial Administrators in the Rio Forte insolvency process (Rapport n° 4 des Curateurs), dated August 31, 2016, available at www.espiritosantoinvoluncies.lu, PHAROL initiated efforts to analyze the financial, accounting and legal implications of what is contained in point 2.1.6., which is transcribed in free translation:

"Predictable recovery

The information currently available to the Judicial Administrators does not allow an estimate to be made, either of the total recovery, or of the recovery to be made by the company in bankruptcy.

It cannot be ruled out that judicial foreclosure and the possible rights of third parties involved will prevent for a prolonged period, or even definitively, the bankruptcy estate from recovering and distributing certain assets. In fact, it is not excluded that the judicial authorities have the objective of confiscating the assets now being held."

PHAROL's Management, after due diligence and supported by the analysis of its advisors, concluded, on that date, by a principle of prudence, that the expected values of recovery of assets by the mass of the insolvent and, consequently, by PHAROL, with Rio Forte had reduced. PHAROL's investment in Rio Forte's securities was initially valued at fair value upon its initial recognition on March 30, 2015, and subsequently measured at amortized cost less any impairment losses. Based on the basic principles set out in IAS 39 (currently IFRS 9), Management, based on the information available, used its judgment in the definition of assumptions that culminated in a credit appreciation of Rio Forte by 85.7 million Euros at 31 December 2016. This reflects a value of about 9.5% of the nominal value, against approximately 15% of the nominal value at 31 December 2015, which determined the accounting of an impairment in the amount of € 48.8M.

Additionally, in December 2017, after the update of the amount of credit complaints considered in the last report of the Judicial Administrators was higher than previously considered, the debt recovery valuation was revised downwards again, having registered at 8.32 % of recovery, which is equivalent to a reduction of 11.1 million Euros to the amount of 74.6 million Euros. At 31 December 2018, the debt recovery amount remained at 8.32%.

In April 2019 and 5 years after the filing of the Rio Forte credit claim, a new report by the Judicial Administrators was published on 30 April 2019, which essentially points to: 1) postponement of the results of the conclusion of the analysis. debt declarations; and 2) downward revision of Rio Forte's asset value in Latin America; Accordingly, and based on these new factors, the recovery in debt recovery was once again revised downwards to 7.19% of nominal value recovery, equivalent to a reduction of 10.1 million euros. Euro to the amount of Euro 64.5 million. At the end of 2019 and after the analysis of the last report issued by the Judicial Administrators, with effect on December 31, 2019, it was once again revised downwards, with the face value recovery set at 7.02 %, which is equivalent to an additional reduction of 1.5 million Euros to a total recovery amount of 63 million Euros. On December 31, 2020, a new downward revision of the nominal value recovery was carried out to 5.79%, essentially justified by the depreciation of assets held by Rio Forte in Latin America, which is equivalent to a reduction of 11.1 million of Euros to the amount of 51.9 million Euros.

As at 31 December 2021, considering the maintenance of the main valuation factors of Rio Forte's Assets, and, with no evolution in the amount of claimed debts, the expected recovery value of Rio Forte's nominal debt remained unchanged at 5.79% equivalent to 51.9 million Euros.

Additionally, and still within the scope of the credit on Rio Forte, PHAROL in December 2017 learned of a statement from the curators of Espírito Santo International, SA, ("ESI") in which they declare that this bankrupt company will evaluate the possibility to sue PHAROL, asking for the latter to be ordered to reimburse 750 million Euros, without specifying the grounds for that request.

Following this statement, already in January 2019, PHAROL was notified by ESI's curatorship, as a precautionary measure to interrupt any limitation period, with a view to an eventual cancellation of Notes payments made by ESI during January 2014.

After analyzing the aforementioned subpoena, Pharol considers the probability, on the basis of the alleged facts, of obtaining any conviction of Pharol under the subpoenaed terms, to be highly remote, being the judicial process yet to be started until the present date. Accordingly, PHAROL has not made any provision in its financial statements.

16. Guarantees and Commitments and Other current liabilities

PHAROL, after being the dominant company in the consolidated tax base of the PT Group, is currently still in dispute over a series of tax assessments from the years prior to 2014. In May 2014, and given the business combination agreement entered into between PHAROL and Oi SA, all responsibilities inherent to these tax assessments were transferred to Oi's responsibility, with PHAROL being jointly and severally liable.

In this way, PHAROL currently has active Bank Guarantees, Oi Guarantees, and captive balances in the balance sheet to be able to face potential tax assessments arising from these processes.

Thus, as at 31 December 2021 and 2020, the heading Other Current Liabilities includes the amount of reimbursements from the Tax Authority that may be used in potential settlements.

Additionally, as of December 31, 2021 and 2020, the amount of Bank Guarantees has the following composition:

		Euro
	2021	2020
Bank and other guarantees presented to the tax authorities	84,617,476	84,617,476
	84,617,476	84,617,476

The bank guarantees and other guarantees presented in favor of the tax authorities included 85 million euros as at 31 December 2021 and 2020, respectively, related to tax assessments received by PHAROL. The Company judicially challenged these assessments and, in accordance with Portuguese legislation, provided

a guarantee, in order to avoid the initiation of an enforcement process which, in the absence of a guarantee or payment of the contested tax, would proceed until the attachment of sufficient assets to satisfy the tax paid. Portuguese law, although always allowing the challenge of taxes paid of its own motion by the tax administration, only suspends the enforcement process if the tax is paid or a guarantee is provided. The provision of guarantee thus avoids the payment of tax before the decision of the challenge or the attachment of assets in enforcement proceedings.

Part of the guarantees previously provided were canceled due to the length of time and forfeiture of the processes. Notwithstanding the expiry and consequent cancellation of part of the Guarantees, most of the tax proceedings remain in progress, with Oi still responsible for them and may amount to up to 393 million euros. Also within the scope of the agreements entered into, Oi is also obliged to replace the bank guarantees provided by PHAROL to the Tax Authority with guarantees provided by Oi. In cases in which this replacement is not possible, Oi undertakes to provide equivalent guarantees in favor of PHAROL.

As such, on December 31, 2020, a Pledge Agreement for Telemar Norte Leste shares was in force with a maximum amount up to the limit of potential existing liabilities.

Additionally, in January 2020, following the Private Transaction Instrument and Other Covenants, entered into between PHAROL and Oi, the latter, through PT Participações SGPS, SA, made a deposit in an escrow account in the amount of 34,340,803, 32 Euros, intended to guarantee PHAROL in case of eventual conviction in tax contingencies for which Oi is responsible.

In the course of 2021, and in view of the incorporation on May 3, 2021 of Telemar Norte Leste, Oi SA and Pharol, in order to maintain the counter-guarantees in force, reformulated the pledge agreement, which is now constituted on 644,019,090 common shares issued by Oi. If this amount is fully used in tax contingencies, Oi SA undertakes to reinforce the counter-guarantees in force.

17. Capital

17.1. Share capital

The share capital of PHAROL, which is fully subscribed and paid in, was as at December 31, 2021 and 2020, Euro 26,895,375, represented by 896,512,500 common shares, with a nominal value of three Euro cents each.

17.2. Treasury shares

As at December 31, 2021 and 2020, the composition of this caption is as follows:

	Euro	
	2021	2020
Shares held by PHAROL	164,809,193	184,873,844
	164,809,193	184,873,844

As at December 31, 2021 and 2020, PHAROL held 74,689,552 and 74,822,140 treasury shares, respectively, corresponding to 8.33% and 8.35% of the share capital PHAROL

17.3. Legal reserve

Commercial law and PHAROL's articles of association provide that at least 5% of the net annual income must be appropriated to strengthen the legal reserve until this reserve represents 20% of the share capital. This reserve is not available for distribution to shareholders, unless on company liquidation, but may be used to absorb losses, once all other reserves have been exhausted, or for incorporation in the share capital. As at December 31, 2021 and 2020, the legal reserve was Euro 6,773,139 and was already fully incorporated, corresponding to more than 20% of the share capital.

17.4. Reserve for treasury shares

The reserve for treasury shares relates to the recognition of a non-distributable reserve equivalent to the nominal value of the cancelled shares, or to the acquisition cost of treasury shares held by PHAROL. This reserve has the same legal regime as the legal reserve. As at December 31, 2021 and 2020, this reserve relates to shares cancelled on December 20, 2007, March 24, 2008, and December 10, 2008, in the amount of Euro 6,970,320, as well as the treasury shares acquired or disposal between 2014, 2016, 2019, 2020 and 2021 amounting to Euro 164,809,193.

17.5. Revaluation reserve, other reserves and accumulated earnings

As at December 31, 2021 and 2020, this caption was made up as follows:

	Euro

(i) The variation of this caption reflects mainly the exchange effect arising from the transfer of the subsidiary Pharol Brasil.

(ii) As at 31 December 2021 and 2020, with the application of IFRS 9, this item essentially reflects the investment in Oi, which started to qualify as an investment in equity instruments at fair value through other comprehensive income on 31 December 2017, date from which all changes in fair value occurred in this investment started to be recognized in equity.

18. Consolidated Statement of Cash Flows

(a) Payments to suppliers

In 2021 and 2020, payments to suppliers mainly reflect payments of as third party suppliers and consultants.

(b) Other net receipts

In 2021, other net payments essentially include the value of bank guarantees paid.

In 2020, other net receipts essentially include reimbursements made by the Portuguese Tax Authority in relation to taxes paid in previous years.

(c) Capital Realization and other equity instruments

In 2021 and 2020, this heading relates to the acquisitions and sale of shares of the company Oi S.A..

(d) Acquisition and Disposal of Treasury Shares

In 2021 and 2020, this item refers to the acquisition and disposal of treasury shares.

(e) Cash and cash equivalents at the end of the period

At 31 December 2021 and 2020, the composition of this caption is as follows:

19. Related Parties

During the years ended December 31, 2021 and 2020, the fixed remuneration of the Board members, which was established by the Remuneration Committee, amounted to Euro 473.4 and 503.8 thousand, respectively.

On December 31, 2021 and 2020, no share-based payment was in force, nor any termination benefit program.

20. Shareholders with Qualified Holdings

The Company believes that it is relevant to disclose outstanding balances and transactions with its main shareholders, namely those with a qualified holding of more than 2% in PHAROL's share capital, and with all the entities reported by these shareholders as being part of the respective economic groups. The tables below present the balances as at December 31, 2021 and 2020, and the transactions occurred in the years ended December 31, 2021 and 2020 between PHAROL and the entities that are identified as shareholders with qualified holding and respective economic groups:

21. Financial instruments

22.1. Financial risks

PHAROL is exposed basically to (i) market risks related with changes in currency exchange rates and interest rates, (ii) credit risks. The main objective of risk management at PHAROL is to reduce these risks to an acceptable level.

22.1.1 Currency exchange risk

Currency exchange risks are essentially related with PHAROL investments in Brazil. On December 31, 2021 and 2020, net exposure (assets less liabilities, net of non-controlling interests) in Brazil amounted to R\$242.7 million (Euro 38.5 million) and R\$702,5 million (Euro 101,2 million), respectively. Risks relative to Company investments in operations abroad basically concern Oi investments. PHAROL does not have any contracted derivative instrument to hedge currency exchange risk associated with investments in foreign companies.

The effect on PHAROL's equity resulting from hypothetical changes in relevant risk variables is the impact of the valuation (devaluation) of the Real against the Euro in 0.1, from 6.31 to 6.41 (6.21), would be an increase (decrease) in net assets on December 31, 2021, of approximately Euro 500 thousand (Euro 619 thousand), corresponding to adjustments in currency exchange conversion for investments in Brazil.

22.1.2 Credit risks

Credit risk is essentially associated with the risk of a counterpart defaulting on contractual obligations, resulting in a financial loss to the Group. PHAROL is essentially subject to credit risk in its operational and treasury activities.

Criteria used to calculate adjustments to accounts receivable are based on a recoverability analysis of accounts receivable on a regular basis.

On December 31, 2021, the receivables balance was not considered as significant.

Risks associated with treasury activities essentially result from investments made by the Group in cash investments. As mentioned before, in order to mitigate this risk, PHAROL put into place an investment diversification policy as of July 2014, so that investment in a financial institution is not greater than 34% of the total treasury applications. Thus, it ensures that amounts are invested in short term applications in diverse and reputed financial institutions.

PHAROL is also subject to credit risk in its investment in Rio Forte Investments, but has adjusted the value accordingly. In addition, and in connection with the Rio Forte debt instruments, PHAROL was informed of a statement from the curators of Espírito Santo International, SA ("Insolvency"), stating that this bankrupt company is going to sue PHAROL for the conviction of this company refund of EUR 750 million, without specifying the grounds for such a request.

Following this announcement, as of January 2019, PHAROL was summoned by the curator of Espírito Santo International, SA, as a precautionary measure to interrupt any limitation period, with a view to canceling ESI Notes payments during the month of January 2014.

After analyzing the abovementioned summons, PHAROL considers it highly remote that, on the basis of the alleged facts, it is possible to obtain any conviction of PHAROL in the terms provided. Accordingly, PHAROL has not recorded any provision in its financial statements (see Note 13).

22. Subsequent events

- Oi's stock price evolution between December 31, 2021, and February 23, 2022, can be found below:

	31 Dec 2021	23 Feb 2022
Oi ON share price (Reais)	0.76	0.8
Exchange rate Real/Euro	6.3101	5.6808
Oi ON share price (Euro)	0.12	0.14

- On January 25, 2022, PHAROL was notified by the European Commission of the amendment of the decision taken on 23 January 2013 that imposed a fine on Portugal Telecom for alleged infringement of competition rules. The new calculation of the fine represents an amount lower than that stipulated in 2013 and, since that date, deposited with the European Commission. This new Decision does not therefore have any impact on PHAROL's Treasury or Results. PHAROL also informed that it is analyzing this new decision by the European Commission and considering the need for a possible reaction.

REPORT AND OPINION OF THE FISCAL COUNCIL

REPORT AND OPINION OF THE SUPERVISORY BOARD

PHAROL, SGPS S.A.

**Financial year 2021
(consolidated accounts)**

To the Shareholders of
PHAROL, SGPS S.A.

In compliance with paragraph 1(g) of Article 420 of the Code of Commercial Companies, we are responsible, as members of the Fiscal Council of "PHAROL, SGPS S.A.". (from now on "PHAROL"), which issues the annual report on our supervised action as well as giving the opinion on the management report and as consolidated financial statements submitted by the Board of Directors for the year ended December 31, 2021 and also our assessment of its statutory certification of accounts and audit report issued by the audit firm.

I. Annual Report of Activities of the Fiscal Council for the year 2021

In accordance with article 420(1) (g) of the Code of Commercial Companies and point (h) of Article 8(1) of the Rules of Procedure of the PHAROL Fiscal Council, this body submits the report on the tax action developed in the financial year 2021.

1. The Supervisory Board regularly performed as functions of its competence, through regular meetings with those responsible for the relevant areas and also of the information and further clarifications, including the presentation of the main trends and developments in the development of management and the activity of PHAROL.
2. The Supervisory Board also assessed the financial information produced during the financial year 2021 and carried out as analyses and verifications of appropriate and necessary.
3. The work of the Fiscal Council was always to comply as legally consecrated matters, to permanently monitor the activity of PHAROL, and to verify that as consolidated financial statements were prepared according to the framework in force.
4. During the 2021 fiscal year, the Fiscal Council met eleven times, having developed several actions of which stand out as the following:
 - i) Monitoring the quality, integrity and effectiveness of internal control and risk management systems;
 - ii) Supervision of the preparation of consolidated financial information;
 - iii) verification of the regularity of accounting records and the accuracy of consolidated account documents;

- iv) Assessment of accounting policies and value criteria adopted by PHAROL as to their adequacy and consistency, which aim to ensure the presentation of a true and appropriate picture of the financial position and results;
 - v) Verification of the conformity of consolidated financial statements with applicable legal requirements;
 - vi) Analysis of consolidated financial information disclosed.
5. The Supervisory Board gave its assent to the revision of the Rules of Procedure on the 2016 System of Qualified Participation of Undue Practices in force. Pursuant to this Regulation, which define as rules and procedures to be adopted in the System of Qualified Participation of Improper Practices (*Whistleblowing*), the Fiscal Council took note of the six-monthly report of the activity developed by the Center for Analysis of Qualified Holdings, data of July 19, 2021 and January 4, 2022, not having participatory participations during the financial year 2021.
 6. In compliance with the provisions of Article 249(1) - Law No. 50/2020 of August 7, the Fiscal Council gave its assent to the Service Order in which it established the procedures that transactions with parties with related parties of 2020 in force. In 2021, no transaction with related parties was subject to the opinion of the Fiscal Council.
 7. The Supervisory Board, in the context of its duties, exercises its powers in the supervision of the qualifications, independence and exercise of functions of the external auditor and statutory auditor, having also met regularly with it, which has always provided all the clarifications, technical and accounting, considered necessary.

It also took note of the results of the audit and external audit work on how consolidated financial statements for the year 2021, which include the consolidated statement of results, the consolidated statement of comprehensive income, the consolidated statement of financial position, the changes in equity, a consolidated statement of cash flows and their annexes.

The statutory auditor and auditor followed the process of preparing PHAROL's consolidated financial statements, having made known to the Fiscal Council its conclusions and its harmony regarding the documents prepared by the Board of Directors.

Through the additional report addressed to the Supervisory Board, the statutory auditor and external auditor reported the relevant aspects of the work carried out and conclusions.

The Fiscal Council became aware of the legal certification on the consolidated financial information for the financial year 2021, issued with a reservation and an emphasis, by the statutory auditor and external auditor, a document that merited its agreement.

It is the understanding of the statutory auditor and auditor who externalise relevant audit matters:

- i) Measurement of investment in Oi, S.A.

- ii) Measurement of investment in debt securities issued by Rio Forte Investimentos, S.A.

In these areas, procedures and audit tests considered relevant in the circumstances were developed.

- 8. In the course of its powers, the Fiscal Council has proven that the Report of the Board of Directors refers to the most relevant aspects of the activity during the year and is in agreement with the consolidated financial statements for the year .
- 9. Also within the scope of its powers, and as provided for in Article 420(5) of the Code of Commercial Companies, the Fiscal Council verified that PHAROL's Corporate Governance Report for the financial year 2021 includes those required pursuant to Article 29h of the Securities Code.

II. Opinion of the Supervisory Board

In accordance with and for the purposes of Article 29g(1)(c) of the Securities Code, each member of the Fiscal Council declares that it is known to them:

- i) the management report, such as annual accounts, legal certification of accounts, audit report and consolidated accountability document for the financial year 2021 were drawn up in accordance with applicable accounting standards, giving a true and appropriate picture of the assets and liabilities, financial situation and results of PHAROL and the companies included in the consolidation perimeter;
- ii) the management report accurately sets out the evolution of the business, performance, and position of PHAROL and the companies included in the consolidation perimeter and contains a description of the main risks and uncertainties that PHAROL and the companies included in the consolidation perimeter face in their business.

On the basis of the above report, the steps taken as well as the findings contained in the certification accounts and audit report and additional audit report to the supervisory body on consolidated financial information, and tend to take into account as information received from the Board of Directors, PHAROL services and the reviewer auditor and external auditor, we express our agreement with the management report and the consolidated financial statements for the financial year 2021, so we are of the opinion that nothing prevents its approval at the General Meeting.

Finally, the members of the Fiscal Council express their recognition and recognition of all the collaboration provided to the Board of Directors, the main officers and collaborators of PHAROL.

STATUTORY AUDITORS' CERTIFICATION AND AUDIT REPORT

STATUTORY AUDITOR'S CERTIFICATION AND AUDIT REPORT

(Free translation from a report originally issued in Portuguese language. In case of doubt the Portuguese version will always prevail)

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Qualified Opinion

We have audited the accompanying consolidated financial statements of Pharol, SGPS, SA Group (Group), which comprise the consolidated statement of the financial position as at December 31, 2021 (showing a total of 108 750 565 euro and a total net equity of 91 944 270 euro, including a net loss of 2 361 092 euro), the consolidated statement of income, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the “Basis for qualified opinion” section of our report, the accompanying consolidated financial statements give a true and fair view, in all material respects, of the consolidated financial position of Pharol, SGPS, SA Group as at December 31, 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) as adopted in the European Union.

Basis for qualified opinion

The Independent auditor's report on the individual and consolidated financial statements for the year ended December 31, 2020 of Oi, SA, dated May 10, 2021, included a “Material uncertainty as to going concern” of Oi, SA. Bearing in mind the Independent auditor's review report on the interim individual and consolidated financial statements for the period ended September 30, 2021 of Oi, SA, dated November 10, 2021, we highlight the following paragraph of the Emphasis titled “Going concern”, taking also into account the note 12 to the present consolidated financial statements: “We draw attention to Note 1 to the quarterly individual and consolidated financial information, on the section about going concern, which informs that the individual and consolidated financial information has been prepared assuming the continuity of the Company as a going concern, which considers among other aspects: (i) the fulfilment of the requirements foreseen in the Judicial Reorganization Plan added (“PRJ”added), as well as the fulfilment of the requirements foreseen in Law No. 11.101/2005; (ii) the successful implementation of the strategic plan updated and presented on July 16,

2019; and (iii) conclusion of the process of sale and approval by the regulatory bodies and agencies of the Isolated Productive Units (UPIs) related to the business of the telephony and data operations in the mobile communication market (“UPI Ativos Móveis”), the telecommunications networks operation (“UPI InfraCo”) and the TV business (“UPI TVCo”). Except for the approval of the Administrative Council for the Defense of Competition (“CADE”) of the sale of UPI InfraCO disclosed on October 18, 2021, the other approvals and compliance with the precedent conditions for the sale of the UPIs were not obtained until the issue date of this interim accounting information. Such measures aim to reverse the conditions that have been causing recurring losses to the Company. These events or conditions indicate that there are significant uncertainties that may cast significant doubt on the Company’s going concern. (...)”. As disclosed in chapter 3 of the Consolidated Annual Report 2021 of Group Pharol, SGPS, SA, on February 10, 2022, CADE also approved the sale of UPI Ativos Móveis, subject to the execution and fulfilment of the Agreement on Control of Concentrations. Up to the present date, neither the individual and consolidated financial statements for the year ended December 31, 2021 of Oi, SA, nor the corresponding Independent auditor’s report, are yet available, situation that limits the scope and depth of the audit. As referred in the note 12 to the present consolidated financial statements, the investment in Oi, SA, as at December 31, 2021 is measured by the market value at that date, determined using the closing stock exchange listed market price. As presented in note 22 to the present consolidated financial statements, the listed market price of the ordinary shares of Oi, SA evolved from R\$ 0,76 (€ 0,12) as at December 31, 2021 to R\$ 0,80 (€ 0,14) as at February 25, 2022.

We conducted our audit in accordance with International Standards on Auditing (ISAs) and further technical and ethical standards and guidelines as issued by Ordem dos Revisores Oficiais de Contas (the Portuguese Institute of Statutory Auditors). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section below. We are independent of the Group entities in accordance with the law and we have fulfilled other ethical requirements in accordance with the Ordem dos Revisores Oficiais de Contas code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of matter

The chapter 4 of the Consolidated Annual Report 2021 and the notes 3, 13 and 21 to the present consolidated financial statements, disclose, on one hand, that the measurement of the debt securities issued by Rio Forte Investments, SA reflects the management’s

best estimate concerning the recoverable amount of those securities and, on the other hand, that the Group was summoned by the curators of Espíritu Santo International SA (ESI), in view of a possible cancellation of Notes' payments, made by ESI, during the month of January 2014. Pharol, SGPS, SA (Pharol) considers the probability, based on the alleged facts, of obtaining any conviction of Pharol under the subpoenaed terms, to be highly remote, being the judicial process yet to be started until the present date. Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we considered in the audit the following relevant matters:

Key audit matters	Synthesis of audit response
<i>Measurement of Oi, SA investment</i>	
<p>The equity investment in Oi, SA (participation of 5,38% corresponding to voting rights of 5,52%) is presented as financial assets measured by the market value.</p> <p>Oi, SA is a large entity with high public and media profile, being highly relevant to the Group financial statements. Oi, SA is under a judicial reorganization process since June 2016. The respective financial statements are audited by other auditors.</p> <p>Related disclosures: Notes 2, 3, 12 and 17.5 to the present consolidated financial statements.</p>	<p>The audit response involved, in synthesis, the performance of the following procedures:</p> <p>Confirmation of the shares held by the Group as at December 31, 2021, through the verification of the documentation from the custodian banks where these shares are deposited.</p> <p>Verification of the adequate form of classification and measurement of this investment, bearing in mind the provisions of the applicable IFRS.</p> <p>Obtaining and analysing the independent auditor's review report on the most recent available individual and consolidated financial statements (as at September 30, 2021) of Oi, SA;</p> <p>Analysis and validation of the calculations inherent to the measurement by market value;</p> <p>Evaluation of the reasonableness of the financial statements' disclosures.</p>

Key audit matters	Synthesis of audit response
<i>Measurement of the investment in debt securities issued by Rio Forte Investments, SA</i>	
<p>At March 30, 2015 the debt securities issued by Rio Forte Investments, SA (Rio Forte) were returned to the Group, following the performance of the exchange contract signed on September 8, 2014 between Oi Group and the Group.</p> <p>Rio Forte is under an insolvency process taking place in Luxembourg, with high public and media profile. This investment is relevant within the scope of the Group financial statements and the respective measurement involves significant judgements.</p> <p>Related disclosures: Notes 3, 14 and 22 to the present consolidated financial statements.</p>	<p>The audit response involved, in synthesis, the performance of the following procedures:</p> <p>Analysis of the information present in the reports and announcements issued by the Rio Forte insolvency curators;</p> <p>Analysis of the judgements made by the management in determining the recoverable amount of the debt securities at December 31, 2021;</p> <p>Circularization of the banks where the debt securities are deposited;</p> <p>Monitoring of possible developments arising from an announcement issued by the insolvency curators of Espírito Santo International, SA issued in November 14, 2017 and the corresponding subpoena in the meanwhile received in 2019;</p> <p>Circularization of the lawyers that handle the insolvency process and analysis and appraisal of the respective response about the expected outcome for Pharol of the subpoena received from ESI referred before.</p> <p>Evaluation of the reasonableness of the financial statements' disclosures.</p>

Responsibilities of management and of the supervisory body for the consolidated financial statements

Management is responsible for:

- (i) the preparation of consolidated financial statements that give a true and fair view of the Group's financial position, financial performance and cash flows in accordance with International Financial Reporting Standards (IFRS) as adopted in the European Union;
- (ii) preparation of the management report, the corporate governance report and remuneration report in accordance with the applicable laws and regulations;
- (iii) designing and maintaining an appropriate internal control system to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or to error;

- (iv) the adoption of accounting policies and principles appropriate in the circumstances; and
- (v) assessing the Group's ability to continue as a going concern, and disclosing, as applicable, the matters that may cast significant doubt about the Group's ability to continue as a going concern.

The supervisory body is responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our responsibility is to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or to error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (i) identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or to error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- (ii) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control;
- (iii) evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- (iv) conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such

disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- (v) evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- (vi) obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group Audit. We remain responsible for our audit opinion.
- (vii) communicate with those charged with governance, including the supervisory body, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit;
- (viii) determine, from the matters communicated with those charged with governance, including the supervisory body, those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes their public disclosure;
- (ix) declare to the supervisory body that we comply with the relevant ethical requirements regarding independence and communicate to the supervisory body all relationships and other matters that may be perceived as threats to our independence and, where applicable, what measures have been taken to eliminate the threats or what safeguards are applied.

Our responsibility also includes the verification that the information contained in the management report is consistent with the consolidated financial statements, and the verification of the requirements as provided in numbers 4 and 5 of article 451.º of the Portuguese Companies' Code, as well as verification that the remuneration report has been presented.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

On the management report

Pursuant to article 451.º, n.º 3, al. (e) of the Portuguese Companies' Code, except for the possible effects of the matter described in the "Basis for qualified opinion" section of our report, it is our opinion that the management report was prepared in accordance with the applicable legal and regulatory requirements and the information contained

therein is consistent with the audited consolidated financial statements and, having regard to our knowledge and assessment over the Group, we have not identified any material misstatements.

On the corporate governance report

Complying with article 451.º, n.º 4, of the Portuguese Companies' Code, in our opinion, the corporate governance report includes the information required to Pharol to provide under article 29.º-H of the Securities Code, and we have not identified material misstatements on the information provided therein in compliance with paragraphs c), d), f), h), i) and l) of n.º 1 of that article.

On the remuneration report

Complying with article 26-G, no. 6, of the Securities Code, we inform that Pharol has included in a separate chapter, in its corporate governance report, the information specified in paragraph 2 of that article .

On the European Single Electronic Format (ESEF)

The consolidated statement of financial position, the consolidated statement income and comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of Pharol Group, SGPS, SA, for the year ended 31 December 2021, must comply with the applicable requirements established in Delegated Regulation (EU) 2019/815, of December 17, 2018 of the European Commission (the ESEF Regulation).

The management is responsible for preparing and disclosing the annual report in accordance with the ESEF Regulation.

Our responsibility is to obtain reasonable assurance about whether the consolidated financial statements listed above included in the annual report are presented in accordance with the requirements set out in the ESEF Regulation.

Our procedures took into account the OROC Technical Application Guide on ESEF reporting and included, among others:

- obtaining an understanding of the financial reporting process, including the presentation of the annual report in valid XHTML format;
- identifying and assessing the risks of material misstatement associated with marking up financial statement information, in XBRL format using iXBRL technology. This assessment was based on the understanding of the process implemented by the entity to mark up the information.

In our opinion, the above mentioned consolidated financial statements, included in the annual report, are presented, in all material respects, in accordance with the requirements established in the ESEF Regulation.

On the additional matters provided in article 10.º of Regulation (EU) n.º 537/2014

Pursuant to article 10.º of the Regulation (EU) n.º 537/2014 of the European Parliament and of the Council, of April 16, 2014, in addition to the key audit matters mentioned above, we also report the following:

- We were appointed as auditors of Pharol in the shareholders general assembly held on May 29, 2015 for a first mandate from 2015 to 2017. We were appointed for a second mandate, from 2018 to 2020, as auditors of Pharol in the shareholders general assembly held on May 25, 2018 and at the general shareholders' meeting held on April 30, 2021, for a third mandate from 2021 to 2023.
- Management has confirmed to us that they are not aware of any fraud or suspicion of fraud having occurred that has a material effect on the financial statements. In planning and executing our audit in accordance with ISAs we maintained professional scepticism, and we designed audit procedures to respond to the possibility of material misstatement in the consolidated financial statements due to fraud. As a result of our work we have not identified any material misstatement on the consolidated financial statements due to fraud.
- We confirm that our audit opinion issued is consistent with the additional report that we prepared and delivered to the supervisory body of Pharol on February 25, 2022.
- We declare that we have not provide any prohibited services as described in article 5.º, number 1, of the Regulation (EU) nº 537/2014 of the European Parliament and of the Council, and we have remained independent of Pharol in conducting the audit.
- We inform that, in addition to the audit, we have not provided to the Group any other services.

INTRODUCTION

PHAROL, SGPS SA, is headquartered at Rua Joshua Benoliel, 1, 2C, Edifício Amoreiras Square, 1250-133 Lisboa, with a share capital of EUR 26,895,375.00, registered on the Commercial Registry Office under unique registration and personal number collective 503215058 ("PHAROL" or "Company") is public listed company, issuer of securities admitted to trading on the regulated market of Euronext Lisbon.

In this report, PHAROL complies with the recommendations contained in the Corporate Governance Code of the Portuguese Institute of Corporate Governance ("CGS IPCG") which entered into force on January 1, 2018, revised in 2020, and continues to prepare the Report in accordance with the annex to Regulation of CMVM nº 4/2013 of January 1, 2014 and with the circular issued by the same Commission on January 28, 2021. This Report intends to reflect the adjustment and the pertinence of each recommendation to the reality and conjuncture of the Company with reflecting its classic corporate governance model and the provisions of paragraph a) of no. 1 of article 278 of the Commercial Companies Code.

The structure and investment of the PHAROL Group as of December 31, 2021 are as follows:

PART I – INFORMATION ON SHAREHOLDER STRUCTURE, ORGANIZATION AND CORPORATE GOVERNANCE

A. SHAREHOLDER STRUCTURE

I. CAPITAL STRUCTURE

1. CAPITAL STRUCTURE

The share capital in PHAROL is 26,895,375 Euros and it is fully paid up and represented by 896,512,500 common shares with a par value of three Euro cents each.

All PHAROL ordinary shares are admitted to trading on the Euronext Lisbon regulated market.

2. RESTRICTIONS TO SHARE TRANSFERABILITY, SUCH AS CONSENT CLAUSES FOR DISPOSAL, OR LIMITATIONS TO SHARE OWNERSHIP

The Company does not adopt any specific limitations as to share transferability. However, the Bylaws provide that shareholders carrying out, directly or indirectly, a business competing with the business of companies in a control relationship with PHAROL may not be the owners, without the prior authorisation of the General Meeting of shareholders, of ordinary shares representing more than 10% of the share capital in the Company.

3. NUMBER OF OWN SHARES, CORRESPONDING CAPITAL PERCENTAGE AND CORRESPONDING VOTING RIGHTS PERCENTAGE

On 31 December 2021, the Company held 74,689,552 own shares, corresponding to 8,33% of PHAROL share capital.

The voting rights inherent to the own shares are suspended, in accordance with the applicable legislation.

4. SIGNIFICANT AGREEMENTS INCLUDING CHANGE OF CONTROL CLAUSES

There are no significant agreements entering into force in the event of change in control in PHAROL. There are no measures requiring payment or assumption of fees by the Company in the event of change of control or change in the composition of the Board of Directors and which appear likely to impair the free transfer of shares and free assessment by shareholders of the performance of Board members.

5. RENOVATION / REVOCATION OF DEFENSIVE MEASURES, IN PARTICULAR THOSE PROVIDING FOR THE RESTRICTION OF THE NUMBER OF VOTES THAT MAY BE HELD OR EXERCISED BY A SINGLE SHAREHOLDER

PHAROL's Bylaws include a limitation on the counting of votes whereby any votes in excess of 10% of the total voting rights corresponding to the share capital cast by a single shareholder of ordinary shares, directly or through a representative, in his own name or as a representative of another shareholder, shall not be counted (article 13, 12).

The Company's bylaws provide a limitation on the counting of votes. On April 30, 2021, the discussion of this point was taken to the Shareholders' Meeting and it was decided to keep this limitation.

Also, the Regulation of the Board of Directors approved at the beginning of 2020 is stipulated that, providing for the Company's bylaws a limitation on the number of votes that can be hold or exercised by

a single shareholder, individually or in concert with others, the Board of Directors must promote that, at least every 5 years, should it be submitted to deliberation by the general meeting the change or maintenance of this statutory requirement.

6. SHAREHOLDERS' AGREEMENTS OF WHICH THE COMPANY IS AWARE AND MIGHT LEAD TO RESTRICTIONS IN THE TRANSFER OF SECURITIES OR VOTING RIGHTS

The Company has no knowledge of the existence of any shareholders' agreements that might lead to restrictions in the transfer of securities or voting rights.

II. SHAREHOLDINGS AND BONDS

7. OWNERS OF QUALIFIED HOLDINGS, PERCENTAGE OF CAPITAL AND VOTES ATTRIBUTABLE, SOURCE AND CAUSES FOR ATTRIBUTION

As of 31 December 2021, qualified holdings represented about 19.56% of PHAROL share capital, as follows:

DATE OF INFORMATION	ENTITIES	NO. OF SHARES	% OF CAPITAL	% OF VOTING RIGHTS
31/05/2012	Oi S.A. – Under Judicial Recovery*	89.651.205	10,00%	10,00%
*Telemar was incorporated on May 3, 2021 into Oi S.A..				
	Total attributable	89.651.205	10,00%	10,00%
02/04/2018	Novo Banco S.A.	85.665.125	9,56%	9,56%

For further information on the source and cause of the qualified holdings, please refer to the section called “Qualified Holdings” on the annual management report.

Updated information on qualified holdings in the Company may be consulted at www.pharol.pt and on CMVM website.

8. NUMBER OF SHARES AND BONDS HELD BY THE MEMBERS OF THE MANAGEMENT AND SUPERVISORY BODIES

Regarding this matter, please see item 17 of Part I below.

Members of the supervisory bodies do not hold PHAROL shares.

9. SPECIAL POWERS OF THE MANAGEMENT BODY, NOTABLY AS REGARDS CAPITAL INCREASE RESOLUTIONS

The powers of PHAROL’s Board of Directors are described in item 21 below.

Prior to the resolution of the General Meeting setting parameters for capital reinforcement or reinforcement, PHAROL’s bylaws authorize the Board of Directors, with the favourable opinion of the Fiscal Council, to resolve to increase the capital stock by one or more times, and by cash inflows, in value up to 80,000,000 euros. The total amount of the authorized capital increase includes not only the nominal value of the issue(s) and the issue premium(s). For the calculation of the overall limit of 80,000,000.00, convertible bonds issued under Article 8 of the bylaws shall always be taken into account.

10. SIGNIFICANT COMMERCIAL RELATIONSHIPS BETWEEN OWNERS OF QUALIFIED HOLDINGS AND THE COMPANY

PHAROL does not have significant commercial relationships with holders of any qualifying holdings.

Relevant transactions executed during 2021 with other owners of qualified holdings, who are not related parties, are described in Note 21 the consolidated financial statements included in the Report and Consolidated Accounts 2021. There are no other relevant commercial relations between owners of qualified

holdings and the Company.

B. CORPORATE BODIES AND COMMITTEES

I. GENERAL MEETING OF SHAREHOLDERS

COMPOSITION OF THE BOARD OF THE GENERAL MEETING OF SHAREHOLDERS

The General Meeting of shareholders ordinarily meets once a year or whenever it is requested to the Chairman of Board of the General Meeting of shareholders by the Board of Directors, the Fiscal Council or by shareholders representing at least 2% of the share capital.

Shareholders may participate directly in the General Meeting or appoint their representatives, within the broadest terms provided for under the Portuguese Companies Code, using the form available at www.pharol.pt and the specific information given in the respective notice.

The Compensation Committee is represented in all General Meetings.

The Chairman of the Board of the General Meeting of shareholders is also provided with logistic support as required to carry out his duties, and the shareholders may contact the Board of the General Meeting of shareholders as follows:

Maria de Lourdes Cunha Trigos	Secretary

The members of the Board of the General Meeting of Shareholders were elected on 30 April 2021 to complete the 2021-2023.

EXERCISE OF VOTING RIGHTS

12. POSSIBLE LIMITATIONS ON VOTING RIGHTS

Under the Company's Bylaws, each share grants the right to one vote. Only shareholders entitled to vote on the record date (i.e., on the fifth trading day prior to the General Meeting) and in compliance with the procedures and periods set forth in the notice.

According to article 13 of the Company's Bylaws, the votes cast by a single holder of ordinary shares, directly or through a representative, in his own name or as a representative of another shareholder, that exceed 10% of the total voting rights corresponding to the share capital shall not be counted. Shares held by a person in situations as provided for under article 20 of the Portuguese Securities Code shall be deemed to belong to the shareholder, and the limitation on the counting of votes cast by each person affected by the said provision shall be proportional to the number of votes held and cast.

There are no shares not granting voting rights, without prejudice to the limitations described above.

Pursuant to article 22 of the Securities Code and article 13 of PHAROL's articles of association, Shareholders are granted the right to exercise their voting rights by electronic or postal mail.

In accordance with the Statutes, the terms and conditions for voting by postal or electronic correspondence will be defined by the Chairman of the Board of the General Meeting in the notice, in order to ensure their authenticity, regularity, security, reliability and confidentiality so far of the vote.

The Company Bylaws provide that the voting by postal or electronic mail may encompass all matters contained in the notice, under the terms and conditions set forth therein, and votes cast in this way shall be considered at the time of the counting by adding the same to the voting rights exercised in the course of the General Meeting.

In either case, the authenticity of the vote will be assured before the Chairman of the Board of the General Meeting by means of:

- Signed communication, accompanied by a legible copy of the identification document, in the case of natural persons;
- Communication signed by the legal representative(s) of the entity, accompanied by a legible copy of the identification document of the legal representative(s) and the document proving the legitimacy of the signatory(s) (in the case of legal persons registered in Portugal, it is sufficient to indicate the access code to the permanent certificate of the represented entity);
- Another suitable means of verifying the authenticity of the vote, to be determined by the Chairman of the Board.

In order to guarantee the confidentiality of the vote, the aforementioned communications must be sent in a sealed envelope or to a dedicated email address, which will only be considered at the time of scrutiny of the vote.

With regard to voting by electronic correspondence, and in accordance with the Company's practice, shareholders with the right to vote may exercise it by electronic mail, in compliance with the established requirements, provided that it is up to the time and date set in the notice convening the Meeting. General Meeting, send the ballot papers and voting instructions by this means to the Chairman of the Board of the General Meeting, indicating the email address to which they want the respective ballots to be sent.

Following this request, shareholders will receive a communication containing the email address to be used to exercise their voting rights and an identifier code (password) to be mentioned in the email with which the shareholder may exercise their voting rights.

The ballot paper must contain the digital signature of the shareholder (or respective organic or legal representative) or a simple signature, accompanied by (i) a copy of the identification document of the individual shareholder, or (ii) the identification document of the representative of the legal person, and also, in this case, access code to the permanent certificate of the represented entity (or equivalent document, proving the legitimacy of the representative). As an alternative to sending a copy of the identification document, signatures may be recognized in legal terms.

Pursuant to Article 22-A of the Securities Code, PHAROL will send electronic confirmation of receipt of votes to the person who sent them.

Votes cast by postal or electronic correspondence are considered negative votes in relation to resolution

proposals that may be presented after the respective issuance. The presence at the General Meeting of a shareholder who has exercised the respective right to vote by postal or electronic correspondence, or of his representative, determines the revocation of the vote expressed in that way.

In accordance with the practice adopted by PHAROL, voting by postal mail shall be carried out according to the following procedure:

Shareholders with voting rights may, in accordance with article 22 of the Securities Code, exercise them by postal mail, provided that, by the time and date set in the notice, they send a communication addressed to the Chairman of the Board of the General Meeting, indicating the e-mail address to which they wish to have the ballot papers sent. Shareholders may also withdraw voting papers from the Company's website at www.pharol.pt from the date of the notice.

The duly completed and signed ballot papers, under the terms mentioned below, must be sent in a sealed envelope to the Chairman of the Board

The ballot papers must be signed by the shareholder (or respective organic or legal representative), accompanied by a copy of the shareholder's identification document, in the case of a natural person, or a copy of the identification document of the representative of the legal person, and also, in this case, access code to the permanent certificate of the represented entity (or equivalent document, proving the legitimacy of the representative). As an alternative to sending a copy of the identification document, signatures can be recognized in legal terms.

Without prejudice to obtaining ballot papers via the Internet, ballot papers are available to shareholders at the Company's registered office, and may also be provided by hand delivery, by post or by email.

The deadline for receiving declarations of vote by electronic and postal correspondence, in accordance with the practice adopted by PHAROL, is 3 working days in advance of the date of the General Meeting.

PHAROL's Articles of Association do not provide for any system of highlighting rights of patrimonial content.

Considering the mechanisms of participation and voting in the General Meeting described above, PHAROL promotes shareholder participation, by means of voting by postal or electronic correspondence, by a representative with a power of attorney under the legal and statutory terms. Shareholders are also allowed to participate in General Meetings via videoconference under the terms set out in the notice.

The public calamity situation caused by the COVID-19 pandemic determined the imposition of social distance with the adoption of restrictive measures, namely regarding the gathering and movement of people, as well as safety and hygiene measures aimed at outbreaks of contagion. In this context, and under the terms of the legislation in force and recommendations regarding the holding of general meetings, in 2021, the annual general meeting of PHAROL was held by videoconference, with the Company having adopted the use of voting by electronic or postal correspondence, with safeguarding its authenticity and confidentiality having been ensured until the time of voting. The Company ensured the authenticity of the declarations and the security of communications, registering their content and the respective actors.

13. MAXIMUM PERCENTAGE OF VOTING RIGHTS THAT MAY BE EXERCISED BY A SINGLE SHAREHOLDER OR BY SHAREHOLDERS CONNECTED TO THE FORMER THROUGH ANY OF THE RELATIONSHIPS SET FORTH IN ARTICLE 20.1 OF THE PORTUGUESE SECURITIES CODE

Regarding this matter, please see item 12 of Part I above.

14. SHAREHOLDER RESOLUTIONS WHICH, ACCORDING TO THE BYLAWS, CAN ONLY BE ADOPTED WITH QUALIFIED MAJORITY, APART FROM THOSE LEGALLY PROVIDED FOR

Under article 14 of the Company's Bylaws, the General Meeting of shareholders resolves, on a first or subsequent call, by a majority of votes cast, without prejudice to any qualified majority as required in

cases as provided for by law.

In this way, the constitutive and resolute quorum of the General Meeting of shareholders established under PHAROL's Bylaws is no different from that established under the Portuguese Companies Code.

II. MANAGEMENT AND SUPERVISION

COMPOSITION

15. IDENTIFICATION OF THE CORPORATE GOVERNANCE MODEL

PHAROL follows a governance model, which is based on the existence of a Board of Directors and a Statutory Auditor ("ROC") elected by the General Meeting of shareholders upon a proposal by the Fiscal Council. In 2017, a Managing Director was appointed.

In accordance with the provisions of the company's articles of association, in the event that the Board of Directors appoints a Chief Executive, it may establish, at the same meeting at which it appoints, one or more monitoring committees on certain specific matters. However, given the small size of the company and the close proximity of the Board of Directors in the analysis and knowledge of the various matters relating to it, as well as the high frequency of meetings, there was no need to establish any monitoring committee.

PHAROL's organisation structure further includes a Compensation Committee elected by the General Meeting of shareholders, which is responsible for determining the remunerations of the members of corporate bodies.

The members of the corporate bodies and of the Board of the General Meeting of Shareholders are elected for a three-year term of office, and they may be re-elected one or more times within the limits of the law.

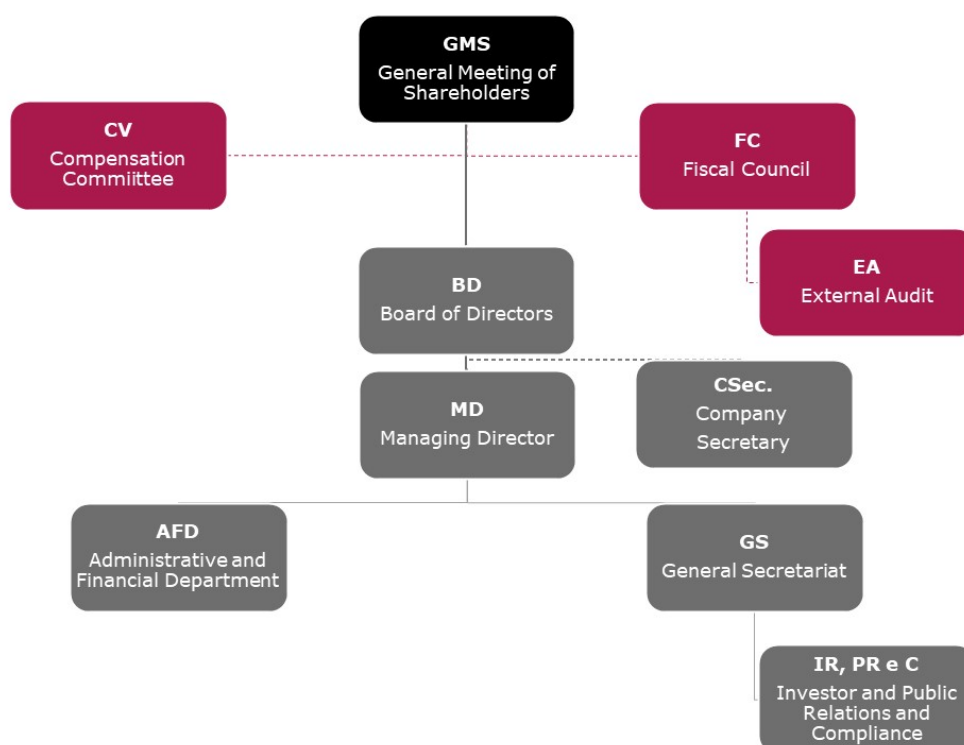

The Fiscal Council, together with the External Audit, performs the supervisory functions that derive from the applicable laws and regulations.

In 2021, PHAROL had as its fundamental objectives the valuation and defense of the value of the assets held by the Company: the shareholding in the Brazilian company Oi and the possible recovery of the credit in the context of the bankruptcy of Rio Forte. In this regard, PHAROL focused on monitoring the evolution of this process in order to be recognized as the creditor of the bankrupt estate to allow the maximum amount to be collected. The Company maintained its focus on reducing operating cost control as well as removing the risks it has faced, many of a legal and legal nature.

To ensure its operational functioning, PHAROL has 7 permanent employees and the support of several external consultants and advisory services in the legal, financial and accounting areas.

In this context of such a reduced structure and dimension, the existence of 6 Directors, of which 3 are independent, from the Supervisory Board and the ROC, seem sufficient to efficiently guarantee the functions that are entrusted to the Company's management, including of risks.

On 31 December 2021, PHAROL's governance model could be schematised as follows:

16. BYLAW RULES ON THE PROCEDURAL AND MATERIAL REQUIREMENTS FOR THE APPOINTMENT AND REPLACEMENT OF THE MEMBERS OF THE BOARD OF DIRECTORS

The members of the Board of Directors are elected by the General Meeting of shareholders as described in item 17 of Part I below.

The Bylaws determine that the absence of any director from more than half the ordinary meetings of the Board of Directors during one financial year, in a consecutive way or not, without a justification acceptable to the Board of Directors, shall be deemed as a definitive absence of such director. Such definitive absence shall be declared by the Board of Directors, and the director in question shall be replaced as provided for by law and the Bylaws.

17. COMPOSITION OF THE BOARD OF DIRECTORS

Under the statutory terms, the Board of Directors is composed of a minimum number of 3 and a maximum of 7 members, elected by the General Meeting.

At the Annual General Meeting of 30 April 2021, six Directors were elected.

The Company is also subject to the provisions of Law no. Pursuant to this law, the proportion of persons of each sex appointed again for each management and supervisory body of each company cannot be less than 20%, from the first elective general meeting after January 1, 2018 and 33.3%, as of the first elective general meeting after January 1, 2020.

PHAROL fully complies with the provisions of the law, integrating in its Board of Directors 3 female directors out of a total of 6 members.

Furthermore, on October 29, 2021, PHAROL approved its 2022 Gender Equality Plan, a document that can be consulted on the Company's website at www.pharol.pt

The directors' term of office is three years, and they may be re-elected one or more times, within the limits provided for by law.

As at 31 December 2021, the Board of Directors had the following composition:

Members (date of first appointment)	Board of Directors	Independence ⁽¹⁾	No. of shares
Luís Maria Viana Palha da Silva (2015)	President	No	200,000
Ana Cristina Ferreira Dias, appointed by Novo Banco, S.A., to exercise the position in her own name (2021)	Member	No	
Avelino Cândido Rodrigues, appointed by Oi, S.A., to exercise the position in his own name (2019)	Member	No	
Maria do Rosário Amado Pinto Correia (2015)	Member	Yes	40
Maria Leonor Martins Ribeiro Modesto (2018)	Member	Yes	
Pedro Zañartu Gubert Morais Leitão (2015)	Member	Yes	

(1) Assessment of independence carried out in accordance with internal regulations and with the provisions of paragraph 5 of article 414 of the Commercial Companies Code and point 18 of the annex to Regulation no. 4/2013 of the CMVM, in accordance with applicable.

The Board of Directors non-executive members are the majority of the directors in office.

The Managing-Director reported on all of the relevant matters to all other members of the Board of Directors.

18. EXECUTIVE AND NON-EXECUTIVE BOARD MEMBERS AND INDEPENDENCE CRITERIA

As referred to in item 17 above, as at 31 December 2021 the Company distinguishes executive and non-executive directors. In the same item, those directors that are considered independent are identified.

As at 31 December 2021, the Board of Directors of PHAROL has 3 independent directors, from among 6 members of the Board.

The number of non-executive and independent directors is adequate in relation to the provisions of Recommendations III.2 to III.4 of the IPCG Code, with a number of directors non-executives who meet the independence requirements of more than 1/3 and meeting the conditions for the effective performance of the Board of Directors in relation to the size of the Company. This ensures strategic decision-making regarding the company's risk profile, constructive supervision of the results achieved, as well as the ability to influence an efficient decision-making process and implement appropriate governance, sustainability and ethical conduct practices.

All directors deemed independent by PHAROL, as of 31 December 2021, as set out in item 17 above, meet the conditions required for the performance of their duties and compliance with their obligations to act diligently and in the interest of the Company in an independent manner. Thus, the Board of Directors considers that the Company's management body includes a number of independent members that is appropriate to its size and shareholder structure.

According to PHAROL's Internal Regulation no. 3/2017, the members of the Board of Directors of the Company, must send to the Chairman of the Board, within 10 business days as from their election or co-optation, and no later than 31 January of each year, declarations prepared in accordance with an Appendix to the said Internal Regulation.

Where the independence situation of any member of the Board of Directors is subsequently changed, the director in question must send to the Chairman of the Board an updated declaration, in the 10 business days following such subsequent change.

The Board of Directors assesses the independence of its non-executive members, on the basis of such declarations, as well as of any other information of which the Board may be aware.

19. PROFESSIONAL QUALIFICATIONS AND OTHER RELEVANT CURRICULUM ELEMENTS OF THE MEMBERS OF THE BOARD OF DIRECTORS

The composition and qualifications of the members of the Board of Directors of PHAROL are defined in the internal regulations of this Board, referred in point 21 of this report.

PHAROL also complies with the CVM, effective on December 31, 2021, and with the balanced representation regime between women and men between the management and supervisory bodies of public sector entities and listed companies, law 62/2017.

In accordance with Recommendation I.2.1., the curricula of the members of this body follow in Annex I, describing the criteria and conditions related to the respective profile, including individual attributes and diversity requirements.

20. FAMILY, PROFESSIONAL OR COMMERCIAL RELATIONSHIPS, FREQUENT AND SIGNIFICANT, OF THE MEMBERS OF THE BOARD OF DIRECTORS WITH OWNERS OF QUALIFIED HOLDINGS ABOVE 2% OF THE VOTING RIGHTS

As at 31 December 2021, no member of the board of directors has no family, professional or commercial relationships, frequent and significant, with owners of qualified holdings above 2% of the voting rights, except:

- Ana Cristina Ferreira Dias, appointed by Novo Banco, SA to exercise the position in her own name, also performs management functions at Novo Banco, SA, an entity to which a qualified holding of more than 2% of the share capital and voting rights is attributable from PHAROL.

21. DISTRIBUTION OF POWERS AMONG THE VARIOUS CORPORATE BODIES, COMMITTEES AND/OR DEPARTMENTS OF THE COMPANY

MANAGEMENT BODY

Board of Directors

Pursuant to the Bylaws, the Board of Directors is the corporate body responsible for managing the

Company's businesses and practicing all acts regarding the corporate scope that are not within the powers of other corporate bodies. It establishes the strategic orientation of PHAROL and monitors the day-to-day management delegated to the Managing Director, designated in 2017 to ensure the existence of a structure more suited to the management needs of PHAROL.

On February 28, 2020, a new regulation of the Board of Directors was approved, governed by the following guidelines:

The Board of Directors will perform its duties in accordance with the corporate interest and with the applicable legal and statutory provisions, taking into account the general objectives and fundamental principles of the Company, the long-term interests of its shareholders and other investors and the sustainable development of the activity corporate structure of the Company and its subsidiary company (ies). Corporate governance should promote and enhance the performance of companies and the capital markets and consolidate the confidence of investors, workers and the general public in the quality and transparency of management and supervision and in the sustained development of society.

The Company's Board of Directors is composed of the members elected in accordance with the applicable legal and statutory provisions framed in an open and transparent culture with respect for diversity.

The Directors, whose profiles will have to correspond to criteria and requirements of technical competence, independence, integrity, loyalty, availability, experience and gender diversity, will develop their respective qualifications, knowledge and experience with a view to the exercise of their duties and competences and the fulfilment respective duties and functions.

2. Regardless of any other powers provided for in the applicable laws and bylaws and of powers delegated to the Managing Director, the Board of Directors is responsible, in particular, for:
 - a) Establishing the general objectives and the fundamental principles of the policies applicable to Company and its subsidiary(ies). These are to be submitted to the General Meeting for approval;
 - b) Approving the general policies and the strategy for the Company and its subsidiary(ies), considering the objectives and principles approved by the General meeting;
 - c) Establishing and deciding on any amendments to the business structure of the Company or of its subsidiary(ies), whenever these do not constitute mere internal restructurings of the Company and/or its subsidiary(ies) that fall within the scope of the general objectives and fundamental principles approved by the General Meeting;
 - d) Deciding on important extensions or reductions in the Company's business activities or in those of its subsidiary(ies);
 - e) Adopting any other decisions deemed strategic for the Company and its subsidiary(ies), taking into account it's the amount, risk or special characteristics involved;
 - f) Evaluating the Company's corporate governance model on an annual basis and disclosing such evaluation in the Annual Governance Report, identifying any constraints on the operation of this model and proposing adequate measures to overcome such constraints;
 - g) Ensuring that the Company has efficient internal control, risk management and internal audit systems;
 - h) Replacing directors who are definitively absent, through co-optation;
 - i) Appoint and establish the day-to-day management skills in the Managing Director, delegating the skills whose inclusion is not prohibited by article 407 of the Commercial Companies Code;
 - j) Annually evaluate itself performance through a self-assessment model, as well as that of the

Managing Director and, if applicable, the performance of its committees, taking into account the fulfilment of the Company's strategic plan and budget, the management of risks, its internal functioning and the contribution of each member to the effect, and the relationship between the Company's bodies and commissions;

- k) Providing for the Company's statutes to limit the number of votes that can be held or exercised by a single shareholder, individually or in consultation with other shareholders, the Board of Directors must promote that, at least every 5 years the amendment or maintenance of this statutory provision is subject to deliberation by the general meeting.
- l) Appointing and removing the General Secretary and the Company Secretary and their alternate(s).

Within the delegation of powers, the Board of Directors assigned the Managing Director all powers necessary for the day-to-day management of the Company, except for those matters that are not delegable pursuant to article 407 of the Portuguese Companies Code listed below:

- a) Selection of the Chair of the Board of Directors;
- b) Co-opting directors;
- c) Request to convene General Meetings;
- d) Annual report and accounts, to be submitted to the General Meeting for approval;
- e) Acquisition, sale and disposal of real estate and capital holdings;
- f) Provision of real or personal sureties or guarantees by the Company, where the competence for this lies with the Board of Directors, without prejudice to the stipulations of sub-paragraph h) of article 15 of the Company's Articles of Association;
- g) Change in the location of the Company's registered offices;
- h) Projects for the merger, demerger or transformation of the company, to be submitted to the General Meeting, or any corporate acquisitions, disposals, mergers, demergers, strategic partnership agreements or other forms of long-lasting cooperation that involve the Company and/or its subsidiary(ies), whenever such operations do not constitute mere internal restructurings of the Company and/or its subsidiary(ies) that fall within the scope of the general objectives and fundamental principles approved by the General Meeting;
- i) Projects for increases in capital, to be submitted to the General Meeting;
- j) Changes to the articles of association, to be submitted to the General Meeting;
- k) Important extensions or reductions in the Company's business activities or important changes to the Company's organizational structure;
- l) Annual business plans, budgets or investment plans;
- m) Setting of the amount to be proposed each year to the General Meeting for the issue of bonds or other securities.

No authority of the Board of Directors is delegated as regards: (i) the determination of the Company's general strategy and policies, and strategic decisions due to their amount, risk or special features, notably, regarding this latter, as a consequence of such matters being reserved to the powers of the Board of Directors pursuant to its Internal Regulation.

Notwithstanding the Fiscal Council's powers, the Board of Directors is also responsible for ensuring the Company practice effective internal control and risk management procedures, in accordance with the rules of procedure. The application structures of these systems are described in C.III of Part I of this report.

Other than any matters excluded by law, the Board of Directors is forbidden from passing resolutions on matters assigned by the Bylaws to the General Meeting of shareholders. Shareholders, in their turn, may only resolve on management matters at the request of the management body.

All members of the Board of Directors take informed decisions on the matters submitted to them.

The Board of Directors during 2021 met with high frequency, having held 12 meetings, between ordinary

and extraordinary meetings.

The Board discussed the main issues relevant to the Company, namely discussing its Strategic Plan and approving the Budget, as well as all other matters of importance to the Company's management. Budgetary deviations and in-depth strategic options were regularly assessed for each of the assets included in PHAROL's portfolio.

The Board of Directors met with the Audit Board whenever necessary or imposed by the rules and regulations and received periodic information notes on the main issues and decisions made by the Chief Executive Officer.

The participation and contribution of all Directors for the evaluation and deliberation of all situations brought to the Board was a constant.

Due to the information received from the Managing Director and the regularity with which the Board met, the Board of Directors has maintained that it is not necessary the creation of any commission.

The Board of Directors maintained a Self-Assessment model, which was guaranteed to be anonymous and confidential, covering a wide range of 21 items.

In this questionnaire were evaluated the composition and decision-making process of the Board of Directors, covering various topics such as the respective size, diversity and independence, quality of the information that allows monitoring its strategic objectives and risk assessment, as well as the quality of the decisions taken and focus on the main issues, within the Council's competence.

In another context, matters relating to the responsibility of the Board of Directors, the role and leadership of the President and the performance of the Secretary Company in terms of supporting the President and the Board itself were evaluated.

Powers of the Chairman of the Board of Directors

Pursuant to the Bylaws and to the Board of Directors' internal operating rules, the Chairman of the Board of Directors is entrusted with the following duties:

- Call and direct the meetings of the Board of Directors;
- Coordinate the activity of the Board of Directors;
- Represent the Council in and out of court;
- Ensure the correct execution of the Board of Directors' resolutions;
- Represent the Board of Directors and promote communication between the Company and its shareholders.

Managing-Director

Since 2017, the Board of Directors delegated on a Managing-Director the daily management of the Company, according to the respective delegation of powers, retaining supervision and control functions.

In 2020, a new regulation of the Managing-Director was approved, which has a description of his powers and delegation of powers.

Within the scope of these Regulations, it is incumbent upon the Managing-Director to decide the instructions or guidelines to be given by the Company to the directors of its subsidiary companies, regarding the matters

referred to in its delegation of powers, under the terms and in compliance with the provisions of the applicable law.

Powers of the Managing Director

1. The Managing Director is responsible for the management of the daily management of the Company, in accordance with the terms of the Portuguese Companies Code and the Bylaws.
2. Within the quantitative limits established by the Board of Directors, it is the responsibility of the Chief Executive Officer, namely:
 - a) propose to the Board of Directors the goals and management policies of the Company;
 - b) prepare annual activity and financial plans;
 - c) manage the social affairs and practice all acts and operations related to the corporate purpose that do not fit in the competence attributed to other Bodies of the Company;
 - d) represent the Company in and out of court, actively and passively, being able to withdraw, compromise and confess in any lawsuits, as well as to conclude arbitration agreements;
 - e) to resolve on the issue of bonds and other securities in accordance with the Bylaws;
 - f) establish the technical and administrative organization of the Company and the internal rules, namely on personnel and their remuneration;
 - g) to establish representatives with the powers they deem appropriate, including those to be replaced;
 - h) exercise the other powers attributed to it by law or by the General Meeting.

SUPERVISORY BODIES

Constitutive quorum for the General Meeting of Shareholders

The PHAROL's Bylaws do not establish a constitutive quorum higher than that established by law.

Where an amendment to the Bylaws is at issue, the General Meeting of shareholders may only resolve on a first call, if shareholders owning shares corresponding to at least one-third of the share capital are present or represented. On a second call, no such requirement exists, and the General Meeting may resolve on any matter whatever the number of shareholders present.

Resolution quorum for the General Meeting of Shareholders

The PHAROL's Bylaws do not establish a resolution quorum higher than that established by law.

Decisions regarding the amendment of the Bylaws must be approved by a minimum of two thirds of the votes cast, whether the General Meeting meets first or second call, unless, in the latter case, shareholders holding at least half of the share capital, and such resolutions may then be taken by a majority of the votes cast (paragraphs 3 and 4 of article 386 of the Portuguese Companies Code).

By resolution of the Board of Directors, the Company may move its headquarters to any other location in the national territory, as well as create and maintain, anywhere in the national territory, or outside it, agencies, delegations or any other form of representation, which will determine the necessary amendment to the Statutes.

The Board of Directors may also, with the favorable opinion of the Supervisory Board, resolve to increase the share capital, prior to a resolution by the general meeting, which will determine changes to the Company's Articles of Association.

II. WHISTLEBLOWING

49. WHISTLEBLOWING

In 2016, PHAROL revised a set of procedures called regarding to the rules and the procedure to adopt in the System for Disclosure of Unethical Practices or Whistleblowing.

Within Whistleblowing, "Unethical Practices e/or irregularities" mean all acts or omissions, wilful or negligent, performed within the activities of the companies pertaining to PHAROL, that may have an impact on the financial statements or information sent to the Portuguese regulatory authority, CMVM, or those that cause damage to PHAROL's assets and reputation.

Suitable safety measures were implemented for the protection of information and data contained in communications. In particular, restricted access will be guaranteed, from a physical and logical perspective to the System servers, and the means for gathering and filing information must be exclusive to the System.

Both confidentiality of the communication and anonymity of the person reporting will be ensured at all times, unless the person concerned unequivocally intends and declares otherwise.

In no case is any kind of retaliation against those that make the said communications tolerated.

Disclosure of Unethical Practices (Whistleblowing) is available on the Company's website

III. INTERNAL CONTROL AND RISK MANAGEMENT

Internal Control System

The Internal Control System implemented at PHAROL was based on an internationally acknowledged model – COSO (Committee of Sponsoring Organisations of the Treadway Commission) – making use of the layers established according to such model, notably: (i) Entity Level Controls; (ii) IT Level Controls; and (iii) Process Level Controls.

PHAROL designed a manual and implemented controls for the most representative business cycles within the Company. As to lesser business cycles, and within the framework of improvement of internal control and risk management environment, PHAROL defined a set of minimum internal control requirements.

PHAROL's internal control manual and most relevant business cycles may be summarised in the table below:

The identification and design of the controls that are relevant to financial reporting, whether preventive, detective or corrective, are documented in the proper manual according to the layers established by COSO. The manual is revised where changes in the processes occur or periodically, in order to attest their adhesion to the reality of PHAROL's operations.

Currently, PHAROL has already identified around 49 controls, of which 31 are considered as key controls.

The internal control system is checked by the External Auditors and the External Auditors also verify the implementation of remuneration policies and systems in force in the Company.

50. PERSONS, BODIES OR COMMITTEES RESPONSIBLE FOR INTERNAL AUDITING AND/OR IMPLEMENTATION OF INTERNAL CONTROL SYSTEMS

The Fiscal Council monitors PHAROL permanently as follows:

- a) evaluate internal procedures for accounting and auditing matters;
- b) assess the effectiveness of the Risk Management System regarding tax, legal, economic and financial aspects;
- c) evaluate the effectiveness of the internal control system;
- d) review the External Audit function.

The internal control system is monitored by the Board of Directors, which identifies the risks of the company, the results of the risk management process, the materiality level of financial reporting and proposes the implementation of measures.

Given the size of the company, is not implemented an internal audit system and these activities are ensured when necessary by the External Auditor.

51. HIERARCHICAL AND/OR FUNCTIONAL DEPENDENCE RELATIONS VIS-À-VIS OTHER CORPORATE BODIES OR COMMITTEES

The annual plan in respect of the External Audit and Risk Management function, in which the audits to be carried out and their scope are defined, is annually approved by the Managing Director and informed to the Fiscal Council of PHAROL. The objective of these audit procedures is to ensure that internal control mechanisms are in place to ensure the reliability and integrity of financial and operational reports, operational efficiency and compliance with applicable laws and regulations.

The progress of the execution of the annual audit plan as defined, as well as the aggregate results of audits carried out, are reported to the Fiscal Council and to Managing Director for the follow-up of the progress of the internal control and risk management system and definition of action plans for mitigation and resolution of risks detected.

52. OTHER FUNCTIONAL AREAS HAVING RISK CONTROL POWERS ROLE

Risk Management is promoted by the Board of Directors and the Managing Director in such a way as to identify, assess and manage uncertainties, threats and opportunities that might affect the pursuance of the plan and strategic goals, to decide on the level of exposure and overall risk limits to be undertaken by PHAROL in its different activities and to ensure that management risk policies and procedures are followed.

PHAROL risk level results from the degree of the Board's acceptance for risk, which is kept within limits according to criteria as agreed between the Board of Directors, the Managing Director and the Fiscal Council, this latter under legal terms, responsible for evaluating the effectiveness of the Risk Management System under the fiscal, legal, economic and financial viewpoint.

Risk Management is entrusted to the Board of Directors, performed by the Managing Director, although it depends on the supervision of the Fiscal Council.

53. MAIN ECONOMIC, FINANCIAL AND LEGAL RISKS TO WHICH THE COMPANY IS EXPOSED IN THE CONDUCT OF ITS BUSINESS

Among the various risks that may adversely affect the business of PHAROL, the following should be highlighted:

Macro Risk	Sub-Risk	Risk Factors	Mitigation Measures
Economic Risks	Oi's Performance	Now with Oi in day-to-day management (although still formally in Judicial Reorganization) and in the implementation of its Strategic Plan, the main risk that PHAROL is subject to through Oi is Oi's financial and operational performance, namely from its ability to execution of the asset sale plan and to generate results and cash flow and to pay dividends. Consequently, PHAROL's performance through Oi is also subject to and dependent on the performance of the Brazilian economy.	Monitoring of the Judicial Recovery process and all the daily information of Oi, Telco & Brazil. PHAROL also evaluates and analyzes Oi's investment every six months.
	COVID-19	PHAROL is subject to the potential economic shocks that a pandemic can cause in the economies in which society operates and may have a direct effect on the market value of the assets in which PHAROL has a stake.	PHAROL monitors the evolution of the pandemic crisis on a daily basis.
	Information Security	PHAROL is exposed on a daily basis to security risks, including the availability, integrity and confidentiality of the information.	PHAROL has implemented backup, firewall and antivirus procedures in its systems, as well as building security, in order to mitigate risks related to information security.
Financial Risks	Exchange Rates	Exchange rate risks are essentially related to PHAROL's investments in Oi (Brazil). Any exchange rate variations that may occur in the real against the euro affect the appreciation of the shares held by PHAROL and the operation of the subsidiary in that country, thus affecting PHAROL's results and equity. The Company has no policy of covering the value of the financial investment.	The Company, in order to reduce exchange rate risk, can hedge its position using derivatives for which there is a market, however, it currently does not have a policy to cover the value of the financial investment.
	Interest Rate	Interest rate risks basically relate to financial expenses and the floating interest rate debt and cash applications. PHAROL is indirectly exposed to this risk specially in Brazil. It should be noted that PHAROL has no bank debt as of December 31, 2021. Market interest rates also affect the discount rates used for impairment testing to the various assets of the company.	On December 31, 2021 PHAROL has no debt.

Legal Risks	Treasury Applications	PHAROL is mainly subject to credit risks in its treasury applications. In order to dilute these risks, in July 2014 the Board of Directors defined a policy for treasury applications and this policy has reviewed in 2019.	There is a policy for treasury applications.
	Default by Rio Forte as to the reimbursement of the instruments that PHAROL holds following the execution of the Exchange	The Rio Forte Instruments currently held by PHAROL are not guaranteed by assets. Therefore, even if there are amounts available for reimbursement by Rio Forte's creditors, PHAROL's right to reimbursement will be shared pro rata with Rio Forte's other unsecured creditors and only after the reimbursement of all debts to any secured creditors and, confirmation of credit validation. PHAROL annually evaluates this instrument, with monitoring by the Supervisory Board, External Audit and Statutory Auditor.	Annual evaluation of this instrument, with validation by the Supervisory Board and External Audit and closely monitoring the Rio Forte insolvency process taking place in Luxembourg
	Court proceedings	The Board of Directors subcontracts the risk analysis of legal proceedings to external lawyers and consultants, in order to know, for each one, what is their assessment of PHAROL's liability (probable, possible or remote occurrence), the status of the process, the amounts involved, provisioned and paid and what steps to take in defense of PHAROL's interests.	Risk analysis of lawsuits.
	Disputes or investigations triggered under the Rio Forte Instruments or the Business Combination	PHAROL may incur liability in connection with future litigation or other proceedings and incur defense costs in such litigation or other proceedings. Any liability incurred may adversely affect PHAROL's financial condition.	PHAROL has hired a team of Luxembourgish lawyers specialized in insolvency proceedings to ensure the closest possible monitoring of the Rio Forte Instruments. It also has other legal advisors in Portugal who follow the Business Combination with Oi from the beginning and, whenever necessary, request legal advice from specialists in Brazilian law.
	Tax contingencies	According to the contracts signed with Oi, it is incumbent upon Oi to pay the liabilities resulting from tax contingencies arising up to 5 May 2014, despite the fact that PHAROL is also jointly liable.	Quarterly monitoring and analysis of the tax consultants' report on the status of Oi's processes and the quality of the counter-guarantees provided by Oi.

54. RISK IDENTIFICATION, ASSESSMENT, MONITORING, CONTROL AND MANAGEMENT PROCEDURE

Risk Management Procedure

The Risk Management procedure implemented in PHAROL is based on an internationally acknowledged

methodology – COSO II, developed by the Committee of Sponsorship Organisations of the Treadway Commission. This approach is based on the identification and analysis of key value drivers and uncertainty factors that might affect value generation and compliance with the plan and strategic goals.

PHAROL's priority commitment consists in the implementation of mechanisms for assessment and management of risks that might affect its operations. Such mechanisms are based on an integrated transversal risk management model, which seeks to ensure, implementation of good corporate governance practices and transparency in communication to the market and shareholders.

The whole process is monitored and supervised by the Fiscal Council. Within the functions of this body regarding the supervision of the efficiency of the risk management system, we point out the analysis of the quality, integrity and effectiveness of the risk management system and internal control system, including the annual review of its adequacy and effectiveness, and generally monitoring the execution of the functions performed by the Managing Director.

Risk Management Methodology

Considering PHAROL's need for clear assessment and management mechanisms for the risks affecting its businesses, the following components were defined in the implementation of the risk assessment and management procedure:

- **Risk Typology**, which defines the risk factors that might generally affect PHAROL.
- **Economic Risks**: reflect the risks from the macroeconomic environment as well as the impact of entities and assets not controlled by PHAROL;
- **Financial Risks**: associated to the PT SGPS' financial performance and to the transparency in its communication to the market;
- **Legal Risks**: result of past situations, current and future associated with hiring, assumption of rights and responsibilities and relationships with regulators and authorities.
- **Risk Management**, which formalizes the analysis of processes and procedures, the mitigation and reporting of relevant risks.

Identified risks

The table below shows the risks currently identified at the level of the Risk Management Model of PHAROL on which all risk management procedures are developed.

Economic Risks	Oi's Performance
	COVID-19
	Information Security
Financial Risks	Exchange rates
	Interest rates
	Credit
	Liquidity
	Default by Rio Forte as to the reimbursement of the instruments that PHAROL holds following the execution of the Exchange
Legal Risks	Agreements with Oi / Business Combination
	Court proceedings
	Disputes or investigations triggered under the Rio Forte Instruments or the Business Combination

Risk assessment

In its risk assessment, the Board of Directors and Managing Director considers the existence of predictable and unpredictable events. While most events are recurrent and have already been dealt with in already prepared management programs and budgets, there are events that are often unpredictable. The Board of Directors and Managing Director assesses the risks that may cause a significant impact on the Company, taking into account both the inherent risk of materialization of the risk and the residual risk (the risk that still exists after measures have been taken by the Board of Directors and the Managing Director).

Risk monitoring, control and management

The Board of Directors allocates responsibilities to the Managing Director in order to formalise procedures that are aligned with the strategy and exposure level/risk tolerance determined for PHAROL, in such a way as to identify:

- Monitoring procedures to mitigate for each risk, according to the risk management strategy adopted by the Board of Directors and supervised by the Fiscal Council;
- Disclosure and reporting procedures for information issued regarding the risk management procedure.

Operational implementation of the risk management methodology is an interactive cyclical process that may be summarised in the following table:

Risk Management Methodology	
Board of Directors	Identifies main risks affecting PHAROL; Decides on action and prioritisation of mitigating actions.
Managing Director	Implement policies and controls in accordance with the strategy set by the Board of Directors. Monitors the implementation of controls.
Fiscal Council	Supervises and evaluates risk management model; Proposes improvements & changes to model; Reviews the main risks.

55. MAIN ELEMENTS OF INTERNAL CONTROL AND RISK MANAGEMENT SYSTEMS IMPLEMENTED IN THE COMPANY IN CONNECTION WITH THE FINANCIAL INFORMATION DISCLOSURE PROCEDURE

The wider scope of the internal control system implemented by PHAROL includes existing controls both as to the accuracy and completeness of disclosures and as to compliance thereof with the Company's financial information. At the beginning of the process, the Managing Director, together with the Company services, the External Auditor and the Statutory Auditor, establish a timeline for the process and identify the participants/responsibility aimed at the preparation/disclosure of the financial information.

Before approval by the Board of Directors and by the Managing Director, financial information disclosures are submitted to the Fiscal Council within the context of the Company's governance model. Both the Board's approval and the Fiscal Council's opinion are preceded by a set of validation and accuracy procedures carried out by the Company services.

IV. INVESTOR SUPPORT

56. INVESTOR SUPPORT OFFICE, COMPOSITION, DUTIES, INFORMATION PROVIDED BY THE SAME AND CONTACT DETAILS

It is PHAROL's policy to supply clear and transparent information, on a regular basis, to its shareholders and other members of the financial community.

The purpose of the Investor Relations Office consists in ensuring adequate relations with shareholders, investors, analysts and financial markets in general, in particular with the Markets and Stock Exchanges where PHAROL is listed and the respective regulatory entity: CMVM.

PHAROL regularly prepares communications and press releases on interim and annual results, as well as any inside information affecting the Company. It also provides all sorts of clarifications to the financial community in general – shareholders, investors and analysts.

The financial information that is disclosed is previously audited and validated by the External Auditors and by the Management and Supervisory Bodies.

In addition, material information in relation to its activity or to the securities issued is disclosed immediately and publicly, and shareholders and other stakeholders may access it through the company's website.

D. REMUNERATION

I. COMPETENCE FOR DETERMINATION

66. COMPETENCE FOR THE DETERMINATION OF THE REMUNERATION OF CORPORATE BODIES, MEMBERS OF THE EXECUTIVE COMMITTEE OR MANAGING DIRECTOR AND COMPANY OFFICERS

The Compensation Committee is elected by the shareholders at a General Meeting and serves the purpose of defining the remuneration policy of the members of the corporate bodies, determining the remunerations applicable and taking into consideration the performance and the economic position of the Company.

For the completion of this task, the Compensation Committee continuously follows up and evaluates the directors' and the Company's performance, checking the extent to which the proposed targets have been achieved. The Compensation Committee meets whenever necessary.

Within the delegation of powers, the remuneration policy applicable to the PHAROL's officers is determined by the Managing Director.

II. COMPENSATION COMMITTEE

67. COMPOSITION OF THE COMPENSATION COMMITTEE, INCLUDING THE IDENTIFICATION OF THE PERSONS OR CORPORATIONS HIRED TO SUPPORT IT AND INDEPENDENCE STATEMENT REGARDING EACH OF ITS MEMBERS AND CONSULTANTS

On December 31, 2021, the following members of the Remuneration Committee (also known as the Remuneration Committee) were elected:

- António Sarmento Gomes Mota
- Francisco José Queiróz de Barros Lacerda
- Pedro Miguel Ribeiro de Almeida Fontes Falcão

Notwithstanding the necessary articulation of this committee with the Board of Directors, the composition of the Compensation Committee seeks to obtain the highest possible level of independence of its members from the members of the management body.

No member of the Compensation Committee is a member of any corporate body or committee within the Company, and no member of the Compensation Committee has any family connection to any member of the management body by way of marriage, kindred or affinity in a direct line and up to and including the third degree.

68. KNOWLEDGE AND EXPERIENCE OF THE MEMBERS OF THE COMPENSATION COMMITTEE IN THE MATTER OF REMUNERATION POLICY

All members of the Compensation Committee have knowledge and experience in the matter of remuneration policy. Some of them belong or have belonged to compensation committees of other listed companies. Appendix I hereto sets out the most relevant curriculum elements of the members of the Compensation Committee.

III. REMUNERATION STRUCTURE

69. DESCRIPTION OF THE REMUNERATION POLICY FOR THE MEMBERS OF THE MANAGEMENT AND SUPERVISORY BODIES

The remuneration policy for executive and non-executive members of the Board of Directors (such policy including the members of the supervisory body) in force during the 2021 financial year is described on the statement of the Compensation Committee on this matter as approved by the Annual General Meeting of Shareholders on April 30, 2021, under the terms provided for in Law no. 50/2020, of August 25th.

Such declaration is reproduced in Appendix II hereto.

At the same time, the remuneration policy applicable to non-executive members of the Board of Directors does not include any variable component, i.e., the value of which dependant on the performance of the Company or its value.

70. INFORMATION ON HOW THE REMUNERATION IS STRUCTURED IN ORDER TO PERMIT THE ALIGNMENT OF THE DIRECTORS' INTERESTS WITH LONG TERM INTERESTS OF THE COMPANY, AS WELL AS HOW THE REMUNERATION IS BASED ON PERFORMANCE AND DISINCENTIVES EXCESSIVE RISK TAKING

There are no agreements that establish a right to compensations upon removal without just cause of a director, other than the ones provided by law.

84. AGREEMENTS WITH MEMBERS OF THE BOARD AND OFFICERS PROVIDING FOR COMPENSATION IN THE EVENT OF TERMINATION OF OFFICE FOLLOWING A CHANGE OF CONTROL

There are no agreements between PHAROL and the members of the management body or officers providing for compensation in the event of resignation, removal without just cause or termination of employment relationship following a change of control in the Company.

VI. SHARE ALLOTMENT OR STOCK OPTION PLANS

The information set forth in **items 85 to 87** of the form attached to CMVM Regulation no, 4/2013 is not applicable to PHAROL, as during the 2021 financial year, the Company did not adopt any share allotment or share call option plans, nor did any such plans remain in force, in regard to PHAROL directors, employees or any third parties.

88. CONTROL MECHANISMS PLANNED FOR ANY EMPLOYEE CAPITAL HOLDING SYSTEM TO THE EXTENT THAT VOTING RIGHTS ARE NOT EXERCISED BY SUCH EMPLOYEES

Not applicable, since there is no system specifically providing for any share capital holding by employees in the Company.

E. RELATED PARTY TRANSACTIONS

I. CONTROL MECHANISMS AND PROCEDURES

89. MECHANISMS IMPLEMENTED BY THE COMPANY TO CONTROL RELATED PARTY TRANSACTIONS (IAS 24)

In order to ensure compliance with PHAROL's obligations, internal control procedures are adopted to (i) identify and ensure the transparency of the decision-making process related to transactions with related parties and/or with shareholders with qualified participation, (ii) determine the transactions whose disclosure is mandatory or relevant, and (iii) establish internal responsibilities in relation to the identification of related parties and transactions carried out.

For this purpose, it is mandatory to comply with the following provisions of the internal regulations regarding the transactions of PHAROL, SGPS S.A. (PHAROL) and respective subsidiaries with related parties and shareholders with qualified participation:

1. General principles regarding transactions with related parties and shareholders holding qualified participation

- 1.1. Without prejudice to the provisions in the following sections, transactions with PHAROL related parties or with shareholders holding qualified participation must be carried out within the scope of PHAROL's current activity and under market conditions.
- 1.2. In any case, no main corporate member or key collaborator can authorize transactions with himself, with any of his family, with any entity under his control or with an entity under the control of his family.

2. Transactions with related parties and shareholders holding qualified participation subject to a resolution by the Board of Directors preceded by an opinion by the Fiscal Council

- 2.1. The following are subject to deliberation by the Board of Directors, preceded by the opinion of the supervisory board:
 - a) transactions by PHAROL or its subsidiaries to be carried out with members of the Board of Directors of PHAROL, regardless of the respective amount, under the terms of article 397/2 of the Portuguese companies code;
 - b) transactions with related parties that do not meet the requirements set out in paragraph 1.1 above.
 - c) PHAROL transactions or its subsidiaries to be carried out with shareholders with qualified participation or entities that are in one of the relationships provided for in article 20 of the securities code, or respective renewals, whose aggregate value per entity is greater than euro 1,000 .000

(one million euros) per year;

d) transactions of PHAROL or its subsidiaries with related parties, or respective renewals, whose aggregate value per entity is greater than euro 200,000 (two hundred thousand euros) per semester;

e) other transactions that, due to their relevance, the Board of Directors intends to submit to this procedure.

2.2. The decision of the Board of Directors provided for in the preceding paragraph must include in particular the reasoning as to the fair and reasonable nature of the transaction from the point of view of PHAROL and of the shareholders who are not related parties, including minority shareholders, also making reference to the sense of the Fiscal Council's opinion.

2.3. The transaction proposals to be submitted to the Board of Directors must be substantiated, referring to the fair and reasonable nature of the transaction from the point of view of PHAROL and the shareholders who are not related parties, including minority shareholders.

2.4. The request for an opinion from the supervisory body must be accompanied by: (i) sufficient information on the characteristics of the transaction, namely from a strategic, financial, legal and fiscal point of view, (ii) information on the nature of the relationship between the PHAROL, or its subsidiaries, and the counterparty in question, (iii) financial procedures and terms agreed within the scope of the transaction, (iv) evaluation procedure adopted and respective assumptions, including prices used as a reference, (v) contracting process and (vi) the impact of the transaction on the financial situation of the PHAROL group.

2.5. The information referred to in the previous number must be provided by the transaction proponent.

2.6. The approval of the transactions provided for in number 2.1 / c) and d) above, depends on confirmation, in the opinion of the fiscal council, that, given the reasoning presented, the nature of the counterparty does not influence the decision to contract and the terms and conditions agreed.

2.7. At meetings of the Board of Directors for approval of half-yearly and annual financial information, the supervisory body informs the Board of Directors of the opinions issued in the immediately preceding period.

2.8. When the execution of any of the transactions provided for in paragraph 2.1 implies the successive performance of several operations in which the second and the following are mere acts of execution of the first, the approval procedure will only apply once.

3. Other related party transactions

3.1. Considering the provisions of paragraph 1.2 above, in cases not subject to deliberation by the Board of Directors, the approval of the transaction is the responsibility of a member with an equivalent or higher position in the hierarchy of the PHAROL group that ensures the independence of the decision process on the transaction, the provisions of paragraphs 2.2 (regarding the grounds for the decision), 2.3 (regarding the grounds for the proposal) and 2.8 above (regarding mere execution acts) being correspondingly applicable.

3.2. Transactions approved or to be approved under the terms of the previous number are subject to internal reporting to PHAROL's Board of Directors if:

a) The accumulated annual amount of the transaction corresponds to at least euro 100,000 (one hundred thousand euros);

b) In the case of a loan, investment or other form of advance of funds (regardless of guarantees).

3.3. Proposals for transactions that do not correspond to normal market conditions for similar transactions cannot be approved, being sent to the Board of Directors for compliance with the provisions of section 2 above.

4. Exemption

4.1. Transactions with related parties or with holders of qualified participation relating to:

- a) purchases of goods or provision of contracted services in compliance with the internal rules regarding purchases, suppliers and service providers that are in force at the time of contracting;
- b) banking operations of PHAROL and subsidiaries, such as collection, payment, deposits and other financial investments, short and medium term financing operations, issuance of commercial paper, foreign exchange operations, hedging derivatives and bank guarantees provided they do not exceed the aggregate value of euro 300,000 (three hundred thousand euros) per year;
- c) where the consideration is determined based on official quotations (for example, contracts on exchange rates or interest and commodities), if the agreed intervals correspond to normal market practices;
- d) where the consideration is determined on the basis of tariffs or fees fixed by the competent regulatory authorities.

4.2. The following transactions are also exempted from the approval procedure provided for in section 2 above:

- a) transactions carried out between companies in a controlling or group relationship with PHAROL or between these and PHAROL;
- b) the payment by the PHAROL group of the remuneration of the main corporate members and key employees for the exercise of their functions;
- c) operations accessible to all employees or shareholders of the PHAROL group under equivalent conditions;
- d) the contracting of technical services, namely legal or tax consultancy, whenever the approval procedure provided for in this article may compromise their timely provision, taking into account the specificity of the services to be provided, namely taking into account the qualifications and degree of knowledge required for the provision of the services in question, as well as the deadline for their execution;
- e) transactions that constitute the execution of transactions already contracted under general contracts already in force at PHAROL group.

5. Public disclosure of transactions with related parties and / or with shareholders holding qualified participation

- 5.1. Transactions with related parties whose value is equal to or greater than 2.5% of PHAROL's consolidated assets and which are not carried out within the scope of its current activity and under market conditions are subject to public disclosure.
- 5.2. The disclosure referred to in the previous number must be made no later than the moment of the transaction, containing at least: (i) the identification of the related party, (ii) information about the nature of the relationship, (iii) the date and amount of the transaction, (iv) justification as to the fair and reasonable nature of the transaction, from the point of view of PHAROL and of the shareholders who are not related parties, including minority shareholders and (v) the sense of the opinion of the fiscal council , whenever this has been negative.
- 5.3. Transactions between related parties and any PHAROL subsidiary whose value is equal to or greater than 2.5% of the company's consolidated assets and which are not carried out within the scope of current activity and in market conditions.
- 5.4. Without prejudice to the case-by-case analysis of the specific transaction in the light of accounting, legal and regulatory rules, the other transactions provided for in paragraph 2.1 above and those

subject to internal reporting, are also considered relevant for the purposes of weighting the disclosure to the market. Of paragraph 3.2 above.

- 5.5. The provisions of the preceding paragraphs do not prejudice the fulfillment of the obligations of mandatory disclosure of privileged information, under the legal terms.
- 5.6. Transactions with the same related party entered into during any 12-month period, or during the same year, and which have not been published are aggregated for this purpose.

6. Non-submission and exemption from public disclosure

- 6.1. Without prejudice to the provisions of paragraphs 5.4, 5.5 and 5.6, the transactions provided for in paragraph 4.1 above and those that do not reach the quantitative limit provided for in paragraphs 5.1 and 5.3 are not subject to public disclosure.
- 6.2. The following are exempt from the legal obligation of public disclosure:
 - a) Transactions carried out between PHAROL and its subsidiaries, provided that they are in a controlling relationship with the company and no party related to PHAROL has an interest in that subsidiary;
 - b) Transactions related to directors' remuneration, or to certain elements of that remuneration;
 - c) the transactions proposed to all shareholders under the same terms in which the equal treatment of all shareholders and the protection of the interests of the company are ensured;
 - e) transactions that constitute a mere execution of transactions already disclosed under this provision.

Responsibilities for the identification and disclosure of transactions with related parties and / or with qualified participation holders

For the purposes of internal control of transactions with related parties and / or with holders of qualified participation, a division of powers and responsibilities is established within the PHAROL group.

90. TRANSACTIONS SUBJECT TO CONTROL

In 2021, there were no transactions subject to the rules described in paragraph 89.

91. INTERVENTION OF THE SUPERVISORY BODY IN THE PRIOR EVALUATION OF TRANSACTIONS WITH OWNERS OF A QUALIFIED HOLDING

In this respect, reference is made to point 89 of Part I above.

II. TRANSACTION DETAILS

92. LOCATION, IN THE ANNUAL FINANCIAL STATEMENTS, WHERE INFORMATION ON RELATED PARTY TRANSACTIONS, IN ACCORDANCE WITH IAS 24, IS AVAILABLE

Information on related party transactions is available on Note 19 to the consolidated financial statements for the year 2021. There were no transactions with related parties to disclose in respect of the fiscal year ended on 31 December 2021.

Information on the transactions executed during the fiscal year ended on 31 December 2021 with owners of qualified holdings who are not related parties in accordance with IAS 24 is available in Note 212 to the consolidated financial statements for the year of 2021.

PART II – CORPORATE GOVERNANCE EVALUATION

1. IDENTIFICATION OF THE CORPORATE GOVERNANCE CODE ADOPTED

As previously mentioned, the Company has adopted the Corporate Governance Code of IPCG, ensuring an adequate level of protection of shareholders' interests and transparency of Corporate Governance.

PHAROL is also subject to other internal standards adopted in its corporate governance structure such as various internal rules of conduct and transparency, specifically the Code of Ethics and Conduct, the Rules on Management Transactions, Related Party Transactions and Transactions with Qualified Holders.

PHAROL, held in 2021 the management model delegating the day-to-day management to Managing-Director.

2. STATEMENT OF COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE ADOPTED

PHAROL complies with the recommendations set out in the IPCG Corporate Governance Code, which entered into force on January 1, 2018, reviewed in 2020.

Within this context, PHAROL's corporate governance model and principles:

- Observe all legal rules of a binding content applicable to the Classic-type corporate governance model as provided for under article 278,1(a) of the Portuguese Companies Code;
- Take in a significant set of recommendations and best practices in this field as established under the IPCG Code, duly substantiating duly its corporate governance options in accordance with the "comply or explain" principle.

PHAROL adopts the recommendations of the Corporate Governance Code of the Portuguese Institute of Corporate Governance ("CGS IPCG") in the revised version in 2020, available through the link:

The items in Part I of this Corporate Governance Report that contain a description of the measures taken by the Company for compliance with the IPCG Recommendations are identified hereunder.

RECOMMENDATION ACCORDING TO THE MULTIPLE RECOMMENDATIONS TABLE	Compliance	Report
I. GENERAL PROVISIONS		
I.1. Company's relationship with investors and disclosure		
I.1.1. The company must establish mechanisms that ensure, in an appropriate and rigorous form, the timely disclosure of information to its governing bodies, shareholders, investors and other stakeholders, financial analysts and the market in general.	Complied	Items 56, 58 and 59
I.2. Diversity in the composition and functioning of the company's governing bodies		
I.2.1. Companies must establish criteria and requirements related to the profile of new members of corporate bodies appropriate to the function to be performed, and, in addition to individual attributes (such as competence, independence, integrity, availability and experience), these profiles must consider diversity requirements, paying particular attention to gender, which can contribute to the	Complied	Items 19, 21 and Appendix I

improvement of the organ's performance and to the balance in its composition.		
<p>I.2.2. (1) The management body must have internal regulations - namely on the exercise of the respective attributions, chairmanship, frequency of meetings, operation and duties of its members - fully disclosed on the company's website.</p> <p>I.2.2. (2) Idem in relation to the supervisory body.</p> <p>I.2.2. (3) Idem applies to internal commissions.</p> <p>I.2.2. (4) Minutes of the meetings of the management body must be prepared.</p> <p>I.2.2. I.2.4. A whistleblowing policy should be adopted to ensure the appropriate means for communicating and handling them, safeguarding the confidentiality of the information transmitted and the identity of the notifier, whenever requested.	Complied	Items 21 and 49
I.3. Relationship between corporate bodies		
I.3.1. The bylaws or other equivalent measures adopted by the company must establish mechanisms to ensure that, within the limits of the applicable legislation, members of the management and supervisory bodies are permanently guaranteed access to all information and employees of the company for the assessment of performance, the situation and the prospects for the development of the company, including, in particular, the minutes, the documentation to support the decisions taken, the notices and the archive of the meetings of the executive management body, without prejudice to access to any other documents or persons to whom clarifications may be requested.	Complied	Items 22, 34 and 61
I.3.2. Each company body and committee must ensure, in a timely and appropriate manner, the flow of information, from the beginning of the respective notices and minutes, necessary for the exercise of the legal and statutory powers of each of the other bodies and commissions.	Complied	Items 22, 34 and 61
I.4. Conflicts of interest		
I.4.1. By internal regulation or equivalent, the members of the management and supervisory bodies and internal commissions are bound to inform the respective body or commission whenever there are facts that may constitute or cause a conflict between their interests and the social interest.	Complied	Items 22, 34 and 89
I.4.2. Procedures should be adopted to ensure that the member in conflict does not interfere in the decision-making process, without prejudice to the duty to provide information and clarifications requested by the body, the committee or the respective members.	Complied	Items 22, 34 and 89

I.5. Related party transactions		
I.5.1. The management body must disclose, in the government report or in another publicly available way, the internal procedure for verifying transactions with related parties.	Complied	Items 21 and 89
I.5.2. The management body must communicate to the supervisory body the results of the internal procedure for verifying transactions with related parties, including the transactions under analysis, at least every six months.	Complied	Items 21, 89 and 90
II. SHAREHOLDERS AND GENERAL MEETING		
II.1. (1) The company should not set an excessively high number of shares necessary to grant the right to one vote, II.1. (2) and must make explicit in the government report their option whenever it implies deviation from the principle that each share corresponds to one vote.	Complied Not Applicable	Item 12
II.2. The company must not adopt mechanisms that make it difficult for shareholders to take decisions, namely by setting a deliberative quorum higher than that provided for by law.	Complied	Item 14
II.3. The company must implement adequate means for the participation of shareholders in the General Meeting at a distance, in terms proportional to its size.	Complied	Item 12
II.4. The company must also implement adequate means for exercising the right to vote at a distance, including by correspondence and electronically.	Complied	Item 12
II.5. The bylaws that provide a limitation of the number of votes that can be held or exercised by a single shareholder, individually or in consultation with other shareholders, should also provide that, at least every five years, it is subject to deliberation. by the general meeting the alteration or maintenance of this statutory provision - without quorum requirements aggravated in relation to the legal one - and that, in this resolution, all votes cast are counted without that limitation working.	Complied	Items 5 and 21
II.6. Measures that determine payments or the assumption of charges by the company should not be adopted in the event of a change of control or a change in the composition of the management body and that appear likely to harm the economic interest in the transfer of shares and free appreciation by shareholders performance of administrators.	Complied	Item 4
III. NON-EXECUTIVE ADMINISTRATION AND SUPERVISION		
III.1. Without prejudice to the legal functions of the chairman of the board of directors, if he is not independent, the independent directors must designate a coordinator among themselves to, inter alia, (i) act, whenever necessary, as an interlocutor with the chairman of the board of directors and with the other administrators, (ii) ensure that they have the set of conditions and means necessary for the performance of their duties; and (iii) coordinating them in the performance evaluation by the management body provided for in recommendation V.1.1.	Explain	Items 15 and 18 It appears that the appointment of an independent lead director does not bring added value given the reduced structure of the company and the small size of its CA. and, consequently, the reduced number of its independent non-executive directors, three, does not justify the

		possibility of appointing a coordinator of independent directors. Within the scope of their functions and competences, all directors decide to meet together afterwards frequently. By streamlining management procedures, the Company provided all directors with the necessary prior information in a timely manner, allowing them to be fully informed and clarified. on all matters relating to its decisions. As for the CA self-assessment process, it is carried out through responses on an electronic platform, whose coordination is ensured by the Secretary-General.
III.2. (1) The number of non-executive members of the management body must be adequate to the size of the company and the complexity of the risks inherent in its activity, but sufficient to efficiently ensure the functions entrusted to them and must be included in the government report the formulation of this adequacy judgment.	Complied	Items 15, 17, 18, 21 and 31
III.2. (2) Idem in relation to the number of members of the supervisory body.	Complied	
III.2. (3) Idem applies to the number of members of the commission for financial matters.	Not Applicable	
III.3. In any case, the number of non-executive directors must be greater than that of executive directors.	Complied	Items 17, 18 and 21

<p>III.4. Each company must include a number of not less than one third but always plural, of non-executive directors who fulfil the requirements for independence. For the purposes of this recommendation, a person who is not associated with any specific interest group in the company, nor is under any circumstances likely to affect his/her exemption from analysis or decision, is considered to be independent, namely by virtue of: i) Having exercised for more than twelve years, in a continuous or interspersed manner, functions in any body of the company; ii) Having been a collaborator of the company or company that is in a controlling or group relationship with it in the last three years; iii) Having, in the last three years, provided services or established a significant commercial relationship with the company or with a company that is in a dominant or group relationship, either directly or as a partner, administrator, manager or person manager collective; iv) Be the beneficiary of remuneration paid by the company or by a company that is in a controlling or group relationship with it in addition to the remuneration resulting from the exercise of the functions of director; v) Live in a de facto union or be a spouse, relative or similar in a straight line and up to the 3rd degree, including, in the collateral line, of company directors, managers of a legal person holding a qualified interest in the company or of natural persons directly or indirectly with qualified participation; vi) Be a holder of a qualified shareholding or representative of a shareholder with a qualifying shareholding.</p>	Complied	Items 17 and 18
<p>III.5. The provision in paragraph (i) of recommendation III.4 does not preclude the qualification of a new director as independent if, between the end of his duties in any body of the company and his new appointment, at least three years have elapsed (cooling-off period).</p>	Not Applicable	Item 17
<p>III.6. (1) With respect to the powers conferred on it by law, the supervisory body assesses and pronounces on the strategic lines, prior to its final approval by the management body.</p>	Complied	Item 21 and 34
<p>III.6. (2) Idem in relation to the risk policy.</p>	Complied	
<p>III.7. (1) Companies must have a specialized committee on corporate governance.</p>	Not Applicable	Items 15
<p>III.7. (2) Idem applies to the matter of appointments.</p>	Not Applicable	
<p>III.7. (3) Idem applies to the matter of performance evaluation.</p>	Not Applicable	
IV. EXECUTIVE MANAGEMENT		
<p>IV.1. The management body must approve, by means of internal regulation or by equivalent means, the performance regime of the executive directors applicable to the exercise by them of executive functions in entities outside the group.</p>	Complied	Items 21 and 22 PHAROL complies with the provisions of Art. 398 of the Portuguese Companies Code. In addition, the sole executive director has full-time duties.
<p>IV.2. (1) The management body must ensure that the company acts in accordance with its objectives and should not delegate powers, namely, with regard to: i) definition of the company's strategy and main policies;</p>	Complied	Items 21 and 22
<p>IV.2. (2) ii) organization and coordination of the business structure;</p>	Complied	

IV.2. (3) iii) matters that should be considered strategic due to their amount, risk or special characteristics.	Complied	
IV.3. In the annual report, the management body explains in what terms the strategy and the main policies defined seek to ensure the long-term success of society and what are the main resulting contributions to the community in general.	Complied	Annual Report, Item 6.
V. PERFORMANCE ASSESSMENT, REMUNERATION AND APPOINTMENTS		
V.1. Annual Performance Assessment		
V.1.1. (1) The management body should assess its performance annually, taking into account the fulfilment of the company's strategic plan and budget, risk management, its internal functioning and the contribution of each member to the effect, and the relationship between society's bodies and commissions.	Complied	Item 21
V.1.1. (2) Idem in relation to the performance of the committees of the management body.	Not Applicable	
V.1.1. (3) Idem in relation to the performance of executive directors.	Complied	
V.2. Remuneration		
V.2.1. The company must set up a remuneration committee, the composition of which ensures its independence from management, which may be the remuneration committee designated under the terms of article 399 of the Portuguese Companies Code.	Complied	Items 67 and 68
V.2.2. The setting of remunerations should be the responsibility of the remuneration committee or the general meeting, on the proposal of that committee.	Complied	Items 67,68 e and Appendix II
V.2.3. For each mandate, the remuneration committee or the general meeting, on a proposal from that committee, must also approve the maximum amount of all compensation to be paid to the member of any body or committee of the company due to the respective termination of functions, proceeding the disclosure of said situation and amounts in the government report or in the remuneration report.	Complied	Items 80, 83, 84 and Appendix II
V.2.4. In order to provide information or clarifications to the shareholders, the chairman or, when unable to do so, another member of the remuneration committee must be present at the annual general meeting and at any other meetings if the respective agenda includes a matter related to the remuneration of the members of corporate bodies and commissions or if such presence has been required by shareholders.	Complied	Part I, Item B I. – General Meeting
V.2.5. Within the company's budgetary limitations, the remuneration committee must be able to freely decide whether to hire, by the company, the necessary or convenient consultancy services for the exercise of its functions.	Complied	Appendix II
V.2.6. The remuneration committee must ensure that those services are provided independently and that the respective providers are not contracted to provide any other services to the company itself or to others that are in a controlling or group relationship without the express authorization of the committee.	Complied	Appendix II
V.2.7. In view of the alignment of interests between the company and the executive directors, part of their remuneration must be of a variable nature that reflects the	Complied	Appendix II

sustained performance of the company and does not encourage the taking of excessive risks.		
V.2.8. A significant part of the variable component must be partially deferred over time, for a period of not less than three years, associating it, necessarily, to the confirmation of the sustainability of performance, under the terms defined in the company's internal regulations.	Complied	Appendix II
V.2.9. When the variable remuneration comprises options or other instruments directly or indirectly dependent on the value of the shares, the beginning of the exercise period must be deferred for a period of not less than three years.	Not Applicable	Appendix II
V.2.10. The remuneration of non-executive directors must not include any component whose value depends on the performance of the company or its value.	Complied	Appendix II
V.3. Appointments		
V.3.1. The company must, under the terms it deems appropriate, but in a manner susceptible of demonstration, promote that the proposals for the election of the members of the governing bodies are accompanied by reasons regarding the adequacy of the profile, knowledge and curriculum to the function to be performed by each candidate.	Complied	Appendix I
V.3.2. Unless the size of the company does not justify it, the function of monitoring and supporting the appointments of senior managers should be assigned to an appointments committee.	Not Applicable	Item 15
V.3.3. This commission includes a majority of independent non-executive members.	Not Applicable	
V.3.4. The appointments committee must make available its terms of reference and must, as far as its competences, induce transparent selection processes that include effective mechanisms for identifying potential candidates, and that the ones with the greatest merit are chosen for the proposal, best suited the requirements of the function and promote, within the organization, an adequate diversity including gender.	Not Applicable	
VI. RISK MANAGEMENT		
VI.1. (1) The management body must discuss and approve the strategic plan.	Complied	Items 21 and 54
VI.1. (2) The management body must discuss and approve the company's risk policy, which includes the setting of limits in terms of risk-taking.	Complied	
VI.2. The supervisory body must organize itself internally, implementing periodic control mechanisms and procedures in order to ensure that the risks effectively incurred by the company are consistent with the objectives set by the management body.	Complied	Items 21, 34 and 54
VI.3. The internal control system, comprising the functions of risk management, compliance and internal audit, must be structured in terms appropriate to the size of the company and the complexity of the risks inherent in its activity, with the supervisory body evaluating it and, in within the scope of its competence to monitor the effectiveness of this system, propose any necessary adjustments.	Complied	Items 21, 34 and 54

Complementary information to the curricula of the Governing Bodies

In line with recommendations I.2.1 of the Corporate Governance Code of the Portuguese Institute of Corporate Governance 2018 ("IPCG Code"), revised in 2020, PHAROL provides this complementary information to the curricula of the governing bodies on the individual attributes and diversity requirements of them, which can contribute to their effective performance.

This document, focusing on the curricula presented by the members of the Board of Directors, Fiscal Council and Compensation Committee, elected in the General Meeting on April 30, 2021, is intended to contribute to a more detailed and objective analysis of the members of these bodies, materializing the specification of the criteria and requirements relating to individual attributes as set out in the IPCG Company Government Code.

Composition of the Board of Directors, Fiscal Council and Compensation Committee

- Board of Directors composed of six members
- Fiscal Council composed of three full members and one alternate
- Compensation Committee of Salaries composed by three members

The composition of these bodies is appropriate to the size of the company and its activity. It allows the promotion of an effective functioning and performance of the Board of Directors, considering aspects such as (i) the legal framework (composition of 3 to 7 members, in accordance with the statutes of PHAROL, and Recommendations III.2 to III.4 of IPCG code regarding the appropriate number of executives, non-executive and independent directors), (ii) the necessary skills, experience and knowledge and (iii) the appropriate level of diversity.

1. Individual Attributes

1.1. Academic Training, Competence and Experience

In the field of academic training and in accordance with the respective curricula, the members of the Board have complementary training at the international level, which includes Masters, MBA's and PhDs. We point out that the administrators Dr. Luis Palha da Silva, Dra. Ana Cristina Ferreira Dias, Dr. Maria do Rosário Pinto Correia, Dr. Pedro Morais Leitão, Dr. Jorge Freire Cardoso and Dr. Maria Leonor Ribeiro Modesto, all have training in economics and management.

The members of the FC have the qualifications required and adequate to carry out these functions with qualifications, training and solid knowledge in auditing or accounting.

The curricula presented by all members of the FC show a vast experience in the exercise of functions in supervisory bodies in multiple sectors. The President of the FC, Dr. José Eduardo Fragoso Tavares de Bettencourt, has a vast accumulated experience of more than 30 years of professional life in the banking area, including the international business areas, cost optimization, commercial network management, risk, IT, operations and project management. It should be noted that he held top management positions in banking and also had a role in sports management.

Dr. João Manuel Pisco de Castro, member of the FC, has extensive experience in executive management of companies, in executive and non-executive positions, both national and international.

Dr. Isabel Maria Gonçalves Novo also presents a curriculum with a solid background and extensive

experience in the area of supervision, of which we highlight Financial and Management Consulting and her role in the management of the Risk and Credit Analysis department at a Financial Institution.

The alternate member of the FC, Dr. Paulo Ribeiro da Silva, also has experience in the areas of accounting and taxation.

The members of the FC have experience in the financial and risk management areas and, on the whole, training and experience in listed companies.

Regarding the competence and experience of the members of the Board, the following stand out:

a) Leadership, Strategy and Management

The six members that make up the Board have extensive management experience and have held positions of direction and administration, which gives them capabilities and strategic vision, promoting strong competence in the area of leadership of the Company.

The Chairman of the Board of Directors, Dr. Luis Palha da Silva, has skills, knowledge and extensive experience in executive management in management functions in listed and large companies. The top management positions that he held, contribute very positively to his performance as Chief Executive Officer, namely in the context of the company's future planning.

b) International Area

Almost all the members of the Board of Directors have extensive experience in the international domain, having performed management functions in international companies or in Portuguese companies with international expansion. This experience was decisive for the acquisition of cultural background, a transversal element to all of them. Can be seen from the respective curricula, the administrators are Dr Luis Palha da Silva, Dr Maria do Rosário Pinto Correia, Dr Pedro Morais Leitão and Dra. Ana Cristina Ferreira Dias. Also, at the international level, and in the area of Law and top academic area, the administrator, Dr Avelino Cândido Rodrigues and the administrator, Dr Maria Leonor Ribeiro Modesto, stand out, respectively.

c) Financial Area and Risk

Board members have developed their training and / or professional career in consulting activities or in management functions that have allowed them to acquire solid skills in the areas of finance, investment and risk management.

d) Legal and Regulation

In this context, the expertise of the member of the Board of Directors, Dr. Avelino Cândido Rodrigues, stands out for his training in Law and extensive professional experience in the various legal fields, both in Portugal and in Brazil.

e) Corporate Governance, Social Responsibility and Ethics

The skills in this area are highlighted by the Chairman of the Board of Directors and Chief Executive Officer, Dr. Luis Palha da Silva, who has several years of professional experience in executive and non-executive positions in companies with strong corporate governance components, responsibility and ethics, such as Jerónimo Martins and Galp Energia. He also currently serves on the EDP Supervisory Board.

1.2. Independence and Integrity

The members of the Board of Directors and CF meet the necessary conditions to exercise their functions and fulfill their duties of diligent action and in the interest of the Company, with impartiality and impartiality, since the rules regarding conflicts of interest are still in force at PHAROL, in particular:

- (a) within the scope of the deliberations of the Board of Directors (when the administrators in conflict are prevented from participating and voting);

(b) with respect to transactions with related parties, which are subject to principles and procedures approved by the Board of Directors and by the FC aimed at promoting the pursuit of the social interest.

The Board and FC demonstrated the ability to maintain compliance with legal and conduct duties in relation to the activity they have been developing and have the conditions for the performance of functions in the interest of the Company and in accordance with standards of loyalty and integrity.

It is PHAROL's practice to have in the list of its management elements indicated by shareholders with qualified holdings and with a long-term investment perspective for closer monitoring of the Company's management.

As for the strategic definition and assessment of the risks inherent to the company, the supervisory functions of non-executive and independent directors are guaranteed.

FC members declare that they comply with the independence requirements defined by law (according to the national criteria laid down in Article 414 of the Commercial Companies Code and on the basis of the information provided by them).

1.3. Availability

The members of the Board of Directors and CF have shown their full willingness to carry out their duties, closely monitoring the company's activity, either through meetings or through regular reports by the Chief Executive Officer.

2. Diversity Level

2.1. Gender Diversity

PHAROL complies with Law No. 62/2017 and promotes gender diversity in all its governing bodies.

2.2. Renewal and retention of knowledge and seniority

The curricula referred to in this document show a balance between, on the one hand, renewal/rotation and, on the other hand, retention of knowledge given the permanence of functions in the Company of Board and FC since 2018, including the President of the Board (who simultaneously serves as Delegated Director of the Company), as well as the Chairman of the Fiscal Council.

The composition of the Board and FC present diversification at the age level allowing an adjusted balance between the need for extensive experience suitable for the performance of the required functions and the necessary openness to new challenges.

3. Individual profile of members and composition of the Compensation Committee

The three members of the Compensation Committee, Dr. António Sarmento Gomes Mota, Dr. Francisco Lacerda and Dr. Pedro Miguel Ribeiro de Almeida Fontes Falcão as a whole, for their academic background, extensive experience in administration and consulting, demonstrate skills, experience and knowledge in the areas of remuneration policy, human resources, international area, financial and risk area, leadership and legal and regulatory area.

Conclusions

Following a more detailed deepening of the curricula presented by the members of the Board of Directors, members of the Fiscal Council and members of the Compensations Committee, bodies elected by PHAROL shareholders in 2021, it is concluded that, in addition to the components of diversity and individual characteristics (such as seniority, cultural background and gender), they have skills, knowledge, skills and experience that are crucial for them to , as a whole, meet the necessary conditions to pursue the best interests of the Company and its Shareholders.

APPENDIX II

“Declaration on the remuneration policy for the members of the management and supervisory bodies

With the entry into force of Law no. 50/2020, of 25 August, and the consequent repeal of Law no. 28/2009 of 19 June, the Remuneration Committee of Pharol SGPS, SA (hereinafter the Company) passes to be obliged to prepare a Remuneration Policy for its members of the management and supervisory bodies in accordance with the new legal regime.

The present Remuneration Policy thus reflects the work carried out by the Remuneration Committee, based on the previous statements on the remuneration policy and taking into account the aforementioned new legal framework.

The drafting of the remuneration policy is the exclusive responsibility of this Remuneration Committee, composed of three members, all of whom are independent from management.

The remuneration policy presented below also took into account the very specific characteristics of the Company, whose activity is essentially centered on the management of a financial participation (in the Brazilian Company OI SA) and on the recovery of a set of credits on the Company, in the process of bankruptcy, Rio Forte. In this context, the Company also has a very small staff (7 full-time employees).

Thus, several of the relevant dimensions to be considered in the remuneration policy introduced by Law no. 50/2020, particularly in the fields of sustainability, social responsibility and how the conditions of employment and remuneration of workers were taken into account in the said policy have, in this Company, a very limited scope.

1. Introduction

The year 2020 represented the third and final year of the current mandate of the governing bodies. The Remuneration Committee understood that there were no reasons to introduce changes to the policy defined at the beginning of this term, which received the approval of the shareholders and which is summarized in the following points.

2. Remuneration Policy for non-executive Directors and members of the Fiscal Council:

The remuneration of the non-executive members of the Board of Directors and of the members of the Fiscal Council consists of a fixed annual remuneration (divided into 14 times per year), without attendance fees. There is no place for the attribution of any non-pecuniary benefit.

No changes were made to the fixed remunerations in force that reflect a level of remuneration appropriate

to the responsibility of the functions performed and promoting their good performance.

There is no provision for any form of variable remuneration for the non-executive members of the management body and the supervisory body.

3. Executive Directors Remuneration Policy

The remuneration of the Executive Directors, which has been implemented since March 27, 2017 in the remuneration of the Managing Director, comprises a fixed component and a variable component.

A) Fixed remuneration

The fixed remuneration component has remained unchanged throughout the term and takes into account (i) the fact that the executive management is concentrated in a single person (Managing Director), (ii) that the Managing Director accumulates the functions of chairman of the Company's board of directors and (iii) reflect the conditions practiced in the market for functions of a similar nature in order to foster an adequate talent retention.

The Managing Director has the only non-financial benefits of using a vehicle (including fuel and tolls) and life insurance in line with normal market practices.

B) Variable Remuneration

The variable remuneration is associated with the performance of the Managing Director. The allocation of variable remuneration takes into account the different degrees of achievement in relation to the specific objectives previously approved, associated with objective, simple, transparent and measurable performance indicators. The Remuneration Committee maintained without any changes the two criteria defined for this mandate, namely: the Total Shareholder Return (TSR) of the Company's shares (weight of 80%) and the Operational Efficiency of the Company, measured by the relationship between budgeted recurring costs and real (20% weight).

The variable remuneration has a maximum value corresponding to 100% of the value of the annual fixed remuneration, a limit that drops to 50%, in the 2nd and following years of the mandate, in case the accumulated TSR is not positive.

Thus, the variable remuneration will represent a maximum of 50% of the total annual remuneration.

The variable remuneration will be paid in cash, 50% in the month following the date of approval of accounts by the general shareholders' meeting and 50% with a deferral of 3 years and subject to verification of the positive performance of the Company in the period considered, to be carried out by the Remuneration Committee, which will take into account the financial sustainability and economic situation of the Company, in addition to exceptional factors and which are not under the management control and that may affect the performance of the Company.

These remuneration principles and indicators for determining the variable component of remuneration contribute to the Company's corporate strategy, its long-term interests and its sustainability, in that:

- i) A 50% ceiling was set for the weight of the variable remuneration in the total remuneration, thus creating a reasonable balance between the incentive to perform and the non-taking of excessive risks;
- ii) The retention of 50% of the variable remuneration and only paid if there is a positive performance of the Company in the following 3 years introduces an adequate focus on sustainability and continuity in the management of the Company;
- iii) Finally, the criteria defined for determining the variable remuneration reveal an adequate articulation with the nature of the Company's activity, focusing on profitability and creation of sustained value and organizational efficiency.

In another context, the insertion of the conditions of employment and remuneration of the Company's workers in the remuneration policy was met (and, remember, the Company has a staff of 7 people), by defining that both remuneration systems they are based on the same principle stated in this policy, the valuation of market conditions for the functions performed and the enhancement of talent acquisition and retention.

4. Allocation of shares and options

Currently, there are no plans for the attribution of shares or options to the current mandate.

5. Supplementary pension or early retirement schemes

There is no regime in force for granting a supplementary pension or early retirement to any member of the management and supervisory bodies.

6. Termination of duties of the Managing Director

If the Managing Director ceases to function, for any reason other than dismissal for cause, the payment of the variable remuneration amounts determined and which are deferred can only be made at the time of the termination of the management relationship if, until that time. date, there are sufficient and sustained indications that the performance of the Company will be predictably positive in the remaining period in terms that, in all probability, would allow the payment of said deferred component.

7. Variable remuneration reversal clause ("clawback")

The reversal through the retention and / or return of the variable remuneration whose payment already constitutes an acquired right may be required, by resolution of the Remuneration Committee, if (i) there is a judicial condemnation of a Director for unlawful performance that determines changes adverse effects on the Company's equity situation; (ii) there is a serious or fraudulent non-compliance with the code of conduct

or internal regulations with significant impact, or situations that justify a just cause for dismissal; (iii) and / or false statements and / or errors and omissions that are materially relevant in the financial statements to which the conduct of the administrator has contributed decisively.

8. Signing of contracts and agreements between the Company and members of the management and supervisory bodies

There are not and have never been established by this Commission any payment agreements regarding the dismissal or termination of duties of members of supervisory bodies. In addition, this Commission has defined, in this context, two fundamental principles:

- i) The Directors must not enter into contracts, either with the Company or with third parties, which have the effect of mitigating the risk inherent to the variability of the remuneration fixed by the Company;
- ii) In case of dismissal or termination by agreement of the management relationship, when proven to be due to its inadequate performance, no compensation will be paid to the administrators.

9. Accumulation of remuneration

The Remuneration Committee authorized, with effect from 2021, that the Managing Director, by integrating the board of directors of the Company under Brazilian law OI SA, within the scope of the minority interest held by the Company in that Company, can accumulate the remuneration of that function with the remuneration earned in the Company. The Remuneration Committee had already authorized in the past (2015) the accumulation of remuneration in the Company with remuneration earned in OI S.A. Furthermore, it is the understanding of the commission that the assumption of these functions is important for the proper management of said participation. The committee was also aware that the assumption of these functions, due to the very delicate economic and financial situation in which OI S.A finds itself, represents a risk and an increased responsibility for the Managing Director. In considering this set of elements, the Remuneration Committee decided to authorize said accumulation.

10. Remuneration of the board of the general meeting

The values approved in 2018 for the president and secretary of the general meeting board were maintained.

11. Statutory Auditor's remuneration policy

The Company's Statutory Auditor is remunerated in accordance with normal remuneration practices and conditions for similar services, following the conclusion of a service provision contract with the Company, following a proposal by the Supervisory Board.

12. Use of consultants

The board of directors provided the Remuneration Committee with all the conditions so that it could freely contract externally the consultancy services necessary for the exercise of its functions. As in the previous year, the commission considered that there was no need to use such services but that, if necessary, it would always ensure that they were provided independently and that the respective providers would never be hired to provide any other services to the Company itself or to the Company. others that are in a dominant or group relationship with it without the express authorization of the commission.

Lisbon, April 8, 2021

On behalf of the Remuneration Committee
