

INDEPENDENT LIMITED ASSURANCE REPORT

To the Shareholders of Čakovečki mlinovi d.d.

We have conducted a limited assurance engagement on the Sustainability Report included in section Management Report for the year 2024 of the Annual Report of Čakovečki mlinovi d.d. (the "Company") and its subsidiaries ("the Group") as at 31 December 2024 and for the period from 1 January 2024 to 31 December 2024 (the "Sustainability Statement").

Identification of Applicable Criteria

The Sustainability Statement was prepared by the Management Board of the Company in order to satisfy the requirements of article 32 and 36 of Accounting Act implementing 29(a) of the EU Directive 2013/34/EU, including:

- Compliance with the European Sustainability Reporting Standards introduced by Commission Delegated Regulation (EU) of 31 July 2023 supplementing Directive 2013/34/EU of the European Parliament and of the Council ("ESRS"), including that the process carried out by the Company to identify the information reported in the Sustainability Statement (the "Process") is in accordance with the description set out in note ESRS 2 IRO-1; and
- Compliance of the disclosures in subsection *Čakovečki mlinovi – consolidated disclosures in accordance with article 8 of the Taxonomy regulation* within the Sustainability Statement with Article 8 of EU Regulation 2020/852 (the "Taxonomy Regulation").

Inherent Limitations in Preparing the Sustainability Statement

The criteria, nature of the Sustainability Statement, and absence of long-standing established authoritative guidance, standard applications and reporting practices allow for different, but acceptable, measurement methodologies to be adopted which may result in variances between entities. The adopted measurement methodologies may also impact the comparability of sustainability matters reported by different organizations and from year to year within an organization as methodologies evolve.

In reporting forward looking information in accordance with ESRS, management of the Company is required to prepare the forward-looking information on the basis of disclosed assumptions about events that may occur in the future and possible future actions by the Group. Actual outcome is likely to be different since anticipated events frequently do not occur as expected.

In determining the disclosures in the Sustainability Statement, management of the Company interprets undefined legal and other terms. Undefined legal and other terms may be interpreted differently, including the legal conformity of their interpretation and, accordingly, are subject to uncertainties.

This version of the independent limited assurance report is translation from the original, which was prepared in the Croatian language. All possible care has been taken to ensure that the translation is an accurate representation of the original. However, in all matters of interpretation of information, views or opinions, the original language version of the report takes precedence over this translation.

The company was registered at Zagreb Commercial Court: MBS 030022053; paid-in initial capital: EUR 5,930.00; Company Directors: Katarina Kadunc, Goran Končar and Helena Schmidt, Bank: Privredna banka Zagreb d.d., Radnička cesta 80, 10 000 Zagreb, bank account no. 2340009–1110098294; SWIFT Code: PBZGHR2X IBAN: HR3823400091110098294.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. INDEPENDENT LIMITED ASSURANCE REPORT (continued)

Responsibility of the Management Board of the Company

Management of the Company is responsible for designing and implementing a process to identify the information reported in the Sustainability Statement in accordance with the ESRS and for disclosing this process in note ESRS 2 IRO-1 of the Sustainability Statement. This responsibility includes:

- Understanding the context in which the Group's activities and business relationships take place and developing an understanding of its affected stakeholders;
- The identification of the actual and potential impacts (both negative and positive) related to sustainability matters, as well as risks and opportunities that affect, or could reasonably be expected to affect, the Group's financial position, financial performance, cash flows, access to finance or cost of capital over the short, medium, or long-term;
- The assessment of the materiality of the identified impacts, risks and opportunities related to sustainability matters by selecting and applying appropriate thresholds; and
- Making assumptions that are reasonable in the circumstances.

Management of the Company is further responsible for the preparation of the Sustainability Statement, in accordance with article 32 and 36 of Accounting Act implementing 29(a) of the EU Directive 2013/34/EU, including:

- Compliance with the ESRS;
- Preparing the disclosures in subsection *Čakovečki mlinovi – consolidated disclosures in accordance with article 8 of the Taxonomy regulation* of the Sustainability Statement, in compliance with Article 8 of EU Regulation 2020/852 (the "Taxonomy Regulation");
- Designing, implementing and maintaining such internal controls that management determines are necessary to enable the preparation of the Sustainability Statement that is free from material misstatement, whether due to fraud or error; and
- The selection and application of appropriate sustainability reporting methods and making assumptions and estimates about individual sustainability disclosures that are reasonable in the circumstances.

Those charged with governance are responsible for overseeing the Group's sustainability reporting process.

Practitioner's Responsibility

We conducted our limited assurance engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised), Assurance Engagements other than Audits or Reviews of Historical Financial Information.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

Our objectives are to plan and perform the assurance engagement to obtain limited assurance about whether the Sustainability Statement is free from material misstatement, whether due to fraud or error, and to issue a limited assurance report that includes our conclusion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence decisions of users taken on the basis of the Sustainability Statement as a whole.

As part of a limited assurance engagement in accordance with ISAE 3000 (Revised) we exercise professional judgment and maintain professional skepticism throughout the engagement.

INDEPENDENT LIMITED ASSURANCE REPORT (continued)

Practitioner's Responsibility (continued)

Our responsibilities in respect of the Sustainability Statement, in relation to the Process, include:

- Obtaining an understanding of the Process but not for the purpose of providing a conclusion on the effectiveness of the Process, including the outcome of the Process; and
- Designing and performing procedures to evaluate whether the Process is consistent with the Group's description of its Process, as disclosed in note ESRS 2 IRO-1.

Our other responsibilities in respect of the Sustainability Statement include:

- Obtaining an understanding of the entity's control environment, processes and information systems relevant to the preparation of the Sustainability Statement but not evaluating the design of particular control activities, obtaining evidence about their implementation or testing their operating effectiveness;
- Identifying disclosures where material misstatements are likely to arise, whether due to fraud or error; and
- Designing and performing procedures responsive to disclosures in the Sustainability Statement where material misstatements are likely to arise. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Our Independence and Quality Management

We complied with the applicable independence and other ethical requirements of the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (the "Code"). The Code is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

We applied International Standard on Quality Management (ISQM) 1, Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements, and accordingly maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Summary of Work Performed

A limited assurance engagement involves performing procedures to obtain evidence about the Sustainability Statement.

The nature, timing and extent of procedures selected depend on professional judgement, including the identification of disclosures where material misstatements are likely to arise, whether due to fraud or error, in the Sustainability Statement.

In conducting our limited assurance engagement, with respect to the Process, we:

- Obtained an understanding of the Process by:
 - performing inquiries to understand the sources of the information used by management (e.g., stakeholder engagement, business plans and strategy documents); and
 - reviewing the Group's internal documentation of its Process; and
- Evaluated whether the evidence obtained from our procedures about the Process implemented by the Group was consistent with the description of the Process set out in note ESRS 2 IRO-1.

INDEPENDENT LIMITED ASSURANCE REPORT (continued)

Summary of Work Performed (continued)

In conducting our limited assurance engagement, with respect to the Sustainability Statement, we:

- Obtained an understanding of the Group's reporting processes relevant to the preparation of its Sustainability Statement by:
 - o performing inquiries to understand the Group's control environment, processes and information systems relevant to the preparation of the sustainability statements;
- Evaluated whether material information identified by the Process to identify the information reported in the Sustainability Statement is included in the Sustainability Statement;
- Evaluated whether the structure and the presentation of the Sustainability Statement is in accordance with the ESRS;
- Performed inquiries of relevant personnel and analytical procedures on selected disclosures in the Sustainability Statement;
- Performed substantive assurance procedures on a sample basis on selected disclosures in the Sustainability Statement;
- Obtained evidence on the methods for developing material estimates and forward-looking information and on how these methods were applied; and
- Obtained an understanding of the process to identify taxonomy-eligible and taxonomy-aligned economic activities and the corresponding disclosures in the Sustainability Statement.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Limited Assurance Conclusion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Sustainability Statement is not prepared, in all material respects, in accordance with article 32 and 36 of Accounting Act implementing 29(a) of the EU Directive 2013/34/EU, including:

- Compliance with the European Sustainability Reporting Standards (ESRS), including that the process carried out by the Company to identify the information reported in the Sustainability Statement is in accordance with the description set out in note ESRS 2 IRO-1; and
- Compliance of the disclosures in subsection *Čakovečki mlinovi – consolidated disclosures in accordance with article 8 of the Taxonomy regulation* of the Sustainability Statement with Article 8 of EU Regulation 2020/852 (the "Taxonomy Regulation").

INDEPENDENT LIMITED ASSURANCE REPORT (continued)

Other Matter

Our assurance engagement does not extend to information in respect of earlier periods.
