## **ENT's new contracts worth more than EUR 11 million**

Zagreb, July 30, 2025

New contracts were signed in the field of digital transformation and business communications systems worth more than EUR 11 million.

Ericsson Nikola Tesla (ENT) signed a two-year framework agreement with the State Geodetic Administration and the Ministry of Justice, Public Administration and Digital Transformation on the maintenance of the Joint Information System of Land Registry and Cadaster (JIS). The agreement covers corrective, preventive, adaptive and perfective maintenance services and other support services.

ENT and the Ministry of Justice, Public Administration and Digital Transformation signed a framework agreement for the basic and adaptive maintenance of the Human Resources Management (HRM) system and the introduction of the aforementioned system in 16 state administration bodies.

With the Ministry of Labor, Pension System, Family and Social Policy, ENT signed a framework agreement for the maintenance service of the system for e-delivery and e-database of collective agreements (eKolektivni).

By signing a new contract with Hrvatske ceste (Croatian Roads Ltd.), the Bidding Consortium consisting of ENT and the Slovenian company Realis informacijske tehnologije continues their cooperation related to the maintenance of the National Access Point integrated system and route guidance system.

As a subcontractor of the Bidding Consortium consisting of companies KING ICT, Odašiljači i veze and Semafor, which signed a contract with Croatian Roads Ltd. for the project "Establishment of a

waiting time measurement system at border crossings - the whole of Croatia”, ENT is responsible for delivering an integrated software analytical solution for the establishment of a waiting time measurement system at border crossings based on data from traffic monitoring cameras, the existing Croatian Roads automatic traffic counting system and anonymized statistical data from public mobile telecommunications networks.

In the area of hospital information systems, ENT signed a contract with the Gospić General Hospital for corrective and adaptive maintenance of the hospital system.

The Bidding Consortium consisting of ENT and the company PSE poslovne komunikacije d.o.o signed a contract with the Croatian Transmission System Operator for the maintenance of switching equipment manufactured by Unify.

Ericsson Nikola Tesla Servisi has contracted the preparation of a cadastral survey and a cadastral survey report for 3 cadastral municipalities with the State Geodetic Administration.
