Title Enefit Green has taken final investment decisions for 21 MW Purtse wind farm and 6 MW

Enefit Green has taken final investment decisions on 21 MW wind farm in Purtse, Estonia and on 6 MW Debnik solar park in Poland. The projects are part of Enefit Green's previously communicated near-term project pipeline to more than double its installed electricity generation capacity to 1,100 MW by 2025.

Purtse wind farm is expected to be commissioned in 2023 and is expected to generate ca 46 GWh electricity per year. Enefit Green will invest ca 28 million EUR in this project.

Debnik solar park is expected to be commissioned in 2023 and is expected to generate ca 6,3 GWh electricity per year. Enefit Green will invest ca 4 million EUR in this project.
