Title Conclusion of the general construction contract for Sopi-Tootsi wind farm

On 6 January 2023, Enefit Green's subsidiaries Tootsi Windpark and Enefit Wind Purtse, which are engaged in the development of the Sopi-Tootsi wind farm, entered into a general construction contract with Nordecon Betoon OÜ and Verston OÜ for the construction of the Sopi-Tootsi wind farm in Estonia, Põhja-Pärnumaa municipality. The wind farm will consist of 38 wind turbines, for the erection of which road and electricity network and foundations will be built.

The cost of the construction works is ca 67.3 million euros and the construction will be completed by the end of 2024. This contract is part of the implementation of the final investment decision of the Sopi-Tootsi wind farm, which was announced on 22 December 2022.
