Title Swedish subsidiary of Harju Elekter signed new contracts with Region Stockholm for the

The Swedish subsidiary of Harju Elekter Group, Harju Elekter AB, signed electricity project contracts with Region Stockholm, the administrative body responsible for public transport. These contracts will serve as the basis for the upgrading of the electrical systems of the Albano and Rådhuset metro stations in Stockholm by April and September 2022, respectively. The approximate volume of the contracts is 3,1 million euros.

The new projects of Harju Elekter with Region Stockholm, which manages the Stockholm metro, represent the continuation of cooperation that already started with the modernisation of the Slussen metro last autumn.

Harju Elekter is an international industrial group with more than 50 years of experience, with its main activity being the development and production of electrical and automation solutions. The customers of Harju Elekter are predominantly large distribution network, industrial, and maritime companies in the Nordic countries. Its factories in Estonia, Finland, Sweden, and Lithuania employ approximately 800 specialists, and the Group's sales revenue for 2020 was EUR 146.6 million. The shares of Harju Elekter are listed on the Nasdaq Tallinn Stock Exchange.
