Annex – Changes in the valuation methods used for the computation of the NAV of Fondul Proprietatea as at 29 May 2015

For the computation of the NAV as at 29 May 2015 for Fondul Proprietatea S.A., Franklin Templeton Investment Management changed the valuation methods used for the investments in the companies presented below:

1) Alcom SA

Following the decision of General Shareholders Meeting of this company to approve the financial statements for the financial year ended 31 December 2014 and to distribute dividends, the valuation method for this company has been changed from Shareholders' equity (as of 31 December 2014) per share (respectively 117.8047 Lei/share) to Shareholders' equity (as of 31 December 2014) adjusted with dividends declared per share (respectively 116.6335 Lei/share). The total impact of this change of valuation method on the Fund's NAV was a decrease of Lei 104,528.43.

2) CN Administratia Porturilor Dunarii Maritime SA

For this company, the valuation method was changed from Fair value/share (zero value) to Shareholders' equity (as of 31 December 2014) adjusted with dividends declared per share (respectively Lei 20.4381 per share) being considered that this method reflects better the fair value of this investment in the Fund's NAV. This change was due to the fact that, based on the information received from the company, the outstanding issue regarding the additional liability imposed to the company in 2012 through a definitive Court decision in connection with a construction contract (liability which at that date was higher than the company shareholders equity amount) was largely settled during the first quarter of 2015, without affecting company's equity. The total impact of this change of valuation method on the Fund's NAV was an increase of Lei 1,158,329.32.

3) CN Administratia Porturilor Dunarii Fluviale SA

Following the decision of General Shareholders Meeting of this company to approve the financial statements for the financial year ended 31 December 2014 and do not distribute dividends, the valuation method for this company has been changed from Shareholders' equity (as of 31 December 2013) adjusted with dividends declared per share (respectively 128.5194 Lei /share) to Shareholders' equity (as of 31 December 2014) per share (respectively 106.9356 Lei/share).
