The Company's revenues decreased in 2012 and amounted to €67.889 to €162.068 compared to 2011. The decrease is due to lower revenues from interest receivable.

Further information

The company's results depend heavily on the performance of its portfolio securities in Cyprus and from dividends and interest income. The international financial crisis and the general situation of the Cyprus economy is not expected to improve by 2013, making the course of the Stock Exchange and by extension the Company's portfolio, not promising in 2013.
