**Subject : Thomas Cook**

Constantinou Bros Hotels Public Company Ltd, hereby wishes to inform the investors that the percentage of tourists that Thomas Cook used to route to our hotels does not exceed 3% of the total. An attempt is being made for this percentage to be recovered through the other co-operations that the group has entered into.

The amount due from up to date sales, will not have any significant impact on the Group's cash flow. We believe that despite the difficulties, the group remains healthy and committed to the goal of developing its business and maintaining the high quality of services it provides to its clients.

A. Anastasiou
