The condition of the Cyprus economy is characterized by continued weakness. The recession in Cyprus deepens and all indices shrink. The condition of the Cyprus economy, due to the ongoing recession, is characterized by stagnation and lack of dynamic. The result is that almost all indices have shrunk. The prospects are not favorable and we expect low growth rates for the next years. This is expected to have negative impact on the Cyprus capital market and the Company's results.

There are no other significant developments or deals affecting the Company's financial condition.
