- (1) Companies which do not distribute 70% of their profits after tax, as defined by the Special Contribution for Defence Law of the Republic, within two years after the end of the relevant tax year, will be deemed to have distributed this amount as dividends. Special contribution for defence at 15% will be payable on such deemed dividends to the extent that the shareholders, at the end of the period of two years following the end of the relevant tax year, are Cyprus tax residents. The percentage of the special contribution for defence increased to 17% of profits for tax year 2009 and to 20% of profits for tax years 2010 and 2011 and was then reduced to 17% of profits for the tax years 2012 onwards. The amount of deemed distribution is reduced by any actual dividends paid out of the profits of the relevant year at any time. This special contribution for defence is payable by the Company for the account of the shareholders.
- (2) Fair value reserves are distributable as dividends.
