1. Companies which do not distribute 70% of their profits after tax, as defined by the Special Contribution for Defence Law of the Republic, within two years after the end of the relevant tax year, will be deemed to have distributed this amount as dividends. Special contribution for defence at 15% will be payable on such deemed dividends to the extent that the shareholders, at the end of the period of two years following the end of the relevant tax year, are Cyprus tax residents and are deemed to be domiciled in Cyprus. The percentage of the special contribution for defence increased to 17% for profits for the tax years 2009 and to 20% for profits for the tax years 2010 and 2011 and was then reduced to 17% for profits for the years 2012 onwards. The amount of deemed distribution is reduced by any actual dividends paid out of the profits of the relevant year at any time. This special contribution for defence is payable by the Company for the account of the shareholders.
2. The share premium reserve and the difference from conversion of share capital into euro reserve are not available for distribution in the form of dividend.
