C.O. CYPRUS OPPORTUNITY ENERGY PUBLIC COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

For the period from 1 January 2021 to 30 June 2021

1. Incorporation and principal activities

Country of incorporation

The Company C.O. Cyprus Opportunity Energy Public Company Limited (the "Company") was incorporated in Cyprus on 10 February 2012 as a private limited liability company under the provisions of the Cyprus Companies Law, Cap. 113. Its registered office is at 13 Karaïskakis Street, Limassol, 3032, Cyprus.

On 17 July 2012, the Company was listed on the Emerging Companies Market of the Cyprus Stock Exchange.

Principal activities

The principal activities of the Company, which are unchanged from last year, is the holding of investments.

2. Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU), except for the preparation of consolidated financial statements as required by the Cyprus Companies Law, Cap. 113 and by the International Financial Reporting Standard 10 'Consolidated Financial Statements'. The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates and requires Management to exercise its judgment in the process of applying the Company's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

3. Significant accounting policies

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented in these financial statements unless otherwise stated.

Subsidiary companies

Subsidiaries are entities controlled by the Company. Control exists where the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Investments in subsidiary companies are stated at cost less provision for impairment in value, which is recognised as an expense in the period in which the impairment is identified.

Finance income

Interest income is recognised on a time-proportion basis using the effective method.

Finance costs

Interest expense and other borrowing costs are charged to profit or loss as incurred.

Foreign currency translation

(1) Functional and presentation currency

Items included in the Company's financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in United States Dollars (US\$), which is the Company's functional and presentation currency.

C.O. CYPRUS OPPORTUNITY ENERGY PUBLIC COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

For the period from 1 January 2021 to 30 June 2021

3. Significant accounting policies (continued)

Foreign currency translation (continued)

(2) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Tax

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the taxation authorities, using the tax rates and laws that have been enacted, or substantively enacted, by the reporting date.

Share capital

Ordinary shares are classified as equity. The difference between the fair value of the consideration received by the Company and the nominal value of the share capital being issued is taken to the share premium account.

Advances from shareholders

Advances from shareholders constitutes contributions made by the Company's shareholders other than for the issue of shares by the Company in their capacity as equity owners of the Company for which the Company has no contractual obligation to repay them. Such contributions are recognised directly in equity as they constitute transactions with equity owners in their capacity as equity owners of the Company.

4. New accounting pronouncements

At the date of approval of these financial statements, standards and interpretations were issued by the International Accounting Standards Board which were not yet effective. Some of them were adopted by the European Union and others not yet. The Board of Directors expects that the adoption of these accounting standards in future periods will not have a material effect on the financial statements of the Company.

5. Financial risk management

Financial risk factors

The Company is exposed to liquidity risk and capital risk management arising from the financial instruments it holds. The risk management policies employed by the Company to manage these risks are discussed below:

5.1 Liquidity risk

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability, but can also increase the risk of losses. The Company has procedures with the object of minimising such losses such as maintaining sufficient cash and other highly liquid current assets and by having available an adequate amount of committed credit facilities.

5.2 Capital risk management

Capital includes equity shares and share premium and advances from shareholders.

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Company's overall strategy remains unchanged from last year.

C.O. CYPRUS OPPORTUNITY ENERGY PUBLIC COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

For the period from 1 January 2021 to 30 June 2021

6. Administration expenses

	01/01/2021- 30/06/2021	01/01/2020- 31/12/2020
