Alfa Laval wins SEK 90 million pharmaceutical order in India

Alfa Laval – a world leader in heat transfer, centrifugal separation and fluid handling – has won an order from a major pharmaceutical company in India to supply a processing line for a new insulin plant in Malaysia. The order is worth approximately SEK 90 million and delivery is scheduled for 2014.

The order includes a variety of Alfa Laval equipment for fermentation, fluid handling and tank cleaning, forming a complete processing line for insulin production.

“The pharmaceutical industry requires hygienic and safe equipment that comply with the rigorous industry standards. This order is driven by the increased living standard and confirms our position as a reliable supplier to the industry”, says Lars Renström, President and CEO of the Alfa Laval Group.
