Biotage – alleged patent infringement settled - correction

In the press release with the heading "Biotage – alleged patent infringement settled" published earlier today, reference was by mistake made to the EU Market Abuse Regulation and the Securities Markets Act in the label of the press release. Since the information was not regarded as insider information the reference should not have been included.

This information was submitted for publication, through the agency of the contact persons set out above, at 11.00 CET on August 16, 2017.

About Biotage

Biotage offers efficient separation technologies from analysis to industrial scale and high quality solutions for analytical chemistry from research to commercial analysis laboratories. Biotage's products are used by government authorities, academic institutions, pharmaceutical and food companies, among others.
