The Boards' proposals

Item 10 – Allocation of EQT's profit in accordance with the adopted balance sheet

The Board proposes a dividend to the shareholders of SEK 2.80 per share for fiscal year 2021. The dividend is proposed to be paid out in two installments. At the first installment, SEK 1.40 with record date 3 June 2022. At the second installment, SEK 1.40 with record date 1 December 2022. Should the Meeting resolve in favor of the proposal, payment of the dividend is expected to be facilitated by Euroclear on 9 June 2022 and on 6 December 2022, respectively.

Item 18 – Guidelines for remuneration to executive management

The Board seeks to attain a remuneration system for the CEO, other members of the executive management (ExCom) and other employees which is in line with market conditions and competitive, so that EQT is able to recruit, motivate and retain qualified personnel and the best talent.

The guidelines for executive remuneration proposed by the board of directors are included in full below.

Guidelines for executive remuneration (remuneration policy)

The CEO, the deputy CEO and other members of the Executive Committee (executive management) fall within the provisions of these guidelines. To the extent a board member conducts work for EQT, in addition to the board work, consulting fees and other compensation for such work may be paid. The guidelines are forward-looking, i.e. they are applicable to remuneration agreed, and amendments to remuneration already agreed, after adoption of the guidelines by the annual shareholders' meeting

2022. These guidelines do not apply to any remuneration separately decided or approved by the shareholders' meeting.

EQT has a clear remuneration philosophy (including for variable cash) applicable across the whole group which also governs the remuneration to the Executive Committee and links compensation to EQT AB Group's business strategy, sustainability, long-term interests and long-term value growth for its shareholders.

Most important is to incentivize fund performance and ensure aligned interest with our limited partners in the EQT funds, EQT AB's shareholders as well as EQT's long term approach. EQT is a performance driven organization focused on long-term value creation in line with our culture. Team performance and individual performance are important – therefore we reward both. Performance is key to our success and we award higher performance with higher compensation.

To be able to achieve the business goals, EQT needs to be able to attract and retain world class talent suitable for each role. To achieve this, EQT applies market competitive total compensation.

EQT compensates locally based on geography and in line with local practice and regulations, taking into account, to the extent possible, the overall purpose of these guidelines.

The principles in these guidelines enable EQT AB to offer the Executive Committee a competitive total remuneration.

For more information regarding the EQT AB Group's business strategy, please see EQT AB's webpage, www.eqtgroup.com.

EQT Share program

An incentive program, the EQT Share program, has been implemented in the EQT AB Group. The EQT Share program has been resolved by the shareholders' meeting and is therefore excluded from these guidelines. The program includes members of the Executive Committee in EQT AB. The performance criteria used to assess the outcome of the program are distinctly linked to the EQT AB Group's business strategy, sustainability, long-term interests and value growth for its shareholders. These performance criteria comprise financial targets, inter alia, revenue growth and EBITDA, and in addition thereto the general competitiveness as well as the individual meeting or exceeding EQT AB's highly set expectations on adding value to the EQT platform. The participants will invest a variable amount (financed by EQT) in C shares after a performance year, whereupon a three-year (approximately) holding period follows. For more information regarding the EQT Share program, including the criteria which the outcome depends on, please see EQT AB's annual report, available on eqtgroup.com/shareholders#reports-and-presentations.

Types of remuneration, etc.

The remuneration shall be on market terms and may consist of the following components: fixed remuneration, variable cash remuneration, pension benefits and other benefits. Additionally, the shareholders' meeting may – irrespective of these guidelines – resolve on, among other things, share-related or share price-related remuneration.

Fixed remuneration

The fixed remuneration, i.e. base salary, should be competitive and reflect responsibility and performance.

Variable remuneration

The satisfaction of criteria for awarding variable cash remuneration, within the EQT Bonus program, shall be measured over a period of one year. The variable cash remuneration may amount to no more than 200 percent of the annual base salary.

The EQT Bonus program consists of a performance assessment of the business as well as an individual performance assessment. Important business performance factors determining the size of the bonus is the success of the underlying business measured by business performance in the funds (investments and exits as well as portfolio and fund performance), business profitability, fundraising, sustainability as well as organizational development. The individual performance is assessed versus agreed targets as well as meeting, exceeding or not meeting high set individual performance expectations for the individual in the current role.

To which extent the criteria for awarding variable cash remuneration has been satisfied shall be evaluated/determined when the measurement period has ended. The remuneration committee shall be responsible for the evaluation so far as it concerns variable remuneration to the CEO. For variable cash remuneration to other members of the Executive Committee, the CEO shall be responsible for the evaluation. For financial objectives, the evaluation shall be based on the latest financial information made public by EQT AB.

The Executive Committee partly consists of owners of EQT AB. Owners that owned above 1.5 percent of the shares of EQT AB at IPO may not be comprised by the EQT Bonus program, i.e. variable cash remuneration, nor the EQT Share program. Therefore, total remuneration for part of the Executive Committee consists of base salary, pension benefits and other benefits.

Pension

All members of the Executive Committee shall be covered by defined contribution pension plans, for which pension premiums shall be based on the members' base salary and paid by the company during the period of employment. For current members of the Executive Committee pension contributions shall be based on base salary and follow contribution levels in accordance with local market practice, except for the application of a cap. For Sweden, this means that it shall be comparable to the old BTP-plan with a contribution cap for base salary exceeding 40 Income base amounts. The pension premiums shall amount to no more than 25 percent of the annual base salary.

Other benefits

Other benefits, such as insurances (health, life, travel), sports contributions or occupational health services, should be payable to the extent this is considered to be in line with market conditions in the market concerned. Premiums and other costs relating to such benefits may amount to no more than 25 percent of the annual base salary.

Termination of employment and terms for severance pay for the CEO

A twelve month notice period will apply if notice is given by the CEO or EQT AB. The CEO's employment terms include a non-competition clause. If used, this would entitle the employee to an additional compensation corresponding to a maximum of twelve months' salary, however, reduced by any remuneration paid by a new employer.

Termination of employment and terms for severance pay for senior executives

In the event of notice being given by the EQT AB Group, a notice period of nine months applies, while in the event of notice being given by the senior executive a period of notice of six months applies. The senior executives' employment terms also include a non-competition clause. If used, this entitles the employee to an additional compensation corresponding to a maximum of nine months' salary, however,

reduced by any remuneration paid by a new employer. Base salary during the notice period and severance pay may not together exceed an amount corresponding to the base salary for eighteen months. When termination is made by the executive, the notice period may not exceed six months, without any right to severance pay.

Salary and employment conditions for employees taken into account during preparations of these guidelines

In the preparation of the board of directors' proposal for these remuneration guidelines, salary and employment conditions for employees of the EQT AB Group have been taken into account by including information on the employees' total income, the components of the remuneration and increase and growth rate over time, in the remuneration committee's and the board of directors' basis of decision when evaluating whether the guidelines and the limitations set out herein are reasonable.

The decision-making process to determine, review and implement the guidelines

The board of directors has established a remuneration committee. The committee's tasks include preparing the board of directors' decision to propose guidelines for executive remuneration. The board of directors shall prepare a proposal for new guidelines at least every fourth year and submit it to the shareholders' meeting. The guidelines shall be in force until new guidelines are adopted by the shareholders' meeting. The remuneration committee shall also monitor and evaluate programs for variable remuneration for the Executive Committee, the application of the guidelines for executive remuneration as well as the current remuneration structures and compensation levels in the EQT AB Group. The members of the remuneration committee, apart from Conni Jonsson, are independent of EQT AB and its Executive Committee. The CEO and other members of the Executive Committee do not participate in the board of directors' processing of and resolutions regarding remuneration-related matters in so far as they are affected by such matters.

Deviation from the guidelines

The board of directors may temporarily resolve to deviate from the guidelines, in whole or in part, if in a specific case there may be special cause for the deviation and a deviation should be necessary to serve the EQT AB Group's business strategy, sustainability, long-term interests and long-term value growth for its shareholders, or to ensure the EQT AB Group's financial viability. As set out above, the remuneration committee's tasks include preparing the board of directors' resolutions in remuneration-related matters. This includes any resolutions to deviate from the guidelines.

Description of material changes to the guidelines and how the views of shareholders' have been taken into consideration

Compared to the guidelines previously adopted, the variable cash remuneration has been increased from no more than 100 percent of the annual base salary to no more than 200 percent of the annual base salary. The increase has been made in order for EQT to be able to attract and retain world class talent and be more closely aligned to the wider EQT remuneration philosophy.

Item 19 – Authorization for the Board to issue shares and warrants

The Board proposes that the Meeting resolves to authorize the Board to, during the period until the next Annual Shareholders' Meeting, on one or more occasions, resolve upon issuances of new shares and/or warrants to be paid in cash, by way of set-off and/or in kind. Shares and/or warrants may be issued without preferential rights for the shareholders of EQT AB. The number of shares and/or warrants issued may not correspond to a dilution of more than 10 percent of the total number of shares outstanding at the Meeting's resolution on the proposed authorization, after full exercise of the hereby proposed authorization.

The purpose of the authorization is to provide flexibility for acquisitions of companies, businesses or parts thereof, as well as to increase financial flexibility for EQT and broaden the shareholder base. Any issue of new shares resolved upon pursuant to this authorization shall be made at market terms and conditions, taking into account the transaction as a whole. Warrants may be issued free of charge.

Item 20 – Authorization for the Board to issue shares as part of the consideration for the acquisition of BPEA

To ensure delivery of the shares that are part of the consideration for the acquisition of Baring Private Equity Asia (“BPEA”) as announced in press release on 16 March 2022, the Board proposes that the Meeting resolves to authorize the Board to, during the period until the next Annual Shareholders’ Meeting, on one or several occasions, resolve upon issuances of new ordinary shares to be paid in kind. The shares may be issued without preferential rights for the shareholders of EQT AB. The number of ordinary shares issued may not exceed 191,200,000 shares, corresponding to a dilution of approximately 16 percent of the total number of shares outstanding.

The purpose of the authorization is to enable partial payment of the acquisition of BPEA.

The Chairperson of the Board and the CEO respectively, or a person appointed by either of them, is proposed to be authorized to make such minor adjustments to this decision that may be necessary and desirable in connection with the registration of the decision with the Swedish Companies Registration Office and Euroclear Sweden AB.

The nomination committee’s proposals

The nomination committee, consisting of Jacob Wallenberg (Investor AB, Chairperson of the nomination committee), Harry Klagsbrun (Bark Partners AB), Shireesh Vasupalli (Lennart Blecher), Hans Sterte (Alecta) and Conni Jonsson (Chairperson of the Board), jointly representing approximately 38 percent of the voting rights for all the shares in EQT as of 31 August 2021, proposes the following:

The nomination committee's proposal is consistent with the audit committee's recommendation.

Item 16 – Principles for appointment of the nomination committee

The nomination committee proposes that the Meeting resolves on changes to the principles for appointment of the nomination committee.

Principles for appointment of a nomination committee in EQT AB (the "Company").

1. The nomination committee shall comprise one member appointed by each of the four largest shareholders, based on ownership in the Company on the last banking day of August the year before the annual shareholders' meeting, and the Chairperson of the Board. If any shareholder renounces its right to appoint a member to the nomination committee, such right shall transfer to the shareholder who is the next largest shareholder in the Company.
2. If none of the four largest shareholders is (a) a Partner in EQT Foundation Partner Committee ("EQT Partner") or (b) EQT Foundation, the fourth largest shareholder's right shall instead vest in EQT Foundation. Thus, an EQT Partner or EQT Foundation shall always be allowed to appoint a member of the nomination committee. If EQT Foundation renounces such right, the right shall transfer to the fourth largest shareholder pursuant to section 1.
3. The member appointed by the largest shareholder shall be appointed Chairperson of the nomination committee, unless the nomination committee unanimously appoints someone else. The Chairperson of the nomination committee shall not be a Board member of the Company.
4. If a shareholder (pursuant to section 1 or section 2) that has appointed a member to the nomination committee is no longer one of the shareholders who is given such right, at any point in time up to three months before the annual shareholders' meeting:
 - the member appointed by such shareholder shall resign; and
 - the shareholder who is the next largest shareholder in the Company (that has not appointed a member) or EQT Foundation (pursuant to section 2) shall have the right to appoint one member to the nomination committee.

Unless specific reasons suggest otherwise, the existing composition of the nomination committee shall, however, remain unchanged if such change in the ownership in the Company is only marginal or occurs during the three-month period prior to the annual shareholders' meeting. If a shareholder/EQT Foundation otherwise should have the right to appoint a member due to a material change in the ownership of the Company at any time during the three-months period prior to the annual shareholders' meeting, such shareholder/EQT Foundation shall, in any event, have the right to take part in the work of the nomination committee and participate in its meetings.

5. If a member resigns from the nomination committee before his or her work is completed, the shareholder (pursuant to section 1 or section 2) who has appointed such member shall appoint a new member, unless section 4 is applicable.
6. A shareholder (pursuant to section 1 or section 2) who has appointed a member to the nomination committee shall have the right to dismiss such member and appoint a new member.
7. Changes to the composition of the nomination committee shall be disclosed publicly as soon as possible.
8. The nomination committee's appointment ends when the next nomination committee has been appointed.
9. If needed, the Company shall reimburse reasonable costs which the nomination committee deems necessary in order for the nomination committee to fulfill its assignment.
10. These instructions shall apply until further notice.

Proposals with respect to persons to approve the minutes and voting list

Item 3 – Persons to approve the minutes

Harry Klagsbrun and Anna Magnusson or, to the extent both or any of them are prevented, the person or persons assigned by the nomination committee are proposed as persons to approve the minutes. The assignment for the persons to approve the minutes includes verifying the voting list and confirming that advance votes received are correctly reflected in the minutes of the Meeting.

Item 4 – Voting list

The voting list proposed for approval under item 4 on the agenda is the voting list prepared by Computershare AB on behalf of EQT based on the shareholders' register and verified by the persons elected to approve the minutes.

Majority rules

The Boards' proposal under item 19 on the agenda is subject to the approval at the Meeting with at least 2/3 of both the votes cast and of the shares represented at the Meeting.
