

Press release 22 April 2021 (08:00 CET)

Robin Boheman new CEO of Instalco

Robin Boheman, CFO of Instalco, has been appointed new CEO of the company. Robin will assume the position on 1 September 2021.

Robin Boheman was one of the first employees in Instalco after CEO Per Sjöstrand and has been part of the Group management team since the start. Robin worked as Head of M&A and Business Development between 2014-19 and was appointed as CFO of the group in 2019. He has prior experience of strategy development in listed companies and he has also worked as a consultant. He holds a MSc in accounting and finance from Uppsala University.

"Ever since he was employed, Robin has worked closely with Per Sjöstrand. The Board is very happy that Robin has accepted to assume the role as CEO after Per. His experience from the group's M&A work and finance function makes him an excellent successor. With Robin as the new CEO, we ensure continuity for Instalco", says Olof Ehrlén, Chairman of the Board in Instalco.

Robin Boheman will assume the role as CEO on 1 September 2021. The recruitment process for a new CFO will begin immediately.

"I have been part in developing Instalco since the company's inception and has been with it night and day ever since. I am excited to assume the CEO role from Per this autumn and I will continue to lead the Instalco spirit forward", says Robin Boheman.

The Nomination Committee of Instalco has previously announced that it will propose that the Annual General Meeting in 2021 elects CEO Per Sjöstrand as the new Chairman of the Board from the day when a new CEO assumes the role. Up until the time when Per Sjöstrand assumes the role of Chairman, the Nomination Committee has proposed a re-election of current Chairman Olof Ehrlén.
