Proposals

Resolution to approve resolution by the Board of Directors to issue share (item 6)

The Board of Directors of K-Fastigheter resolved on 28 September 2023 to issue a total of up to 24,000,000 series B shares. The capital raise is carried out through two separate resolutions on share issues, partly as a directed issue of 18,180,000 series B shares, pursuant to the authorization to issue shares granted by the Annual General Meeting held on 15 May 2023, through an accelerated book-building procedure targeting Swedish and international institutional investors, partly as a directed issue of 5,820,000 series B shares, subject to approval at an extraordinary general meeting of the company, directed to Erik Selin Fastigheter AB. The subscription price in both share issues amount to SEK 13.80 per share and has been determined through an accelerated book-building procedure carried out by Nordea Bank and Swedbank.

The Board of K-fast Holding AB proposes that the general meeting resolves to approve the Board's resolution of the 28 September 2023, to increase the Company's share capital by up to SEK 1,552,000 through a new issue of no more than 5,820,000 new series B shares, each with a quota value of SEK 0,266667.

The following main terms shall apply to the share issue. The subscription price per share is SEK 13,80, which corresponds to the price determined within the framework of the book-building procedure that preceded the resolution on issuing of shares. With deviation from the shareholders' preferential right the new shares can only be subscribed for by Erik Selin Fastigheter AB. Subscription for the shares shall be made on a special subscription list no later than 28 September 2023. Payment for the subscribed shares shall be made no later than 26 October 2023. The new shares entitle to dividends as from the first time on the record date for dividend occurring after the shares have been registered with the Swedish Companies Registration Office.

Due to the directed issue the Board of Directors of the Company has made an overall assessment and carefully considered the possibility to raise capital through a rights issue with preferential right for the company's shareholders. The Board of Directors considers that the reasons for deviating from the shareholders' preferential right are (i) that a rights issue would take a significantly longer time to complete and entail a higher risk for an adverse effect on the share price, particularly in light of the current market volatility and the challenging market conditions, (ii) that the participation in the issue from one of the Company's principal shareholders has a positive impact on the possibility of simultaneously carrying out the new issue of 18,180,000 series B shares targeting Swedish and international institutional investors, and (iii) to carry out a directed share issue can be made at lower costs and with less complexity than a rights issue. Considering the above, the board of directors has made the assessment that a directed issue of series B shares with deviation from the shareholders' preferential right is the most favourable alternative for K-Fastigheter to carry out the capital raise.

The assessment of the Board of Directors is that the subscription price in the share issue reflects market conditions since it has been determined through an accelerated book-building procedure and that the company receives an unconditional capital contribution in connection with the completion of the new share issue.

Erik Selin Fastigheter AB is owned by Erik Selin, who is Chairman of the Board of Directors of the Company. This means that a directed share issue to Erik Selin Fastigheter AB falls under Chapter 16 in the Companies Act, which means that the resolution by the Board of Directors to issue the 5,820,000 series B shares as stated above must be subject to the approval of the general meeting. The general meeting's resolution to approve the resolution to issue the new shares is valid only if it is supported by at least nine tenths of both the votes cast as well as the shares represented at the meeting.

The Company's CEO is authorized to undertake the minor formal adjustments to the resolution to issue the new shares that may prove necessary in connection with registration of the new shares with Swedish Companies Registration Office or Euroclear Sweden AB.

Jacob Karlsson AB and Erik Selin Fastigheter AB, which together hold approximately 64 per cent. of the shares and approximately 74 per cent. of the votes in K-Fastigheter (considering dilution in connection with the new issue of 18,180,000, series B shares targeting Swedish and international institutional investors as stated above), has undertaken to vote at the EGM in favour of the proposal by the Board of Directors to approve the resolution by the Board of Directors to issue up to 5,820,000 series B shares.
