LAGERCANTZ GROUP IN BRIEF

Lagercrantz Group is a technology group in electronics, electrics, communication and adjacent areas. The Group operates in a decentralised mode with value-creating sales in close proximity to its customers and markets and has a leading position in several expansive niches.

Operations are organised in three divisions. Division Electronics is primarily involved in marketing solutions in wireless industrial communication and embedded systems. Division Mechatronics offers electro-mechanical components and production of cable harnesses, electrical connection, electrical installation material and niche steel products. Division Communications provides solutions in digital image transmission/technical security, design software and access products. Manufacturing companies are the primary customers. Lagercrantz is today represented in eight countries in Northern Europe, and in China.

The Group has sales of more than MSEK 2,000 and has approximately 700 employees. Lagercrantz is listed on NASDAQ OMX Stockholm Exchange, segment Small Cap. Additional information is available at www.lagercrantz.com
