

Lindab secures another large Belarus order

Lindab has received an order worth just over SEK 13 m for a steel building in Minsk, Belarus. This is the sixth building that Lindab delivers to the same customer in the past nine years and it will be used as a production unit. The customer, Alutech Incorporated, is a Belarus-based company supplying aluminium roller shutters, industrial gates, façade systems and other aluminium profile accessories.

Alutech is a company with very high demands on quality in the products and services that they provide, and with equally high demands on the buildings that they operate in. Hans Berger, Business Area Manager for Lindab Building Systems, comments: "Since 2003, Lindab has provided Alutech with sustainable buildings that are optimized to their requirements. Our engineering services have been greatly appreciated and have contributed to Lindab being their preferred choice of building partner yet again."

The new production unit measuring approximately 10,000 square metres will be located near other Alutech facilities and their Head Quarter in Minsk. Ground work at the construction site has started and deliveries from Lindab will begin in May.

Lindab - A Ventilation and Building Products company:

Lindab develops, manufactures, markets and distributes products and system solutions primarily in steel for simplified construction and improved indoor climate.

The business is carried out within three business areas, Ventilation, Building Components and Building Systems. The products are characterised by their high quality, ease of assembly, energy efficiency, consideration towards the environment, and are delivered with high levels of service. Altogether, this increases customer value.

The Group had sales revenue of SEK 6,878 m in 2011, was established in 31 countries and had approximately 4,300 employees. The main market is non-residential construction, which accounts for 80 percent of sales, while residential accounts for 20 percent of sales. During 2011, the Nordic market accounted for 46 percent, CEE/CIS (Central and Eastern Europe as well as other former Soviet states) for 23 percent, Western Europe for 28 percent and other markets for 3 percent of total sales.

The share is listed on the Nasdaq OMX Nordic Exchange, Stockholm, Mid Cap. For more information visit www.lindabgroup.com
