### Nordstjernan issues call options to senior executives at NCC

**Senior executives at NCC have been offered an opportunity to acquire call options in NCC. The seller is NCC's principal owner Nordstjernan.**

“On a number of occasions, Nordstjernan has offered senior executives an opportunity to acquire options to purchase the NCC share. Since Peter Wågström will take over as President and Chief Executive Officer immediately after the Annual General Meeting in April, it is logical that such an offer be made once again,” says Tomas Billing, President of Nordstjernan and Chairman of the NCC Board.

NCC's forthcoming President and Chief Executive Officer, Peter Wågström, has acquired options that provide entitlement to acquire a total of 15,761 shares.

The written options have a term of 3.3 and 5.3 years with exercise in spring 2014 and spring 2016, respectively, at a price of SEK 200 and SEK 250, respectively. The closing price for NCC's Series B share on February 14 forms the basis for the option agreements. The closing price on that date was SEK 169.50.

The written options cover a total of 51,223 Series B shares in NCC AB, effective February 14, 2011.
