NIBE in brief

NIBE is an international heating technology company. Operations are organised around three business areas - NIBE Element, NIBE Energy Systems and NIBE Stoves - all united under a shared vision: to create world-class solutions in sustainable energy. The group has more than 5,900 employees and carries out business operations in Europe, North America and Asia. In 2010, net sales and operating profit (EBIT) amounted to SEK 6,512 million (CHF 930 million) and SEK 796 million (CHF 114 million) respectively.

***NIBE Element** is a market leader in Northern Europe and a leading international manufacturer of components and systems for electric heating applications and for resistors. The market is composed of industrial users and users of components. **NIBE Energy Systems** is a market leader in the Nordic region and holds a leading position in Northern Europe in its main focus areas of heat pumps and electric water heaters for private homes and larger premises. The market is comprised of the RMI sector (Renovation, Maintenance and Improvement) and the construction of new homes and other properties. **NIBE Stoves** is a market leader in the Nordic region for wood-burning stoves. The market is composed of private homeowners in the new and existing housing market and in the holiday homes sector.*
