INTERIM REPORT JANUARY – SEPTEMBER 2022

AB | SAGAX

AB Sagax is a property company whose business concept is to invest in commercial properties, mainly in the warehouse and light industrial segments

Interim Report January - September 2022

JANUARY - SEPTEMBER 2022

- Rental revenue increased 19% to SEK 2,725 M (SEK 2,294 M in the year-earlier period).
- Profit from property management increased 21% to SEK 2,530 M (2,096).
- Profit from property management per Class A and B share after dilution rose 23% to SEK 7.35 (5.97).
- Property revaluation affected profit by SEK 3,521 M (3,820).
- Revaluation of financial instruments had an impact on profit of SEK -2,615 M (863).
- Profit after tax for the period was SEK 2,445 M (5,913).
- Cash flow from operating activities before changes in working capital rose 30% to SEK 2,302 M (1,776), corresponding to SEK 6.64 (4.99) per Class A and B share after dilution.
- Net property investments for the period amounted to SEK 3,419 M (3,419).

THIRD QUARTER OF 2022

- Rental revenue increased 19% to SEK 938 M (SEK 788 M in the year-earlier period).
- Profit from property management increased 24% to SEK 910 M (732).
- Profit from property management per Class A and B share after dilution rose 26% to SEK 2.66 (2.11).
- Property revaluation affected profit by SEK 408 M (1,067).
- Revaluation of financial instruments had an impact on profit of SEK -421 M (112).
- Profit after tax for the quarter was SEK 702 M (1,610).
- Cash flow from operating activities before changes in working capital rose 25% to SEK 659 M (527), corresponding to SEK 1.87 (1.46) per Class A and B share after dilution.
- Net property investments for the quarter amounted to SEK 841 M (1,220), of which acquisitions accounted for SEK 651 M (1,051).

UNCHANGED FORECAST FOR 2022

Profit from property management for 2022, meaning profit before revaluations and tax, based on the current property portfolio, announced acquisitions and divestments and current exchange rates, is expected to amount to SEK 3,300 M. The forecast was presented in the interim report for January-June 2022.

2) The calculation of alternative performance measures is provided on pages 34-35.

Business concept, targets and strategies

BUSINESS CONCEPT

Sagax's business concept is to invest in commercial properties, mainly in the warehouse and light industrial segments.

OPERATIONAL TARGETS

Sagax's goal is to generate attractive risk-adjusted return for the company's shareholders. This is to be achieved by accomplishing the following operational targets:

- The company's operations are to generate long-term sustainable return and strong cash flows.
- The company is to continue to grow through new investments if attractive risk-adjusted returns are expected to be achieved.
- Cash flow growth in existing operations is to exceed inflation.

FINANCIAL TARGETS

Sagax has the following financial targets:

- Return on equity, measured over a five-year period, shall be at least 15% per year.
- Profit from property management per Class A and B share shall increase by a minimum of 15% per year.

The table and charts below illustrate the outcome for the past five years in relation to the financial targets.

STRATEGIES

Sagax has a long-term "buy and hold" approach to its investments. Sagax does not engage in property trading activities other than occasional sales of properties that no longer meet the company's investment criteria. Sagax's property development activities are limited and projects are carried out primarily after they have been let.

To achieve the company's operational and financial targets the company has adopted the following strategies.

Investment strategy

Property acquisitions and investments in the existing portfolio aim to increase cash flow and diversify rental revenue, thereby reducing the company's operational and financial risks.

Sagax invests in commercial properties, mainly in the warehouse and light industrial segments. These property segments combine low rates of new construction with stable occupancy levels, generating stable cash flow and opportunities for long-term value creation. Sagax invests in add-on acquisitions and in existing properties. The chart on page 4 specifies the properties' market value and lettable area.

In addition to direct investments Sagax invests in properties via joint ventures and associated companies. This enables the company to invest in markets that Sagax cannot reach successfully on its own. The indirect investments allow Sagax to team-up with specialised management teams and to leverage Sagax's general industry knowledge to develop attractive investments.

| Financial targets | | |
|---|------------------------------|----------------------|
| | Outcome rolling 12 months | Five-year average |
| Return on equity, measured over a five-year period, shall exceed 15% per year | 20% | 24% |
| Profit from property management per Class A and B share shall increase by a minimum of 15% per year | 22% | 22% |

Return on equity

Profit from property management per Class A and B share

Financing strategy

The financial structure of Sagax is designed with a clear focus on operating cash flow and interest coverage ratio. This is expected to create both good prerequisites for expansion and attractive return on equity.

The chart below shows that Sagax's cash flow from operating activities largely corresponds to its profit from property management. The difference is mainly due to joint ventures and associated companies, where dividends instead of profit from property management are recognised as cash flow from operating activities.

Sagax endeavours to have well-balanced fixed interest and loan maturity profiles to secure its operating cash flow. The company's strategy is to fund its interest-bearing debt mainly by issuing senior unsecured bonds in the EUR and SEK markets. Sagax also finances its operations via issuance of commercial paper in EUR and SEK. Sagax can also raise debt in the bank markets if favourable. Moody's Investors Service has rated Sagax "Baa3" with "Positive outlook".

The company has three classes of shares: Class A, B and D common shares. The Class A and B shares participate fully in the company's equity. The Class D participates in a dividend of up to SEK 2.00 per share and year. The aim with the Class D shares is to attract investor categories that value stable and regular dividends while limiting dilution for the holders of common shares of Class A and B.

Asset management strategy

Sagax's long-term perspective applies to the company's asset management strategy. Sagax endeavours to attract reputable and creditworthy tenants and favours longer leases with financially stable tenants even if this entails foregoing higher rental levels. This is regarded as being advantageous since it reduces the risk of vacancies, while leading to lower costs for letting premises and adapting premises to tenant needs.

Sagax invests primarily in regions experiencing stable population growth and that have diversified business activities. The risk of a decline in occupancy rates and rent levels due to a weaker rental market is regarded as low due to the stable population growth and the diversified business operations in these markets. Sagax's largest markets are Stockholm and Helsinki, which are regarded as offering favourable conditions for long-term growth.

The company mainly enters into net leases. This strategy protects the company's operating cash flow from increases in expenses resulting from changes in property taxes, consumption levels or rates for utilities.

SUSTAINABILITY ACTIVITIES

The aim of Sagax's sustainability activities is to avoid short-term gains arising at the expense of negative longer-term consequences. The company's investing activities, management and funding are conducted to achieve the best possible long-term – meaning sustainable – outcome. The planning, governance and monitoring of sustainability activities follow Sagax's organisational structure with well-defined delegation of responsibilities and authorities. Sustainability activities are based on applicable legislation and internal policies.

Sagax has identified the following focus areas:

Environmental and resource efficiency

Heating premises and the use of electricity account for the largest share of properties' energy use. Sagax continuously takes action to reduce its energy consumption.

Business ethics

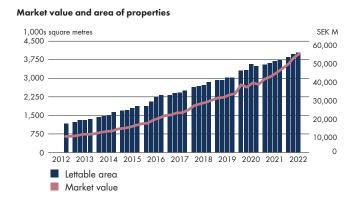

Sagax works actively to combat all forms of corruption, and has a whistle-blower function available on the Sagax website and a Code of Conduct for Suppliers.

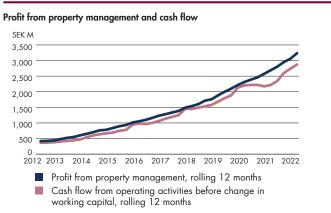

Financial sustainability

Sagax's business model is characterised in all areas by a long-term approach. Short-term gains are subordinate to the company's long-term value creation. Accordingly, sustainability work is integrated into the business model.

Professional and dedicated employees

The development of the company is dependent on highly skilled employees. For this reason, it is important that the company is an attractive employer that can attract and has the ability to retain highly skilled personnel. Sagax employees are expected to assume responsibility for their work duties and serve as good representatives of the company's values and culture.

At Tulkintie 29 in Vanda outside Helsinki, Sagax has constructed a building with a lettable area of 4,200 square metres on previously unexploited land. The building has BREEAM Very Good certification and is fully let.

Earnings, revenue and expenses

The profit/loss and cash flow items below refer to the January to September 2022 period. The comparative items refer to the year-earlier period. Amounts for the balance-sheet items and comparative figures refer to the position at the end of the current period and end of the year-earlier period.

EARNINGS

Profit from property management rose 21% to SEK 2,530 M (2,096), of which joint ventures and associated companies accounted for SEK 606 M (529). The increase in profit from property management was attributable to property acquisitions and higher profit from property management in joint ventures and associated companies. Profit from property management per Class A and B share after dilution rose 23% to SEK 7.35 (5.97).

Changes in the value of properties increased profit by SEK 3,521 M (3,820), of which SEK 1,000 M (1,490) from joint ventures. The changes in value were primarily due to higher inflation expectations and thus an expected increase in rental revenue.

Revaluation of financial instruments had an impact on profit of SEK -2,615 M (863), of which SEK 314 M (79) from joint ventures and associated companies. The revaluation of listed shares accounted for SEK -3,221 M (742). The revaluation of financial instruments attributable to joint ventures amounted to SEK 150 M (35) pursuant to IFRS 9, while fixed income derivatives accounted for SEK 406 M (98) and other financial instruments for SEK 47 M (-12).

Profit after tax for the period was SEK 2,445 M (5,913).

REVENUE

Rental revenue rose 19% to SEK 2,725 M (2,294). Revenue was primarily positively affected by property acquisitions. Revenue was also impacted positively by SEK 58 M compared with the year-earlier period due to the EUR strengthening against the SEK.

During the period, rental revenue in comparable portfolios increased 4.5% (1.3) excluding currency effects. The segments with the largest increases were Spain with 8.9%, France with 4.9% and Finland with 4.6%

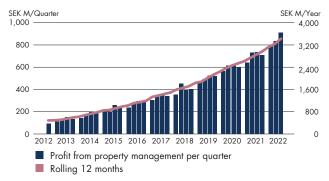

Other revenue amounted to SEK 28 M (19).

CHANGE IN THE ECONOMIC OCCUPANCY RATE

The economic occupancy rate amounted to 96% (95). During the period, the vacancy value rose SEK 146 M (112) due to tenants vacating premises and declined SEK 139 M (117) due to new lettings. Fixed-term rent discounts for new tenants increased SEK 7 M (4) to SEK 45 M (38) on an annual basis at the end of the period. Property acquisitions during the period impacted the vacancy value by SEK 14 M (–2). In total, the vacancy value increased SEK 34 M (3) to SEK 168 M (156) at the end of the period.

In the third quarter, Sagax reported positive net leasing of a total of SEK 20 M in the Finland, France, Netherlands and Spain segments. During the same period, Sagax's net leasing was SEK –27 M in the Sweden segment primarily as a result of premises of 52,100 square metres in Stockholm becoming vacant. Of the vacant premises, 24,800

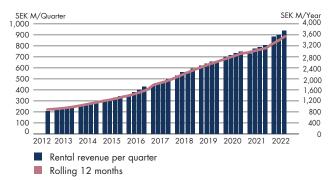

Profit from property management

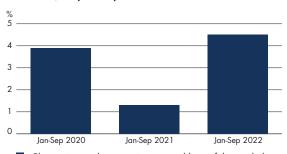

Economic occupancy rate

Rental revenue

Rental revenue, comparable portfolios

 Change in rental revenue in comparable portfolio, excluding currency effects, compared to the same period previous year square metres has been let to three tenants who will take occupancy between October 2022 and September 2023. All segments reported healthy demand in the third quarter.

FUTURE VACANCY CHANGES

At the end of the period, notice of termination had been served for leases with a rental value of SEK 116 M (85), of which leases with notice of vacating the premises accounted for SEK 115 M (83) and leases with notice of renegotiation for SEK 1 M (2). Of the leases for which notice had been received, vacancies corresponding to a rental value of SEK 6 M will occur in 2022. Lettings of premises that have not yet been occupied reduced the adjusted vacancy value by SEK 31 M (30).

PROPERTY EXPENSES

Operating and maintenance costs amounted to a total of SEK 300 M (232). Expenses for property tax increased to SEK 132 M (115). Other property expenses rose to SEK 60 M (46). The increase was primarily due to property acquisitions and price increases for heating and electricity.

CENTRAL ADMINISTRATION

Central administration costs amounted to SEK 107 M (96), corresponding to 3.9% (4.2) of the period's rental revenue. The increase in costs is the consequence of a larger organisation.

At the end of the period, Sagax had 93 (83) employees. Functions such as property caretaking and on-call operations are outsourced. Sagax has offices in Stockholm, Helsinki, Paris, Rotterdam, Barcelona and Frankfurt.

PROFIT FROM JOINT VENTURES AND ASSOCIATED COMPANIES

Profit from joint ventures and associated companies for the period amounted to SEK 1,548 M (1,773), of which profit from property management accounted for SEK 606 M (529), changes in the value of fixed income derivatives for SEK 314 M (79) and changes in the value of properties for SEK 1,000 M (1,490). Other changes in value amounted to SEK 29 M (-9). Profit was charged with tax of SEK 401 M (317). Refer also to page 13 for further information.

NET FINANCIAL ITEMS

Interest-bearing liabilities increased to SEK 31,900 M (25,234).

Financial expenses amounted to SEK 354 M (315). The average interest rate was 1.6% (1.4) on 30 September 2022. The increase is a consequence of refinancing and new borrowing at higher interest rates.

Financial income of SEK 144 M (78) pertained to dividends primarily from holdings in Nyfosa and interest on bonds and other financial investments.

REVALUATION OF PROPERTIES

Sagax obtains external valuations to determine the properties' market value. The valuations are carried out by independent valuation companies and updated on a quarterly basis, except for five German properties that are only valued externally at year end. As of 30 September, 99% of the properties had been valued by authorised property appraisers. For other properties, the market value was determined as the acquisition price or internal valuations were applied. The value growth for the properties amounted to SEK 2,521 M (2,330), of which unrealised changes in value amounted to SEK 2,530 M (2,332). Refer also to page 12 for additional information.

| Unrealised changes in value | | | | |
|--------------------------------|--------------|--|--|--|
| Amounts in SEK M | Jan-Sep 2022 | | | |
| New lettings/Renegotiations | 489 | | | |
| Vacancies/Renegotiations | -63 | | | |
| General change in market value | 2,104 | | | |
| Total | 2.530 | | | |

REVALUATION OF FINANCIAL INSTRUMENTS

The change in the value of financial instruments amounted to SEK -2,615 M (863), of which SEK 314 M (79) referred to joint ventures.

The change in value attributable to fixed income derivatives amounted to SEK 416 M (98), of which SEK 314 M (79) referred to joint ventures.

Revaluation of listed shares resulted in an unrealised change in value of SEK -3,221 M (742), of which SEK -2,940 M pertained to the holding in Nyfosa AB.

The revaluation of financial instruments attributable to joint ventures amounted to SEK 150 M (35) in accordance with IFRS 9.

Other financial instruments were revalued by SEK 47 M (-12).

TAX

Sagax recognised a current tax expense of SEK 58 M (85). The deferred tax expense amounted to SEK 561 M (456). The Group's deferred tax liabilities at the end of the period amounted to SEK 3,778 M (2,926).

CASH FLOW

Cash flow from operating activities before change in working capital amounted to SEK 2,302 M (1,776). Changes in working capital had an impact of SEK 155 M (–29) on cash flow. Investing activities had an impact of SEK –5,344 M (–5,494) on cash flow, while cash flow from financing activities amounted to SEK 2,917 M (3,755). In total, cash and cash equivalents rose SEK 31 M (7) during the period.

PARENT COMPANY

The Parent Company, AB Sagax, is responsible for stock market issues, such as financial reporting and stock market information. Services between Group companies are charged on commercial terms and conditions and in accordance with market-based pricing. Intra-Group services comprise management services and internal interest charging. The Parent Company's management fees from Group companies amounted to SEK 65 M (46).

Forecast and current earnings capacity

UNCHANGED FORECAST FOR 2022

Profit from property management for 2022, meaning profit before revaluations and tax, based on the current property portfolio, announced acquisitions and divestments and current exchange rates, is expected to amount to SEK 3,300 M. The forecast was presented in the interim report for January–June 2022.

CURRENT EARNINGS CAPACITY

Current earnings capacity is reported in conjunction with interim reports and year-end reports.

The table below shows the company's earnings capacity on a 12-month basis at 1 October 2022. It is important to note that this capacity cannot be compared with a forecast for the forthcoming 12 months because it does not contain assessments about, for example, future vacancies, the interest rate scenario, currency effects, rent trends or changes in value.

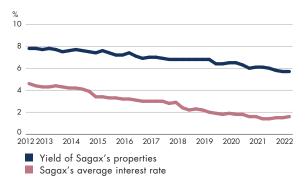

The rental value is based on contractual rental revenue on an annual basis, with addition for estimated market rents for vacant premises. Property expenses are based on actual outcomes over the past 12 months adjusted for the holding period. Central administration costs are based on actual outcomes over the past 12 months. Net financial items are calculated based on interest-bearing liabilities and assets on the balance sheet date. Expenses for interest-bearing liabilities are based on the Group's estimated average interest rate, plus financing costs allocated over time and costs attributable to credit facilities that were unutilised on the balance sheet date. Lease expenses essentially pertain to site leasehold fees that are based on actual outcomes over the past 12 months adjusted for the holding period. Dividends attributable to the company's holdings of listed shares were not taken into account in the earnings capacity. Tax is calculated at the standard tax rate of 18% (18). Translation from EUR was done at the closing rate of SEK 10.92 (10.20).

Shares in profit in joint ventures and associated companies are calculated in accordance with the same assumptions as for Sagax, taking into account the size of the participations.

Current earnings capacity before tax

 Difference between yield of Sagax's properties and Sagax's average interest rate

Property portfolio

On 30 September 2022, the property portfolio comprised 782 (725) properties with a lettable area of 4,036,000 square metres (3,699,000). At the end of the period, the rental value and contractual annual rent amounted to SEK 4,048 M (3,375) and SEK 3,880 M (3,219), respectively. This corresponds to an economic occupancy rate of 96% (95).

INVESTMENTS

During the period, Sagax invested SEK 3,432 M (3,683) in the property portfolio, of which property acquisitions accounted for SEK 2,915 M (3,264).

Properties were acquired with a total lettable area of 267,000 square metres. The largest investment referred to a portfolio of 65,000 square metres of lettable area in the France segment. A total of SEK 517 M (418) was invested in the existing property portfolio. SEK 203 M pertained to property maintenance, SEK 158 M was invested in new construction, SEK 115 was invested in conjunction with new lettings and SEK 41 of the

investments for the period were made against rent supplements. A total of SEK $33~\mathrm{M}$ was invested in solar power facilities and other energy-saving investments.

The Group has agreed to acquire three properties in France, one in Finland, one in the Netherlands and two in Germany, for which closing will take place after the end of the period. The total investment will amount to SEK 183 M. These properties, for which closing will take place after the end of the period, encompass a total of 16,100 square metres of lettable area.

DIVESTMENTS

Three properties were divested in Finland during the period with a combined value of SEK $14~\mathrm{M}.$

PROPERTY PORTFOLIO YIELD

The yield for the period in relation to market value amounted to 5.7% (6.1).

LEASE STRUCTURE

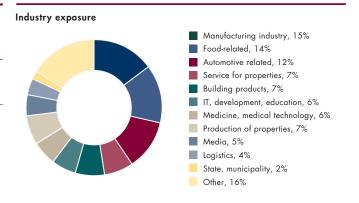

Sagax has a diverse lease structure, which increases the company's opportunities to maintain an even occupancy rate. To reduce the risk of lower rental revenue, Sagax endeavours to create long-term relationships with the company's existing tenants and to achieve favourable diversification in terms of the length and size of its leases.

Sagax's annual rent at the end of the period was distributed between 2,314 leases (1,985). The table below presents the size of Sagax's leases in relation to the Group's annual rent at the end of the period. The table shows that 2,306 leases (1,973) each had a rental value of less than 1% of the Group's annual rent. The total rental value for these leases accounted for 86% (81) of Sagax's annual rent. In addition, Sagax is party to six leases (ten) with a rental value corresponding to 1–2% of the Group's annual rent. Combined, these leases amounted to 8% (13) of Sagax's annual rent. Only two (two) of Sagax's leases had an annual rental value that accounted for more than 2% of the Group's annual rental value. These leases together represented 6% (6) of the Group's annual rental value.

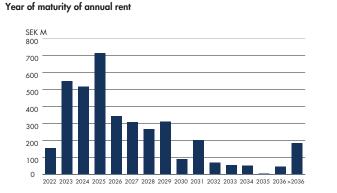

Sagax's tenants operate in a variety of sectors. 15% (15) of rental revenue derives from companies in the manufacturing industry. 14% (17) of rental revenue comes from tenants with food-related operations and 12% (11) in the automotive-related industry, including sales, service and manufacturing. Diverse tenant industries is considered to lower the risk of vacancies and rent losses. The main sectors are presented in the pie chart below.

According to Sagax's management strategy, the company strives to secure long-term leases and an even distribution of contract maturities over the years. This is deemed to reduce the risk of significant variations in the Group's occupancy rate. Leases representing 50% of the annual rent expire in or after 2026. 4-18% of annual rent expires every year between 2022 and 2025.

Market value of property portfolio

Sagax prepares its consolidated financial statements in accordance with International Financial Reporting Standards (IFRS). The company has decided to measure its properties at fair value according to Measurement at fair value, pursuant to Level 3 of IFRS 13.

Sagax obtains external valuations to determine the properties' market value. The valuations are carried out by independent valuation companies and updated on a quarterly basis.

On 30 September 2022, the total market value of Sagax's 782 (725) properties was SEK 54,350 M (43,720). Exchange rate fluctuations during the period resulted in property values denominated in EUR and DKK increasing by SEK 2,336 M (422).

The unrealised change in value for the period amounted to SEK 2,530 M (2,332) corresponding to a change in value of 5.5%. In the same period, the weighted inflation was 7.5% in the markets where Sagax is active. Accordingly, the real change in value amounted to -1.9%.

The unrealised change in value in the third quarter was SEK 664 M, corresponding to a change in value of 1.3%. Of this change in value, SEK 212 M was attributable to property management and SEK 452 M was primarily attributable to higher inflation expectations. Higher interest rates and less favourable funding terms negatively affected liquidity in the property market. Fewer comparative transactions took place in the third quarter, while demand for warehouse and industrial premises remained healthy. Uncertainty in the value assessments is thus higher than normal.

Change in the carrying amounts of properties SEK M No. Property portfolio, 31 December 2021 46,067 673 Acquisition of properties 2,915 111 Investments in the current portfolio 517 Divestment of properties -14 -3 Subdivisions, property 2,336 Currency translation effect Unrealised changes in value 2,530 Property portfolio, 30 September 2022 54,350 782

VALUATION METHOD AND IMPLEMENTATION

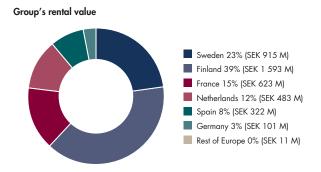

The valuations were carried out in accordance with generally accepted international valuation methods, and 99% of the properties as of 30 September 2022 were valued by authorised property appraisers from independent valuation companies.

The principal method of appraisal used was cash flow calculations in which the present value of net operating income, investments and residual values was calculated. The calculation period was adjusted to the remaining term of existing leases and varies between five and 20 years. As a rule, the calculation period is ten years. For more information, see Sagax's 2021 Annual Report, page 92.

ANALYSIS AND GENERAL CONDITIONS

The discount rate for the present value calculation of cash flows (4.5–16.5%), the discount rate for the present value calculation of residual values (4.5–16.5%) and the yield requirement for the residual value calculations (3.9–14.0%) are based on transactions carried out and on individual assessments of the risk level and market position of each property.

The weighted discount rate for the present value calculation of cash flows and residual values for the property portfolio was 7.7% (7.2 on 30 June 2022) and 7.7% (7.4 on 30 June 2022), respectively. The weighted yield requirement was 6.2% (6.2 on 30 June 2022).

Joint ventures and associated companies

In addition to the directly owned property portfolio, Sagax has invested in joint ventures and associated companies since 2010. The investment objective is to reach markets that Sagax does not have the capacity to reach, but which are considered attractive. The accumulated investments amounted to SEK 3,096 M, which has generated an accumulated dividend of SEK 2,381 M for Sagax.

The total value of the commitment related to ownership of joint ventures and associated companies amounted to SEK 11,134 M (8,745), of which 91% comprised Hemsö Fastighets AB, Söderport Property Investment AB and NP3 Fastigheter AB.

These investments contributed a total of SEK 606 M (529) to profit from property management during the period and SEK 534 M to the cash flow. Sagax's share of changes in the value of properties amounted to SEK 1,000 M (1,490) and of changes in the value of derivatives to SEK 314 M (79).

JOINT VENTURES

Hemsö Fastighets AB (Hemsö)

Sagax indirectly owns 15% of Hemsö, with the remaining share owned by the Third Swedish National Pension Fund. Hemsö conducts operations in Sweden, Germany and Finland. Operations consist of owning, managing and developing public properties. For more information, see www.hemso.se.

Söderport Property Investment AB (Söderport)

Sagax owns 50% of Söderport, with the remaining share owned by Nyfosa AB. Söderport's operations consist of owning, managing and developing properties in Sweden. On behalf of Söderport, Sagax handles the financial administration and most of the asset management.

A corresponding 76% of Söderport's rental value of SEK 980 M was located in Stockholm on 30 September 2022. Söderport's economic vacancies amounted to SEK 53 M (42), corresponding to a vacancy rate of 5% (5). Söderport also owns 78.1% of Torslanda Property Investment AB, which is thus included as a subsidiary in Söderport's consolidated

financial statements. After the close of the period, Söderport acquired shares corresponding to 6.37% of the capital and votes and thus owns 84.51% of the capital and votes. Due to the acquisition, mandatory bid rules apply and the company intends to announce a mandatory offer for the remainder of the shares around 8 November 2022.

Fastighetsaktiebolaget Ess-Sierra (Ess-Sierra)

Sagax owns 50% of Fastighetsaktiebolaget Ess-Sierra, with the remainder owned by NP3 Fastigheter AB. The operations entail owning and managing properties for building materials retail. The lettable area amounts to 184,000 square metres, the majority of which comprises warehouse premises and building materials retail. Most of the properties are situated in university and regional cities. On behalf of Ess-Sierra, Sagax handles the financial administration and asset management.

ASSOCIATED COMPANIES

NP3 Fastigheter AB (NP3)

Sagax owns 21.8% of the votes and 15.2% of the capital in NP3. The market value of Sagax's shareholding amounted to SEK 2,111 M and the carrying amount to SEK 2,134 M. NP3 is a property company focusing on commercial properties with high yields mainly in northern Sweden. The company's property portfolio encompassed 486 properties with a total property value of SEK 19.7 billion and a rental value of SEK 1,700 M on 30 September 2022. NP3 is listed on Nasdaq Stockholm, Large Cap. For more information, see www.np3fastigheter.se.

Fastighetsbolaget Emilshus AB (Emilshus)

Sagax owns 24.0% of the votes and 21.8% of the capital in Emilshus. The market value of Sagax's shareholding amounted to SEK 544 M and the carrying amount to SEK 668 M. Emilshus acquires, develops and manages commercial properties in Småland and nearby growth regions. The company's property portfolio encompassed 124 properties with a total market value of SEK 7.1 billion on 30 September 2022. For more information, see www.emilshus.com.

Funding

EQUITY

Consolidated equity amounted to SEK 33,092 M (27,173) on 30 September 2022. During the period, equity increased as a result of comprehensive income of SEK 2,932 M, decreased due to share dividends of SEK -935 M and increased on account of incentive plans of SEK 15 M.

INTEREST-BEARING LIABILITIES

Sagax's interest-bearing liabilities at the end of the period amounted to SEK 31,900 M (25,234). An amount corresponding to SEK 29,775 M (22,916) of liabilities was recognised in EUR.

Interest-bearing liabilities attributable to listed bonds amounted to SEK 27,975 M (23,148). The remaining interest-bearing debt comprised commercial paper of SEK 2,283 M (2,040) and liabilities to banks of SEK 1,642 M (47).

Unsecured liabilities corresponded to 96% (100) of interest-bearing liabilities.

The interest coverage ratio amounted to 7.6 (6.7) times and the debt ratio to 45% (44) at the end of the period. Net interest-bearing debt for the past 12 months was 7.6 (6.8) times EBITDA and 7.0 (6.4) times run rate EBITDA, see page 9 for more information.

During the period a total of SEK 6,517 M (12,930) in loans was raised, of which SEK 3,117 M (10,131) in the form of bond loans under the framework of Sagax's EMTN programme. Repayments during the period totalled SEK 2,759 M (7,837). Exchange rate fluctuations increased interest-bearing liabilities by SEK 1,761 M (268).

Net interest-bearing debt amounted to SEK 25,154 M (18,644).

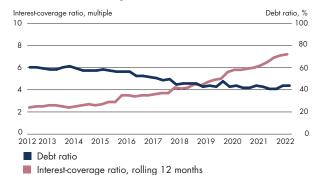

The average remaining fixed interest and loan maturity terms were 3.4 years (4.4) and 3.9 years (4.7), respectively, at the end of the period. The average interest rate on interest-bearing liabilities was 1.6% (1.4), including the effect of derivatives.

Of Sagax's interest-bearing liabilities, SEK 27,703 M (22,649), or 87%, bear fixed interest rates. The company has interest-rate caps and interest-rate swaps with a total nominal value of SEK 1,460 M (2,798).

¹⁾ Sagax's segment division was changed as of 1 January 2022. The former segments that belonged to the same country have been merged into one segment. This means that properties that previously belonged to the Rest of Europe segment are now included in the segments for their respective countries. The former market segments Stockholm and Rest of Sweden are now included in the Sweden segment. Helsinki, University cities in Finland and Rest of Finland belong to the Finland segment. The former Paris segment and the properties situated in the rest of France and that were previously reported in the Rest of Europe segment have formed the Spain segment. The properties in Germany that were previously included in the Rest of Europe segment are now included in the Germany market segment. The Netherlands segment is unchanged compared with prior periods and the properties in Denmark are reported as previously in the Rest of Europe segment. Comparative figures have been restricted according to the new segment division. segment. Comparative figures have been restated according to the new segment division.

2) All rental revenue pertains to external tenants.

The Sagax share and shareholders

At the end of the period, Sagax had 23,640 (21,793) shareholders. Sagax's market capitalisation amounted to SEK 61,690 M (91,071).

Due to the exercise of warrants under the 2019/2022 incentive plan, Sagax issued 366,422 Class B common shares during the period. A total of 446,281,346 shares were outstanding at the end of the period, of which 2,000,000 were Class B treasury shares. Sagax has three classes of shares: Class A, B and D common shares. The shares are listed on Nasdaq Stockholm, Large Cap.

According to the Articles of Association, each Class D share is entitled to five times the total dividend on Class A and B shares, although not more than SEK 2.00 per share annually.

WARRANTS

Sagax has three warrant plans for the company's employees. In total, Sagax's employees hold warrants corresponding to 0.4% of the number of Class A and B shares outstanding. The company's CEO and Board Members do not participate in the plans. These plans are valid for three years, and encompass the periods 2020-2023, 2021-2024 and 2022-2025. The subscription price corresponds to the price paid for the Class B share at

the start of the warrant plan, converted using the average share price trend for the listed property companies in accordance with Carnegie's Real Estate Index (CREX) during the corresponding period. Accordingly, the warrants will have a value on condition that the price performance of the Sagax share exceeds the average for the listed property companies during each three-year period.

PROFIT FROM PROPERTY MANAGEMENT PER COMMON SHARE

Profit from property management per Class B share after dilution on a rolling 12-month basis amounted to SEK 9.38 (7.66), which, compared with the share price of the Class B share at the end of the period, corresponded to a multiple of 19.6 (35.7).

EQUITY PER CLASS A AND B SHARE

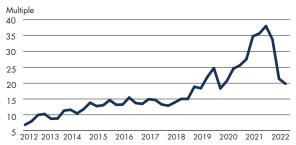

Equity per Class A and B share after dilution amounted to SEK 90.06 (71.54). Net asset value per Class A and B share amounted to SEK 105.63 (84.84). The share price for the Class B share at the end of the period was 205% (383) of equity per Class B share and 174% (323) of NAV per Class B share.

Risks and uncertainties

To prepare the accounts based on generally accepted accounting policies, company management must make judgements and assumptions that affect asset and liability items, revenue and expense items recognised in the accounts and other information provided. The actual outcome may differ from these judgements. Sagax is also exposed to various risks that may be of significance to the company's future business, earnings and financial position.

PROPERTY-RELATED RISKS

The valuation of investment properties can be significantly affected by the judgments and assumptions made by company management. To reduce the risk of incorrect assessments, Sagax has engaged authorised external valuation companies to assess the market value of 99% of the properties as of 30 September 2022. When valuing properties, the constant existence of uncertainties regarding the assumptions made must be taken into account.

Sagax prioritises leasing to tenants with a high credit rating and long-term leases, despite these entailing slightly lower immediate earnings. The intention is to reduce the risk of rent losses and the risk of vacancies

Sagax mainly enters into triple net leases. This means the tenant accounts for the costs of such items as heating, electricity, property tax, water and sewage, in addition to the contractual rent. Accordingly, Sagax is only affected to a limited extent by changed costs due to changes in consumption or changed rates for such utilities as heating and electricity. More than 95% of Sagax's leases are indexed to the CPI or the equivalent. Annual indexation may, in certain cases, be limited by a CPI ceiling or floor. A small number of leases have annual fixed rental adjustments.

The geographic distribution of Sagax's property portfolio and the industries of its tenants are highly diversified. Sagax's lease structure of many small leases help reduce the risks of vacancies and rent losses.

FINANCIAL RISKS

Sagax's financial expenses comprise the single largest expense for the Group. To reduce Sagax's exposure to rising interest rates, the Group has a significant amount of its interest expenses from fixed-rate loans. To limit interest-rate risk for loans at floating interest rates, interest-rate swaps and interest-rate caps are used. Sagax's funding primarily comprises equity and interest-bearing liabilities. Sagax endeavours to secure a long, average remaining term of interest-bearing liabilities to limit its refinancing risk, defined as the risk that refinancing existing debt cannot

take place on reasonable terms. The company's long-term funding comprises listed bonds and bank loans. The complete terms and conditions for the bond loans are available at www.sagax.se.

CURRENCY RISKS

The amounts in the consolidated balance sheet are partly exposed to exchange rate fluctuations, particularly for the EUR. Net exposure on 30 September 2022, assets less liabilities in EUR, amounted to SEK 7,674 M (6,202). In preparing the consolidated financial statements, the balance sheets of the Group's foreign operations are translated from their functional currencies into SEK based on the exchange rates applying on the balance sheet date: EUR 1 was equivalent to SEK 10.92 and DKK 1 was equivalent to SEK 1.47. Revenue and expense items are translated at the average exchange rate for the period: EUR 1 was equivalent to SEK 10.53 and DKK 1 was equivalent to SEK 1.42. In accordance with IAS 21, the currency effects for foreign operations and hedge accounting are recognised in Other comprehensive income. Other currency effects are recognised in profit or loss.

CONFLICT OF INTEREST RISKS

To limit the risk of potential conflicts of interest, the Group has policies that prohibit Sagax's employees and Board Members from:

- Committing to Board assignments in property companies that primarily own warehouse and industrial premises except for those companies in which Sagax is a shareholder and when the Board assignment is performed within the framework of Sagax's operations.
- ii. Investing in companies in which Sagax is a shareholder.
- iii. Investing in competitors for an amount exceeding 10% of the value of the employee's or Board member's holdings in Sagax.

The policies also specify that senior executives and Board Members who borrow against more than 10% of the market value of their shares in Sagax shall notify the company. As per the publication of this report no such notification has been received.

OTHER RISKS

Russia's invasion of Ukraine, higher inflation and rising market interest rates had a negative effect on the financial markets, resulting in, for example, increasing loan margins and greater volatility. The company is monitoring developments to identify and, if possible, address any risks.

Sagax's other risks are described in the 2021 Annual Report, on pages 45-48.

SENSITIVITY ANALYSIS

Sagax's exposure to material risks in the company's operations is presented below.

ACCOUNTING POLICIES

This condensed interim report has been prepared in accordance with International Accounting Standards (IAS) 34 Interim Financial Reporting. The term "IFRS" in this report means application of the International Financial Reporting Standards (IFRS), as adopted by the EU, and the interpretations of the International Financial Reporting Interpretations Committee (IFRIC). The accounting policies and calculation methods are the same as those applied in the 2021 Annual Report and are to be read together with this Annual Report.

There are no amendments to IFRS in 2022 that are deemed to have any material impact on the company's financial statements.

Rounding-off differences may occur.

TRANSACTIONS WITH RELATED PARTIES

Transactions with related parties are described in Note 27 of the 2021 Annual Report. No material changes regarding transactions with related parties have taken place in relation to the information presented in the 2021 Annual Report.

²⁾ Sagax's net exposure to the SEK/EUR exchange rate comprises assets and liabilities recognised in EUR, in addition to revenue and expenses in EUR.

The Board of Directors and CEO give their assurance that this interim report provides a fair overview of the company's and the Group's operations, financial position and earnings and describes significant risks and uncertainties faced by the company and the companies included in the Group.

Review report

TO THE BOARD OF DIRECTORS OF AB SAGAX, CORPORATE IDENTITY NUMBER 556520-0028

INTRODUCTION

We have reviewed the condensed interim report for AB Sagax as at 30 September 2022 and for the nine months period then ended. The Board of Directors and the Managing Director are responsible for the preparation and presentation of this interim report in accordance with IAS 34 and the Swedish Annual Accounts Act. Our responsibility is to express a conclusion on this interim report based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with the International Standard on Review Engagements, ISRE 2410 Review of Interim Financial Statements Performed by the Independent Auditor of the Entity. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and other generally accepted auditing standards in Sweden.

The procedures performed in a review do not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim report is not prepared, in all material respects, in accordance with IAS 34 and the Swedish Annual Accounts Act regarding the Group, and in accordance with the Swedish Annual Accounts Act regarding the Parent Company.

Definitions

Sagax applies the European Securities and Market Authority's (ESMA) Guidelines on the Alternative Performance Measures. Alternative performance measures refer to financial measures of historical or future earnings trends, financial position, financial results or cash flows that are not defined or stated in the applicable rules for financial reporting, which in Sagax's case is IFRS. The basis of the alternative performance measures provided is that they are used by company management to assess the financial performance and thus are considered to provide valuable information to shareholders and other stakeholders.

The table below presents definitions of Sagax's key performance indicators. The calculation of alternative performance measures is described separately on the following pages.

| Key performance indicators | Description | Reason for alternative performance measure |
|--|---|---|
| Return on equity | Profit for the period, recalculated to 12 months, as a percentage of average equity (opening and closing balances) divided by 2 for the period. | The KPI shows how shareholders' capital yields interest during the period. |
| Return on total capital | Profit for the period, recalculated to 12 months, after net financial items after reversal of financial expenses as a percentage of average total assets for the period. | The KPI shows the ability to generate earnings on the Group's assets, excluding financing costs. |
| Occupancy rate by area | Contracted area directly after the end of the period as a percentage of total lettable area directly after the end of the period. | The KPI shows the occupancy situation. |
| Debt ratio | Interest-bearing liabilities at the end of the period in relation to total assets at the end of the period. | The KPI shows financial risk. |
| Property yield | Net operating income for the period (including property administration) with add-back of site leasehold fees, recalculated to 12 months, adjusted for the holding periods of the properties during the period as a percentage of the carrying amounts of the properties at the end of the period. | The KPI shows the earnings generation of the operations before financial expenses and central administration costs are taken into account. |
| EBITDA | Net operating income less central administration costs plus dividends received from joint ventures and associated companies. | Sagax uses EBITDA so that the EBITDA/Net debt KPI shows financial risk. |
| Equity per Class A and B share | Equity at the end of the period in relation to the number of Class A and B shares at the end of the period after taking into account equity attributable to Class D shares. | The KPI shows the owner's share of equity. |
| Equity per Class D share | Equity at the end of the period as a percentage of the number of common shares at the end of the period. Equity is restricted to SEK 35.00 per Class D share. | The KPI shows the owner's share of equity. |
| Economic occupancy rate | Contractual annual rent directly after the end of the period as a percentage of rental value directly after the end of the period. | The KPI shows the economic degree of utilisation of the Group's properties. |
| EURIBOR | EURIBOR, or the Euro Interbank Offered Rate, is a daily reference rate based on the average of the interest rates at which euro interbank term deposits are being offered by one prime bank to another within the EMU zone. | Not an APM. |
| Property | Pertains to properties held under title or site leasehold. | Not an APM. |
| Run rate yield | Net operating income (including property administration) according to current earnings capacity with add-back of site leasehold fees, as a percentage of the carrying amounts of the properties at the end of the period. | The KPI shows the earnings generation of the operations before financial expenses and central administration costs are taken into account. |
| Run rate EBITDA | Net operating income according to current earnings capacity less central administration costs plus dividends received from joint ventures and associated companies. | Sagax uses EBITDA so that the EBITDA/Net debt, run rate KPI shows financial risk. |
| Profit from property management | Profit excluding changes in value and tax. | An indicator of the earnings generation in the operations, excluding changes in value. |
| Profit from property management per Class A and B share after dilution | Profit from property management for the period reduced by dividends on Class D shares divided by the average number of Class A and B shares after dilution. | An indicator of the earnings generation of the assets, excluding the changes in value accruing to holders of Class A and B shares. |
| Rental revenue, comparable portfolios | Rental revenue from properties that were included in the portfolio for the entire reporting period and the entire comparative period. Project properties and properties that were acquired or sold are not included. | The KPI shows the trend in rental revenue excluding non-recurring effects, such as prematurely vacating premises, not impacted by acquired and sold properties. |
| Rental value | The contractual annual rent applicable directly after the end of the period, with supplements for estimated market rents for vacant premises. | The key performance indicator shows the Group's income potential. |
| IFRS | International Financial Reporting Standards (IFRS), to be applied for consolidated financial statements by companies whose securities are listed on a regulated market. | Not an APM. |
| Joint ventures | Partnership form whereby several owners have a shared controlling influence. | Not an APM. |

| Key performance indicators | Description | Reason for alternative performance measure |
|---|--|---|
| Cash flow per Class A and B share | Profit before tax adjusted for items not included in cash flow less tax paid in relation to the average number of Class A and B shares. Dividends on Class D shares for the period have also been deducted from profit before tax. Dividends received from joint ventures and associated companies have been added to profit before tax. | The KPI shows the amount of cash flow for the period that can be considered to be attributable to owners of Class A and Class B shares. |
| Net investments | The net of property acquisitions and investments in the current property portfolio, as well as sales of properties. | The KPI shows the investment volume. |
| Net debt | Interest-bearing liabilities less interest-bearing assets, cash and cash equivalents, and listed shares. | The KPI shows the Group's indebtedness. |
| Net debt according to EMTN programme | Interest-bearing liabilities less listed securities and cash and cash equivalents. | The KPI shows the Group's indebtedness. |
| Net debt according to EMTN programme/Total assets | Interest-bearing liabilities less listed securities and cash and cash equivalents in relation to total assets. | The KPI shows financial risk. |
| Net debt/Total assets | Interest-bearing liabilities less interest-bearing assets, cash and cash equivalents, and listed shares as a percentage of total assets. | The KPI shows financial risk. |
| Earnings per Class A and B share | Profit in relation to the average number of Class A and B shares after taking into account the portion of profit for the period represented by dividends on Class D shares. | IFRS performance measure. |
| Earnings per Class D share | Class D shares are entitled to five times the total dividend on Class A and B shares, although not more than SEK 2.00 per share annually. | The KPI shows the shareholders' share of profit. |
| Fixed income derivatives | Agreements on lending rates that may include the factors of time, inflation and/or maximum interest rates. Usually signed to hedge interest rates for interest-bearing loans. | Not an APM. |
| Interest-rate swaps | An agreement between two parties to swap interest rate conditions on loans in the same currency. The swap entails that one party exchanges its floating interest rate for a fixed rate, while the other party receives a fixed rate in exchange for a floating rate. The purpose of an interest-rate swap is to reduce interest-rate risk. | Not an APM. |
| Interest coverage ratio | Profit from property management, excluding profit from joint ventures and associated companies but including dividends from joint ventures, after reversal of financial expenses in relation to financial expenses. | The KPI shows financial risk. |
| Interest coverage ratio, EMTN programme | Profit from property management after reversal of financial income and expenses as a percentage of net financial items. | The KPI shows financial risk. |
| Equity/assets ratio | Equity in relation to total assets. | The KPI shows financial risk. |
| STIBOR | STIBOR, or Stockholm Interbank Offered Rate, a daily reference rate based on the average of the interest rates at which banks offer to lend unsecured funds to other banks in SEK in the Swedish wholesale money market. | Not an APM. |
| Net asset value | Recognised equity according to the balance sheet with reversal of reserves for fixed income derivatives, deferred tax on temporary differences on property values and deferred tax on reserves for fixed income derivatives. | An established indicator of the Group's net asset value that facilitates analyses and comparisons with EPRA NAV. |
| Secured liabilities/total assets | Liabilities secured with pledged assets as a percentage of total assets. | The KPI shows financial risk for bond holders. |
| Total return on shares | Total of the change in the share price during the period and the dividend paid during the period as a percentage of the share price at the end of the preceding year. | The KPI shows the total return that accrues to shareholders. |
| Total yield on property | Total of yield and property revaluations during the period as a percentage of the closing property value adjusted for revaluations for the period. | The KPI shows earnings generation and value growth for the properties for a period. |
| Triple net lease | A type of lease whereby the tenant pays, in addition to the rent, all costs incurred on the property that would normally have been paid by the property owner. These include operating expenses, maintenance, property tax, site leasehold fees, insurance, property caretaking, etc. | Not an APM. |
| Dilution | Dilution due to outstanding warrants has been calculated, in line with IAS 33, as the number of Class A and B shares to be issued to cover the difference between the strike price and market price for all potential Class A and B shares (warrants) outstanding, insofar as it is probable that they will be utilised. | Not an APM. |
| Surplus ratio | Net operating income for the period as a percentage of rental revenue for the period. | The key performance indicator shows the profitability of the properties. |
