SEB’s share capital and number of shares

According to the decision at the Annual General Meeting on 24 March 2026, SEB has cancelled 57,236,390 Class A shares held for capital management purposes.

The share capital of SEK 21,942m is unchanged. This is because a decision was made, in conjunction with the decision to reduce the share capital by cancelling repurchased shares, to make a bonus issue, without issuing any new shares, by a transfer from non-restricted shareholders equity to share capital. As a result, the share capital was restored to the same level as before the reduction.

After the cancellation, the total number of issued shares in SEB as of 23 April 2026 amounts to 1,985,461,084, of which 1,961,308,576 are Class A shares. The total number of votes attached to the total number of issued shares is 1,963,723,826.8.
