Board resolutions on acquisition and transfer of treasury shares

The Board of Directors of Sweco have at the statutory board meeting following the Annual General Meeting resolved to exercise the Annual General Meeting's authorisation regarding acquisition of treasury shares for all the purposes stated in the resolution proposal on the acquisition authorisation, i.e. that the acquired share can be utilised to (i) provide the Board of Directors with an instrument whereby it can adapt and improve Sweco's capital structure and thereby create additional value for shareholders, (ii) execute time-efficient payment in connection with acquisitions of companies and operations, or effect any deferred payments related to such acquisitions, or to finance such acquisitions or deferred payments, (iii) be transferred to participants in Sweco incentive schemes (share savings schemes and share bonus schemes) pursuant to separate resolutions by general meetings on such transfers, and (iv) secure the payment of costs, mainly social security contributions, for Sweco's incentive schemes (share savings schemes and share bonus schemes).

The number of acquired treasury shares, together with treasury shares otherwise acquired and held by the company, may not at any given time exceed ten (10) per cent of all issued shares in Sweco (Sweco currently holds 4,597,016 Class B treasury shares, meaning that the maximum number of shares that can be acquired as of today amounts to approximately 31,700,000 shares).
