This Base Prospectus has been approved by the United Kingdom Financial Services Authority (the “**FSA**”), which is the United Kingdom competent authority for the purposes of Directive 2003/71/EC (the “**Prospectus Directive**”) and relevant implementing measures in the United Kingdom, as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom for the purpose of giving information with regard to the issue of notes (“**Notes**”) issued under the Euro Medium Term Note Programme (the “**Programme**”) described in this Base Prospectus during the period of twelve months after the date hereof. Applications have been made for such Notes to be admitted during the period of twelve months after the date hereof to listing on the Official List of the FSA (the “**Official List**”) and to trading on the regulated market of the London Stock Exchange plc (the “**London Stock Exchange**”), which is a regulated market for the purpose of the Markets in Financial Instruments Directive (2004/39/EC). The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the relevant Issuer, the relevant Guarantor and the relevant Dealer.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer or the relevant Guarantor (if any) to fulfil their respective obligations under the Notes are discussed under “Risk Factors” below.

Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory requirements. Tranches of Notes may be rated or unrated. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 (the “**CRA Regulation**”) will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

This Base Prospectus must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes, must be read and construed together with the relevant Final Terms.

Each of the Issuers and the Guarantors have confirmed to the Dealers named under "Subscription and Sale" below that this Base Prospectus contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes and the guarantee of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue, offering and sale of the Notes and the guarantee of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

Neither the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of any Issuer or any Guarantor since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuers, the Guarantors and the Dealers to

inform themselves about and to observe any such restrictions. Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by any Issuer, any Guarantor, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuers and the Guarantors.

However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made, and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Taxation:	All payments in respect of Notes will be made free and clear of withholding taxes and deductions in the jurisdictions of each Issuer or Guarantor, as the case may be, unless the withholding is required by law. In that event, such Issuer and Guarantor will (subject as provided in Condition 14 (<i>Taxation</i>)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding been required.
Governing Law:	The Notes, each Deed of Guarantee and all related contractual documentation will be governed by, and construed in accordance with, English law. The subordination provisions of Condition 4(b)(i) applicable to Subordinated Notes to be issued by Deere and Deere Capital will be governed by and construed in accordance with the federal laws of the United States of America. RISK FACTORS

Prospective investors should read the entire Base Prospectus. Words and expressions defined in the “Terms and Conditions of the Notes” below or elsewhere in this Base Prospectus have the same meanings in this section.

Investing in the Notes involves certain risks. Prospective investors should consider, among other things, the following principal risk factors:

Risks Relating to the Issuers and Guarantors

General Risk Factors

The businesses of Deere & Company and its consolidated subsidiaries (the “**Deere Group**”)* are subject to change, and in particular are subject to the following factors:

International, regional and national trade laws, regulations and policies (particularly those related to or restricting global trade) and government farm programs and policies, could significantly impact the Deere Group’s profitability and growth prospects.

International, regional and national laws, regulations and policies directly or indirectly related to or restricting trade, including protectionist policies in particular jurisdictions or for the benefit of favored industries or sectors, could harm the Deere Group’s multinational business. The Deere Group’s profitability and growth prospects are tied directly to the global marketplace. Open access to global markets improves the Deere Group’s ability to export goods and services from its various manufacturing locations around the world, and affects the ability to access raw materials and high quality parts and components at competitive prices on a timely basis. Trade restrictions could limit the Deere Group’s ability to capitalize on current and future growth opportunities in international markets and impair the Deere Group’s ability to expand the business by offering new technologies, products and services. Furthermore, the ability to export commodities is critical to the Deere Group’s agricultural and forestry customers. Policies impacting exchange rates and commodity prices or those limiting the export or import of commodities, including the outcome of the global negotiations under the auspices of the World Trade Organization, could have a material effect on the international flow of agricultural and other commodities which may result in a corresponding negative effect on the demand for agricultural and forestry equipment in many areas of the world. The Deere Group’s agricultural equipment sales could be especially affected because farm income strongly influences sales of agricultural equipment around the world.

Trade restrictions could also impede those in developing countries from achieving a higher standard of living, which could negatively impact the Deere Group’s future growth opportunities arising from increasing global demand for food, fuel and infrastructure.

Changes in government banking, monetary and fiscal policies could have a negative effect on the Deere Group.

Changes in policies of the U.S. and other governments regarding banking, monetary and fiscal policies to promote liquidity and increase the availability of credit may not be effective and could have a material impact on the Deere Group’s customers and markets. The Deere Group’s operations and results could also be impacted by financial regulatory reform which could have an adverse effect on the credit segment and/or the Deere Group’s customers by limiting their ability to finance purchases of Deere Group products. Governmental policies on taxes and spending can also affect the Deere Group, especially the construction and forestry segment due to the impact of government spending on infrastructure development.

Changing worldwide demand for food and for different forms of bio-energy could have an effect on the price of farm commodities and consequently the demand for certain Deere Group equipment and could also result in higher research and development costs related to changing machine fuel requirements.

Changing worldwide demand for farm outputs to meet the world’s growing food and bio-energy demands, driven in part by government policies and a growing world population, are likely to result in fluctuating agricultural commodity prices, which directly affect sales of agricultural equipment. While higher commodity prices may benefit the Deere Group’s crop producing agricultural equipment customers, higher commodity prices also result in greater feed costs for livestock and poultry producers which in turn may result in lower levels of equipment purchased by those customers.

* For a full list of principal subsidiaries of Deere & Company, please refer to pages 74-75 of this Base Prospectus.

Furthermore, changing bio-fuel demands may cause farmers to change the types or quantities of the crops they raise, with corresponding changes in equipment demands. Finally, changes in governmental policies regulating bio-fuel utilization could affect demand for the Deere Group's gasoline- or diesel-fueled equipment and result in higher research and development costs related to equipment fuel standards.

As the Deere Group seeks to expand its business globally, growth opportunities may be impacted by the continuing and accelerating globalization of businesses which could significantly change the dynamics of the Deere Group's competition, customer base and product offerings.

The Deere Group's efforts to grow its businesses depend to a large extent upon access to, and its success in developing market share and operating profitably in, additional geographic markets including but not limited to Brazil, Russia, India and China. In some cases, these countries have greater political and economic volatility and greater vulnerability to infrastructure and labor disruptions than the Deere Group's other markets. Operating and seeking to expand business in a number of different regions and countries exposes the Deere Group to multiple and potentially conflicting legal and regulatory requirements that are subject to change; increased exposure to currency fluctuations which can materially affect Deere's financial results and differing local customer product preferences and product requirements. As these emerging geographic markets become more important to the Deere Group, its competitors are seeking to expand their production capacities in these same markets. Although the Deere Group is taking measures to adapt to these changing circumstances, particularly by focusing on gaining customer understanding in high-growth potential emerging markets, the Deere Group's business efforts could be negatively affected should these efforts prove unsuccessful.

Negative economic conditions and outlook can materially weaken demand for the Deere Group's equipment and services, limit access to funding and result in higher funding costs.

The demand for the Deere Group's products and services can be significantly reduced in an economic environment characterized by higher unemployment, lower consumer spending, lower corporate earnings and lower business investment. Significant changes in market liquidity conditions could impact access to funding and associated funding costs, which could reduce Deere's earnings and cash flows. Deere's investment management activities could be adversely affected by changes in the equity and bond markets, which would negatively affect earnings. General economic conditions can affect the demand for the Deere Group's equipment. Sustained or severe negative economic conditions and outlook resulting in decreased housing starts and other construction can dampen demand for certain construction equipment. The Deere Group's turf operations and construction and forestry segment are dependent on construction activity and positive general economic conditions. Significant or prolonged declines in construction activity and housing starts could have a material adverse effect on Deere's results of operations. If negative economic conditions extend to the overall farm economy, there could be a similar effect on agricultural equipment sales.

Deere's consolidated financial results are reported in U.S. dollars while certain assets and other reported items are denominated in the currencies of other countries, creating currency translation risk.

The reporting currency for Deere's consolidated financial statements is the U.S. dollar. Certain of Deere's assets, liabilities, expenses and revenues are denominated in other countries' currencies. Those assets, liabilities, expenses and revenues are translated into U.S. dollars at the applicable exchange rates to prepare Deere's consolidated financial statements. Therefore, increases or decreases in exchange rates between the U.S. dollar and those other currencies affect the value of those items as reflected in Deere's consolidated financial statements, even if their value remains unchanged in their original currency. Substantial fluctuations in the value of the U.S. dollar could have a significant impact on Deere's results.

Because the credit segment provides financing for a significant portion of Deere Group sales worldwide, the Deere Group's operations and financial results could be impacted materially should negative economic conditions affect the financial industry.

In recent years, negative economic conditions have frequently had an adverse effect on the financial industry in which the credit segment operates. The credit segment provides financing for a significant portion of Deere Group sales worldwide. The credit segment's inability to access funds to support its financing activities to the Deere Group's customers could have a material adverse effect on the Deere Group's business. The credit segment's liquidity and ongoing profitability depend largely on timely

access to capital to meet future cash flow requirements and fund operations and the costs associated with engaging in diversified funding activities. Additionally, sustained negative market conditions could further reduce customer confidence levels, resulting in declines in credit applications and increases in delinquencies and default rates, which could materially impact the credit segment's write-offs and provisions for credit losses.

If the Deere Group's customers lack confidence in the general economic outlook, they are less likely to purchase the Deere Group's products.

The attitudes of consumers about general economic conditions and outlook can significantly affect their propensity to purchase Deere Group equipment. Continuing or worsening negative economic conditions could significantly impair customer confidence and result in reduced equipment sales.

The Deere Group's business results depend largely on its ability to develop, manufacture and market products that meet customer demand.

The Deere Group's ability to match its new product offerings to its customers' anticipated preferences for enhanced technologies and different types and sizes of equipment is critical to its success. This requires a thorough understanding of the Deere Group's existing and potential customers on a global basis. Failure to deliver quality products at competitive prices to meet customer demands before competitors could have a significant adverse effect on the Deere Group's business.

The Deere Group's business may be directly and indirectly affected by unfavorable weather conditions or natural disasters that reduce agricultural production and demand for agricultural and turf equipment.

Poor or unusual weather conditions, particularly during the planting and early growing season, can significantly affect the purchasing decisions of the Deere Group's customers, particularly the purchasers of agriculture and turf equipment. The timing and quantity of rainfall are two of the most important factors in agricultural production. Insufficient levels of rain prevent farmers from planting new crops and may cause growing crops to die or result in lower yields. Excessive rain or flooding can also prevent planting from occurring at optimal times, and may cause crop loss through increased disease or mold growth. Temperatures outside normal ranges can also cause crop failure or decreased yields, and may also affect disease incidence. Temperature affects the rate of growth, crop maturity and crop quality. Natural calamities such as regional floods, hurricanes, or other storms, and droughts can have significant negative effects on agricultural production. The resulting negative impact on farm income can strongly affect demand for agricultural equipment. Sales of turf care equipment, particularly during the important spring selling season, can be dramatically impacted by weather. Adverse weather conditions in a particular geographic region may adversely affect sales of some turf equipment. Drought conditions can adversely affect sales of certain mowing equipment and unusually rainy weather can similarly cause lower sales volumes.

Changes in the availability and price of raw materials can result in increased costs and lower profits on sales of Deere Group products.

The Deere Group requires access to various raw materials at competitive prices to manufacture its products. Changes in the availability and price of raw materials, which are more likely to occur during times of economic volatility, can significantly increase the costs of production which would have a material negative effect on the profitability of the business.

The Deere Group's Equipment Operations and credit segment are subject to interest rate risks. Changes in interest rates can reduce demand for equipment, adversely affect interest margins and limit the ability to access capital markets while increasing borrowing costs.

Rising interest rates could have a dampening effect on overall economic activity and/or the financial condition of the Deere Group's customers, either or both of which could negatively affect customer demand for Deere Group equipment and/or customers' ability to repay obligations to the Deere Group. In addition, credit market dislocations could have an impact on funding costs which are very important to the Deere's credit segment because such costs affect the segment's ability to offer customers competitive financing rates. In addition, changing interest rates could have an adverse effect on Deere's net interest rate margin—the difference between the yield Deere earns on its assets and the interest rates Deere pays for funding, which could in turn affect Deere's net interest income and earnings. Actions by credit rating agencies, such as downgrades or negative changes to ratings

outlooks, can affect the availability and cost of funding for Deere and can increase Deere's cost of capital and hurt its competitive position.

The Deere Group's operations are subject to and affected by increasingly rigorous environmental, health and safety laws and regulations of federal, state and local authorities in the U.S. and various regulatory authorities with jurisdiction over the Deere Group's international operations. In addition, private civil litigation on these subjects has increased, primarily in the U.S.

Enforcement actions arising from violations of environmental, health and safety laws or regulations can lead to investigation and defense costs, and result in significant fines or penalties. In addition, new or more stringent requirements of governmental authorities could prevent or restrict the Deere Group's operations, require significant expenditures to achieve compliance and/or give rise to civil or criminal liability. There can be no assurance that violations of such legislation and/or regulations, or private civil claims for damages to property or personal injury arising from the environmental, health or safety impacts of the Deere Group's operations, would not have consequences that result in a material adverse effect on the Deere Group's business, financial condition or results of operations.

Increasingly stringent engine emission standards could impact the Deere Group's ability to manufacture and distribute certain engines or equipment which could negatively affect business results.

Beginning in 2011, the Deere Group's Equipment Operations must meet new and increasingly stringent engine emission reduction standards, including Interim Tier 4 and Stage IIIb nonroad diesel emission requirements applicable to many engines manufactured by the Deere Group and used in many models of Deere Group agricultural and construction and forestry equipment. In order to meet these standards, the Deere Group has incurred substantial research and development costs and in fiscal year 2011 will introduce a record number of new equipment models, largely due to the implementation of these more rigorous standards. While the Deere Group has developed and is executing comprehensive plans to meet these requirements, and does not currently foresee obstacles that would prevent timely compliance, these plans are subject to many variables that could delay or otherwise affect the Deere Group's ability to distribute certain equipment or engines, which could negatively impact business results.

The Deere Group may incur increased costs due to new or more stringent greenhouse gas emission standards designed to address climate change and could be further impacted by physical effects attributed to climate change on its facilities, suppliers and customers.

There is a growing political and scientific consensus that emissions of greenhouse gases ("**GHG**") continue to alter the composition of the global atmosphere in ways that are affecting and are expected to continue to affect the global climate. Various stakeholders, including legislators and regulators, shareholders and non-governmental organizations, as well as companies in many business sectors, including the Deere Group, are considering ways to reduce GHG emissions. These considerations may lead to international, national, regional or local legislative or regulatory responses in the near future. The regulation of GHG emissions from certain stationary or mobile sources could result in additional costs to the Deere Group in the form of taxes or emission allowances, facilities improvements and energy costs (which would increase the Deere Group's operating costs through higher utility, transportation and materials costs). The regulation of GHG emissions from non-road sources could require further changes to the design of the Deere Group's engines and equipment. Increased input costs, such as fuel and fertilizer, and compliance-related costs could also impact customer operations and demand for Deere Group equipment. Because the impact of any future GHG legislative, regulatory or product standard requirements on the Deere Group's global businesses and products is dependent on the timing and design of the mandate or standard, the Deere Group is unable to predict its significance at this time.

Furthermore, the potential physical impacts of climate change on the Deere Group's facilities, suppliers and customers, and therefore on the Deere Group's operations, are highly uncertain, and will be particular to the circumstances developing in various geographical regions. These may include changes in weather patterns (including drought and rainfall levels), water availability, storm patterns and intensities, and temperature levels. These potential physical effects may adversely impact the cost, production, sales and financial performance of the Deere Group's operations.

Risk Relating To The Notes

There may be no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market on issue, and such a market may never develop. If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the relevant Issuer and the Guarantor. Although application has been made for the Notes issued under the Programme defined to be admitted to listing on the Official List of the UK Listing Authority and to trading on the regulated market of the London Stock Exchange, there is no assurance that such application will be accepted, that any particular tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular tranche of Notes.

The Notes may be redeemed prior to maturity

Unless in the case of any particular tranche of Notes the relevant Final Terms specifies otherwise, in the event that an Issuer or Guarantor would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United States of America and/or as appropriate Luxembourg or Australia or, in each case any political subdivision thereof or any authority therein or thereof having power to tax, such Issuer may redeem all outstanding Notes in accordance with the Conditions.

In addition, if in the case of any particular tranche of Notes the relevant Final Terms specifies that the Notes are redeemable at the Issuer's option in certain other circumstances, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances, an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuers and/or the Guarantors

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with (in the case of CGN) a common depositary for Euroclear and Clearstream, Luxembourg, or (in the case of NGN) Euroclear and Clearstream, Luxembourg as common safekeeper. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are represented by one or more Global Notes the Issuers and the Guarantors will discharge their payment obligations under the Notes by making payments to (in the case of CGN) the common depositary for Euroclear and Clearstream, Luxembourg, or (in the case of NGN) Euroclear and Clearstream, Luxembourg as common safekeeper for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuers and the Guarantors have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the Issuer or the Guarantor in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

Exchange rate risks and exchange controls

The relevant Issuer or, as the case may be, the relevant Guarantor, will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Loss of investment

If, in the case of any particular Tranche of Notes, the relevant Final Terms specify that the Notes are Index-Linked or variable-linked, there is a risk that any investor may lose the value of their entire investment or part of it.

Notes Indexed to Interest Rate, Currency or Other Indices or Formulas May Have Risks Not Associated with a Conventional Debt Security

If investors invest in Notes indexed to one or more interest rate, currency or other indices or formulas, investors will be subject to significant risks not associated with a conventional fixed rate or floating rate debt security. These risks include fluctuation of the particular indices or formulas and the possibility that investors will receive a lower, or no, amount of principal, premium or interest and at different times than an investor expected. The Deere Group has no control over a number of matters, including economic, financial and political events, that are important in determining the existence, magnitude and longevity of these risks and their results. In addition, if an index or formula used to determine any amounts payable in respect of the Notes contains a multiplier or leverage factor, the effect of any change in the particular index or formula will be magnified. In recent years, values of certain indices and formulas have been volatile and volatility in those and other indices and formulas may be expected in the future. However, past experience is not necessarily indicative of what may occur in the future.

Credit Ratings May not Reflect All Risks of an Investment in the Notes

The credit ratings of Notes issued under the Programme may not reflect the potential impact of all risks related to structure and other factors on the value of the Notes. In addition, real or anticipated changes in the relevant Issuer's credit ratings will generally affect the market value of the Notes. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in (or incorporated by reference into) this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuers have the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuers may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuers convert from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes where denominations involve integral multiples: Definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade. However, this will not affect Noteholders' entitlements to interest and principal in respect of any Note.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

EU Savings Directive

Under EU Council Directive 2003/48/EC on the taxation of savings income ("**EU Savings Directive**"), member states of the EU ("**EU Member States**") are required to provide to the tax authorities of another EU Member State details of payments of interest (or similar income) paid by a paying agent (in the meaning of the EU Savings Directive) within its jurisdiction to an individual resident or a "residual entity" (in the meaning of the EU Savings Directive) established in that other EU Member State. However, for a transitional period, Luxembourg and Austria may instead (unless during that period they elect otherwise) operate a withholding system in relation to such payments, subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may

request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures to the EU Savings Directive (a withholding system in the case of Switzerland).

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither any Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuers and the Guarantors will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the EU Savings Directive.

The European Commission has announced on 13 November 2008 proposals to amend the EU Savings Directive. If implemented, the proposed amendments would, inter alia, (i) extend the scope of the EU Savings Directive to payments made through certain intermediate structures (whether or not established in an EU Member State) for the ultimate benefit of EU resident individuals, and (ii) provide for a wider definition of interest subject to the EU Savings Directive. The European Parliament approved an amended version of this proposal on 24 April 2009. Investors who are in any doubt as to their position should consult their professional advisers.

Luxembourg Law dated 23 December 2005 introducing a withholding tax in full discharge of income tax on certain interest income

Subject to certain exceptions, a final 10 per cent. final withholding tax is levied on certain interest income (e.g., interest on term deposits, savings accounts, traditional bonds, zero-coupon bonds, convertible bonds) paid or allocated to Luxembourg tax resident individuals. Interest income covered by this law also includes interest accrued since 1 July 2005 but paid after 1 January 2006.

FORMS OF THE NOTES

Each Tranche of Notes will be offered in bearer or registered form. The Notes may be sold outside the U.S. in “offshore transactions” within the meaning of Regulation S.

Bearer Notes

Each Tranche of Bearer Notes will initially be in the form of a temporary global note in bearer form (the “**Temporary Global Note**”), without interest coupons or a permanent global note in bearer form (the “**Permanent Global Note**”) without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or Permanent Global Note (each a “**Global Note**”) which is not intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the “**ECB**”) announced that Notes in NGN form are in compliance with the “Standards for the use of EU securities settlement systems in ESCB credit operations” of the central banking system for the euro (the “**Eurosystem**”), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to each Tranche of Bearer Notes unless provided otherwise in the relevant Final Terms.

So long as the Bearer Notes are represented by a Temporary Global Note or Permanent Global Note (as defined below) and the relevant clearing system(s) so permit, the Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) as specified in the relevant Final Terms.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to, or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange, in the case of Notes having a maturity of 183 days or less, or a reasonable period after the expiration of the 40 day period following the issue date of the relevant Tranche of Notes, in the case of Notes having a maturity of more than 183 days. In no circumstances shall delivery of a Permanent Global Note occur within the United States or its possessions.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; *provided, however*, that in no

circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Bearer Notes in definitive form ("**Definitive Notes**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 15 (*Events of Default*) occurs; or
- (iii) upon request by a beneficial owner or other holder, on 30 days' notice to the Fiscal Agent.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to, or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange. In no circumstances shall delivery of a Definitive Note occur within the United States or its possessions.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes. If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

(d) ISDA Determination:

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. If no Minimum Rate of Interest is specified in the relevant Final Terms, then the Minimum Rate of Interest in respect of each relevant Interest Period shall be deemed to be zero, and in no event shall the Rate of Interest calculated in accordance with this Condition 7 be less than zero.

(g) Calculation of Interest Amount:

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(h) Calculation of other amounts:

If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.

(i) Publication:

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

(j) Notifications etc:

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor, the Paying Agents, the Noteholders

and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

(a) Application:

This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.

(b) Late payment on Zero Coupon Notes:

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(a) Application:

This Condition 9 (*Dual Currency Note Provisions*) is applicable to the Notes only if the Dual Currency Note Provisions are specified in the relevant Final Terms as being applicable.

(b) Rate of Interest:

If the rate or amount of interest fails to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.

10. Interest to be non-contingent

Interest on the Notes will not be determined by reference to the receipts, sales, income, profits or cashflow of the Issuer or a related person, or by reference to the change in the value of any property held by the Issuer or a related person.

11. Redemption and Purchase

(a) Scheduled redemption:

Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Conditions 12 (*Payments – Bearer Notes*) and 13 (*Payments – Registered Notes*).

(b) Redemption for tax reasons:

The Notes may be redeemed at the option of the Issuer (but, in the case of Subordinated Notes issued by Deere Luxembourg, subject to the prior written approval thereto having been obtained from the CSSF) in whole, but not in part:

- (i) at any time (if neither the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable); or

- (A) (1) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 14 (Taxation) as a result of any change in, or amendment to, the laws or regulations of the applicable Relevant Jurisdiction or any political subdivision or any authority thereof or therein

having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes and (2) such obligation cannot be avoided by the Issuer taking reasonable measures available to it; or

- (B) (1) the Guarantor has or (if a demand was made under the Guarantee of the Notes) would become obliged to pay additional amounts as provided or referred to in the Guarantee of the Notes or the Guarantor has or will become obliged to make any such withholding or deduction as is referred to in the Guarantee of the Notes from any amount paid by it to the Issuer in order to enable the Issuer to make a payment of principal or interest in respect of the Notes, in either case as a result of any change in, or amendment to, the laws or regulations of the United States or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes, and (2) such obligation cannot be avoided by the Guarantor taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer or the Guarantor would be obliged to pay such additional amounts or the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer or the Guarantor would be obliged to pay such additional amounts or the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver or procure that there is delivered to the Fiscal Agent (1) a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (2) an opinion of independent legal advisers of recognised standing to the effect that the Issuer or (as the case may be) the Guarantor has or will become obliged to pay such additional amounts or (as the case may be) the Guarantor has or will become obliged to make such withholding or deduction as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 11(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 11(b).

(c) Redemption at the option of the Issuer:

If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may (but, in the case of Subordinated Notes issued by Deere Luxembourg, subject to the prior written approval thereto having been obtained from the CSSF) be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

(d) Partial redemption:

If the Notes are to be redeemed in part only on any date in accordance with Condition 11(c) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 11(c) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any

(e) Redemption at the option of Noteholders:

If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall (but, in the case of Subordinated Notes issued by Deere Luxembourg, subject to the prior written approval thereto having been obtained from the CSSF), at the option of the holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 11(e), the holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with any Paying Agent (in the case of Bearer Notes) such Note together with all unmatured Coupons relating thereto or (in the case of Registered Notes) the certificate representing such Notes with the Registrar or any Transfer Agent, together with a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 11(e), may be withdrawn; *provided, however*, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 11(e), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

(f) No other redemption:

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (e) above.

(g) Early redemption of Zero Coupon Notes:

Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 11(g) or, if none is so specified, a Day Count Fraction of 30E/360.

(h) Purchase:

The Issuer, the Guarantor or any of their respective Subsidiaries may (but, in the case of Subordinated Notes issued by Deere Luxembourg, subject to the prior written approval thereto having been obtained from the CSSF) at any time after 183 days following the Issue Date purchase Notes in the open market or otherwise and at any price, provided that all unmatured Coupons are purchased therewith.

12 Payments – Bearer Notes

This Condition 12 is only applicable to Bearer Notes.

(a) *Principal*: Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.

(b) *Interest*: Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (provided that payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.

(c) *Payments in New York City*: Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law (including applicable United States tax law).

(d) *Payments subject to fiscal laws*: All payments in respect of the Bearer Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 14 (Taxation). No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) *Deductions for unmatured Coupons*: If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:

- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the “**Relevant Coupons**”) being equal to the amount of principal due for payment; *provided, however, that* where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; *provided, however, that*, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (provided that payment is made in full) surrender of the relevant missing Coupons.

(f) *Unmatured Coupons void*: If the relevant Final Terms specifies that this Condition 12(f) is applicable or that the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 11(b) (*Redemption for tax reasons*), Condition 11(e) (*Redemption at the option of Noteholders*), Condition 11(c) (*Redemption at the option of the Issuer*) or Condition 15 (*Events of*

(i) *Partial payments*: If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.

(j) *Exchange of Talons*: On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 16 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

13. Payments – Registered Notes

This Condition 13 is only applicable to Registered Notes.

(a) *Principal*: Payments of principal shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

17. Replacement of Notes and Coupons

If any Note, Note Certificate or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent or Transfer Agent in any particular place, the Paying Agent or Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Note Certificates or Coupons must be surrendered before replacements will be issued.

18. Agents

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and the Guarantor and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed on the last page of this Base Prospectus.

The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer and the Guarantor reserve the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; *provided, however, that:*

- (a) the Issuer and the Guarantor shall at all times maintain a fiscal agent and a registrar; and
- (b) the Issuers and the Guarantors undertake that they shall at all times maintain a Paying Agent with a specified office in an EU member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000; and
- (c) if a Calculation Agent is specified in the relevant Final Terms, the Issuer and the Guarantor shall at all times, whilst any such Note remains outstanding, maintain a Calculation Agent; and
- (d) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent and/or a Transfer Agent in any particular place, the Issuer and the Guarantor shall maintain a Paying Agent and/or a Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders.

19. Meetings of Noteholders; Modification and Waiver

(a) Meetings of Noteholders:

The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and the Guarantor (acting together) and shall be convened by them upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; *provided, however, that Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding*

Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

For the avoidance of doubt, Articles 86 to 94-8 of the Luxembourg law on Commercial Companies dated 10 August 1915, as amended, are hereby excluded in respect of the Notes, Coupons and Talons.

(b) Modification:

The Notes, these Conditions, the Deeds of Guarantee and the Deed of Covenant may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer and the Guarantor shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

In the case of Subordinated Notes issued by Deere Luxembourg, no modification may be made to Condition 4(b)(ii) as they may apply to such Notes without the prior written approval thereto having been obtained from the CSSF.

20. Further Issues

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

21. Notices

(a) *Bearer Notes:* Notices to the Holders of Bearer Notes shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes.

(b) *Registered Notes:* Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register and the Duplicate Register if different from the Register (with respect to Registered Notes issued by Deere Luxembourg or Deere Cash Management) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the fourth day after the date of mailing.

22. Currency Indemnity

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the “**first currency**”) in which the same is payable under these Conditions or such order or judgment into another currency (the “**second currency**”) for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

23. Rounding

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

For the avoidance of doubt, the provisions of articles 86 to 94-8 of the Luxembourg law on Commercial Companies dated 10 August 1915, as amended, are excluded in respect of the Notes, Coupons and Talons.

(b) *English courts:* Subject as provided below, the courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising from or in connection with the Notes except that in the case of a Subordinated Notes issued by Deere Luxembourg any Dispute arising in relation to Condition 4(b)(iii), as they apply to such Subordinated Notes, shall be subject to the exclusive jurisdiction of the courts of Luxembourg-City.

(c) *Appropriate forum:* Each Issuer and Guarantor agrees that the courts of England (and, in relation to Subordinated Notes issued by Deere Luxembourg, that the courts of Luxembourg-City) are the most appropriate and convenient courts to settle any dispute and, accordingly, that it will not argue to the contrary.

(d) *Rights of the Noteholders to take proceedings outside England:* Condition 24(b) (*English Courts*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 24 (*Governing Law and Jurisdiction*) prevents any Noteholder from taking proceedings in relation to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.

(e) *Service of process:* Each Issuer and Guarantor agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Clifford Chance Secretaries Limited at its registered office from time to time, being at the date of these Conditions at 10 Upper Bank Street, London E14 5JJ, or, if different, its registered office for the time being or at any address of the Issuers or the Guarantors in Great Britain at which process may be served on it in accordance with the Companies Act 2006. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuers or the Guarantors, the Issuers and Guarantors (acting together) shall, on the written demand of any of the Noteholders addressed to the Issuers and the Guarantors and delivered to the Issuers and the Guarantors or to the Specified Office of the Fiscal Agent, appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuers and the Guarantors and delivered to the Issuers and the Guarantors or to the Specified Office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

25. Rights of Third Parties

No person shall have any right to enforce any term or condition of the Notes under the Contract (Rights of Third Parties) Act 1999 but this shall not affect any right or remedy of a third party which exists or is available apart from such Act.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note in bearer form, references in the Terms and Conditions of the Notes to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN, for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by a Global Registered Note, references in the Terms and Conditions of the Notes to "Noteholder" are references to the person in whose name such Global Registered Note is for the time being registered in the Register or the Duplicate Register if different from the Register (with respect to Registered Notes issued by Deere Luxembourg or Deere Cash Management) which, for so long as the Global Registered Note is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common safekeeper or common depositary or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Registered Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer or the Guarantor to the holder of such Global Note or Global Registered Note and in relation to all other rights arising under the Global Note or Global Registered Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note or Global Registered Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Registered Note, Accountholders shall have no claim directly against the Issuer or the Guarantor in respect of payments due under the Notes and such obligations of the Issuer and the Guarantor will be discharged by payment to the holder of such Global Note or Global Registered Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and, in the case of an NGN, effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global Note to, or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to, or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or

- (b) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such thirtieth day (in the case of (b) above) or at 5.00 p.m. (London time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant. Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to, or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Exchange of Global Registered Notes

Whenever a Global Registered Note is to be exchanged for Individual Note Certificates, the Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Registered Note within five business days of the delivery, by or on behalf of the holder of the Global Registered Note to the Registrar of such information as is required to complete and deliver such Individual Note Certificates (including, without limitation, the names and

addresses of the persons in whose names the Individual Note Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Registered Note at the specified office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If:

- (a) Individual Note Certificates have not been delivered by 5.00 p.m. (London time) on the thirtieth day after they are due to be issued and delivered in accordance with the terms of the Global Registered Note; or
- (b) any of the Notes represented by a Global Registered Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the holder of the Global Registered Note in accordance with the terms of the Global Registered Note on the due date for payment,

then the Global Registered Note (including the obligation to deliver Individual Note Certificates) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the holder of the Global Registered Note will have no further rights thereunder (but without prejudice to the rights which the holder of the Global Registered Note or others may have under the Deed of Covenant. Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg as being entitled to an interest in a Global Registered Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Registered Note became void, they had been the holders of Individual Note Certificates in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg.

DEERE & COMPANY

Status and Domicile

Deere was incorporated in the state of Delaware, U.S.A., on 25 April 1958. It has a perpetual existence. The registered address of Deere in Delaware is 1209 Orange St., Wilmington, DE 19801 U.S.A. Deere's principal place of business is One John Deere Place, Moline, IL 61265 U.S.A. A list of subsidiary companies of Deere is set out below under "Principal Subsidiaries of Deere".

Introduction

Deere and its subsidiaries manufacture and distribute a full line of farm and turf care equipment, landscaping and irrigation products; and a broad range of equipment for construction and forestry (together the "**Equipment Operations**"). Deere also provides credit services, which mainly finance sales and leases of equipment by John Deere dealers and trade receivables purchased from the Equipment Operations and offers certain crop risk mitigation products (together the "**Financial Services**").

Net income attributable to Deere in 2010 was \$1,865 million, or \$4.35 per share diluted (\$4.40 basic), compared with \$873 million, or \$2.06 per share diluted (\$2.07 basic), in 2009. Included in net income for 2009 were charges of \$381 million pretax (\$332 million after-tax), or \$.78 per share diluted and basic, related to impairment of goodwill and voluntary employee separation expenses. Net sales and revenues increased 13 per cent. to \$26,005 million in 2010, compared with \$23,112 million in 2009. Net sales of the Equipment Operations increased 14 per cent. in 2010 to \$23,573 million from \$20,756 million last year. The sales increase was primarily due to higher shipment volumes. The increase also included a favorable effect for foreign currency translation of 3 per cent. and a price increase of 2 per cent. Net sales in the U.S. and Canada increased 14 per cent. in 2010. Net sales outside the U.S. and Canada increased by 14 percent in 2010, which included a favorable effect of 5 per cent. for foreign currency translation.

Worldwide Equipment Operations had an operating profit of \$2,909 million in 2010, compared with \$1,365 million in 2009. The higher operating profit was primarily due to higher shipment and production volumes, improved price realization, the favorable effects of foreign currency exchange and lower raw material costs, partially offset by increased postretirement costs and higher incentive compensation expenses. Last year was also affected by a goodwill impairment charge and voluntary employee separation expenses.

The Equipment Operations' net income, including non-controlling interests, was \$1,492 million in 2010, compared with \$677 million in 2009. The same operating factors mentioned above affected these results.

Net income of Deere's Financial Services operations attributable to Deere in 2010 increased to \$373 million, compared with \$203 million in 2009. The increase was primarily a result of improved financing spreads and a lower provision for credit losses.

The *agriculture and turf* segment manufactures and distributes a full line of farm and turf equipment and related service parts — including large, medium and utility tractors; loaders; combines, cotton and sugarcane harvesters and related front-end equipment and sugarcane loaders; tillage, seeding and application equipment, including sprayers, nutrient management and soil preparation machinery; hay and forage equipment, including self-propelled forage harvesters and attachments, balers and mowers; turf and utility equipment, including riding lawn equipment and walk-behind mowers, golf course equipment, utility vehicles, and commercial mowing equipment, along with a broad line of associated implements; integrated agricultural management systems technology; precision agricultural irrigation equipment and supplies; landscape and nursery products; and other outdoor power products.

The *construction and forestry* segment manufactures, distributes to dealers and sells at retail a broad range of machines and service parts used in construction, earthmoving, material handling and timber harvesting — including backhoe loaders; crawler dozers and loaders; four-wheel-drive loaders; excavators; motor graders; articulated dump trucks; landscape loaders; skid-steer loaders; and log skidders, feller bunchers, log loaders, log forwarders, log harvesters and related attachments.

The products and services produced by the segments above are marketed primarily through independent retail dealer networks and major retail outlets.

The *credit* segment primarily finances sales and leases by Deere dealers of new and used agriculture and turf equipment and construction and forestry equipment. In addition, it provides wholesale financing to dealers of the foregoing equipment, provides operating loans, finances retail revolving charge accounts and offers certain crop risk mitigation products. A wind energy business previously operated as part of the credit segment was sold in December 2010.

Properties

In the United States and Canada, the Equipment Operations own and operate 18 factory locations and lease and operate another four locations, which contain approximately 26.7 million square feet of floor space. Of these 22 factories, 15 are devoted primarily to agriculture and turf equipment, two to construction and forestry equipment, one to engines, two to engine remanufacturing and two to hydraulic and power train components. Outside the United States and Canada, the Equipment Operations own or lease and operate: agriculture and turf equipment factories in Brazil, China, France, Germany, India, Israel, Mexico, the Netherlands, Russia and Spain; engine factories in Argentina, France, India and Mexico; and forestry equipment factories in Finland and New Zealand. In addition, John Deere Water has manufacturing operations outside of North America in Argentina, Australia, Brazil, Chile, France, India, Israel and Spain. These factories and manufacturing operations outside the United States and Canada contain approximately 17.3 million square feet of floor space. The engine factories referred to above manufacture non-road, heavy duty diesel engines a majority of which are manufactured for Deere's Equipment Operations. The remaining engines are sold to other regional and global original equipment manufacturers.

The Equipment Operations also have financial interests in other manufacturing organisations, which include agricultural equipment manufacturers in the United States, an industrial truck manufacturer in South Africa, the Hitachi joint venture that builds hydraulic excavators and track log loaders in the United States and Canada, the Xuzhou XCG joint venture that builds excavators, the Ashok Leyland joint venture that will begin building backhoes and four-wheel-drive loaders in 2011, ventures that manufacture transaxles and transmissions used in certain agriculture and turf segment products and a venture that remanufactures turbochargers, diesel particulate filters and electronics.

Deere's facilities are well maintained, in good operating condition and are suitable for their present purposes. These facilities, together with both short-term and long-term planned capital expenditures, are expected to meet Deere's manufacturing needs in the foreseeable future.

Capacity is adequate to satisfy Deere's current expectations for retail market demand. The Equipment Operations' manufacturing strategy involves the implementation of appropriate levels of technology and automation to allow manufacturing processes to remain profitable at varying production levels. Operations are also designed to be flexible enough to accommodate the product design changes required to meet market conditions. Common manufacturing facilities and techniques are employed in the production of components for agriculture and turf equipment and construction and forestry equipment.

In order to utilise manufacturing facilities and technology more effectively, the Equipment Operations pursue continuous improvements in manufacturing processes. These include steps to streamline manufacturing processes and enhance responsiveness to customers. Deere has implemented flexible assembly lines that can handle a wider product mix and deliver products in line with dealer and customer demand. Additionally, considerable effort is being directed to manufacturing cost reduction through process improvement, product design, advanced manufacturing technology, enhanced environmental management systems, supply management and logistics as well as compensation incentives related to productivity and organisational structure. In recent years, Deere has experienced volatility in the price of many raw materials. Deere has responded to cost pressures by implementing the cost-reduction measures described above and increasing prices. Significant cost increases, if they occur, could have an adverse effect on Deere's operating results. The Equipment Operations also pursue external sales of selected parts and components that can be manufactured and supplied to third parties on a competitive basis.

The Equipment Operations own or lease nine facilities housing one centralised parts distribution centre and eight regional parts depots and distribution centres throughout the United States and Canada. These facilities contain approximately 4.6 million square feet of floor space. Outside the United States and Canada, the Equipment Operations also own or lease and occupy buildings housing three centralised parts distribution centres in Brazil, Germany and Russia and regional parts depots and distribution centres in Argentina, Australia, China, India, Mexico, South Africa, Sweden and the United Kingdom. These facilities contain approximately 2.2 million square feet of floor space.

Deere administrative offices and research facilities, all of which are owned by Deere, together contain about 2.6 million square feet of floor space and miscellaneous other facilities total 1.1 million square feet.

Overall, Deere owns approximately 50.0 million square feet of facilities and leases approximately 14.5 million additional square feet in various locations.

TAXATION

The following is a general description of certain United States, Australian and Luxembourg tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

United States Federal Taxation

As used in the following discussion, the terms (A) “**United States person**” means a holder or other beneficial owner of a Note or Coupon who or that is for United States federal income tax purposes (i) a citizen or individual resident of the United States, (ii) a corporation created or organised in or under the laws of the United States or any State therein or the District of Columbia, (iii) an estate, the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust that (1) is subject to the supervision of a court within the United States and the control of one or more U.S. persons or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person; and (B) “**Non-United States Person**” means a holder or other beneficial owner of a Note or Coupon that is not a United States Person and (i) that is not a partnership or other entity treated as a partnership for U.S. federal income tax purposes, (ii) who or that is not or was not a 10 per cent. shareholder of the relevant Issuer or Guarantor as defined in Section 871(h)(3) of the Internal Revenue Code, a bank, a passive foreign investment company, a controlled foreign corporation or a corporation that has accumulated earnings to avoid United States federal income tax, and (iii) except as discussed below with respect to Registered Notes, who or that is not engaged in a United States trade or business.

A holder of a Bearer Note with a maturity at issue of 183 days or less and a principal amount of at least U.S.\$500,000 (or its foreign currency equivalent based on the spot rate on the date of issue), by accepting the Note, will be deemed to represent and warrant that it is not a United States person (other than an exempt recipient defined in Section 6049(b)(4) of the Internal Revenue Code and the regulations thereunder), and it is not acting for or on behalf of any such person.

Investors are advised that the rules set forth below do not apply to Notes if interest thereon is determined by reference to the receipts, sales, income, profits or cashflow of the Issuer or a related person, or by reference to the change in value of any property held by the Issuer or a related person. Investors should consult their own tax advisors with respect to the tax consequences of any such contingent interest.

Investors are advised that there are changes in the U.S. federal tax laws described below that generally are scheduled to become effective in 2012 and thereafter that are noted below in the section entitled “Recent United States Federal Tax Legislation.” These changes include the repeal of the bearer debt exemption from the 30 per cent. U.S. withholding tax for bearer notes issued after March 18, 2012 and imposing additional reporting and disclosure requirements on foreign entities that hold U.S. debt obligations.

This discussion is of a general nature only and is not intended as tax advice to any particular prospective purchaser of the Notes. Further, to ensure compliance with the requirements imposed by the Internal Revenue Service, you are notified that any discussion of the United States federal tax issues set forth herein was written to support the promotion and marketing of the Notes. This discussion was not intended or written to be used, and it cannot be used, by any person for the purpose of avoiding any United States tax penalties that may be imposed on such person. Each investor should seek advice based on its particular circumstances from an independent tax adviser.

Bearer Notes

Under present United States federal income and estate tax law (1) subject to the discussion of backup withholding below, a Non-United States Person will not be subject to United States federal income tax with respect to payments on a Bearer Note issued before March 18, 2012 or a Coupon appertaining thereto (whether paid by the Issuer or Guarantor or any of its paying agents), or on gain from a sale or redemption of a Bearer Note or a Coupon appertaining thereto, provided that the Bearer Note or

Coupon is not held in connection with a United States trade or business and, further, in the case of capital gains recognised by an individual, such individual is not present in the United States for 183 days or more during the taxable year in which the sale or redemption occurs; and (2) a Bearer Note issued before March 18, 2012 or a Coupon appertaining thereto held at the time of death by an individual who is a Non-United States Person, as defined above, that is also not a citizen or resident of the United States as defined for United States federal estate tax purposes will not be subject to the United States federal estate tax.

Under present United States federal tax law, unless the Issuer or Guarantor or its paying agent has actual knowledge, or reason to know, that the holder of a Bearer Note or a Coupon appertaining thereto is a United States person, a payment on a Bearer Note by (or by a paying agent of) the Issuer or Guarantor made outside the United States will not be subject to United States certification, identification or information reporting requirements or backup withholding tax. For a discussion of recently enacted U.S. federal tax legislation that may change this rule and those described below in the future in respect of Bearer Notes, see the discussion below under "Recent United States Federal Tax Legislation" and for a discussion of the right of the Issuer to redeem the Notes in certain events relating to the obligation of the Issuer or the Guarantor to pay additional amounts relating to withholding tax, see "Terms and Conditions of the Notes – Redemption and Purchase – Redemption for tax reasons" and "Terms and Conditions of the Notes – Taxation – Gross up". In addition, if payments are collected outside the United States by a foreign office of a custodian, nominee or other agent acting on behalf of a beneficial owner of a Bearer Note or Coupon, such custodian, nominee or other agent generally will not be required to deduct backup withholding tax from payments made to such owner. However, if the custodian, nominee or other agent is a United States person, a controlled foreign corporation for United States tax purposes, a foreign person 50 per cent. or more of whose gross income is effectively connected with the conduct of a trade or business within the United States for a specified three-year period or a foreign partnership with significant U.S. ownership or that is engaged in the conduct of a U.S. trade or business, information reporting and, with respect to certain payments, backup withholding tax may be required with respect to payments, made to such owner, unless such custodian, nominee or other agent has documentary evidence in its files of the owner's foreign status and has no actual knowledge, or reason to know, to the contrary, or the owner otherwise establishes an exemption.

Under present United States federal tax law, payment of the proceeds from the sale of a Bearer Note or Coupon to or through a foreign office of a broker will not be subject to United States certification, identification or information reporting requirements or backup withholding, except that if the broker is a United States person, a controlled foreign corporation for United States tax purposes, a foreign person 50 per cent. or more of whose gross income is effectively connected with the conduct of a trade or business within the United States for a specified three-year period or a foreign partnership with significant U.S. ownership or that is engaged in the conduct of a U.S. trade or business, information reporting will apply to such payments unless such broker has documentary evidence in its files of the owner's foreign status and has no actual knowledge, or reason to know, to the contrary, or the owner otherwise establishes an exemption. Payment of the proceeds from a sale of a Bearer Note or Coupon to or through the United States office of a broker is subject to information reporting and backup withholding unless the holder or beneficial owner certifies as to its non-United States status (provided the broker does not have actual knowledge that such statement is incorrect) or otherwise establishes an exemption from information reporting and backup withholding. Treasury Regulations clarify that a sale or redemption of a Note or Coupon generally will be deemed to be effected at an office inside the United States if (i) the holder or beneficial owner of a Note has opened an account with a United States office of the broker or transmitted instructions concerning the sale or redemption of the Note and other sales or redemptions to an office of the broker from within the United States, (ii) the gross proceeds of the sale or redemption are paid to the holder or beneficial owner by a transfer of funds into an account maintained by such holder or beneficial owner in the United States; (iii) the gross proceeds of the sale or redemption are, or the confirmation of the sale or redemption is, mailed to the holder or beneficial owner at an address in the United States; or (iv) a U.S. office of the broker negotiates the sale or redemption with the holder or beneficial owner or receives instructions with respect to the sale or redemption from the holder or beneficial owner. Further, such Treasury Regulations expand and apply the information reporting and backup withholding rules to beneficial owners of entities such as partnerships that are treated as fiscally transparent for United States federal income tax purposes. Thus, beneficial owners of partnerships and other fiscally transparent entities that hold Notes or Coupons are subject to and must comply with the certification, identification and information reporting

requirements and back-up withholding rules described above. Prospective investors should consult their tax advisers regarding the application of these rules to their particular circumstances.

A holder of a Bearer Note who is a United States person will be subject to the following special rules unless an exception applies. If a Bearer Note is paid, sold or otherwise disposed of in a transaction that results in a taxable gain or a loss for United States federal income tax purposes, the gain will be treated as ordinary income and not a capital gain, and no deduction will be allowable in respect of the loss.

Registered Notes

Under present United States federal income tax law, payments of interest on a Registered Note made to a Non-United States Person will be subject to United States withholding tax at a rate of 30 per cent. of the gross amount, unless eligible for one of the exceptions described below. Subject to the discussion of backup withholding below, no withholding of United States federal income tax will be required with respect to payments of interest made to a Non-United States Person of a Registered Note who or that (1) does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of shares of the Issuer or the Guarantor entitled to vote within the meaning of Section 871(h)(3) of the Code; (2) is not a controlled foreign corporation that is related to the Issuer or the Guarantor through stock ownership; and (3) has provided the required certifications set forth in Section 871(h) and Section 881(c) of the Code as described in the immediately following paragraph.

To qualify for this exemption from withholding tax with respect to a Registered Note, a Non-United States Person generally will be required to provide in the year in which a payment of principal or interest occurs, or in one of the three preceding years, a statement signed under penalties of perjury certifying that the Non-United States Person is the beneficial owner of a Registered Note and is not a United States person and providing the name and address of the Non-United States Person.

This statement generally may be made on IRS Form W 8BEN or a substantially similar substitute form. The provider must inform the recipient of any change in the information on the statement within 30 days of the change. Subject to certain exceptions, a payment to a foreign partnership or to certain foreign trusts is treated as a payment made directly to the foreign partners or the trust beneficiaries, as the case may be.

If a Non-United States Person is engaged in a United States trade or business and interest received on a Registered Note is effectively connected with the conduct of this trade or business, the Non-United States Person will be exempt from the withholding of the United States federal income tax described above if an IRS Form W 8ECI or substantially similar substitute form has been provided by the Non-United States Person stating that interest on the Registered Note is effectively connected with the conduct of a trade or business of the Non-United States Person in the United States. In this case, the Non-United States Person will be subject to tax on the interest received from the Registered Note on a net income basis in the same manner as if the Non-United States Person were a United States person. If the Non-United States Person is a corporation, any effectively connected income may also be subject to a branch profits tax at a rate of 30 per cent. (or such lower rate as may be specified by an applicable income tax treaty).

If a Non-United States Person is not eligible for relief pursuant to one of the exceptions described above, an exemption from, or a reduced rate of, United States federal income and withholding tax nevertheless may be available under a United States income tax treaty. In general, an exemption or reduced rate of tax will apply only if the Non-United States Person provides a properly completed IRS Form W 8BEN or substantially similar form establishing benefits under an applicable income tax treaty.

A Non-United States Person generally will not be subject to United States federal income tax on any gain realized upon a sale or other disposition of a Note unless the gain is effectively connected with the conduct of a trade or business within the United States (and, under certain income tax treaties, if this gain is attributable to a United States permanent establishment maintained by the Non-United States Person); or, if the Non-United States Person is an individual and holds the Note as a capital asset, unless he is present in the United States for 183 days or more in the taxable year of disposition, meets certain other conditions, and is not eligible for relief under an applicable income tax treaty.

Backup withholding (currently at a rate of 28 per cent.) and information reporting may apply to payments of principal of, premium, if any, and interest on, and proceeds from the sale or exchange of, a Note, unless the Non United States Person certifies its non U.S. status on IRS Form W 8 (or another applicable form).

Recent United States Federal Tax Legislation

Non-United States Persons should be aware that the United States has recently amended the laws described above to repeal the bearer debt exemption from U.S. withholding tax for notes issued after March 18, 2012 and to change the requirements for obtaining an exemption from U.S. withholding tax on payments under, and gross proceeds from sale of, certain U.S. debt obligations held by Non-United States Persons through a foreign financial institution. In particular, United States federal tax legislation enacted in 2010 requires that debt obligations issued after March 18, 2012 by U.S. corporations and certain subsidiaries be in registered form (as defined for U.S. tax purposes) in order to qualify for exemption from the 30% U.S. withholding tax on interest paid to a Non-United States Person (assuming compliance with the applicable IRS Form W-8BEN and related certification requirements). However, this U.S. tax legislation further provides that, subject to clarification by the U.S. Internal Revenue Service, the registered form requirement may be satisfied where bearer debt obligations are held through a dematerialized book entry system. This U.S. tax legislation also provides that beginning on January 1, 2013, a 30% withholding tax will be imposed on certain payments (which could include interest in respect of our debt obligations issued in registered form after March 18, 2012 and gross proceeds from the sale, exchange or other disposition of those debt obligations) made to a foreign entity if such entity fails to satisfy certain disclosure and reporting requirements so as to determine accounts held by U.S. persons. Various requirements and exceptions are provided under the legislation and additional requirements and exceptions may be provided in subsequent guidance. **Non-United States Persons should consult their own tax advisors regarding the potential application and impact of the new requirements based upon their particular circumstances.**

Australian Taxation

*The following is a summary of the taxation treatment under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, “**Australian Tax Act**”), at the date of this Base Prospectus, of payments of interest (as defined in the Australian Tax Act) on the Notes to be issued by the Issuer under the Programme and certain other matters. It is not exhaustive and, in particular, does not deal with the position of certain classes of holders of Notes (including, dealers in securities, custodians or other third parties who hold Notes on behalf of other persons).*

Prospective holders of Notes should also be aware that particular terms of issue of any Series of Notes may affect the tax treatment of that and other Series of Notes. In addition, prospective holders of Notes who are Australian residents or non-residents that carry on business in Australia, should consult their professional advisers concerning the application of Australian tax laws and the possible application of other tax laws to their specific circumstances. The following is a general guide and should be treated with appropriate caution. Prospective holders of Notes who are in any doubt as to their tax position should consult their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

In this “Australian Taxation” section, a reference to “the Issuer” is a reference to Deere Credit Australia.

Interest Withholding tax

An exemption from Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act (“**IWT**”) is available in respect of the Notes issued by the Issuer under section 128F of the Australian Tax Act if the following conditions are met:

- (a) the Issuer is a resident of Australia when it issues those Notes and when interest (as defined in section 128A(1AB)) of the Australian Tax Act is paid. Interest is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts;
- (b) those Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Issuer is offering those Notes for issue. In summary, the five methods are:
 - offers to 10 or more unrelated financiers or securities dealers;
 - offers to 100 or more investors;
 - offers of listed Notes;

- offers via publicly available information sources; and
- offers to the Dealers who offer to sell the Notes within 30 days by one of the preceding methods.

In addition, the issue of a global bond or note and the offering of interests in the global bond or note by one of these methods should satisfy the public offer test;

- (c) the Issuer does not know, or have reasonable grounds to suspect, at the time of issue, that the Notes or interests in those Notes were being, or would later be, acquired, directly or indirectly, by an “associate” of the Issuer except as permitted by section 128F(5) of the Australian Tax Act; and
- (d) at the time of the payment of interest, the Issuer does not know, or have reasonable grounds to suspect, that the payee is an “associate” of the Issuer, except as permitted by section 128F(6) of the Australian Tax Act.

Associates

An “associate” of the Issuer for the purposes of section 128F of the Australian Tax Act includes (i) a person or entity which holds more than 50 per cent. of the voting shares in, or otherwise controls, the Issuer, (ii) an entity in which more than 50 per cent. of the voting shares are held by, or which is otherwise controlled by, the Issuer, (iii) a trustee of a trust where the Issuer is capable of benefiting (whether directly or indirectly) under that trust, and (iv) a person or entity who is an “associate” of another person or company which is an “associate” of the Issuer under any of the foregoing.

However, for the purposes of sections 128F(5) and (6) of the Australian Tax Act (see paragraphs (c) and (d) above), “associate” does not include:

- (A) onshore associates (ie Australian resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia); or
- (B) offshore associates (ie Australian resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia) who are acting in the capacity of:
 - (i) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Notes, or a clearing house, custodian, funds manager or responsible entity of a registered managed investment scheme; or
 - (ii) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager, or responsible entity of a registered managed investment scheme.

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in any relevant Final Terms (or another relevant supplement to this Base Prospectus), the Issuer proposes to issue Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Exemptions under recent tax treaties

The Australian government has signed or announced new or amended double tax conventions (“**New Treaties**”) with a number of countries (each a “**Specified Country**”) which contain certain exemptions from IWT.

In broad terms, once implemented the New Treaties effectively prevent IWT applying to interest derived by:

- the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; or
- a “financial institution” which is a resident of the Specified Country and which is unrelated to and dealing wholly independently with the Issuer. The term “financial institution” refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a

business of raising and providing finance. (However, interest under a back-to-back loan or economically equivalent arrangement will not qualify for this exemption).

The Australian Federal Treasury maintains a listing of Australia's double tax conventions which provides details of country, status, withholding tax rate limits and Australian domestic implementation which is available to the public at the Federal Treasury's Department's website at: <http://www.treasury.gov.au/contentitem.asp?pagelD=&ContentID=625>.

Section 126 of the Australian Tax Act

Section 126 of the Australian Tax Act imposes a type of withholding tax at the rate of 45 per cent. on the payment of interest on Notes in bearer form if the Issuer fails to disclose the names and addresses of the holders to the Australian Taxation Office. Section 126 does not apply to the payment of interest on Notes in bearer form held by non-residents who do not carry on business at or through a permanent establishment in Australia where the issue of those Notes has satisfied the requirements of section 128F of the Australian Tax Act or IWT is payable. In addition, the Australian Taxation Office has confirmed that for the purpose of section 126 of the Australian Tax Act, the holder of debentures (such as the Notes) means the person in possession of the debentures. Section 126 is therefore limited in its application to persons in possession of Notes who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in Notes are held through Euroclear or Clearstream, Luxembourg, the Issuer intends to treat the operators of those clearing systems as the holders of the relevant Notes for the purposes of section 126 of the Australian Tax Act.

Payment of Additional Amounts

As set out in more detail under the "Terms and Conditions of the Notes", and unless expressly provided to the contrary in the relevant Final Terms (or another relevant supplement to this Base Prospectus), if the Issuer is at any time compelled by law to deduct or withhold an amount in respect of Australian withholding taxes imposed or levied by the Commonwealth of Australia in respect of the Notes, the Issuer shall, subject to certain exceptions, pay such additional amounts as may be necessary in order to ensure that the net amounts received by the holders of the Notes after such deduction or withholding are equal to the respective amounts which would have been received had no such deduction or withholding been required. If the Issuer is compelled by law in relation to any Notes to deduct or withhold an amount in respect of any withholding tax, the Issuer will have the option to redeem those Notes in accordance with the relevant Terms and Conditions.

Other Tax Matters

The Issuers have been advised that under Australian laws as presently in effect:

- (A) *income tax – offshore Note holders* – assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, payment of principal and interest (as defined in section 128A(1AB) of the Australian Tax Act) to a holder of the Notes, who is a non-resident of Australia and who, during the taxable year, does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income taxes;
- (B) *income tax–Australian Note holders* – Australian residents or non-Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia ("**Australian Holders**"), will be assessable for Australian tax purposes on income either received or accrued due to them in respect of the Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Note holder and the terms and conditions of the Notes (see also paragraph (N) below in relation to the Taxation of Financial Arrangements rules). Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located;
- (C) *gains on disposal of Notes – offshore Note holders* – a holder of the Notes, who is a non-resident of Australia and who does not hold the Notes in the course of carrying on business at or through a permanent establishment in Australia, will not be subject to Australian income tax on gains realised on sale or redemption of the Notes, provided such gains do not have an Australian source. A gain arising on the sale of Notes by a non-Australian resident holder to another non-Australian

resident where the Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia would not be regarded as having an Australian source;

- (D) *gains on disposal of Notes – Australian Note holders* – Australian Holders will be required to include any gain or loss on disposal of the Notes in their taxable income. Special rules apply to the taxation of Australian residents who hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located;
- (E) *deemed interest* – there are specific rules that can apply to treat a portion of the purchase price of Notes as interest for IWT purposes when certain Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian resident (who does not acquire them in the course of carrying on business at or through a permanent establishment outside Australia) or a non-resident who acquires them in the course of carrying on business at or through a permanent establishment in Australia. These rules do not apply in circumstances where the deemed interest would have been exempt under section 128F of the Australian Tax Act if the Notes had been held to maturity by a non-resident;
- (F) *death duties* – no Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- (G) *stamp duty and other taxes* – no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes;
- (H) *other withholding taxes on payments in respect of Notes* – Section 12-140 of Schedule 1 to the Taxation Administration Act 1953 of Australia (“**TAA**”) imposes a type of withholding tax at the rate of (currently) 46.5 per cent. on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian Tax File Number (“**TFN**”), (in certain circumstances) an Australian Business Number (“**ABN**”) or proof of some other exemption (as appropriate).

Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, the requirements of Section 12-140 do not apply to payments to a holder of Notes in registered form who is not a resident of Australia and not holding such Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Notes in registered form may be subject to a withholding where the holder of those Notes does not quote a TFN, ABN or proof of an appropriate exemption (as appropriate);

- (I) *supply withholding tax* – payments in respect of the Notes can be made free and clear of the supplying withholding tax imposed under section 12-190 of Schedule 1 to the TAA;
- (J) *goods and services tax (GST)* – neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by the Issuer, nor the disposal of the Notes, would give rise to any GST liability in Australia;
- (K) *debt/equity rules* – Division 974 of the Australian Tax Act contains tests for characterising debt (for all entities) and equity (for companies) for Australian tax purposes, including for the purposes of dividend withholding tax and IWT. The Issuer intends to issue Notes which are to be characterised as “debt interests” for the purposes of the tests contained in Division 974 and the returns paid on the Notes are to be “interest” for the purpose of section 128F of the Australian Tax Act. Accordingly, Division 974 is unlikely to adversely affect the Australian tax treatment of holders of Notes;
- (L) *additional withholdings from certain payments to non-residents* – section 12-315 of Schedule 1 to the TAA gives the Governor-General power to make regulations requiring withholding from certain payments to non-residents. However, section 12-315 expressly provides that the regulations will not apply to interest and other payments which are already subject to the current IWT rules or specifically exempt from those rules. Further, regulations may only be made if the responsible minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations promulgated prior to the date of this Base Prospectus are not relevant to any payments in respect of the Notes. Any further regulations should also not apply to repayments of principal under the Notes, as, in the absence of any issue discount, such amounts will generally not be reasonably related to assessable income. The

possible application of any future regulations to the proceeds of any sale of the Notes will need to be monitored; and

- (M) *taxation of foreign exchange gains and losses* – Divisions 775 and 960 of the Australian Tax Act contain rules to deal with the taxation consequences of foreign exchange transactions. The rules are complex and may apply to any Note holders who are Australian residents or non-residents that hold Notes that are not denominated in Australian dollars in the course of carrying on business in Australia. Any such Note holders should consult their professional advisers for advice as to how to tax account for any foreign exchange gains or losses arising from their holding of those Notes.
- (N) *taxation of financial arrangements* – The Tax Laws Amendment (Taxation of Financial Arrangements) Act 2009 of Australia ("**TOFA Act**") has been enacted. The TOFA Act has introduced new tax-timing rules for certain taxpayers to bring to account gains and losses from "financial arrangements".

The rules apply from the commencement of the first year beginning on or after 1 July 2010 (although taxpayers may have been able to make an election to apply the rules for a tax year commencing on or after 1 July 2009 if they wished to do so). The Notes would be regarded as a "financial arrangement" for the purposes of the new rules and, accordingly, may be subject to the rules in the TOFA Act.

However, the new rules do not apply to certain taxpayers. They should not, for example, generally apply to Note holders which are individuals and certain other entities (e.g. certain superannuation entities and managed investment schemes) which meet various turnover or asset thresholds, unless they make an election that the new rules apply to all of their "financial arrangements".

The TOFA Act does not affect the provisions relating to the imposition of IWT. In particular, the new rules do not apply in a manner which overrides the exemption available under section 128F of the Australian Tax Act.

Luxembourg Taxation

(a) Taxation of Deere Luxembourg and Deere Cash Management

Each of Deere Luxembourg and Deere Cash Management is a company resident in Luxembourg for tax purposes and fully taxed in Luxembourg on its world-wide income and wealth. The effective corporate tax rate is 28.8 per cent. as from 1 January 2011 (corporate income tax, municipal business tax in Luxembourg City and contribution to the unemployment funds). Wealth tax is levied at a rate of 0.5 per cent. As Deere Luxembourg and Deere Cash Management are fully taxable in Luxembourg, they may benefit from double tax treaties concluded by Luxembourg.

(b) Withholding tax

Interest payments made by Deere Luxembourg and Deere Cash Management to non-residents of Luxembourg in the context of the holding, disposal, redemption or repurchase of the Notes which are not profit-sharing will not be subject to any Luxembourg tax or withholding tax (regardless of the residence of the debtor), unless they fall within the scope of the Luxembourg laws of 21 June 2005 implementing the EU Savings Directive 2003/48/EC on taxation of savings income in the form of interest payments, which entered into effect on 1 July 2005 (see below "EU Withholding Tax").

In addition, as regards Luxembourg resident individuals, the Luxembourg law of 23 December 2005, as amended, provides for a 10 per cent. withholding tax (which is final when Luxembourg resident individuals are acting in the context of the management of their private wealth) on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005 implementing the EU Savings Directive), to the extent such income is paid or allocated by a Luxembourg paying agent within the meaning of this law.

In addition, pursuant to the law of 23 December 2005 as amended by the law of 17 July 2008, Luxembourg resident individuals who are the beneficial owners of savings income paid by a paying agent established outside Luxembourg, in a Member State of either the European Union or the European Economic Area, or in a jurisdiction having concluded an agreement with Luxembourg in connection with the European Union Savings Directive (Council directive 2003/48/EC) can opt to self declare and pay a 10 per cent. tax on these savings income. This 10 per cent. tax is final when Luxembourg resident individuals are acting in the context of the management of their private wealth. Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of 21

June 2005 and 23 December 2005 is assumed by the Luxembourg paying agent (if any) within the meaning of these laws and not by the Issuer.

(c) Other Taxes and Duties

Under current Luxembourg tax law and current administrative practice, it is not necessary that the Notes be notarised, filed, recorded or enrolled with any court or other authority in Luxembourg, or that any stamp, transfer, capital, registration or similar tax be paid on or in relation to the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Notes in accordance therewith or the performance of the Issuer's obligations under the Notes, except that in case of court proceedings in a Luxembourg court (including but not limited to a Luxembourg insolvency proceeding), registration of the Notes or of the financial documents may be ordered by the court, in which case the Notes or of the financial documents will be respectively subject to a fixed duty of EUR 12 or an *ad valorem* duty. Registration would in principle further be ordered, and the same registration duties could be due, when the Notes are produced, either directly or by way of reference, before an official authority ("*autorité constituée*") in Luxembourg.

(d) VAT

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Notes or in respect of the payment of a redemption amount or principal under the Notes or the transfer of a Note; provided that Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the issuer, if for Luxembourg value added tax purposes such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from value added tax does not apply with respect to such services.

(e) Wealth tax

Luxembourg net wealth tax will not be levied on a holder of a Note unless.

- (i) Such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions to the exception of the following entities that are net wealth tax exempt, being (i) undertakings for collective investment (UCITS) within the meaning of the law of 20 December 2002, (ii) investment company in risk capital (SICAR) within the meaning of the law dated 15 June 2004, (iii) securitization entities within the meaning of the law dated 22 March 2004 and (iv) special investment funds within the meaning of the law of 13 February 2007; or
- (ii) Such Note is attributable to an enterprise or part thereof, which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg;

As regards Luxembourg resident individuals, the Luxembourg law of 23 December 2005 has abrogated the net wealth tax starting with the year 2006.

(f) Capital gains tax

A holder of a Note who derives income from such Note or who realises a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on such income or capital gains (subject to the application of the laws of 21 June 2005 and 23 December 2005) unless:

- (i) Such holder is, or is deemed to be, resident in Luxembourg for Luxembourg tax purposes (or for the purposes of the relevant provisions); or
- (ii) Such income or gain is attributable to an enterprise or part thereof, which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg.

EU Savings Directive

Under the EU Savings Directive, each EU Member State is required to provide to the tax authorities of another EU Member State details of payments of interest or other similar income (in the meaning of the EU Savings Directive) paid by a paying agent (in the meaning of the EU Savings Directive) within its jurisdiction to, or collected by such a paying agent for, an individual resident or a "residual entity" (in the meaning of the EU Savings Directive) established in that other EU Member State. For a transitional period, however, Austria and Luxembourg may instead (unless during that period they elect otherwise) operate a withholding tax system (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld). During the

operation of the withholding tax system, the rate of the withholding is 20 per cent. from 1 July 2008 to 30 June 2011 and will be 35 per cent. as from 1 July 2011. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries (Switzerland, Andorra, Liechtenstein, Monaco and San Marino), and certain dependent or associated territories of certain Member States, (including Jersey, Guernsey, Isle of Man, Montserrat, British Virgin Islands, Netherlands Antilles and Aruba) have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in an EU Member State. In addition, the EU Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in an EU Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

Investors should note that on 13 November 2008 the European Commission has published a proposal to amend the EU Savings Directive. If implemented, the proposed amendments would, *inter alia*, extend the scope of the EU Savings Directive to (i) payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) provide for a wider range of income similar to interest. The European Parliament has approved an amended version of this proposal on 24 April 2009. Investors who are in any doubt as to their position should consult their professional advisers.

SUBSCRIPTION AND SALE

Notes may be issued from time to time by the relevant Issuer to any one or more of Banco Bilbao Vizcaya Argentaria, S.A., BNP PARIBAS, Barclays Bank PLC, Citigroup Global Markets Limited, Credit Suisse Securities (Europe) Limited, Deutsche Bank AG, London Branch, HSBC Bank plc, J.P. Morgan Securities Ltd. and Merrill Lynch International (the “**Dealers**”). The arrangements under which Notes may from time to time be agreed to be issued by the relevant Issuer to, and subscribed by, Dealers are set out in an amended and restated dealer agreement dated 4 February 2011, as amended and/or supplemented from time to time (the “**Dealer Agreement**”) and made between the Issuers, the Guarantors and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be subscribed by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America:

The Notes and the Guarantee of the Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and the Notes may not be offered, sold and, in the case of Bearer Notes, delivered, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act (the “**Regulation S**”) or pursuant to an exemption from the registration requirements of the Securities Act. Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Bearer Notes, deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until forty days after the completion of the distribution of the Notes comprising the relevant Tranche, as determined and certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. In addition, until forty days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Terms used in this paragraph have the meanings given to them by Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. These selling restrictions are set forth in the Dealer Agreement. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

United Kingdom:

Each Dealer has represented, warranted and agreed and each further Dealer under the Programme will be required to represent, warrant and agree, that:

- (a) **No deposit-taking:** in relation to any Notes (other than Notes issued by Deere Luxembourg) which have a maturity of less than one year:
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
 - (ii) it has not offered or sold and will not offer or sell any Notes other than to persons:
 - (A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or
 - (B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses,

where the issue of the Notes would otherwise constitute a contravention of section 19 of the FSMA by the relevant Issuer;

- (b) **Financial promotion:** it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the relevant Issuers (other than in the case of Deere Luxembourg) or the relevant Guarantor and, in the case of Deere Luxembourg, would not, if it was not an authorised person, apply to Deere Luxembourg; and
- (c) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (the “**FIEA**”) and, accordingly, each Dealer has represented, warranted and agreed, and each further Dealer under the Programme will be required to represent, warrant and agree, that it will not offer or sell any Notes directly or indirectly, in Japan or to, or for the benefit of, any Japanese Person or to others for re-offering or resale, directly or indirectly, in Japan or to any Japanese Person except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and all other applicable laws, regulations and guidelines promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time. For the purposes of this paragraph, “**Japanese Person**” shall mean any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

France

Each Dealer has represented, warranted and agreed, and each further Dealer under the Programme will be required to represent, warrant and agree, that it has not offered or sold, and will not offer or sell, directly or indirectly, any Notes to the public in France and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Notes and such offers, sales and distributions have been and will be made in France only to (a) persons providing investment services relating to portfolio management for the account of third parties, and/or (b) qualified investors (*investisseurs qualifiés*), as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French *Code monétaire et financier*, but excluding individuals referred to in Article D.411-1 II 2°.

The Netherlands

Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into The Netherlands through the mediation of either the relevant Issuer or a member firm of Euronext Amsterdam N.V., admitted in a function on one or more markets or systems held or operated by Euronext Amsterdam N.V., in accordance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended).

No such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in a Global Note; (b) in respect of the transfer and acceptance of Zero Coupon Notes in definitive form between individuals who do not act in the conduct of a business or profession; (c) to the initial issue of Zero Coupon Notes in definitive form to the first holders thereof; or (d) in respect of the transfer and acceptance of such Zero Coupon Notes within, from or into The Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in a Zero Coupon Note in global form) of any particular Series/Tranche are issued outside The Netherlands and are not distributed into The Netherlands in the course of initial distribution or immediately thereafter.

In the event that the Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Notes have to be complied with.

As used herein “**Zero Coupon Notes**” are Notes that are in bearer form and that constitute a claim for a fixed sum against the relevant Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

Commonwealth of Australia

Each Dealer has confirmed its understanding that no prospectus or other disclosure document (as defined in the Corporations Act 2001 of Australia (the “**Corporations Act**”)) in relation to the Programme or the Notes has been lodged with the Australian Securities and Investments Commission (“**ASIC**”). Each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that it:

- (a) has not made or invited, and will not make or invite, an offer of the Notes for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and
- (b) has not distributed or published, and will not distribute or publish, the Base Prospectus, any draft, preliminary or definitive offering memorandum or any supplement, advertisement or any other offering material relating to the Notes in Australia,

unless (i) the aggregate consideration payable by each offeree is at least AUD\$500,000 (or the equivalent in an alternative currency and, in either case, disregarding moneys lent by the offeror or its associates) or the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or 7.9 of the Corporations Act, (ii) the offer or invitation does not constitute a “retail client” for the purposes of section 761G of the Corporations Act, (iii) such action complies with all applicable laws, regulations and directives in Australia and (iv) such action does not require any document to be lodged with, or registered by ASIC or any other regulatory authority in Australia.

In addition and unless the relevant Final Terms otherwise provides, each Dealer has agreed that, in connection with the primary distribution of the Notes, it will not offer, sell or invite any offer for the issue or sale of the Notes to any person if, at the time of such issue or sale, the employees or officers of the Dealer aware of, or involved in, the issue or sale know or have reasonable grounds to suspect that, as a result of such issue or sale, any Notes or an interest in, or right in respect of, any Notes were being, or would later be, acquired (directly or indirectly) by an associate of the relevant Issuer (within the meaning of section 128F(9) of the Income Tax Assessment Act 1936 of Australia (the “**Tax Act**”) and associated regulations (and, where applicable, any replacement legislation including, but not limited to, the Income Tax Assessment Act 1997 of Australia)), except as permitted by section 128F(5) of the Tax Act.

General

Each Dealer has represented, warranted and agreed, and each further Dealer under the Programme will be required to represent, warrant and agree, that it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense. Other persons into whose hands the Base Prospectus or any Final Terms comes are required by the Issuers, the Guarantors and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed “General” above.

Selling restrictions may be supplemented or modified with the agreement of all Issuers. Any such supplement or modification may be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Tranche of Notes) or in a supplement to this Base Prospectus.

GENERAL INFORMATION

Listing

The admission of the Programme to trading on the London Stock Exchange is expected to take effect on 9 February 2011. The price of the Notes on the price list of the London Stock Exchange will be expressed as a percentage of their principal amount (exclusive of accrued interest). Any Tranche of Notes intended to be admitted to trading on the regulated market of the London Stock Exchange will be so admitted to trading upon submission to the London Stock Exchange of the relevant Final Terms and any other information required by the London Stock Exchange, subject to the issue of the relevant Notes. Prior to admission to trading, dealings will be permitted by the London Stock Exchange in accordance with its rules. Transactions will normally be effected for delivery on the third working day in London after the day of the transaction.

However, Notes may be issued pursuant to the Programme which will not be admitted to listing, trading and/or quotation by the London Stock Exchange or any other listing authority, stock exchange and/or quotation system or which will be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as the Issuer and the relevant Dealer(s) may agree.

Certain Notes issued pursuant to the Programme prior to the date of this Base Prospectus were listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange.

The update and maintenance of the Programme was authorised by resolutions of the Board of Directors of Deere, Deere Capital, Deere Luxembourg, Deere Cash Management, and Deere Credit Australia passed/given on 29 May 2002, 30 May 2002, 28 May 2002 (as further resolved on 12 December 2007), 13 January 2005 and 29 May 2002, respectively. The giving of the guarantee contained in the Deere Deed of Guarantee was authorised by resolutions of the Board of Directors of Deere passed on 27 August 1997 and by resolutions of the Deere Appropriations Committee on 12 May 2004. The giving of the guarantee contained in the JDCC Deed of Guarantee was authorised by a resolution of the Board of Directors of Deere Capital passed on 30 May 2002. Each of the Issuers and the Guarantors has obtained or will obtain from time to time all necessary consents, approvals and authorisations in connection with the issue and performance of the Notes and the giving of the guarantee relating to them.

Clearing and Settlement of the Notes

The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg.
