

Vitrolife AB (publ) completes the acquisition of eFertility

Vitrolife AB (publ) has completed the acquisition of eFertility (STB Zorg B.V.) as previously communicated in the press release on 2 May 2024.

eFertility is an innovative system and software company transforming IVF clinic management with its cutting-edge solutions: eWitness (witnessing system to track and trace each step of the IVF procedure) and eBase (a specialised EMR that is compatible with hospital information systems). eFertility has a leading presence in the Netherlands and is rapidly expanding across Europe. In 2023, the company had revenues of EUR 1.5 million with a strong sales pipeline demonstrating the increased demand for witnessing systems in the IVF market. eFertility will be reported under the Technologies business area.

This is a translation of the Swedish version of the press release. When in doubt, the Swedish wording prevails.

Vitrolife Group is a global provider of medical devices and genetic services. Based on science and advanced research capabilities, we develop services and products for personalized genetic information and medical device products. We are supporting our customers by improving their clinical practice and the outcome of the patient's fertility treatment. Currently, we are approximately 1,100 people worldwide, headquartered in Gothenburg, Sweden.

Vitrolife Group's products and services are available in more than 125 countries, through our own presence in more than 25 countries and a network of distributors. We are a sustainable market leader and aim to be the preferred partner to the IVF-clinics by providing superior products and services with the vision to enable people to fulfil the dream of having a healthy baby. The Vitrolife AB (publ) share is listed on the Nasdaq Stockholm.
