Proposals

Election of Chairperson of the meeting (item 2)

The Nomination Committee prior to the AGM 2024 has consisted of Tom Johnstone (appointed by Geely Sweden Holdings AB), Yimin Chen (appointed by Geely Sweden Holdings AB), Anders Oscarsson (appointed by AMF), Emilie Westholm (appointed by Folksam) and

Eric Li (Li Shufu) as the Chairperson of the Board of Directors. Tom Johnstone has been the Chairperson of the Nomination Committee. The Nomination Committee proposes that the attorney Eva Hägg is elected as Chairperson of the AGM.

[Preparation and approval of the voting register \(item 3\)](#)

The voting list proposed for approval is the voting list drawn up by Euroclear Sweden AB on behalf of the company, based on the AGM's register of shareholders, shareholders having given notice of participation and being present at the meeting venue, and postal votes received.

[The Board's proposal on allocation of the company's profit or loss in accordance with the adopted balance sheet \(item 9 b\)](#)

The Board of Directors proposes that no ordinary dividend is distributed and that the retained profits shall be carried forward to the new accounts.

Distribution of Volvo Cars' shareholding in Polestar

Through the proposed distribution of a portion of Volvo Cars' shareholding in Polestar Automotive Holding UK PLC ("**Polestar**") under item 19 on the agenda, Volvo Cars makes an extraordinary value transfer to its shareholders of no more than SEK 35,000,000,000, equivalent to a maximum of approximately SEK 11.75 per Volvo Cars series B share. The Board proposes that the distribution is made by way of a share split followed by a share redemption and that the Board of Directors is authorised to finally determine the portion of the Polestar shareholding to be distributed, the redemption amount per share as well as the timetable for the share redemption. The detailed transaction structure and conditions of the Board of Directors' proposal are set out in item 19 below.

[Determination of the number of Board members and the number of auditors \(item 10\)](#)

The Nomination Committee proposes that the Board of Directors shall consist of 9 ordinary Board members elected by the AGM, without deputy Board members, and that the number of auditors shall be one without deputies.

[Determination of fees to the Board members and fees to the auditors \(item 11\)](#)

Since the last AGM, the Board of Directors has established a new committee, the China Committee. The Nomination Committee proposes a slight adjustment of the base remuneration to the Board members and to the vice Chairperson. Given the added responsibilities and workload driven by the new sustainability reporting requirements, the Nomination Committee suggests a substantial increase of the Audit Committee remuneration. Also, the People Committee fees are suggested to be increased to better reflect the workload and the responsibilities of that committee. Finally, the Nomination Committee proposes the members of the China Committee to be remunerated on par with the Audit Committee members.

The Nomination Committee thereby proposes that the following remuneration shall be applied until next year's AGM:

The compensation to the Board members that are not employed or otherwise remunerated by Volvo Car Group or the Geely Holding Group shall be the following: (i) SEK 1,200,000 (1,155,000) to each of the Board members, other than the vice Chairperson who shall receive SEK 2,840,000 (2,730,000), (ii) SEK 145,000 (131,000) to each of the members and SEK 185,000 (168,000) to the Chairperson of the People Committee, (iii) SEK 220,000 (189,000) to each of the members and SEK 470,000 (410,000) to the Chairperson of the Audit Committee, and (iv) SEK 220,000 to each of the members of the China Committee. All remunerated Board members elected by the general meeting are also entitled to a company car in accordance with the Company's applicable car policy (corresponding to an average yearly benefit of approximately SEK 120,000 per entitled Board member). The Chairperson of the Board, the CEO as well as Daniel Li (Li Donghui) shall not be remunerated. In addition, the Nomination Committee proposes a symbolic compensation for reading time for the union representatives with in total SEK 345,100 (331,700), whereof ordinary representatives each receive SEK 85,000 (81,700) and deputy representatives each receive SEK 45,050 (43,300).

The Nomination Committee supports the policy of share ownership for the members of the Board adopted by the Board. Under the policy, it is recommended that the members of the Board, who are appointed by the General Meeting and who do not already have such holding, over a five year period from the date of listing of Volvo Cars on Nasdaq Stockholm or for new members from the date of appointment, shall acquire an ownership in shares with a market value corresponding to at least one year of Board remuneration, before taxes, excluding remuneration for committee work. Upon reaching the recommended share ownership level, it is expected that the members of the Board maintain shares of such value for the duration of their appointments as members of the Board.

The Nomination Committee proposes that remuneration to the auditor shall be paid according to separate invoicing.

[Election of the Board of Directors and the Chairperson of the Board \(item 12\)](#)

The Nomination Committee proposes that Eric Li (Li Shufu), Lone Fønss Schrøder, Daniel Li (Li Donghui), Anna Mossberg, Diarmuid O'Connell, Jim Rowan, Jonas Samuelsson, Lila Tretikov, and Ruby Lu shall be re-elected as Board members. The Nomination Committee further proposes re-election of Eric Li (Li Shufu) as Chairperson of the Board of Directors and Lone Fønss Schrøder as vice Chairperson of the Board.

It is noted that Winfried Vahland decided to leave his assignment as member of the Board of Directors on 12 January 2024 and the Nomination Committee does not propose any replacement of Winfried Vahland.

Further information about all Board members proposed for re-election is included in the Nomination Committee's proposal and reasoned statement available on the company's website <http://investors.volvocars.com/en/AGM24>.

[Election of auditors \(item 13\)](#)

The Nomination Committee proposes, in accordance with the recommendation from the company's Audit Committee, re-election of Deloitte AB as the company's auditor for the period until the close of the next AGM.

[The Board's proposal on the implementation of a Performance Share Plan and an Employee Share Matching Plan in accordance with A.2 and A.3, respectively, and delivery arrangements in respect thereof in accordance with B.1 or B.2 \(item 15\)](#)

The Board of Directors proposes that the AGM resolve on the implementation of share based plans, giving all permanent employees of the Volvo Cars group the opportunity of becoming shareholders in Volvo Cars. A division into two parts is proposed: one Performance Share Plan (the "**PSP**") directed to the CEO, other members of the Executive Management Team ("**EMT**"), Group Management Team ("**GMT**") and certain other senior executives, and an Employee Share Matching Plan (the "**ESMP**", jointly with the PSP, the "**Plans**") directed to all permanent employees of the Volvo Cars group, other than the participants of the PSP. In order to secure the obligations of Volvo Cars to deliver shares to participants under the Plans, the Board of Directors further proposes that the Annual General Meeting resolve on delivery

arrangements. The Board of Directors' proposal for the Plans is set out in A. below and for the delivery arrangements in B. below.

A Proposal for the implementation of the Plans

1. Background and reasons

The overall purpose of the Plans is to strengthen the alignment of interests of the group's employees with those of the shareholders and thus encourage long-term commitment to the Volvo Cars group. The purpose of PSP is further to create a long-term focus amongst the participants on reaching Volvo Cars' long term ambitions, as well as to facilitate recruitment and retention of employees with key competencies. The purpose of the ESMP is further to create engagement, commitment and motivation for the entire permanent workforce of the Volvo Cars group.

Since the Board of Directors believes that long-term share ownership is an important way to create alignment between the EMT and Volvo Cars' shareholders, it has implemented a policy setting out recommendations for certain levels of share ownership for members of the EMT. The PSP offers an opportunity for such members to increase their holdings to achieve the recommended share ownership.

The Board of Directors' proposal for the Plans corresponds in essence with the structure of the incentive plans approved by the Annual General Meetings in 2022 and 2023.

2. Terms and conditions for the PSP

- i. It is proposed that the PSP shall comprise approximately 220 employees, whereof approximately 213 Vice Presidents and key individuals ("**VPs**"), approximately 7 members of the EMT and the CEO of the group (jointly, the "**PSP Participants**").
- ii. The PSP shall comprise a maximum of 12,539,648 series B shares in Volvo Cars, all of which can be allocated to PSP Participants (the "**Performance Shares**").
- iii. Subject to satisfaction of the conditions set out below, the PSP Participants will be entitled to allocation of Performance Shares free of charge, from Volvo Cars or from a designated third party, after the expiration of a three-year vesting period (subject to certain exemptions), starting on the date Volvo Cars grants the PSP Awards (as defined below) to the Participants of the PSP (the "**Vesting Period**").
- iv. The number of Performance Shares that may be allocated to the PSP Participants after expiration of the Vesting Period will be established according to the following. Each PSP Participant will at commencement of the PSP free of charge receive a conditional award of Performance Shares (a "**PSP Award**"). The PSP Award will amount to the number of Performance Shares the value of which corresponds to the following percentages of each PSP Participant's gross annual base salary in 2024: (i) 75% for the CEO, (ii) 40% for members of the EMT and (iii) 30% for VPs (each a "**PSP Award Value**"). The share price used to calculate the PSP Award Value and number of underlying Performance Shares subject to the PSP Award shall be the volume-weighted average price paid for the Volvo Cars series B share on Nasdaq Stockholm during a period of 30 trading days in connection with the commencement of the Vesting Period. When calculating the number of Performance Shares, rounding off shall be made to the closest whole number of Performance Shares.
- v. Dependent on satisfaction of the performance conditions in 2.vi. below, the number of Performance Shares allocated to the PSP Participants after expiration of the Vesting Period may amount to between 0% and 200% of the PSP Award. However, the total value of the Performance Shares at the end of the Vesting Period may not exceed 400% of the PSP Award Value, and the number of Performance Shares allotted may be reduced accordingly. Further, should there be a decline in the price of the Volvo Cars series B share such that the number of Performance Shares subject to the PSP Award, as calculated based on the volume-weighted average price paid for the Volvo Cars series B share on Nasdaq Stockholm during a period of 30 trading days in connection with the commencement of the Vesting Period (as set out in 2.iv. above) exceeds the maximum number of Performance Shares set out in 2. ii. above, the number of Performance Shares allocated to the PSP Participants will be reduced proportionately.
- vi. The allocation of Performance Shares is subject to satisfaction of performance conditions relating to (a) Volvo Cars' average EBIT excl. income from JV's & affiliates during the financial years 2024–2026 (the "**Performance Period**"), which is weighted 40%, (b) Volvo Cars' compound annual growth rate (CAGR) for group revenue during the Performance Period, where the revenue (as reported) for the financial year 2026 is compared to the revenue (as reported) for the financial year 2023 (to reflect revenue growth under the Performance Period), which is weighted 25%, (c) percentage of reduction of CO₂ emissions per Volvo car manufactured, where the average CO₂ emissions per car manufactured in 2018 is compared to the average CO₂ emissions per car manufactured in 2026, which is weighted 25%, and (d) gender diversity, calculated as the share of females within senior leaders population as of 31 December 2026, which is weighted 10% ((a) through (d) jointly, the "**Performance Conditions**").

The Performance Conditions include a minimum level which must be exceeded in order for any Performance Shares at all to be allocated, as well as a maximum level in excess of which no additional Performance Shares will be allocated. Should the minimum level be exceeded but the maximum level not reached, a proportionate number of Performance Shares will be allocated.

The minimum and maximum levels for (a) and (b) above will be set by the Board of Directors prior to commencement of the PSP. The minimum level for (c) is 40% and the maximum level for (c) is 50%. The minimum level for (d) is 30% and the maximum level for (d) is 34%.

Information about the minimum and maximum levels for (a) and (b) above, as well as the outcome of each of the Performance Conditions above, will be provided in the annual report for the financial year 2026.

- vii. Allocation of Performance Shares is, subject to the below, conditional upon the PSP Participant retaining the employment within the Volvo Cars group over the entire Vesting Period. For so-called good leaver PSP Participants during the Vesting Period, allocation of Performance Shares is subject to satisfaction of the Performance Conditions and the number of Performance Shares

allocated (after expiration of the Vesting Period, unless compassionate circumstances apply) will be proportionately reduced for time served during the Vesting Period.

- viii. The number of Performance Shares shall be subject to recalculation in the event of any intervening bonus issue, split, rights issue and/or other similar corporate actions.
- ix. The Board of Directors shall be entitled to reduce the number of Performance Shares subject to allocation or, wholly or partially, terminate the PSP in advance if significant changes in the group or in the market occur which, in the opinion of the Board of Directors, would result in a situation where the conditions for allocation of Performance Shares become unreasonable. In the event that allocation of Performance Shares has been made based on misstated information, or if actions have been taken by a PSP Participant which could result in material damage to the group's reputation, the Board of Directors may decide to reclaim whole or a part of the allocated Performance Shares for such PSP Participant.
- x. The Board of Directors shall be entitled to make such local adjustments of the PSP that may be necessary or appropriate to implement it with reasonable administrative costs and efforts in the concerned jurisdictions, including, among other things, to offer cash settlement.
- xi. The Board of Directors shall be responsible for the further design and administration of the PSP within the framework of the above stated main terms and conditions.

3. Terms and conditions for the ESMP

- i. It is proposed that the ESMP shall comprise all permanent employees of the Volvo Cars group, other than the PSP Participants (the "**ESMP Participants**").
- ii. The ESMP shall comprise a maximum of 16,578,427 series B shares in Volvo Cars, all of which can be allotted to the ESMP Participants (the "**Matching Shares**").
- iii. To participate in the ESMP, ESMP Participants must make own investments in series B shares in Volvo Cars ("**Investment Shares**"), up to an aggregate value for each ESMP Participant at the time of the investment of no more than SEK 10,000. ESMP Participants must normally purchase Investment Shares in connection with the start of the Vesting Period (as defined below).
- iv. For each Investment Share, ESMP Participants will be entitled to allocation of one Matching Share free of charge, from Volvo Cars or from a designated third party, after the expiration of a two-year vesting period (subject to certain exemptions), starting on the date that ESMP Participants have acquired all of their Investment Shares (the "**Vesting Period**"). Should there be a decline in the price of the Volvo Cars series B share, in the period between the date of publication of this proposal and the ESMP Participants' purchase of Investment Shares, such that the number of Matching Shares subject to allocation exceeds the maximum number of Matching Shares set out in 3.ii. above, the number of Matching Shares allocated to the ESMP Participants will be reduced proportionately. Taxes payable by ESMP Participants as a result of allocation of Matching Shares will be paid by Volvo Cars on behalf of the ESMP Participants. A two-year Vesting Period is considered appropriate and motivated in order to reach a good engagement level within the broad employee group that the ESMP is applicable for in order to encourage long-term commitment to the Volvo Cars group.
- v. Allocation of Matching Shares is, subject to the below, conditional upon the ESMP Participant retaining the employment within the Volvo Cars group over the entire Vesting Period and the ESMP Participant, until the expiration of this Vesting Period, retaining the Investment Shares purchased. Any disposal of Investment Shares prior to the expiration of the Vesting Period will generally result in no Matching Shares being allocated. For so-called good leaver ESMP Participants during the Vesting Period, the number of Matching Shares allocated (after expiration of the Vesting Period, unless compassionate circumstances apply) will be proportionately reduced for time served during the Vesting Period.
- vi. The number of Matching Shares shall be subject to recalculation in the event of any intervening bonus issue, split, rights issue and/or other similar corporate actions.
- vii. The Board of Directors shall be entitled to reduce the number of Matching Shares subject to allocation or, wholly or partially, terminate the ESMP in advance if significant changes in the group or in the market occur which, in the opinion of the Board of Directors, would result in a situation where the conditions for allocation of Matching Shares become unreasonable. In the event actions have been taken by a ESMP Participant which could result in material damage to the group's reputation, the Board of Directors may decide to reclaim whole or a part of the allocated Matching Shares.
- viii. The Board of Directors shall be entitled to make such local adjustments of the ESMP that may be necessary or appropriate to implement it with reasonable administrative costs and efforts in the concerned jurisdictions, including, among other things, to offer cash settlement.
- ix. The Board of Directors shall be responsible for the further design and administration of the ESMP within the framework of the above stated main terms and conditions.

4. Delivery activities

The Board of Directors has considered different methods for delivery of shares under the Plans to PSP and ESMP Participants (jointly, the "**Participants**"). For this purpose, the Board of Directors proposes that the Annual General Meeting resolve on (i) an authorisation for the Board of Directors to resolve on the repurchase of shares of series B on Nasdaq Stockholm; and (ii) transfer of own series B shares free of charge to the Participants. Should the majority required for these resolutions not be reached, the Board of Directors proposes that Volvo Cars shall be able to enter into an equity swap agreement with a third party.

The detailed conditions for the Board of Directors' proposal are set out in item B below.

5. Dilution

Neither of the delivery arrangements referred to in item A.4 above would give rise to an increased number of shares in Volvo Cars and, accordingly, no dilutive effect in terms of shares issued will occur for existing shareholders.

6. Estimated costs and effects on key ratios

The costs for the Plans, which will impact the income statement, are calculated according to the accounting standard IFRS 2 and distributed over the respective Vesting Period. The total effect of the Plans on the income statement, including social security contributions, is estimated to range between SEK 99-2,959 million (between SEK 0-1,176 million for the PSP and between SEK 99-1,783 million for the ESMP), depending on satisfaction of the Performance Conditions for the PSP and the share price at allotment of Performance Shares and Matching Shares, distributed over the years 2024-2026. Total value for the PSP Participants at allotment of Performance Shares is capped at SEK 1,176 million. The cap will come into play in case of a total increase of PSP Award Value of 400% or more during the term of the PSP.

The estimated aggregated annual costs of between SEK 50-1,284 million correspond to approximately 0.1-3.2% of the group's total employee costs for the financial year 2023. Thus, the costs for the Plans are expected to have a marginal effect on the group's key ratios.

7. Preparation of the proposal

The Plans have been initiated by the Board of Directors and prepared in consultation with external advisors taking into account market practice for multinational companies headquartered in Sweden and the rest of Europe along with corporate governance best practice requirements. The Plans have been processed in the Board's People Committee and discussed at Board meetings in 2024.

B Delivery arrangements

1. Authorisation for the Board of Directors to resolve on acquisition of shares of series B and resolution on transfer of own series B shares to the Participants in the Plans

The Board of Directors proposes that the Annual General Meeting, as a main alternative, (a) authorise the Board of Directors to resolve on acquisition of own shares of series B on Nasdaq Stockholm and (b) resolve that own series B shares may be transferred to the Participants in the Plans.

(a) Acquisition of own shares of series B may be made on the following terms:

- i. Acquisitions of shares of series B in Volvo Cars may only be effected on Nasdaq Stockholm.
- ii. A maximum of 29,118,075 shares of series B in Volvo Cars may be acquired to secure delivery of shares to the Participants.
- iii. Acquisitions of shares of series B in Volvo Cars on Nasdaq Stockholm may only be made at a price within the price range (spread) on Nasdaq Stockholm applicable from time to time, meaning the spread between the highest purchase price and the lowest selling price prevailing and disseminated by Nasdaq Stockholm from time to time.
- iv. The authorisation may be utilised on one or several occasions, however, only until the Annual General Meeting 2025.

(b) Transfers of Volvo Cars' own series B shares to the Participants may be made on the following terms.

- i. A maximum of 29,118,075 series B shares in Volvo Cars may be transferred free of charge to the Participants.
- ii. Right to purchase series B shares in Volvo Cars free of charge shall – with deviation from the shareholders' preferential rights – be granted to each such person within the group who is a PSP or an ESMP Participant.
- iii. Transfers of series B shares in Volvo Cars shall be made free of charge at the time and on the other terms that the PSP or ESMP Participants, as relevant, are entitled to be allocated shares.
- iv. The number of series B shares in Volvo Cars that may be transferred under the Plans shall be subject to recalculation in the event of any intervening bonus issue, split, rights issue and/or other similar corporate actions.

2. Equity swap agreement with a third party

The Board of Directors proposes that the Annual General Meeting, should the majority required under item B.1 above not be reached, resolve that the expected financial exposure resulting from the Plans may be hedged by Volvo Cars being able to enter into an equity swap agreement with a third party on terms in accordance with market practice, whereby the third party, against a fee and in its own name, shall be entitled to acquire and transfer series B shares in Volvo Cars to the Participants in accordance with the terms and conditions of the Plans.

C Majority requirements, etc.

The Annual General Meeting's resolutions on the implementation of the PSP and the ESMP according to item A.2 and A.3, respectively, above, are conditional on the Annual General Meeting either resolving in accordance with the Board of Directors' proposal under item B.1 or B.2 above.

Each of the Annual General Meeting's resolutions according to item A.2 and A.3 above requires a simple majority of the votes cast. A valid resolution under item B.1 above requires that shareholders representing not less than nine-tenths of the votes cast as well as of the shares represented at the Annual General Meeting approve the resolution. A valid resolution under item B.2 above requires a simple majority of the votes cast.

D Other

The repurchase and transfer of shares in Volvo Cars are integral parts of the proposed Plans. Therefore, and in light of the above, the

Board of Directors considers it to be advantageous for Volvo Cars and the shareholders that the PSP and ESMP Participants are invited to become shareholders in Volvo Cars.

For a description of Volvo Cars' other on-going long-term incentive plans, reference is made to Volvo Cars' annual report for 2023, note 8. No other long-term incentive plans than those described herein or in the annual report for 2023, note 8, have been implemented in Volvo Cars.

[The Board's proposal on amendment of the terms and conditions of the Performance Share Plans adopted in 2022 and 2023 in accordance with B and delivery arrangements in respect thereof in accordance with C.1 or C.2 \(item 16\)](#)

A Background and reasons

The Annual General Meetings held in 2022 and 2023, respectively, resolved in accordance with the Board of Directors' proposal, on the implementation of a Performance Share Plan directed to the CEO, other members of the Executive Management Team and certain other senior executives, as well as delivery arrangements in respect thereof by way of an authorisation for the Board of Directors to resolve on acquisition of own shares of series B on Nasdaq Stockholm and transfer of own shares of series B to the participants in the plans (each plan referred to as "PSP 2022/2024" and "PSP 2023/2025", respectively, and PSP 2022/2024 and PSP 2023/2025 jointly referred to as the "Plans").

The purpose of the Plans is to create a long-term focus amongst the participants on reaching Volvo Cars' long term ambitions, as well as to facilitate recruitment and retention of employees with key competencies. The Plans also offers an opportunity for the CEO, and other members of the EMT, to increase their holdings in Volvo Cars to achieve the share ownership level as recommended by the Board of Directors.

Bearing in mind the anticipated purpose of the Plans as set out above, the Board of Directors, in connection with the CEO joining Volvo Cars in March 2022, reached an agreement with the CEO that the PSP Award Value (as defined in the terms and conditions of PSP 2022/2024 and PSP 2023/2025, respectively) shall amount to 75% of the CEO's gross annual fixed salary. However, in the Board of Directors' proposals on the implementation of PSP 2022/2024 and PSP 2023/2025 to the Annual General Meetings held in 2022 and 2023, respectively, it was incorrectly stated that the PSP Award Value for the CEO shall correspond to 50% of the CEO's gross annual fixed salary. It should be noted that the maximum number of series B shares that can be allocated to the participants under the terms and conditions of PSP 2022/2024 and PSP 2023/2025, respectively, as well as the number of performance shares awarded to the CEO under the Plans as set out in the 2022 annual report as well as the remuneration report for the financial year 2022 and 2023, respectively, have been calculated based on a PSP Award Value for the CEO corresponding to 75% of the CEO's gross annual fixed salary.

B Proposal on amendment of the terms and conditions of PSP 2022/2024 and PSP 2023/2025

In light of the above, the Board of Directors proposes that the Annual General Meeting resolve on an amendment of the terms and conditions of PSP 2022/2024 and PSP 2023/2025 as adopted by the Annual General Meetings held on 11 May 2022 and 3 April 2023, respectively, with the effect that the PSP Award Value for the CEO shall correspond to 75% of the CEO's gross annual fixed salary in 2022 for PSP 2022/2024, and in 2023 for PSP 2023/2025. The amendment corresponds to the proposed terms and conditions for the new Performance Share Plan as proposed by the Board of Directors to be adopted by the Annual General Meeting 2024 (i.e., PSP 2024/2026).

C Delivery arrangements

1. Resolution on transfer of own series B shares

For the purpose of securing delivery of additional shares that the proposed amendment to the terms and conditions of the Plans may result in, the Board of Directors further proposes that the Annual General Meeting, as a main alternative, resolve to amend the previous resolutions on transfers of own series B shares to the participants, adopted by the Annual General Meetings in 2022 and 2023, so that own series B shares may be transferred to the CEO, free of charge, at the time and on the terms that the CEO is entitled to be allocated shares on the basis of the proposed amended terms and conditions of PSP 2022/2024 and PSP 2023/2025, respectively.

2. Equity swap agreement with a third party

The Board of Directors proposes that the Annual General Meeting, should the majority required under item C.1 above not be reached, resolve that the financial exposure resulting from the proposed amended terms and conditions of the Plans may be hedged by Volvo Cars being able to enter into an equity swap agreement with a third party on terms in accordance with market practice, whereby the third party, against a fee and in its own name, shall be entitled to acquire and transfer the additional number of series B shares in Volvo Cars to the CEO that the proposed amended terms and conditions of PSP 2022/2024 and PSP 2023/2025, respectively, may result in.

D Estimated costs, etc.

The estimated costs for the Plans, and the total effect of the Plans on the income statement, including social security contributions, as well as the expected effect on the group's key ratios, as set out in the Board of Directors' proposals to the Annual General Meeting in 2022 and 2023, respectively, have been calculated based on a PSP Award Value for the CEO corresponding to 75% of the CEO's gross annual fixed salary in 2022 and 2023, respectively, in accordance with the agreement between the company and the CEO. Accordingly, the proposed amendment is not expected to have any significant effect on the estimated costs for the Plans as previously disclosed in the Board of Directors' proposals to the Annual General Meeting in 2022 and 2023, respectively, as well as the 2022 annual report.

E Majority requirements, etc.

The Annual General Meeting's resolution on the amendment of the terms and conditions of PSP 2022/2024 and PSP 2023/2025, respectively, according to item B above, is conditional on the Annual General Meeting either resolving in accordance with the Board of Directors' proposal under item C.1 or C.2 above.

The Annual General Meeting's resolution according to item B above requires a simple majority of the votes cast. A valid resolution under item C.1 above requires that shareholders representing not less than nine-tenths of the votes cast as well as of the shares represented at the Annual General Meeting approve the resolution. A valid resolution under item C.2 above requires a simple majority of the votes cast.

[The Board's proposal on authorisation for the Board of Directors to resolve on acquisition of own shares for delivery to participants under the Performance Share Plans and Employee Share Matching Plans adopted in 2022 and 2023 \(item 17\)](#)

In 2022 and 2023, respectively, the AGM resolved on the implementation of share based plans, giving all permanent employees of the Volvo Cars group the opportunity of becoming shareholders in Volvo Cars, with a division into two parts: a Performance Share Plan (the “PSP”) directed to the CEO, other members of the Executive Management Team and certain other senior executives, and an Employee Share Matching Plan (the “ESMP”) directed to all permanent employees of the Volvo Cars group, other than the participants of the PSP. For a description of the Performance Share Plans and Employee Share Matching Plans adopted in 2022 and 2023 (together the “Plans”), please refer to note 8 in Volvo Cars’ annual report for 2022 and 2023, respectively.

The AGM in 2022 and 2023, respectively, also resolved on delivery arrangements in respect of the Plans by way of (i) an authorisation for the Board of Directors to resolve on the repurchase of shares of series B on Nasdaq Stockholm on one or several occasions until the next AGM; and (ii) transfer of own series B shares free of charge to the participants under the Plans. As the Board of Directors has not utilised the authorisation from the AGM in 2022 or 2023, and in order to secure Volvo Cars’ obligations to deliver shares to the participants under the Plans, the Board of Directors therefore proposes that the AGM 2024 authorise the Board of Directors to resolve on acquisition of own shares of series B on Nasdaq Stockholm.

Acquisition of own shares of series B may be made on the following terms:

- i. Acquisitions of shares of series B in Volvo Cars may only be effected on Nasdaq Stockholm.
- ii. A maximum of 35,437,818 shares of series B in Volvo Cars may be acquired to secure delivery of shares to the participants under the Plans, of which 9,886,909 shares relate to each of PSP 2022 and PSP 2023, respectively, and 7,832,000 shares relate to each of ESMP 2022 and ESMP 2023, respectively.
- iii. Acquisitions of shares of series B in Volvo Cars on Nasdaq Stockholm may only be made at a price within the price range (spread) on Nasdaq Stockholm applicable from time to time, meaning the spread between the highest purchase price and the lowest selling price prevailing and disseminated by Nasdaq Stockholm from time to time.
- iv. The authorisation may be utilised on one or several occasions, however, only until the AGM 2025.

Volvo Cars’ own series B shares, acquired pursuant to the proposed authorisation, may be transferred to the participants under the Plans in accordance with and on the terms as resolved by the respective AGMs in 2022 and 2023.

In order for the AGM’s resolution in accordance with the Board of Directors’ proposal as set out above to be valid, the resolution requires approval of at least two thirds of the votes cast and the shares represented at the AGM.

[The Board's proposal for authorisation of the Board of Directors to resolve on new issues \(item 18\)](#)

The Board of Directors proposes that the AGM authorises the Board of Directors to, on one or several occasions up to the next AGM, with or without deviation from the shareholders’ preferential right, resolve on new issues of shares of series B and/or subscription warrants and/or convertible bonds. The total number of shares that may be issued, by way of a new share issue, exercise of subscription warrants or conversion of convertible bonds, by virtue of the authorisation shall be within the limits of the Articles of Association and not exceed ten (10) per cent of the total number of shares in Volvo Cars at the time of the Board of Directors’ resolution. The authorisation includes a right to resolve on new issues for cash consideration, by contribution in kind or payment by set-off. The issue price shall, in the case of deviation from the shareholders’ preferential right, be determined in accordance with market practice. The Board of Directors shall be entitled to determine other terms of the issue.

The purpose of the authorisation, and the reason for any deviation from the shareholders’ preferential right, is to increase the financial flexibility of the company to enable the company to finance the operations in a fast and efficient way, acquire companies, businesses or parts thereof and/or to enable a broadening of the ownership of the company.

The Board of Directors, the CEO or a person appointed by one of them shall be entitled to make any minor adjustments to the above decision that might be required in connection with registration with the Swedish Companies Registration Office.

In order for the AGM’s resolution in accordance with the Board of Directors’ proposal as set out above to be valid, the resolution requires approval of at least two thirds of the votes cast and the shares represented at the AGM.

[Distribution of depository receipts in Polestar](#)

As announced by Volvo Cars on 23 February 2024, the Board of Directors proposes that the Annual General Meeting 2024 resolve on a distribution of a portion of Volvo Cars’ shareholding in Polestar to Volvo Cars’ shareholders pro rata to the number of series B shares they own in Volvo Cars.^[1] Since 2022, Polestar has American Depositary Shares (“Polestar ADSs”), which represents the underlying Class A shares in Polestar, listed on Nasdaq New York.

Volvo Cars indirectly (through its wholly-owned subsidiaries Volvo Car Corporation and Snita Holding B.V (“Snita”)) holds 204,572,624 Polestar Class A ADSs and 814,219,838 Polestar Class B ADSs, representing in total approximately 48.28% of the share capital and 49.42% of the votes in Polestar. Each Polestar Class A ADS entitles to one (1) vote at a General Meeting and each Polestar Class B ADS entitles to ten (10) votes at a General Meeting. The Board of Directors’ intention is to distribute a portion of the Polestar shareholding corresponding to 638,469,467 Polestar Class A ADSs, representing approximately 30.26% of the share capital in Polestar.^[2] Following the distribution, Volvo Cars will indirectly via its wholly-owned subsidiaries, hold 380,322,995 Polestar Class A ADSs, representing in total approximately 18.02% of the share capital and approximately 14.86% of the votes in Polestar.

Due to technical reasons, Volvo Cars’ shareholding in Polestar will be distributed in the form of Swedish Depositary Receipts (“SDRs”), which represent the underlying Polestar Class A ADSs. The holder of a SDR may apply for conversion under the SDR-program

(see further under “Further information regarding the share redemption and the SDR-program” below) to Polestar Class AADSs during a conversion period of three (3) months. Based on the Board of Directors’ intention as set out above, fourteen (14) shares of series B in Volvo Cars is expected to entitle to approximately three (3) SDRs. Based on the closing price for the Polestar Class AADSs on Nasdaq New York on 22 February 2024, the extraordinary value transfer to Volvo Cars’ shareholders amounts to approximately SEK 9,452,942,695 in total, corresponding to approximately SEK 3.17 per series B share in Volvo Cars.

The Board of Directors further proposes that the distribution is made by way of a share split followed by a share redemption and that the Board of Directors is authorised to finally determine the portion of the Polestar shareholding to be distributed, the redemption amount per share as well as the timetable for the share redemption.

Further information regarding the share redemption and the SDR-program

An information brochure with further information on the share redemption, as well as detailed instructions on the conversion from SDRs to Polestar Class AADSs, including the general terms and conditions for the SDRs (the “**General Terms and Conditions**”), will be available on the company’s website, <http://investors.volvocars.com/en>, no later than on 5 March 2024. For information regarding Polestar, as well as the Polestar Class AADSs, please refer to Polestar’s website, <http://investors.polestar.com/>.^[3]

The Board of Directors’ proposals for the (A) share split, (B) reduction of the share capital through redemption of shares, and (C) increase of the share capital through a bonus issue without issuance of new shares, are further described below.

^[1] As there are no outstanding shares of series A in Volvo Cars, the distribution will only be made to holders of series B shares in Volvo Cars.

^[2] Prior to the distribution, 814,219,838 Polestar Class B ADSs will be reclassified as Polestar Class A ADSs.

^[3] Volvo Cars has neither prepared nor reviewed the information available on Polestar’s website and takes no responsibility for its accuracy or completeness.

A Share split (2:1)

The Board of Directors proposes that the Annual General Meeting resolve to increase the number of shares by a share split, whereby one (1) existing share of series B will be split into two (2) shares of series B, of which one is a so-called redemption share (the “**Redemption Share**”).^[4] Upon completion of the share split, the share capital of the company will be unchanged and amount to SEK 60,947,709.283160, and the number of shares will amount to 5,959,048,358 shares of series B, of which 2,979,524,179 will be Redemption Shares. The quota value of each share will be approximately SEK 0.010228.

The Board of Directors shall be authorised to set the record date for the share split which, at the time of the notice convening the Annual General Meeting is made public, is estimated to be on 12 April 2024. Based on the estimated record date for the share split, the last trading day in the Volvo Cars series B share including the right to receive Redemption Shares, will be on 10 April 2024, and the first trading day in the Volvo Cars series B share excluding the right to receive Redemption Shares will be on 11 April 2024.

^[4] Since there are no outstanding shares of series A in Volvo Cars, the proposed share split will only include shares of series B.

B Reduction of the share capital through redemption of shares

The Board of Directors proposes that the Annual General Meeting resolve to reduce the share capital by SEK 30,473,854.641580 for repayment to the shareholders (the “**Repayment**”) through redemption of 2,979,524,179 shares of series B. The shares to be redeemed shall be the shares that following the share split in accordance with the Board of Directors proposal under item A above, are classified as Redemption Shares. Upon completion of the redemption, the share capital of the company will be reduced and amount to SEK 30,473,854.641580 and the number of shares will amount to 2,979,524,179 shares of series B. The quota value of each share will be approximately SEK 0.010228.

Terms and conditions:

- Repayment for each Redemption Share shall be made by distribution of SDRs.
- The value of the SDRs distributed through the Repayment shall amount to no more than SEK 35,000,000,000, corresponding to a maximum redemption consideration of approximately SEK 11.75 per Redemption Share.
- Based on the estimated record date for the share split, trading in Redemption Shares is estimated to take place during the time from and including 15 April 2024 to and including 30 April 2024.
- The Board of Directors is authorised to finally determine the proportion of the holding in Polestar to be distributed, the redemption consideration for each Redemption Share and the record date for the right to receive the redemption consideration.

Authorisation for the Board of Directors to decide on the final redemption consideration and the timetable for the share redemption

The Board of Directors’ intention is to distribute a portion of the Polestar shareholding corresponding to 638,469,467 Polestar Class A ADSs, representing approximately 30.26% of the share capital in Polestar, which, as of the date the notice convening the Annual General Meeting is made public, falls within the limit for the maximum amount for the Repayment. If 638,469,467 Polestar Class AADSs are distributed (in the form of SDRs), the total redemption consideration is estimated to be 638,469,467 SDRs for 2,979,524,179 Redemption Shares. The Board of Directors will, prior to the last day of trading including the right to receive Redemption Shares, as referred to in item A above, decide on the final redemption consideration for each Redemption Share. At the time of the publication of the notice convening the Annual General Meeting, the Board of Directors is expected to decide on the final redemption consideration for each Redemption Share on or around 5 April 2024. Based on the estimated record date for the share split (as set out in item A above), the record date for the right to receive the redemption consideration is estimated to be 8 May 2024. The redemption consideration is estimated to be available on the shareholders’ securities accounts, nominee accounts or equivalent on or around 13 May 2024.

Fractions

Only whole SDRs can be distributed to Volvo Cars’ shareholders as redemption consideration. Therefore, Volvo Cars will retain Skandinaviska Enskilda Banken (“**SEB**”) to aggregate all fractions of SDRs (“**Fractions**”) which do not entitle the respective holder to a whole SDR. The total number of SDRs that such Fractions correspond to will then be converted to Polestar Class AADSs and sold by SEB on Nasdaq New York. The sale will take place as soon as practicable after the distribution of SDRs to Volvo Cars’ shareholders. The payment of the proceeds from the sale of Fractions will be settled by SEB and paid in proportion to the Fractions of a SDR each relevant shareholder in Volvo Cars is entitled to. This payment is expected to take place on or around 22 May 2024.

The SDR-program

The SDRs will not be admitted to trading in Sweden or elsewhere. Holders of SDRs will be able to convert their SDRs to Polestar Class AADSs, listed on Nasdaq New York, during a period of three (3) months. The conversion period is expected to commence on or around 13 May 2024 and end on or around 13 August 2024 (the “**Conversion Period**”). An information brochure including further instructions and the General Terms and Conditions for the SDRs, will be made available on the company's website no later than on 5 March 2024.

The SDR-program is a temporary solution that is expected to be terminated in connection with the expiry of the Conversion Period on or around 13 August 2024. Upon termination of the program, all holders of SDRs who have not yet converted their SDRs into Polestar Class AADSs, will automatically have their SDRs redeemed by SEB, whereby the Polestar Class AADSs that the SDRs represent will be sold by SEB on Nasdaq New York. The sale shall take place as soon as practicable after the termination of the SDR-program. The payment of the proceeds from the sale of Polestar Class AADSs will be paid pro rata to the previous holders of such SDRs. Such payment is expected to take place on or around 27 August 2024.

The book value of the Repayment and its effect on Volvo Cars' non-restricted equity

Based on an estimated book value of Volvo Cars' shareholding in Polestar at the time of the Repayment (estimated on the basis of the market value of Polestar Class AADSs on Nasdaq New York on 22 February 2024), the Repayment constitutes an extraordinary value transfer of approximately SEK 9,452,942,695 in total, corresponding to a redemption consideration of approximately SEK 3.17 for each Redemption Share. Of the redemption consideration, approximately SEK 3.16 is expected to exceed the quota value for each Redemption Share. Volvo Cars' holding in Polestar is included in Volvo Cars' balance sheet indirectly through the wholly-owned subsidiaries Volvo Car Corporation and Snita. By 30 September 2023, Volvo Cars' consolidated book value of the holding in Polestar amounted to SEK 5,596,250. Before the Repayment is effectuated (but no later than 8 May 2024), Volvo Cars will through an intra-group transaction acquire the Polestar Class AADSs from Snita. The Polestar Class AADSs will be acquired and booked at market value at the time of the intra-group transaction (based on the closing price of the Polestar Class AADSs on Nasdaq New York at the time of the intra-group transaction). As a result, the value of the Polestar Class AADSs may fluctuate during the period from the date the notice convening the Annual General Meeting is made public to the time of the intra-group transaction due to changes in the price of the Polestar Class AADSs on Nasdaq New York and currency conversion from USD to SEK. In addition, the book value of the Repayment including the book value of the redemption consideration (per share), and hence the remaining non-restricted equity (retained earnings) in Volvo Cars will change accordingly.

C Increase of the share capital through a bonus issue without issuance of new shares

In order to achieve an efficient redemption procedure that does not require authorisation from the Swedish Companies Registration Office (Sw. *Bolagsverket*) or a court of general jurisdiction, the Board of Directors proposes that the Annual General Meeting resolve on a bonus issue to restore the share capital to the same level as prior to the reduction of the share capital through redemption of shares, *i.e.*, SEK 60,947,709.283160, by increasing the share capital with SEK 30,473,854.641580 by transferring the corresponding amount from the company's non-restricted equity.

No new shares shall be issued in connection with the proposed increase of the share capital through a bonus issue.

D Majority requirements, etc.

The Board of Directors, the CEO or a person appointed by one of them shall be entitled to make any minor adjustments to the above decision that might be required in connection with registration with the Swedish Companies Registration Office and Euroclear Sweden.

The resolutions by the Annual General Meeting in accordance with items (A), (B) and (C) above are conditional upon each other and shall therefore be adopted as one resolution. In order for the resolution by the Annual General Meeting to be valid, the resolution must be approved by shareholders representing at least two thirds of the votes cast as well as the shares represented at the Annual General Meeting.

The Annual General Meeting's resolution on the distribution of Volvo Cars' shareholding in Polestar in accordance with items (A), (B) and (C) above, is conditional upon receipt of all necessary regulatory clearances, approvals and decisions on terms which, in Volvo Cars' opinion, are acceptable no later than 5 April 2024. As at the date of the notice of the Annual General Meeting, the proposed distribution remains subject to receipt of regulatory approval in the United Kingdom. The outcome of such approval process in the United Kingdom will be made public by means of a press release in accordance with applicable rules and regulations.

Shares and votes

The total number of shares in the company is 2 979 524 179 shares of series B, each with one vote per share, corresponding to a total of 2 979 524 179 votes. There are no outstanding shares of series A. The company does not hold any own shares.

Shareholders' right to receive information at the AGM

The Board of Directors and the CEO shall, if any shareholder so requests and the Board of Directors believes that it can be done without material harm to the company, provide information at the AGM regarding circumstances that may affect the assessment of an item on the agenda, circumstances that can affect the assessment of the company's or its subsidiaries' financial situation and the company's relation to other companies within the Group.
