A shareholder who wishes to participate in the Annual General Meeting at the venue in person or represented by a proxy must give notice thereof in accordance with what is set out under *Participation in the Annual General Meeting at the venue* above. If the shareholder is a legal entity, a certificate of incorporation or an equivalent certificate of authority should be enclosed.

If a shareholder has voted in advance and then attends the Annual General Meeting in person or through a proxy, the advance vote is still valid except to the extent the shareholder participates in a voting procedure at the General Meeting or otherwise withdraws its casted advance vote. A presentation of the persons proposed by the nomination committee to be re-elected as board members is available on the company's website, www.ambea.se/investerare/.

Item 16 – Election of auditor

The nomination committee proposes the re-election of Ernst & Young AB as auditor, which is in accordance with the audit committee's recommendation. Should the nomination committee's proposal for auditor be adopted, Ernst & Young AB has informed that authorised public accountant Staffan Landén is intended to be appointed auditor in charge.

Item 18 - Resolutions on (a) the reduction of the share capital by means of cancellation of repurchased shares and (b) increase of the share capital through a bonus issue without issuance of new shares

Ambea has previously, on the basis of authorisation by the Annual General Meeting 2022, acquired own shares. As of 29 March 2023, the company held 5,055,298 own shares, which corresponds to approximately 5.3 percent of the total numbers of shares and votes in the company.

The board of directors proposes that the Annual General Meeting resolves to reduce the share capital by way of cancellation of own shares and to increase the share capital by way of a bonus issue in accordance with item (a) and (b) below. The resolutions are conditional upon each other.

(a) Reduction of share capital by cancellation of own shares

The board of directors proposes that the Annual General Meeting resolves to reduce the share capital by way of cancellation of own shares. The purpose of the reduction is allocation to unrestricted equity. The reduction of the share capital shall be made by cancellation of all 5,055,298 own shares that are held by the company. The reduction of the share capital will be SEK 126,220.900090 by way of cancellation of 5,055,298 shares.

The resolution to reduce the share capital under this item (a) may be effectuated without obtaining an authorisation from the Swedish Companies Registration Office or, in disputed cases, a court of general jurisdiction, as the company simultaneously effectuates a bonus issue (as set out under item (b) below) with an amount corresponding to no less than the amount the share capital is being reduced with as set out above. Combined, these measures entail that neither the company's restricted equity nor its share capital is reduced.

(b) Bonus issue

With the purpose of restoring the share capital after the proposed reduction of the share capital, as set out under item (a) above, the board of directors proposes that the Annual General Meeting simultaneously resolves on a bonus issue to increase the company's share capital by SEK 126,220.900090 through a transfer of SEK 126,220.900090 from the company's unrestricted equity. The bonus issue shall be carried out without the issuance of new shares.

Statement by the board of directors pursuant to Chapter 20 Section 13 fourth paragraph of the Swedish Companies Act

In view of the board of directors' proposal for resolution on reduction of the share capital through cancellation of shares, the board of directors hereby issues the following statement pursuant to Chapter 20 Section 13 fourth paragraph of the Swedish Companies Act. It follows from the proposal on reduction of the share capital that the board proposes that the company's share capital shall be reduced by SEK 126,220.900090 through cancellation of 5,055,298 shares for allocation to unrestricted equity. To achieve a quick and efficient cancellation procedure without the requirement of obtaining the Swedish Companies Registration Office's or a general court's permission, the board has also proposed that the Annual General Meeting resolves on restoring the company's share capital to its current amount by increasing the share capital with SEK 126,220.900090 by way of a bonus issue without issuance of new shares. The amount is to be transferred from the company's unrestricted equity to the company's share capital. Through the reduction of the share capital due to the cancellation of shares, the company's share capital is reduced by SEK 126,220.900090 and through the bonus issue the company's share capital is increased by the same amount. The company's restricted equity and share capital will therefore remain unchanged after the implementation of the bonus issue. Following completion of the reduction of the share capital and the bonus issue, the number of shares will be 89,562,698.

Authorisation

The board of directors further proposes that the Annual General Meeting authorises the board of directors, or whom they authorise, to make such adjustments to the resolutions according to items 18 (a) and (b) above required for registration of the resolutions with the Swedish Companies Registration Office or Euroclear Sweden AB and to take such other measures required to execute the resolutions.

Item 19 – Resolution to authorise the board of directors to resolve to repurchase and transfer own shares

The board of directors proposes that the Annual General Meeting authorises the board of directors to, up until the next Annual General Meeting, on one or several occasions, resolve to purchase own shares so that the company's holding, at any given time, does not exceed 10 percent of the total number of shares in the company, including such shares that the company has acquired to be delivered to participants in the company's incentive program. The shares shall be purchased on Nasdaq Stockholm and may only be acquired to a price per share within the applicable share price range, i.e. the range between the highest purchase price and the lowest selling price.

The board of directors also proposes that the Meeting authorises the board of directors, to, up until the next Annual General Meeting, on one or several occasions, resolve to transfer (sell) own shares. Transfers may be carried out on Nasdaq Stockholm at a price within the applicable price range, i.e. the range between the highest purchase price and the lowest selling price. Transfers may also be made in other ways, with or without preferential rights for the shareholders, against cash payment or against payment through set-off or in kind, or on other conditions. Upon such transfers outside Nasdaq Stockholm, the price shall be established so that it is not below market terms. However, a standard discount to the stock market price may be applied, in line with market practice. Transfers of own shares may be made in a number which does not exceed such number of shares that is held by the company at the time of the board of directors' resolution regarding the transfer.

The purpose of the authorisations above is to give the board of directors an increased flexibility with regard to the company's capital structure as well as to enable acquisitions of companies and business operations where payment is made with own shares.

The CEO shall be authorised to make such minor adjustments to this resolution that may be necessary in connection with the registration thereof.

Item 20 – Resolution to authorise the board of directors to resolve on share issues

The board of directors proposes that the Annual General Meeting authorises the board of directors to, up until the next Annual General Meeting, on one or several occasions, resolve to increase the company's share capital by way of share issue to such an extent that it corresponds to a dilution of the number of outstanding shares when the board of directors exercises the issuance authorisation for the first time corresponding to maximum 10 percent after full exercise of the hereby proposed authorisation.

New share issues may be made with or without deviation from the shareholders' preferential rights and with or without provisions for contribution in kind, set-off or other conditions. The purpose of the authorisation is to enable acquisitions of companies, businesses or parts thereof. Should the board of directors resolve on a share issue with deviation from the shareholders' preferential rights, the reason for such deviation must be to provide the company with new owners in connection with an acquisition, or, as an alternative, to procure capital for such acquisition. Upon such deviation from the shareholders' preferential rights, the share issue shall be made to market terms and conditions.

The CEO shall be authorised to make such minor adjustments to this resolution that may be necessary in connection with the registration thereof.

Item 21 – Resolution on long-term incentive program to senior executives and key employees in the form of warrants

The board of directors proposes that the Annual General Meeting resolves to issue not more than 895,627 warrants to a subsidiary of the company for subsequent transfer within the scope of a long-term incentive program to senior executives and key employees.

The proposed incentive program is a three-year program, primarily in line with the incentive programs adopted in connection with the Extraordinary General Meeting in 2017 and with the Annual General Meetings in 2018, 2019, 2021 and 2022.

In total, the incentive program comprises a maximum of 41 individuals. The incentive program entails that senior executives and key employees, who have entered into an agreement with the company stipulating, among other things, a pre-emption right for the company, are offered to acquire warrants at market value, calculated in accordance with the Black-Scholes valuation formulae.

Each warrant entitles the holder to subscribe for one new share in Ambea. The warrants have an exercise price per share corresponding to 110 percent of the average volume weighted price of the company's share during the period of five trading days falling immediately before the offer for subscription of the warrants (the "**Offer day**"), however as a minimum of the quota value of the share. If, at the time of subscription of shares, the closing price, on the trading day immediately preceding the subscription, exceeds 200 percent of the exercise price during the period of five trading days falling immediately before the Offer day, the exercise price shall be increased by the above-mentioned price to the extent that it exceeds 200 percent of the exercise price.

Each warrant entitles to subscription of one new share in Ambea during two periods, both during two weeks from the day of publication of the interim report for the period 1 January – 31 March 2026 as well as during two weeks from the day of publication of the interim report for the period 1 January – 30 September 2026. However, subscription may not take place later than on 30 November 2026.

The price per warrant upon transfer to the participants shall be established by the company, or by an independent appraiser or auditor firm, as soon as possible after the exercise price has been established and shall correspond to the market value of the warrant calculated in accordance with the Black-Scholes valuation formulae. Ambea will subsidize the participants' acquisition of warrants in accordance with the following. The company will pay an amount corresponding to 50 percent of the price per warrant in connection with the allotment of warrants to the participants. A subsidy corresponding to the remaining 50 percent of the price per warrant will be paid one week prior to the day of the publication of Ambea's interim report for the period 1 January – 31 March 2026, provided that the participant still is employed by Ambea and has not resigned or been served with notice of termination of employment from the employer. Ambea will cover the customary social security contributions payable on the subsidy. Any other costs by reason of the subsidy, such as pension premiums, shall be borne by the participant whereby such costs will be deducted from the subsidy paid to the participant.

The complete terms and conditions for the warrants have been resolved by the board of directors and are available to the shareholders in accordance with the below.

The company has, in connection with the transfer of the warrants to the participants in the program, and with certain exceptions, reserved a pre-emption right regarding the warrants if the participant's employment or engagement within the group is terminated or if the participant wishes to transfer its warrants prior to the exercise period.

Allocation of warrants

Not more than 41 senior executives and key employees in the Ambea group shall, provided that they have entered into an agreement with the company stipulating, among other things, a pre-emption right for the company, be entitled to acquire warrants up to the maximum number of warrants as set out below.

Position	Guaranteed number of warrants per participant of each category	Maximum number of warrants per participant of each category
CEO	75,000	131,250
CFO	52,500	91,875
Management group 1 (approx. 5 individuals)	37,500	65,625
Management group 2 (approx. 5 individuals)	30,000	52,500
Other key employees (approx. 29 individuals)	15,000	26,250

Each participant may subscribe for its guaranteed number of warrants in accordance with the allocation as set out above. Each participant may apply for over-allotment corresponding to 175 percent of the participant's guaranteed number of warrants, which constitutes each participant's maximum number of warrants to be subscribed. Over-allotment of warrants is first made to the CEO and is then distributed pro rata based on subscription between the other participants.

Effect on important key ratios, costs for the program and dilution

The cost for the incentive program is expected to have a marginal impact on Ambea's key ratios. The total cost for the incentive program, including the subsidy, is estimated not to exceed MSEK 5 during the term of the program. The total cost for the subsidy is calculated to amount to up to MSEK 4 including social security contributions for the entire term of the program. The stated cost is based on the below preliminary price of the warrants and presumes that all participants are still employed by Ambea (including have not given notice or received notice of termination of employment) at the payment of the subsidy in connection with the first exercise period.

According to a preliminary valuation, the market value of the warrants corresponds to approximately SEK 3.85 per warrant (assuming a price of the company's shares of approximately SEK 34.82 per share, an exercise price of approximately SEK 38.30 per share, a risk-free interest rate of approximately 2.40 percent and a volatility of 27.50 percent), calculated according to the Black-Scholes valuation formulae. In addition to what is stated above, the cost for the program has been calculated on the basis that the program comprises a maximum of 41 participants and that these participants acquire the maximum allowable allocation as stated above.

Based on the number of shares in Ambea as of the date of the notice convening the Annual General Meeting, the maximum dilution as a result of the warrant program may amount to 1 percent, subject to any recalculation according to the warrant terms. If Ambea's other outstanding share-related incentive programs are included in the calculation, the maximum dilution amounts to approximately 1.75 percent.

The rationale for the incentive program

The rationale for the incentive program is to create opportunities to motivate and retain competent employees in the Ambea group as well as to align the targets of the participants with those of the company. The incentive program has been established as it is deemed desirable for senior executives and key employees within the Ambea group to be shareholders of the company. The board of directors considers that the implementation of the incentive program as described above is in the favour of the group and the shareholders in the company.

Preparation of the proposal

In accordance with guidelines provided by the board of directors, the incentive program has been prepared by the board of directors and its remuneration committee together with advisors, and has been reviewed at meetings of the board of directors in the beginning of 2023.

Other incentive programs

For a description of Ambea's other share-related incentive programs, reference is made to the annual report for 2022 and the board's remuneration report for 2022.

Special majority requirements

A resolution in accordance with item 21 above requires approval of at least nine tenths (9/10) of both the votes cast and the shares represented at the General Meeting. Resolution in accordance with items 18, 19 and 20 above requires approval of at least two thirds (2/3) of both the votes cast and the shares represented at the General Meeting. The resolutions under items 18 (a) and (b) are conditional upon each other.

Shareholders' right to request information

The shareholders are reminded of their right to request information in accordance with Chapter 7 Section 32 of the Swedish Companies Act.

Documentation

The annual report and the auditor's report for the financial year 2022, the board of directors' remuneration report, and other underlying documentation for resolutions, including the board of directors' full proposal about the warrant program and the terms and conditions for the warrants, the board of directors' statement pursuant to Chapter 19 Section 22 of the Swedish Companies Act, and the auditor's statement pursuant to Chapter 8 Section 54 of the Swedish Companies Act and the auditor's statement pursuant to Chapter 20 Section 14 of the Swedish Companies Act, are held available to the shareholders for inspection at the company's office, Evenemangsgatan 21, SE-171 29 Solna, Sweden, and on the company's website, www.ambea.se/investerare/, no later than three weeks before the Annual General Meeting. Moreover, the nomination committee's motivated statement will be available on the company's above address, as well as on the company's webpage, no later than four weeks before the Annual General Meeting.
