This is Norion Bank

Norion Bank Group is a business-oriented Nordic financing bank. The Group's brands – Norion Bank, Walley and Collector – offer customized financing solutions that meet distinct needs in three customer segments: medium-sized corporates and real estate companies, merchants, and private individuals. As a specialist in financing solutions, Norion Bank Group is a leading complement to traditional large banks, with a vision of being the leading Nordic financing bank in its chosen segments.

Norion Bank offers corporate and real estate loans, as well as factoring for medium-sized corporates and real estate companies. The Walley brand offers flexible payment and checkout solutions to merchants and private individuals. The Collector brand offers personal loans and credit cards to private customers, as well as savings accounts to private individuals and companies. Norion Bank Group (formerly Collector Bank) was founded in 1999 and has offices in Gothenburg, Stockholm, Helsingborg, Oslo and Helsinki. Business is conducted through Norion Bank AB (public), which is listed on Nasdaq Stockholm.

Norion Bank

Group

Norion Bank Group is a business-oriented Nordic financing bank. The Group's brands – Norion Bank, Walley and Collector – offer customized financing solutions that meet distinct needs in three customer segments: medium-sized corporates and real estate companies, merchants, and private individuals. As a specialist in financing solutions, Norion Bank Group is a leading complement to traditional large banks, with a vision of being the leading Nordic financing bank in its chosen segments.

Norion Bank

Corporate and real estate loans, as well as factoring solutions, for medium-sized corporates and real estate companies.

Walley

Payment and checkout solutions for merchants and private customers.

Collector

Personal loans and credit cards for private individuals as well as savings accounts for private individuals and corporates.

A comment from our CEO

By the end of 2023, we started seeing improved market optimism driven by expectations of more stabilized interest rates. The positivity has remained during the first quarter of 2024 and the inflationary pressure has continued to ease. Market expectations now include rate cuts earlier than the initial forecasts, which will hopefully provide some ease for both our corporate and private clients.

Despite market optimism, we are still surrounded by geopolitical uncertainty. The war in Ukraine and the conflict in the Middle East are humanitarian crises that affect the macroeconomic environment at large, and we suffer with those affected.

Operating development

Stabilized market rates have contributed to a more optimistic market sentiment among our corporate clients, which we have also experienced during the first quarter. Engagement levels among existing and potential clients remain high. Our real estate business has hence shown a stable development with regards to new lending volumes. Despite solid interest and a relatively high client interaction frequency, transaction activity for corporate lending continued to be muted. The increased optimism has not yet resulted in increased new lending volumes given the cautious market sentiment.

The Consumer segment moves in the right direction during yet another quarter. The loan book increased by SEK 130 million during the first quarter of 2024, which is in line with our expectations. Our focus on improving credit quality in new sales and increasing sales through own distribution channels continues to yield results. We continue prioritizing increased profitability above volume growth.

The Payments segment also continues to show stable performance. Loan book and transaction volume growth amounted to 15% and 11%, respectively, during the first quarter of 2024 compared to the same period last year. We continue to perform well relative to the e-commerce market at large.

Compared to almost two years ago, when we lived in a zero-interest environment, interest rate levels are significantly higher today. Our clients consequently face more challenges today, which can be seen in the stage migrations. On the other hand, we have also, during a longer period of time, made provisions for potential credit losses on a higher level to reflect the uncertain macroeconomic environment. The market has a more positive view on future developments, and rate cuts will have a positive effect on all our clients. We are humble towards future developments, but we also have good hopes for a more positive development later in the year.

Looking at the financial development, our loan book increased by 8% compared to the first quarter in 2023, and it decreased by 1% compared to last quarter. The decline compared to last quarter adheres to the Corporate segment, primarily driven by seasonality in our factoring business. The total income development shows stability and despite cost inflation and investments in the organization, the C/I ratio remains strong at 27.7% during the quarter. Return on equity amounted to 15.8% during the quarter and to 16.8% during the last twelve months.

By the end of the first quarter, we redeemed the AT1 bond of SEK 500 million that was issued in the first quarter of 2019. The Tier 1 ratio and total capital ratio have consequently decreased. However, the bank maintains good buffers in relation to the regulatory requirements after the redemption. Over time, we aim to work with an efficient capital planning strategy, which includes issuance of both Additional Tier 1 and Tier 2 instruments.

Martin Nossman

CEO

Financial targets

Norion Bank's strategy is to maintain good risk adjusted profitability. In line with this strategy, the Board of Norion Bank adopted the following financial targets on 6 February 2024:

Profitability

Norion Bank aims to achieve a sustainable return on equity above 15% over time.

Capital adequacy

Norion Bank's aim is that all capital ratios shall exceed the regulatory requirement by 200-400 basis points.

Dividend policy

Norion Bank's policy is to distribute potential surplus capital in relation to the capital adequacy target, subject to the bank's future outlook and capital planning, to its shareholders.

The Group's development

Total income for the first quarter of 2024

Total income amounted to SEK 933 million (882) corresponding to an increase of 6% compared to last year. Net interest income increased by 3% compared to the previous year and amounted to SEK 832 million (809). Higher market rates have, during a longer period, had a positive impact on interest income. Funding costs have also increased following higher policy rates. The net interest margin amounted to 7.3% (7.8). Net commission income amounted to SEK 81 million (72) corresponding to an increase of 12%. Net gains and losses on financial items amounted to SEK 4 million (-9). Other income amounted to SEK 15 million (9).

Total expenses

Total expenses amounted to SEK 258 million (229) during the first quarter of 2024. The C/I ratio for the period amounted to 27.7% (26.0). Norion Bank hence continues to demonstrate solid cost control.

Loan portfolio

The total loan portfolio amounted to SEK 45,199 million (41,699) by the end of the first quarter of 2024, corresponding to an increase of 8% compared to last year and a decrease of 1% compared to the previous quarter. The Corporate loan portfolio has decreased by 11% compared to the previous year and decreased by 10% compared to the previous quarter. The Real Estate loan portfolio has increased by 19% compared to the previous year and increased by 3% compared to the previous quarter. The Consumer loan portfolio has increased by 8% compared to the previous year and increased by 1% compared to the previous quarter. The Payments loan portfolio has increased by 15% compared to the previous year and decreased by 2% compared to the previous quarter. Out of the total loan portfolio, Corporate amounted to 19% (24), Real Estate amounted to 49% (45), Consumer amounted to 25% (25), Payments amounted to 6% (6) and Other amounted to 1% (2) by the end of the quarter.

Credit losses

The credit loss level amounted to 2.3% (2.6) in the first quarter of 2024

Operating profit, net profit, EPS and RoE

Operating profit amounted to SEK 417 million (385) during the first quarter of 2024. Net profit amounted to SEK 329 million (305) in the first quarter of 2024. Earnings per share amounted to SEK 1.53 (1.42) during the same period. Return on equity amounted to 15.8% (17.4) during the period.

Non-recurring items

Non-recurring items are defined as income and expenses that are not expected to appear on a regular basis.

2024

There were no non-recurring items in the first quarter of 2024.

2023

There were no non-recurring items in the first, second, third or fourth quarter of 2023.

Liquidity

Norion Bank's total liquidity amounted to SEK 10,240 million (6,137) as of 31 March 2024. Total liquidity consists of a liquidity portfolio (Bonds and other interest-bearing securities as well as Treasury bills and other bills eligible for refinancing with central banks, etc.) and other liquid assets (Loans to credit institutions). The liquidity portfolio consists of highly liquid assets, e.g. municipal bonds, covered bonds and government issued securities, and amounted to SEK 6,555 million (3,641) as of 31 March 2024. Other liquid assets mainly consist of deposit accounts with Nordic banks and amounted to SEK 3,685 million (2,496) as of 31 March 2024.

Funding

Deposits and borrowings from the public amounted to approximately 80% (75) of Norion Bank's balance sheet, which by the end of the period amounted to SEK 45,234 million (36,442). This is the primary source of funding for the Group. Senior unsecured bonds issued amounted to SEK 1,249 million (3,243). Commercial papers issued amounted to SEK 0 million (0).

Capital adequacy

Norion Bank has received permission from the Swedish Financial Supervisory Authority to include net profit for the period in own funds. A review of net profit for the period for Norion Bank AB has been performed by the bank's auditor, and Norion Bank has been allowed to include net profit in the Common Equity Tier 1 capital. On 28 March 2024, Norion Bank AB redeemed the AT1 bond of SEK 500 million that was issued in the first quarter of 2019. The Tier 1 ratio and total capital ratio have consequently decreased. The bank maintains good buffers in relation to the regulatory capital requirements after the redemption. Over time, Norion Bank aims to work with an efficient capital planning strategy, which includes issuance of both Additional Tier 1 and Tier 2 instruments. At the end of the period, the risk-weighted exposure amount was SEK 47,965 million (45,494). As of 31 March 2024, the CET1 ratio amounted to 16.1% (14.6), the Tier 1 ratio to 16.1% (15.7) and the total capital ratio to 16.1% (15.7).

The macroeconomic environment

Central Banks all around the world have carried out policy rate increases continuously during 2022 and 2023. The policy rate increases have started to yield results even though inflation remains at a slightly elevated level. Macroeconomic forecasts have been revised down during the last year, but the market now seem to expect a more stabilized interest rate path in the near term.

Cautious market but optimism remains

The loan portfolio of the Corporate segment amounted to SEK 8,733 million (9,808), corresponding to a decrease of 11% over the previous year and a decrease of 10% over the previous quarter. The Corporate segment accounted for 19% (24) of Norion Bank's loan portfolio by the end of the quarter. Total income amounted to SEK 165 million (191) during the quarter. The net interest margin (NIM) amounted to 6.9% compared to 7.9% in the same quarter last year and 7.8% in the previous quarter. The total income margin amounted to 7.2% compared to 7.5% in the same quarter last year and 7.4% in the previous quarter. The NIM and total income margins can vary between periods dependent on when amortizations and disbursements of new loans are made during respective period.

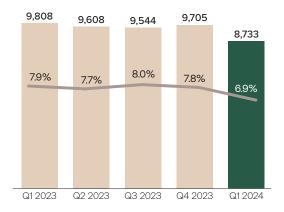

Engagement levels among existing and potential clients remain high. Client interaction frequency has been relatively high, whereas transaction activity continued to be muted following a cautious market sentiment. Stabilized market rates have however continued to contribute to a somewhat more positive market sentiment as seen already during the fourth quarter of 2024. The increased optimism has not yet resulted in increased lending volumes given the cautious market sentiment. On the back of the uncertain macroeconomic backdrop, Norion Bank has also applied a more selective approach with regards to completed transactions. Norion Bank has an attractive position within the Corporate segment which is one of the company's focus areas going forward.

Norion Bank

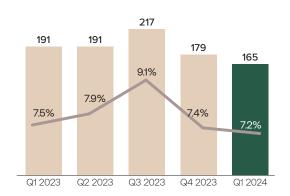

Corporate market sentiment. Stabilized market rates have however loans and factoring solutions with particular focus on medium-sized companies in Sweden, Norway and Finland in a wide range of industries. 8,733 Corporate loans are issued to SEKm companies against collateral. Factoring solutions primarily comprise purchasing of invoices both with and Loan portfolio without right of recourse.

2) Corporate lending

¹⁾ Based on the Corporate loan portfolio as of 31 March 2024

Stable development and continued enhanced market sentiment

The loan portfolio of the Real Estate segment amounted to SEK 22,086 million (18,594), corresponding to an increase of 19% over the previous year and an increase of 3% over the previous quarter. The Real Estate segment accounted for 49% (45) of Norion Bank's loan portfolio by the end of the quarter. Total income amounted to SEK 342 million (327) during the quarter. The net interest margin (NIM) amounted to 6.2% compared to 7.3% in the same quarter last year and 6.6% in the previous quarter. The total income margin amounted to 6.3% compared to 7.3% in the same quarter last year and 6.4% in the previous quarter. The NIM and total income margins can vary between periods dependent on when amortizations and disbursements of new loans are made during respective period.

Despite muted market activity, demand for bank financing remains driven by i.a. lower activity on the bond market. Engagement levels among existing and potential clients remain high, and stabilized market rates have continued to contribute to a somewhat more positive market sentiment. On the back of the macroeconomic developments, Norion Bank has applied a more selective approach with regards to completed transaction. The majority of the Real Estate portfolio still constitutes of senior loans, which amounted to 56% (62) by the end of the quarter. Norion Bank has an attractive position within the Real Estate segment which is one of the company's focus areas going forward.

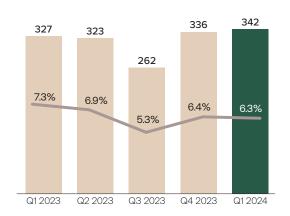

DEVELOPMENT IN THE REAL ESTATE SEGMENT

Based on the Real Estate loan portfolio as of 31 March 2024

Another quarter in the right direction

The loan portfolio of the Consumer segment amounted to SEK 11,135 million (10,320), corresponding to an increase of 8% over the previous year and an increase of 1% over the previous quarter. The Consumer segment accounted for 25% (25) of Norion Bank's loan portfolio by the end of the quarter. Total income amounted to SEK 208 million (207) during the quarter. The net interest margin (NIM) amounted to 7.1% compared to 7.4% in the same quarter last year and 7.1% in the previous quarter. The total income margin amounted to 7.5% compared to 8.0% in the same quarter last year and 7.5% in the previous quarter.

Loan book volumes have been declining during the last few years given Norion Bank's focus on increasing risk adjusted profitability within the segment. However, volume growth increased during the second half of 2023 following an increase in new sales coupled with lower levels of early redemptions and this development has continued during the first quarter of 2024. The focus on improving credit quality in new sales and increasing sales through own channels have yielded results. Increased profitability and sound and sustainable lending remain prioritized areas for the segment.

Continued stable development

The loan portfolio of the Payments segment amounted to SEK 2,694 million (2,336), corresponding to an increase of 15% over the previous year and a decrease of 2% over the previous quarter. The Payments segment accounted for 6% (6) of Norion Bank's loan portfolio by the end of the quarter. Total income amounted to SEK 127 million (113) during the quarter. The net interest margin (NIM) amounted to 7.4% compared to 8.1% in the same quarter last year and 6.8% in the previous quarter. The total income margin amounted to 18.7% compared to 18.9% in the same quarter last year and 16.7% in the previous quarter.

Transaction volumes amounted to SEK 3,490 million (3,132) during the first quarter of 2024, which corresponds to an increase of 11% compared to the same quarter last year. Transaction volumes have increased despite slightly challenging conditions for the e-commerce market. Profitable growth, in combination with satisfied merchants and end customers, remain as core focus for the Payments business.

Other information

Material risks and uncertainty factors

Through its operations, Norion Bank is exposed to several different risks: primarily credit risk, market risk (currency risk and interest rate risk), liquidity and financing risks as well as operational risk and other business risks. The Group's overall risk management policy focuses on the unpredictability of the financial markets and strives to minimize potentially unfavorable influences on the Group's financial results. Risk management is handled by the Group's management team according to policies established by the Board of Directors. The Board establishes written policies for overall risk management and for specific areas such as currency risk, interest rate risk, credit risk, operational risk and the use of derivatives and similar financial instruments. The Group's risk structure and its risk, liquidity and capital management are described in Norion Bank's annual report. There have been no significant changes since the publication of the annual report for the fiscal year 2023, except as reported in this interim report.

A company regulated by the Swedish Financial Supervisory Authority

Norion Bank AB (publ) has a license to conduct banking operations. The Bank conducts business in Sweden and through branches in Norway and Finland. Norion Bank AB (publ) is under the supervision of the Swedish Financial Supervisory Authority and is covered by its rules for capital adequacy and large exposures.

Employees

During the quarter, the average number of full-time employees (FTE) amounted to 366, which corresponds to an increase of 12% compared to the corresponding quarter last year. The number of full-time employees includes employees on fixed-term contracts, but not employees on parental leave or a leave of absence.

The Norion Bank share

Norion Bank's share ("NORION") is listed on Nasdaq Stockholm. As of 28 March 2024, the closing price for the Norion Bank share was SEK 46.70, corresponding to a market capitalization of SEK 9.6 billion. There were approximately 9,500 shareholders at the end of the period.

Share capital

As of 31 March 2024, the share capital amounted to SEK 20,538,100, divided into 205,381,004 ordinary shares. The Company has a single share series. Each share entitles the shareholder to one vote at the General Meeting.

Dividend

Norion Bank's policy is to distribute potential surplus capital in relation to the capital adequacy target, subject to the bank's future outlook and capital planning, to its shareholders.

Definitions

Alternative performance measures (APMs) are financial measures of past or future earnings trends, financial position or cash flow that are not defined in the applicable accounting regulatory framework (IFRS), in the Capital Requirements Directive (CRD IV), or in the EU's Capital Requirement Regulation number 575/2013 (CRR). APMs are used by Norion Bank when relevant for monitoring and describing the bank's financial situation and enhance comparability between the periods. Norion Bank believes that these APMs provide valuable information and enhance the analysis of the Group's financial development. These are not necessarily comparable to similar APMs presented by other companies. See norionbank.se/en-se/investor-relations-en/financial-information/key-financials fore more information about key ratios.

Total expenses for the last twelve months in relation to total income for the last twelve months.

Adjusted C/I ratio - Period

Total expenses for the period, adjusted for non-recurring items, in relation to total income for the period, adjusted for non-recurring items.

Adjusted C/I ratio - LTM

Total expenses for the last twelve months, adjusted for non-recurring items, in relation to total income for the last twelve months, adjusted for non-recurring items.

¹⁾ Not alternative performance measures.

Credit loss level

Credit loss level - Period

Credit losses, net for the period in relation to average loans to the public for the period.

Credit loss level - LTM

Credit losses, net for the last twelve months in relation to average loans to the public for the last twelve months.

Adjusted credit losses, net - Period

Credit losses, net, adjusted for non-recurring items, for the period in relation to average loans to the public for the period.

Adjusted credit losses, net - LTM

Credit losses, net for the period, adjusted for non-recurring items, in relation to average loans to the public for the last twelve months.

Earnings per share 1)

Earnings per share after dilution¹⁾

Net profit for the period attributable to the shareholders of Norion Bank AB in relation to average number of shares outstanding after dilution for the period.

Earnings per share before dilution¹⁾

Net profit for the period attributable to the shareholders of Norion Bank AB in relation to average number of shares outstanding before dilution for the period.

Definitions cont.

Return on equity (RoE)

Return on equity (RoE) - Period

Net profit for the period attributable to the shareholders of Norion Bank AB in relation to average equity attributable to the shareholders of Norion Bank AB for the period.

Return on equity (RoE) - LTM

Net profit attributable to the shareholders of Norion Bank AB for the last twelve months in relation to average equity attributable to the shareholders of Norion Bank AB for the last twelve months.

Adjusted return on equity (RoE) - Period

Net profit for the period attributable to the shareholders of Norion Bank AB, adjusted for non-recurring items, in relation to average equity attributable to the shareholders of Norion Bank AB for the period. For relevant periods prior to the intragroup merger between Norion Bank AB (previously Collector Bank AB) and Collector AB, the calculation includes net profit for the period attributable to the shareholders of Collector AB, adjusted for non-recurring items, in relation to average equity attributable to the shareholders of Collector AB for the period.

Adjusted return on equity (RoE) - LTM

Net profit attributable to the shareholders of Norion Bank AB for the last twelve months, adjusted for non-recurring items, in relation to average equity attributable to the shareholders of Norion Bank AB for the last twelve months. For relevant periods prior to the intra-group merger between Norion Bank AB (previously Collector Bank AB) and Collector AB, the calculation includes net profit attributable to the shareholders of Collector AB for the last twelve months, adjusted for non-recurring items, in relation to average equity attributable to the shareholders of Collector AB for the last twelve months.

Total income margin

Total income margin - Period

Total income for the period in relation to average loans to the public for the period.

Other

Adjusted net interest income

Net interest income adjusted for non-recurring items.

Adjusted total income

Total income adjusted for non-recurring items.

Adjusted total expenses

Total expenses adjusted for non-recurring items.

Adjusted operating profit

Operating profit adjusted for non-recurring items.

Adjusted net profit

Net profit attributable to the shareholders of the parent company adjusted for non-recurring items.

Non-recurring items

Income and expenses that are not expected to appear on a regular basis. See The Group's development, pages 11-12.

CET1 ratio (Common Equity Tier 1 ratio) 2)

Common Equity Tier 1 capital in relation to total risk-weighted exposure amount. Refers to the consolidated situation. See note 12, pages 44-46

Tier 1 ratio 2)

Tier 1 capital in relation to total risk-weighted exposure amount. Refers to the consolidated situation. See note 12, pages 44-46.

Total capital ratio 2)

Total own funds in relation to total risk-weighted exposure amount. Refers to the consolidated situation. See note 12, pages 44-46.

Average number of full-time employees

Including employees on fixed-term contracts, but not on parental leave or leave of absence.

²⁾ Key ratios according to capital adequacy rules (CRR).

Notes

The stated amounts in the notes are in millions of SEK (SEKm) and at book value unless otherwise stated. The interim report on pages 2-20 constitute an integrated part of this financial report.

Note 1. General information

Norion Bank AB (publ) company registration number 556597-0513, is a bank limited company with its registered office in Gothenburg. The company has a license to conduct banking operations and is listed on Nasdaq Stockholm. The Bank conducts business in Sweden and through branches in Norway and Finland.

The address of the headquarters is Lilla Bommens Torg 11, SE-411 09 Gothenburg, Sweden. Norion Bank AB (publ) is under the supervision of the Swedish Financial Supervisory Authority and is covered by its rules for capital adequacy and large exposures.

Note 2. Accounting policies

Accounting policies

The interim report is prepared in accordance with IAS 34, and the Swedish Financial Supervisory Authority's Regulations and General Guidelines on the Annual Accounts for Credit Institutions and Securities Companies (FFFS 2008:25, Chapter 7, Sections 2-3 and Chapter 8), the Annual Accounts Act for Credit Institutions and Securities Companies (Chapter 7, Sections 7-8 ÅRKL).

The parent company has prepared its accounts in accordance with Swedish Annual Act for Credit Institutions and Securities Companies, the Swedish Financial Supervisory Authority's Regulations and General Guidelines (FFFS 2008:25) on Annual Reports in Credit Institutions and Securities Companies and the Supplementary Accounting Rules for Legal Entities (RFR 2) issued by the Swedish Financial Reporting Board.

Accounting principles, methods of calculation and presentation are essentially unchanged compared with those applied in the 2023 Annual Report.

Changes in IFRS

None of the changes in the accounting regulations issued for application 2024 are deemed to have a significant impact on Norion Bank and its financial reports, capital adequacy or large exposures.

A review has been carried out of the earnings for January - March 2024, which allows net profit for the period to be included in own funds.

Note 13. Financial instruments at fair value

The table below contains financial instruments measured at fair value by valuation level. To determine the fair value for financial instruments various methods are used, depending on the degree of observable market data in the valuation and activity in the market. The objective of the fair value measurement is to arrive at the price at which an orderly transaction would take place between market participants at the measurement date under current market conditions.

The methods are divided into three different levels:

Level 1: Quoted market values

Valuations in Level 1 are determined by reference to unadjusted quoted market prices for identical asset- and liability instruments in active markets where the quoted prices are readily available and the prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2: Valuation techniques based on observable inputs

In Level 2 valuation techniques, all significant inputs to the valuation models are observable either directly or indirectly. Level 2 valuation techniques include using discounted cash flows, option pricing models, recent transactions and the price of another instrument that is substantially the same.

Level: 3 Valuation techniques with significant unobservable inputs

Level 3 valuation techniques incorporate significant inputs that are unobservable. These techniques are generally based on extrapolating from observable inputs for similar instruments, analysing historical data or other analytical techniques.

Significant transfers and reclassifications between levels

Transfers between the different levels may take place where there are indications that market conditions have changed.

Changes in unrealised gains or losses for items held at closing day	3	-27	-10
Closing balance for the period	661	659	518

Financial instruments in Level 3 refer to investments in funds. Norion Bank uses different measurement techniques depending on available data.

The investment portfolio is measured quarterly in accordance with IPEV guidelines and primarily following an external measurement where a transaction in the company has been made in the past 12 months with at least one external party. If such

measurement is not possible, or if there are objective reasons to do so, as a secondary option, an internal measurement is made based on assumed discounted cash flow.

Financial instruments are transferred to or from level 3 depending on whether the internal assumptions have changed in significance to the valuation. There were no transfers of financial instruments to or from level 3 during the period.

Note 14. Financial assets and liabilities

Norion Bank has classified its financial instruments by class taking into account the characteristics of the instruments. The fair value of each class of financialssets and liabilities are compared with its carrying amount. A description of the characteristics of the classes can be found in note 37 in the Annual Report 2023.
