**) Non-recurring items are exceptional transactions that are not related to normal business operations. The most common non-recurring items are capital gains, exceptional write-downs, provisions for planned restructuring and penalties. Non-recurring items are normally specified individually if they have a material impact on EBIT.

HEIKKI TAKALA, PRESIDENT AND CEO:

"We delivered a solid quarter with several categories achieving double-digit growth, despite challenging trading conditions especially in Western Europe. Second quarter, however, is traditionally a low quarter for Amer Sports, representing less than 20% of our full year sales. Through the portfolio, we mitigated the late and cold spring/summer which impacted adversely especially Wilson's Individual Ball Sports (stable) and Cycling (-5%).

Our full year sales outlook is positive, driven by strong continuous momentum in Apparel, Footwear, Sports Instruments and Fitness, as well as business to consumers and emerging markets. Our Winter Sports Equipment pre-order growth at 4% is good in light of the cautious customer sentiment and prudent order approach especially in Europe. The full year profitability picture is also positive and in line with our plan, reflecting solid sales, gross margin and increasing OPEX efficiencies in the second half of the year.

All in all, I'm pleased with our business progress and especially the strong on-going momentum in our strategic growth areas."

In April–June, EBIT was EUR -27.1 million (-25.4). Increased sales volumes contributed approximately EUR 11 million to the EBIT while higher gross margins contributed approximately EUR 2 million. Operating expenses increased by approximately EUR 16 million due to sales and distribution costs (all in local currencies).

Winter Sports Equipment

In April–June, Winter Sports Equipment's net sales were EUR 13.7 million (14.4), an increase of 4% in local currencies. The second quarter is seasonally low in Winter Sports Equipment as all focus is on order intake. Compared to last year, pre-orders for the next season are up by 4%.

Footwear

In April–June, Footwear's net sales were EUR 65.5 million (56.7), an increase of 17% in local currencies with double-digit growth in all regions. US and Russia were leading the growth.

Apparel

In April–June, Apparel's net sales were EUR 30.0 million (25.4), an increase of 22% in local currencies. Growth was generated by Salomon in particular. Sales increased in all geographical regions.

Cycling

In April–June, Cycling's net sales were EUR 27.7 million (29.6), a decrease of 5% in local currencies. Sales in US and Central Europe decreased due to the late start of the season.

Sports Instruments

In April–June, Sports Instruments' net sales were EUR 31.8 million (24.8), an increase of 31% in local currencies. Sales increase of outdoor and training instruments was driven by Ambit2 family offering and dive instruments.

*) Change in local currencies

In April–June, EBIT was EUR 7.8 million (9.7). The EBIT was impacted by lower gross margins in EMEA due to the weaker euro, and lower sales volumes and margins of DeMarini bats. Operating expenses remained at last year's level (all in local currencies).

Individual Ball Sports

In April–June, Individual Ball Sports' net sales were EUR 85.5 million (87.3), and were at last year's level in local currencies. Asia Pacific and the Americas grew by 8% and 4% respectively, offset by the poor market conditions in EMEA declining by 7%. Sales of golf balls, tennis balls and tennis footwear increased.

Team Sports

In April–June, Team Sports' net sales were EUR 58.7 million (59.2), and were at last year's level in local currencies. Sales of DeMarini bats product category declined by 17% due to the trade destocking trend.

DECISIONS OF THE ANNUAL GENERAL MEETING OF SHAREHOLDERS

Documentation and press releases relating to the resolutions approved by the Amer Sports Corporation Annual General Meeting held on March 7, 2013 are available on the company's website at www.amersports.com/investors.

GROUP-WIDE RESTRUCTURING PROGRAM

Amer Sports' restructuring program, started at the beginning of November 2012, is continuing as planned. The program will drive further scale and synergies and cost efficiencies, as well as

sustain growth through resource allocation especially into softgoods and expansion markets and channels. The program is estimated to deliver an annual cost saving of EUR 20 million once fully executed by the end of 2014. The program contributes to reaching the Group's long-term profitability target of 10% EBIT. The expected headcount impact of the restructuring program once fully implemented is approximately 250, mainly in Winter and Outdoor.

SIGNIFICANT RISKS AND UNCERTAINTIES

Amer Sports' business is balanced by its broad portfolio of sports and brands, the increasing share of softgoods in the company portfolio as well as the company's presence in all major markets. Short-term risks for Amer Sports are particularly associated with general economic conditions, consumer demand development in Europe, North America and Japan, the ability to identify and respond to constantly shifting trends and the ability to leverage advancements in technologies and to develop new and appealing products.

Further information on the company's business risks and uncertainty factors is available on the company's web site at www.amersports.com/investors.

OUTLOOK FOR 2013

In 2013, Amer Sports' net sales growth in local currencies is expected to meet at minimum the company's long-term annual 5% growth target and EBIT margin excluding non-recurring items is expected to improve from 2012. Amer Sports expects the trading environment to remain challenging in 2013. The company will continue to focus on softgoods growth, consumer-driven product and marketing innovation, commercial expansion and operational excellence.

THE NOTES TO THE FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES

The interim financial information has been prepared in accordance with IAS 34 'Interim Financial Reporting' and in compliance with IFRS standards and interpretations in force as at January 1, 2013, as adopted by the EU. The IFRS recognition and measurement principles as described in the annual financial statements for 2012 have also been applied in the preparation of the interim financial information, with the changes mentioned below.

Standards, interpretations and amendments adopted from the beginning of 2013:

The following new standards, interpretations and amendments have been adopted when applicable: IAS 19 (amendment), IAS 34 (amendment) in connection with IFRS 7 (amendment) and IFRS 13 (amendment), IAS 1 (amendment), IFRS 12 (amendment), IAS 32 (amendment) and the annual improvements. The impacts of the amendments to IAS 19 and IAS 34 have been described in the notes 8 and 9. The other amendments did not have any material impact on the consolidated financial statements.

The relative proportion of the estimated tax charge for the full financial year has been charged against the result for the period.

2. SEGMENT INFORMATION

Amer Sports has three business segments: Winter and Outdoor, Ball Sports and Fitness.

The accounting policies for segment reporting do not differ from the Group's accounting policies. The decisions concerning assessing the performance of segments and allocation of resources to the segments are based on segments' net sales and earnings before interest and taxes. The chief operating decision maker of Amer Sports is the Executive Board.

There were no intersegment business operations during the reported periods.

Other liabilities	40.1	37.5	43.6

There are no guarantees or contingencies given for the management of the company, the shareholders or the associated companies.

6. ONGOING LITIGATIONS

The Group has extensive international operations and is involved in a number of legal proceedings, including product liability suits. The Group does not expect the outcome of any legal proceedings currently pending to have materially adverse effect upon its consolidated results or financial position.

7. SEASONALITY

Although Amer Sports operates in a number of sporting goods segments during all four seasons, its business is subject to seasonal fluctuations. Historically, the third and fourth quarters of a financial year have been the strongest quarters for Amer Sports in terms of both net sales and profitability, mainly because sales of winter sports equipment ahead of the winter season typically take place during the third and fourth quarters. The summer season for ball sports balances seasonality to a certain extent, as the strongest quarters for the Ball Sports segment are the first and second quarters. Usually the net cash flow from operating activities is very strong in the first quarter when the income from winter sports equipment realizes. Especially during the third quarter, the net cash flow from operating activities is tied up in working capital.

8. DERIVATIVE FINANCIAL INSTRUMENTS AND AVAILABLE-FOR-SALE FINANCIAL ASSETS MEASURED AT FAIR VALUE

The fair values of financial assets and liabilities whose fair value is recognized through income statement and derivative financial instruments used in hedge accounting are presented in the following table. All derivatives are classified as Level 2 instruments whose fair value is determined by using valuation techniques from observable market data. Available-for-sale

financial assets are classified as Level 3 instruments and valued by using valuation techniques without any observable market data.

The company's derivative financial instruments may include foreign exchange forward contracts and options, interest rate swaps and interest rate options and cross-currency swaps. Foreign exchange forward contracts and options are used to hedge against changes in the value of receivables, liabilities and future cash flows denominated in a foreign currency and interest rate swaps and interest rate options to hedge against the interest rate risk. Cross-currency swaps are used to hedge against changes in value of foreign currency denominated receivables and liabilities and against the interest rate risk.

Derivative financial instruments are initially and subsequently recognized at fair value. Fair values of foreign currency denominated derivatives are measured by recognizing the exchange rate difference by using the closing rates quoted by the European Central Bank on the reporting date. The future cash flows related to forward contract's interest rate differential are discounted with the relevant market interest rate yield curves on the reporting date and compared with initial interest rate differential. The time value of foreign exchange options is measured using commonly known option pricing models. The expected future cash flows of the interest rate swaps and cross currency swaps are discounted with the market interest yield curves of the currencies concerned. Interest rate options are valued by using commonly known option pricing models. The accrued interest of forward contracts, interest rate swaps and cross currency swaps are periodized over the duration of the instruments on a net basis.

The counterparty risk of the company hasn't materially changed and hence has no material effect on the valuation of the company's derivative instruments.

Available-for-sale financial assets are Level 3 instruments whose exact fair values can't be reliably measured. The fair values of available-for-sale assets are presented at bookkeeping value or a lower value if they are impaired. The fair values do not materially deviate from the bookkeeping value.

9. AMENDMENTS TO IAS 19 STANDARD

Amer Sports has adopted amendments to IAS 19 standard (Employee Benefits) as of Jan 1, 2013.

Key changes in the standard for Amer Sports' defined benefit postemployment plans are as follows:

1. Remeasurements

All actuarial gains and losses ("remeasurements") are recognized in full in other comprehensive income. The "corridor" method and the option to recognize immediately in the profit and loss statement is no longer available. This is expected to increase balance sheet volatility.

2. New measurement of net interest expense

Net interest expense is determined based on the net defined benefit asset (liability) and the discount rate at the beginning of the year. This is expected to increase overall expense compared to previous accounting which required that the interest expense on obligation and the expected return on plan assets were recognized separately.

3. Past service cost

All past service cost are now recognized immediately in the profit and loss statement.

4. Reporting in profit and loss statement

Under old IAS 19 all expenses related to defined benefit postemployment plans were reported above EBIT. As of January 1, 2013 they are reported as follows:

- service cost: above EBIT
- net interest expense: in financing expenses
- remeasurement components: under other comprehensive income

Adaption of revised IAS 19 standard increased Amer Sports' pension liability by EUR 40.6 million and decreased shareholders' equity by EUR 27.1 million as at Dec 31, 2012.

4-6/2012, 1-6/2012 and full year 2012 restated key financial statements:

Remeasurement of pension liability as at June 30, 2013

Amer Sports remeasures its pension liability on quarterly basis. This is done by utilizing sensitivity analysis provided by actuaries. Each quarter company evaluates market etc. changes of key calculation components such as discount or inflation rate to assess new liability. Material changes in liability are recognized in other comprehensive income.

10. ACQUIRED OPERATIONS

Amer Sports terminated the business with its previous Israeli distributor Unisport Fitness Equipment (1977) Ltd ("Unisport") and acquired agreed assets and liabilities of the company on June 28, 2013. Acquired assets totaled to EUR 7.7 million, out of which EUR 4.2 million were related to intangible assets (customer list, order book). No monetary consideration is paid to owner of Unisport.

All forecasts and estimates presented in this report are based on the management's current judgment of the economic environment. The actual results may differ significantly.
