CTT Systems receives Cair™ VIP order for one ACJ330-200

CTT SYSTEMS AB (“CTT”), the market leader of aircraft humidity control systems, announces Cair™ VIP System order for one Airbus ACJ330-200 VIP completion.

“CTT is honoured to deliver the humidification system for the entire widebody cabin to another prestigious VIP completion. This is our 85th Cair™ VIP order for Airbus ACJs/Boeing BBJs.”, says Peter Landquist, Vice President Sales & Marketing of CTT Systems.

Cair™ humidification reduces dry air related negative health and wellbeing impact on long-haul flights by maintaining the Relative Humidity on ground like levels (i.e. human body and its membranes will not be exposed to quick de-hydration that otherwise is the case in an extremely dry cabin). The Cair™ humidification system generates a relative humidity of approx. 20%, compared to 3-5% without humidifiers. The higher humidity reduces dry air related problems (e.g. fatigue, jet-lag, red eyes, dry skin, spread of virus diseases). The humidifiers are based on evaporative cooling technology that effectively precludes the transfer of bacteria and improves air quality by reducing particles in the cabin air. Cair™ keeps humidity in balance with Zonal Drying™ anti-condensation system that enables cabin humidification without any moisture related problems.

About CTT SYSTEMS

CTT provides aircraft humidity control products - the anti-condensation systems (preventing moisture problems) and the humidifiers (enabling in-flight comfort and wellbeing for crew and passengers') for VIP, airliner line-fit and retrofit installations for all common Boeing and Airbus platforms. The Zonal Drying™ is basic equipment on the Boeing 787 Dreamliner and optional on A350. Our humidifiers are standard in all crew rest compartment fitted 787 aircraft and optional for flight deck on both A350 and 787. The humidifier for crew rest compartments is optional on both A380 and A350XWB. The Cair™ cabin humidification system is optional on A350 for First/Business Class (Zone1-3). Also visit: www.ctt.se
