- It has been an incredibly exciting journey and I am grateful that I have been able to be part of that journey. Diös is a fantastic company that has taken an increasingly obvious position both within the real estate industry and as an important actor in our cities and in Sweden. The company has also gone from mid cap to large cap on the Stockholm Stock Exchange, which is of course a sign of growth. I am proud to have been part of that work. Many thanks to Knut Rost, who with his personal, clear and trusting leadership has created both a strong and involving company culture. Many thanks also to all the amazing coworkers throughout the company. Really fun and rewarding years. We have an exciting fall ahead of us, then I look forward to new challenges, says Mia Forsgren, Head of Communications & Digitization, Diös.

- We have had fantastic years together and I am happy and proud of the journey we have made as a company where Mia has contributed to the highest degree with her competence, her courageous leadership and her energy. Mia has also developed the company's relationship-based business acumen. I wish Mia the best of luck with her new assignments, says Knut Rost, CEO, Diös.
